おおっ

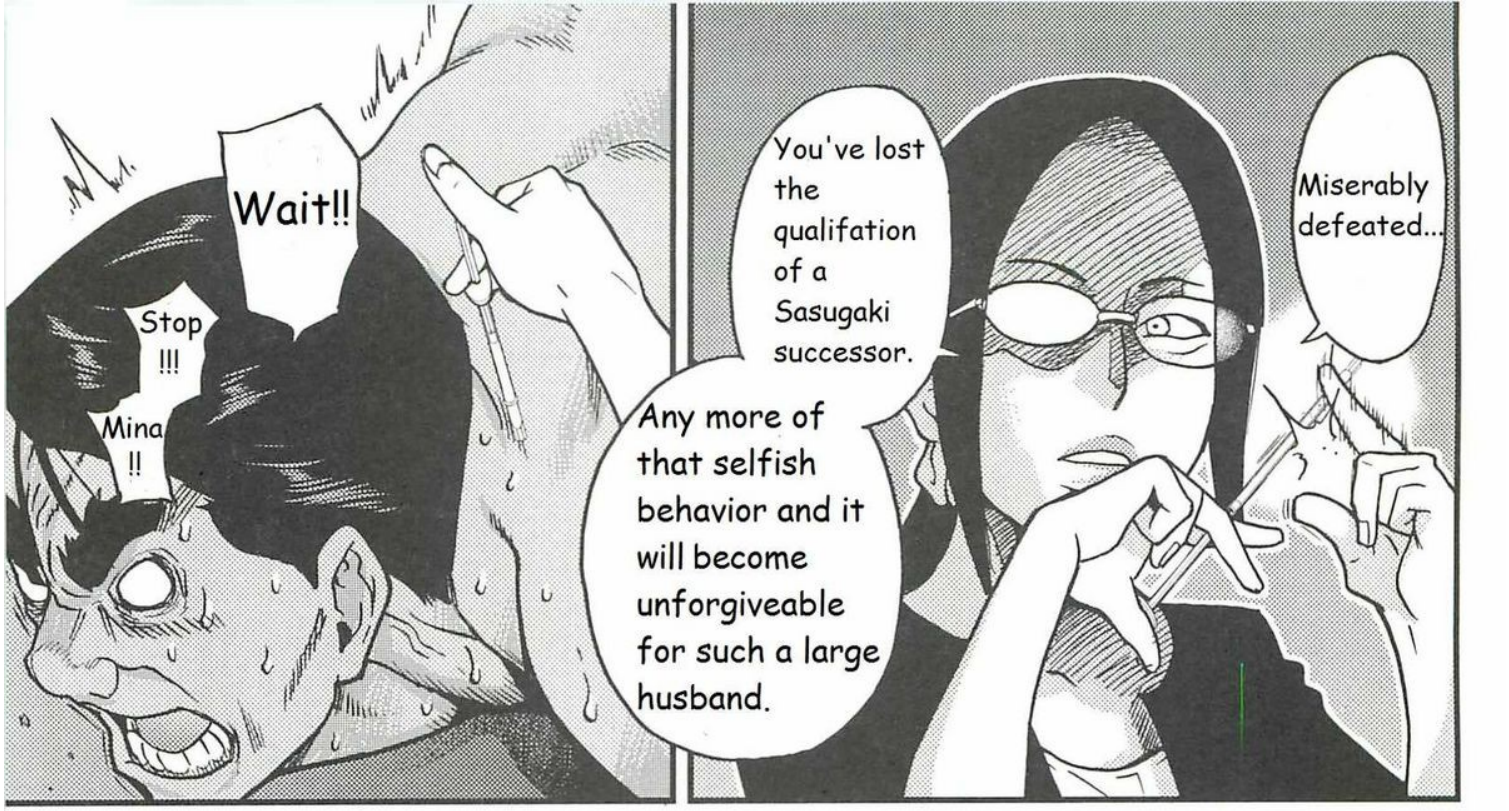
I'm certainly the Sasugaki's Secretary
It's only logical to turn a blind eye to the brute force of generations of Sasugakis.
Oi,
Lend me some power
My Body can still...
Generations undefeated...
Because they were men worthy of the Sasugaki name.



Wait!!
Stop !!!
Mina !!
You've lost the qualifation of a Sasugaki successor.
Any more of that selfish behavior and it will become unforgiveable for such a large husband.
Miserably defeated...

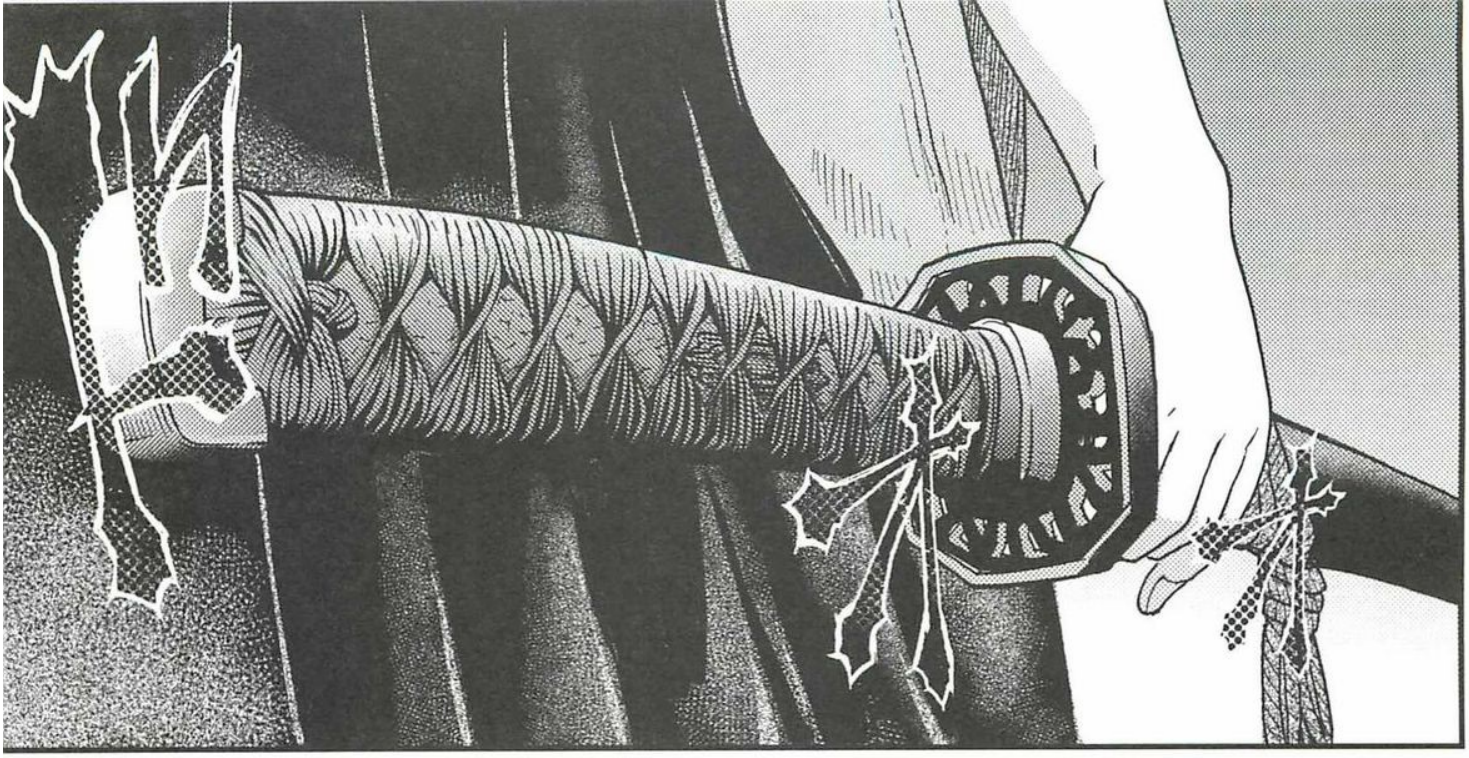
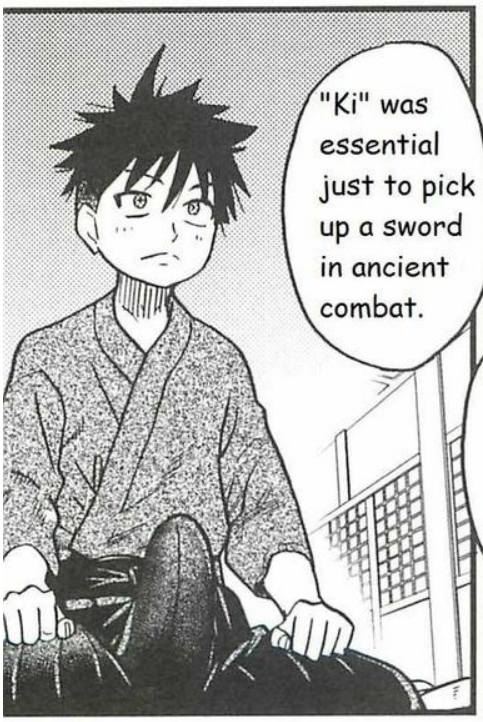
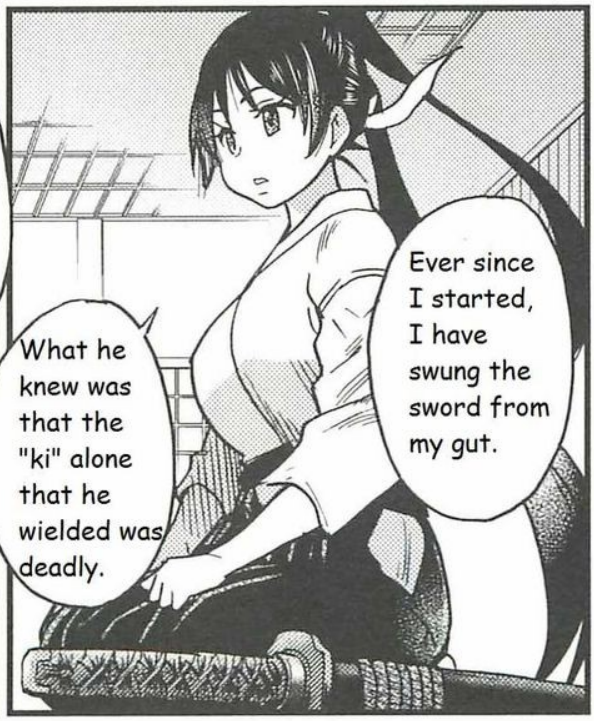
交剣知愛





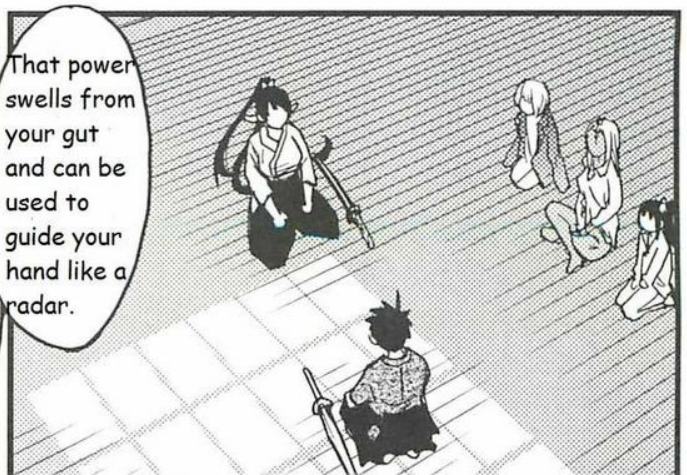
"Ki" was essential just to pick up a sword in ancient combat.



Ever since I started, I have swung the sword from my gut.
What he knew was that the "ki" alone that he wielded was deadly.

When I was 7 years old, I was told by the swordsmen to avoid my grandfather's presence.

Grip your bamboo sword and turn in into steel with your bare hands.



That power swells from your gut and can be used to guide your hand like a radar.

The previous match was impressive

You're really amazing ...

At First, I was drawn into this battle just to monitor your talent.

But I never thought you'd become such a man.

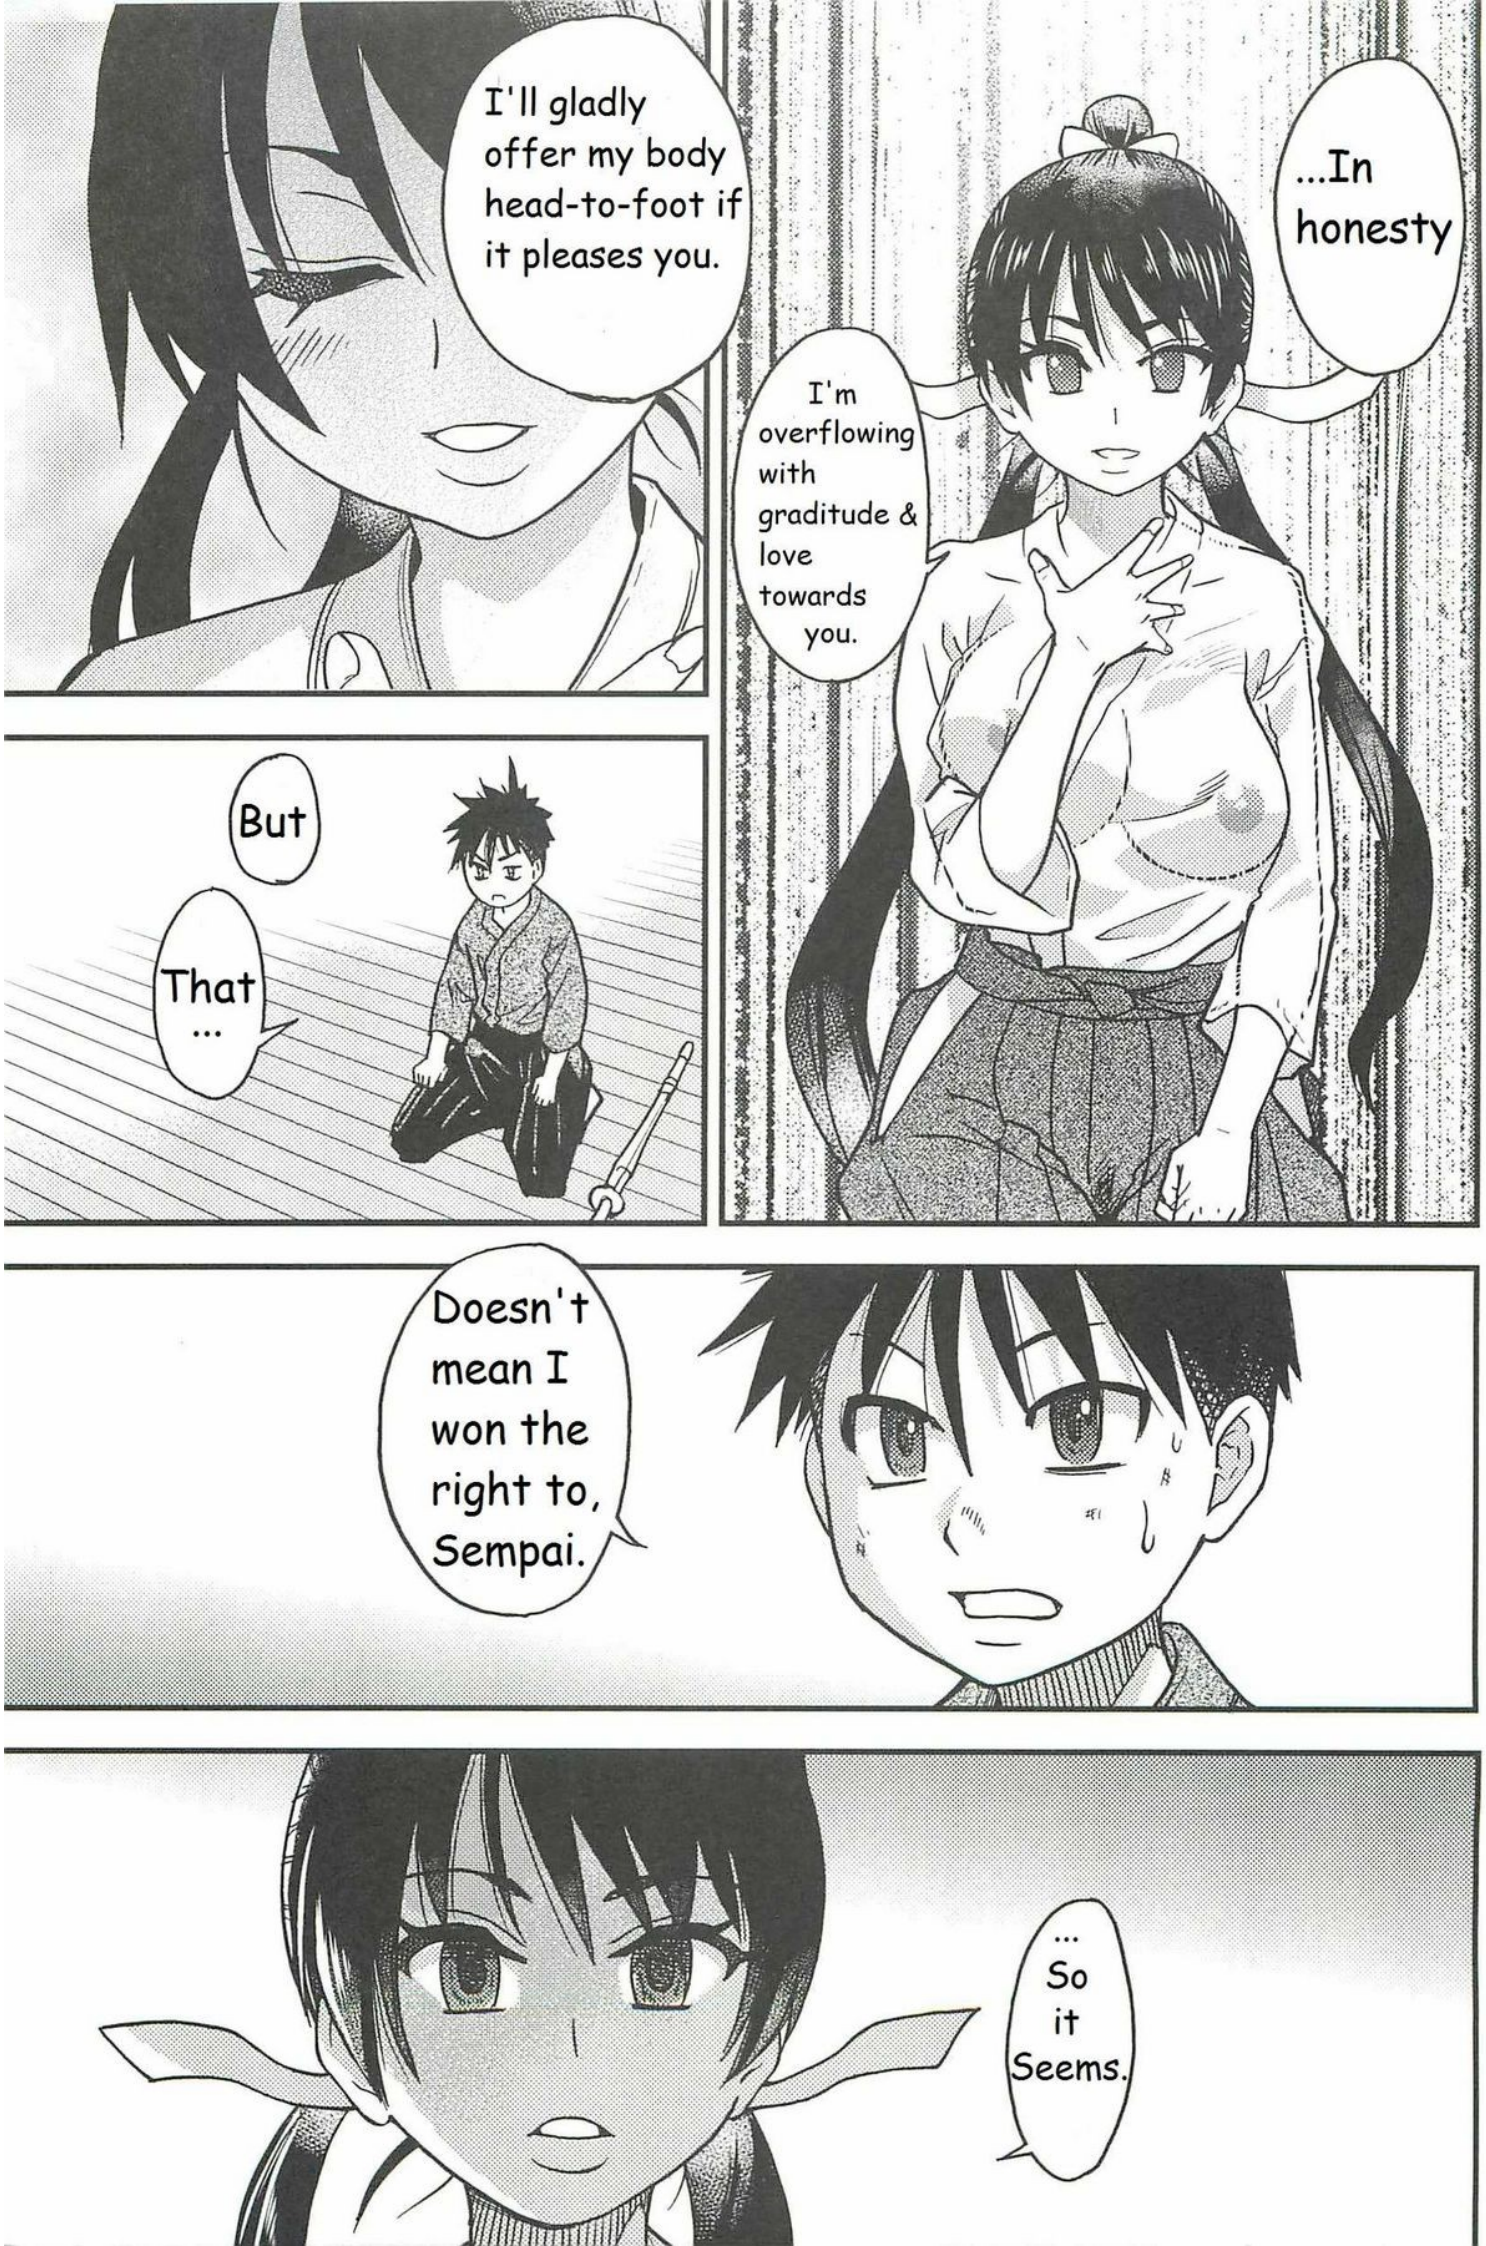
I give you my thanks.

Is this amazing feeling in my abdomen really unequaled?

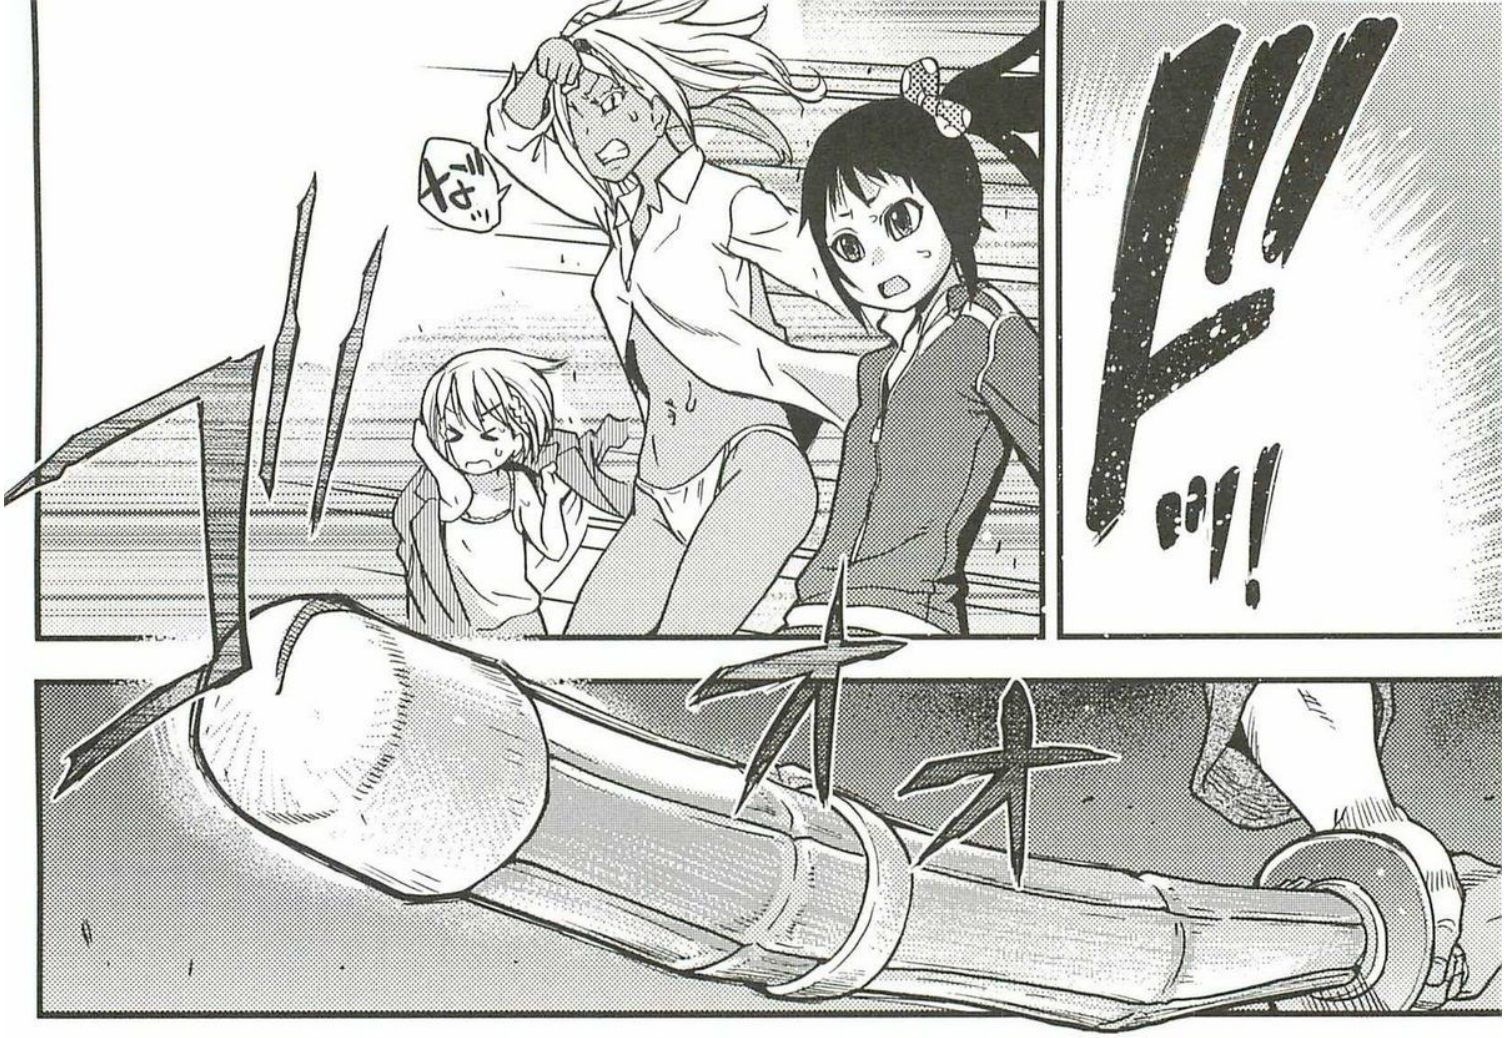
Has this abdominal feeling progressed so far to be unequaled?

Thanks to you, the graduates who were forced into prostitution do not meet here anymore.

Future graduates will also be protected.



I'll gladly offer my body head-to-foot if it pleases you.
...In honesty
I'm overflowing with graditude & love towards you.
But
That ...
Doesn't mean I won the right to, Sempai.
... So it Seems.



Ah...The killing intent, Korome is serious !!

If they don't stop they'll die !!!

Oh...

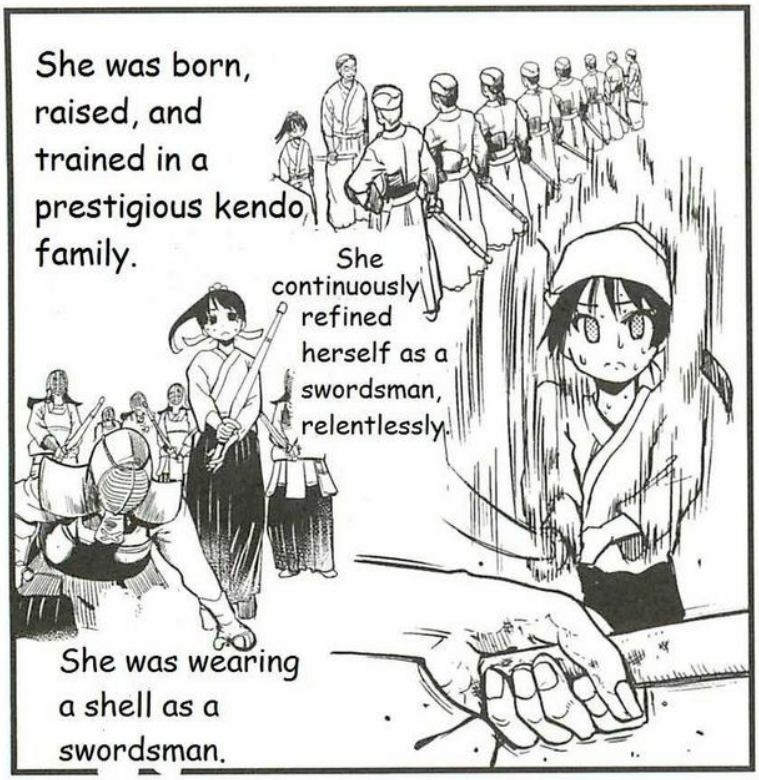
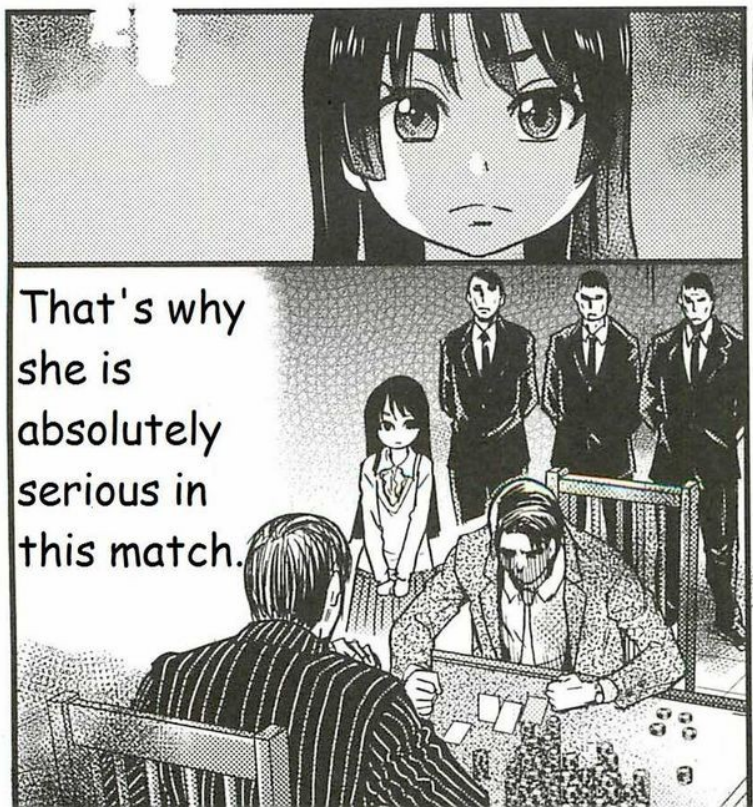
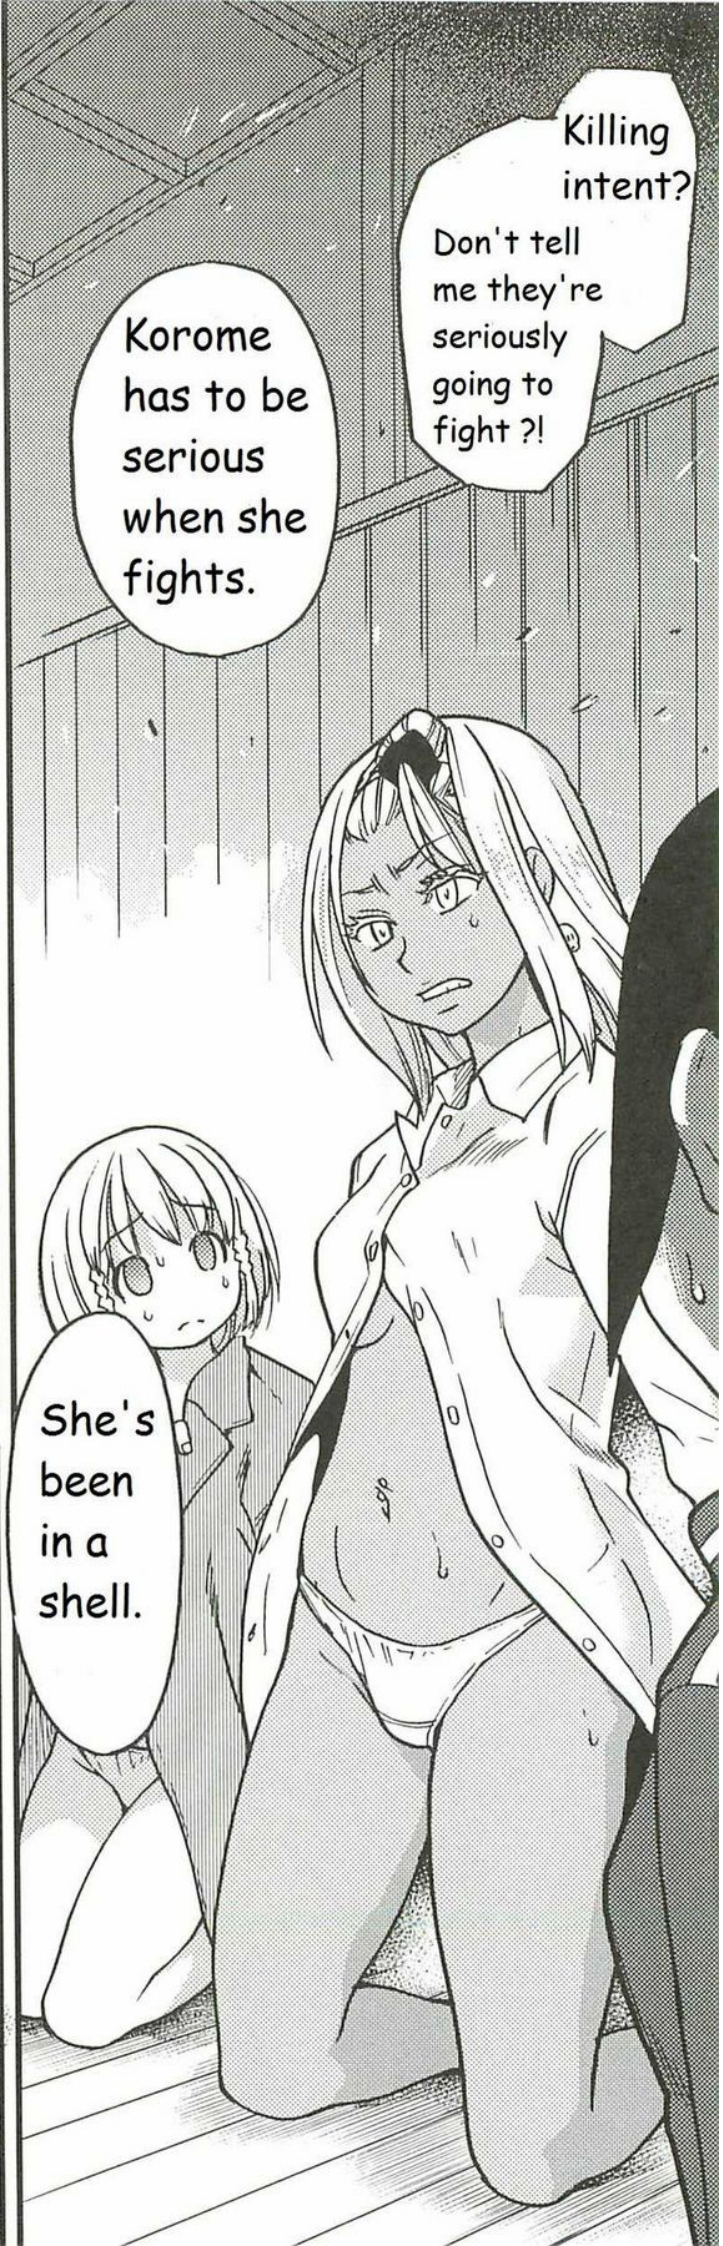
Shell?



She was born, raised, and trained in a prestigious kendo family.
She continuously refined herself as a swordsman, relentlessly.
She was wearing a shell as a swordsman.



That's why she is absolutely serious in this match.



Killing intent?
Don't tell me they're seriously going to fight ?!
Korome has to be serious when she fights.
She's been in a shell.

This is the only match they could have in order for him to break her shell.
?!
Korome's father lost to Sasugaki's father in a gambling match and he promised that she would wed a Sasugaki heir.
だが…!!

Korome-sempai is regrettable... Having to wield a sword in order to win.

If there's a slight chance of winning!!

So I stepped in close and concentrated on receiving his shodachi*

*Shodachi: The most powerful, ideal forward strike in kendo.

For a counter, I was going to thrust my sword at his abdomen.

But I was suddenly paralyzed by a numbness in my womb.

There's no way that sword would have survived 2 blows...

I Lost

And my swing was cut off by an unexpected hard blow...

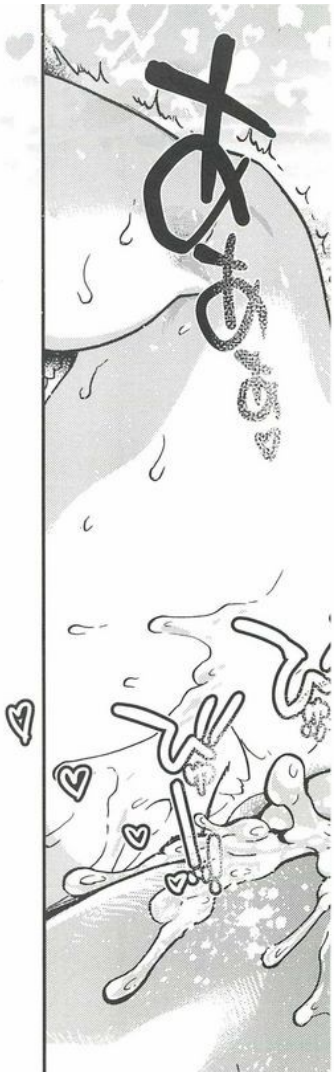
I am incom-petent so please look after me.



Your colleagues have been waiting for a while about what you promised them.

...These three put up with it long enough.

Besides ...

I didn't get the chance to take any *hame* photos yet.

Can we have one more match?

YES !!!!

I'll be glad to !!!!

Me, produce an album with the committee ?

Ah, you may not know this but,

It's a tradition in this school to produce two kinds of graduation albums.

Eh ?!

Wh- What is this?!

The *hame shoot* grad-uation album.

How can I do this ?
I'm still a virgin.
It just seems impos-sible for me.
I was also able to do it.
That's not true.

I'm sure you can do it too.
