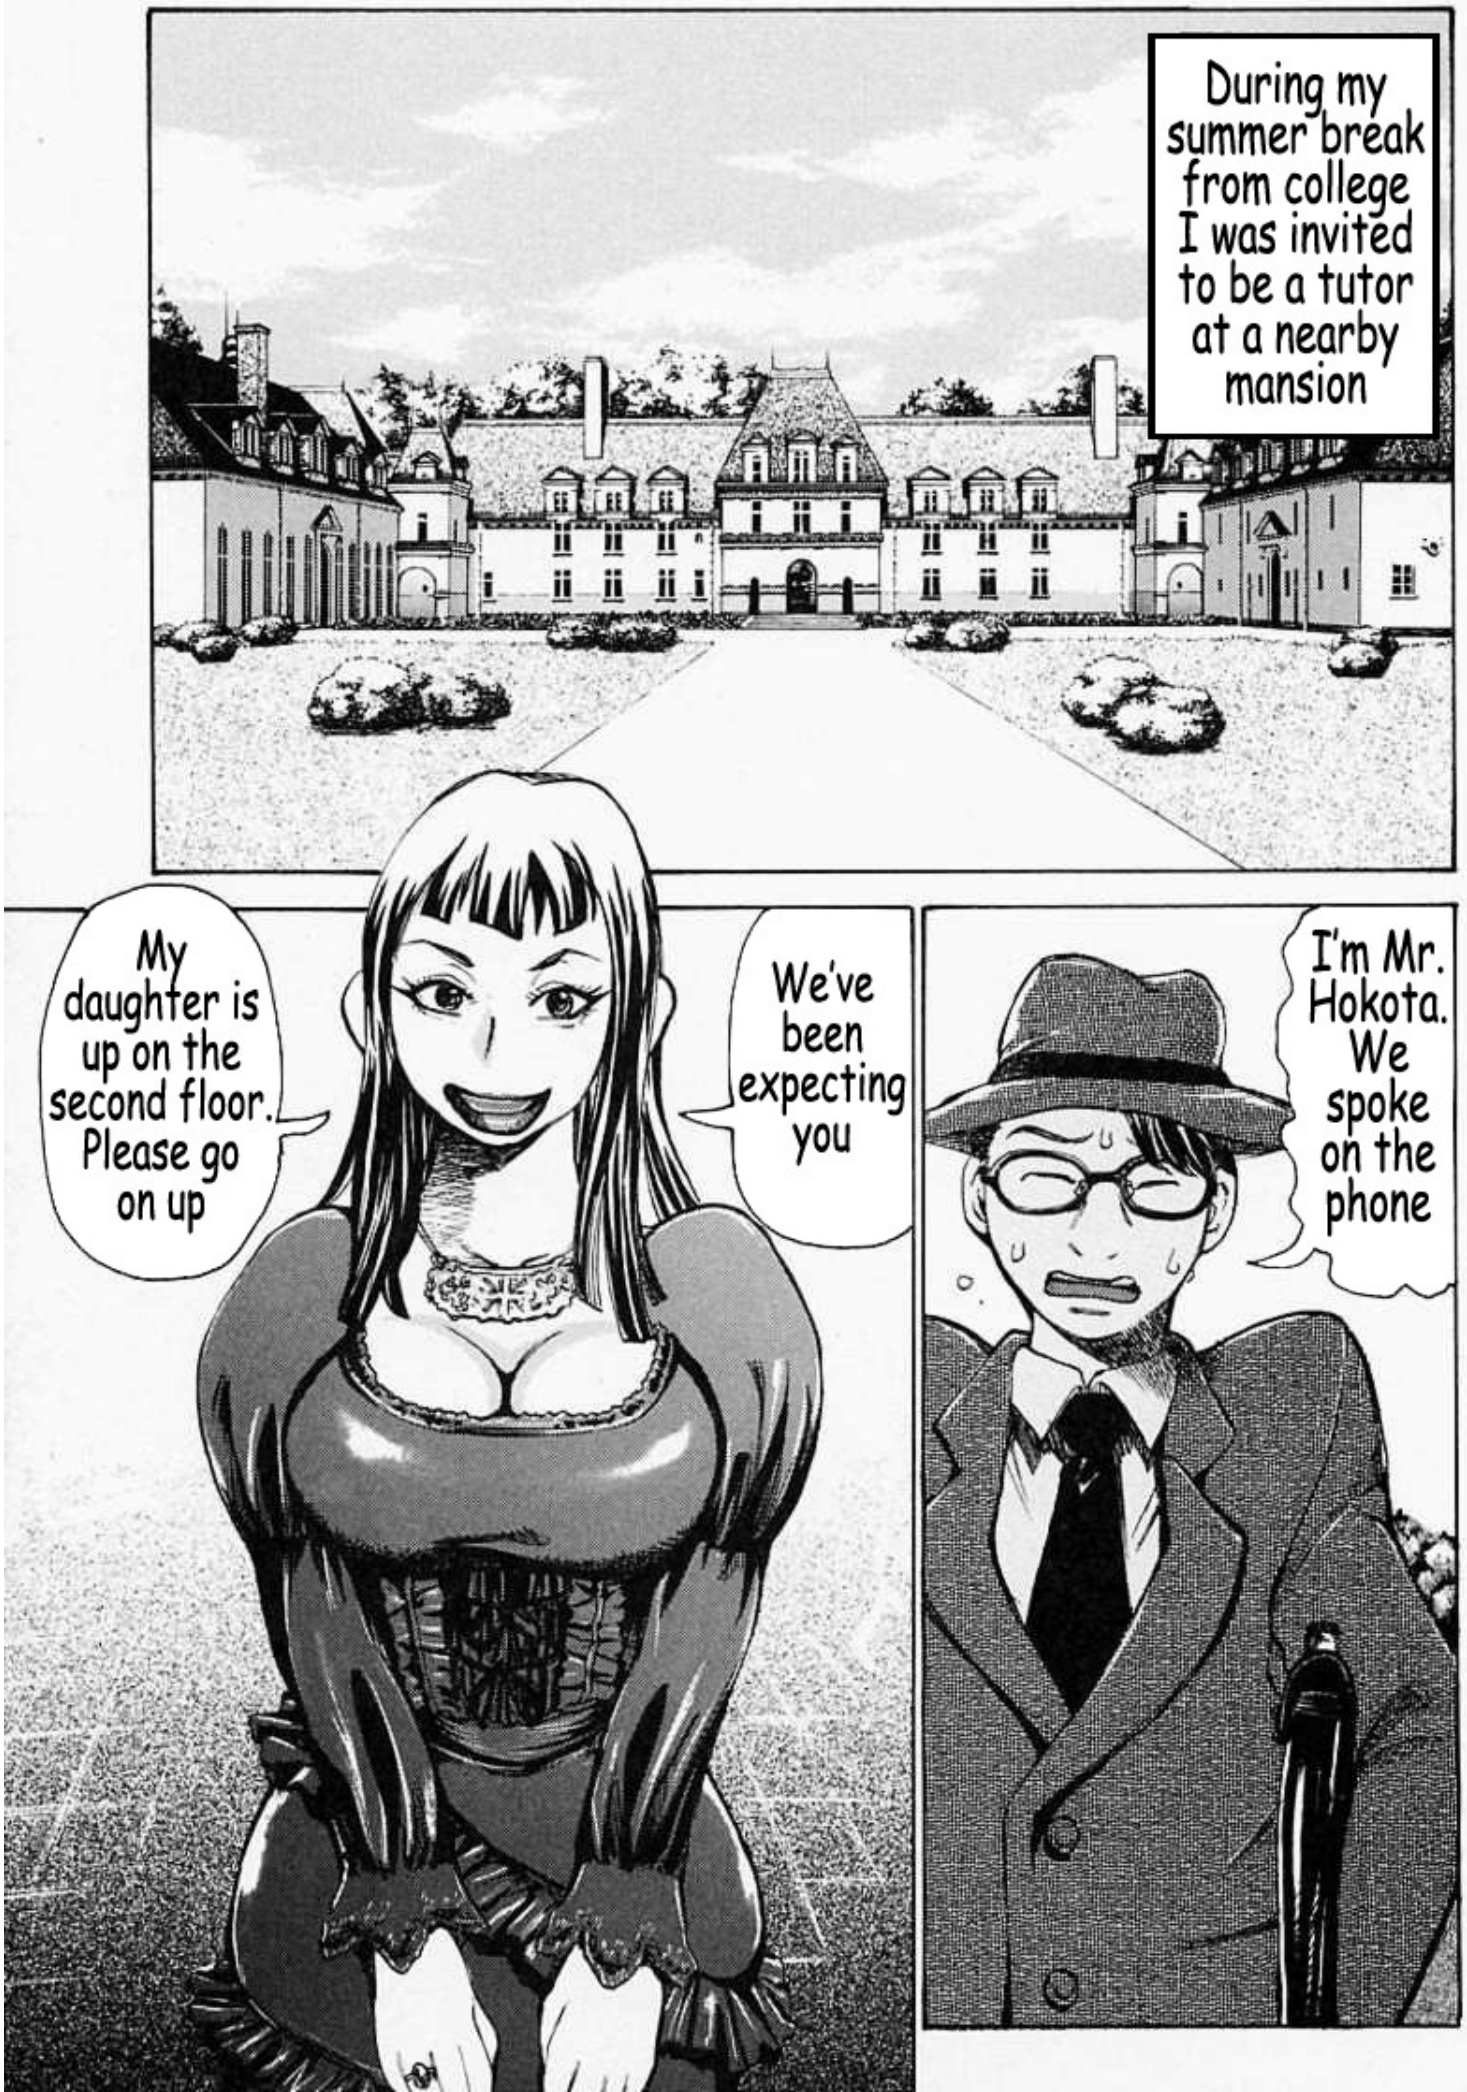
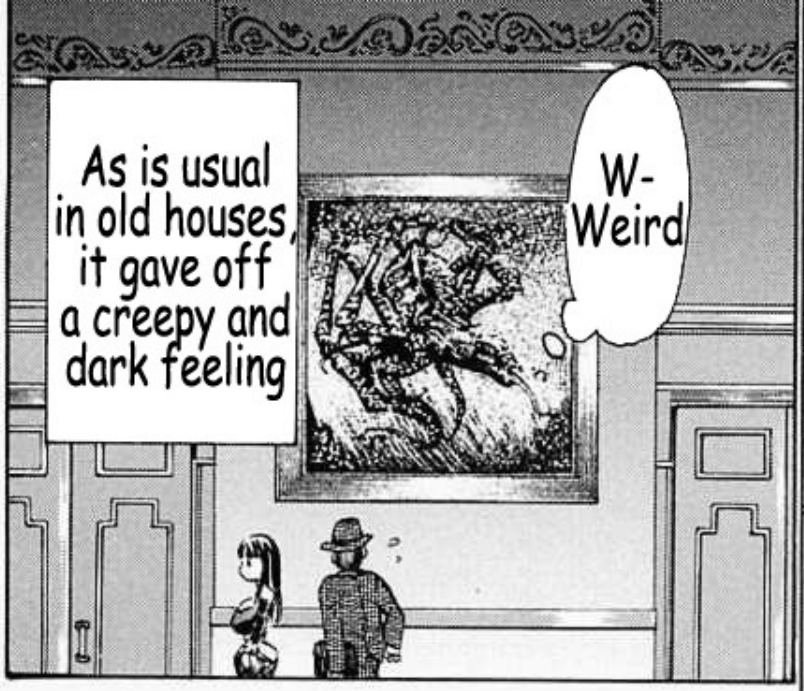
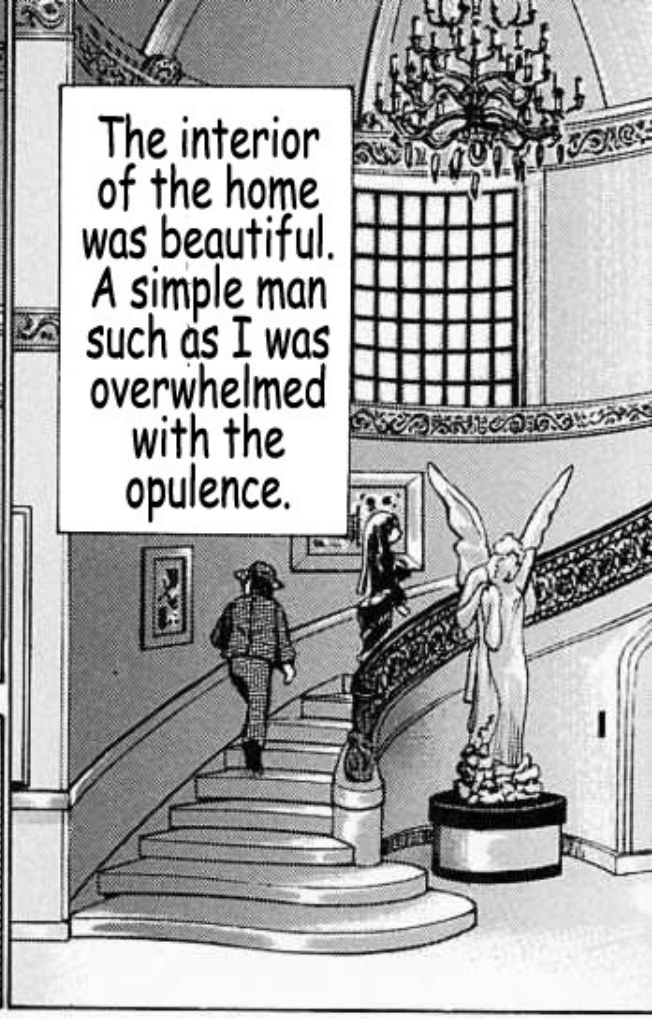
妄想アレルギー◈END



During my summer break from college I was invited to be a tutor at a nearby mansion
My daughter is up on the second floor. Please go on up
We've been expecting you
I'm Mr. Hokota. We spoke on the phone

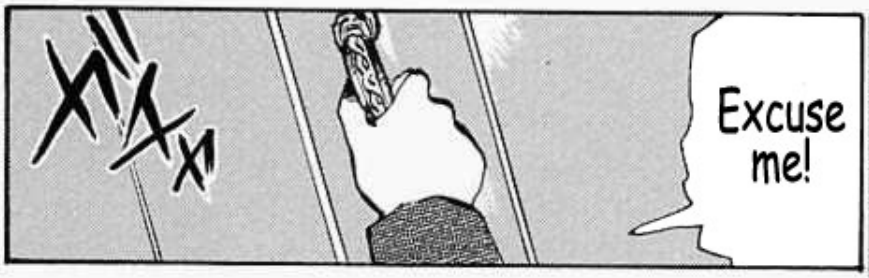


As is usual in old houses, it gave off a creepy and dark feeling
W-Weird



The interior of the home was beautiful. A simple man such as I was overwhelmed with the opulence.

?

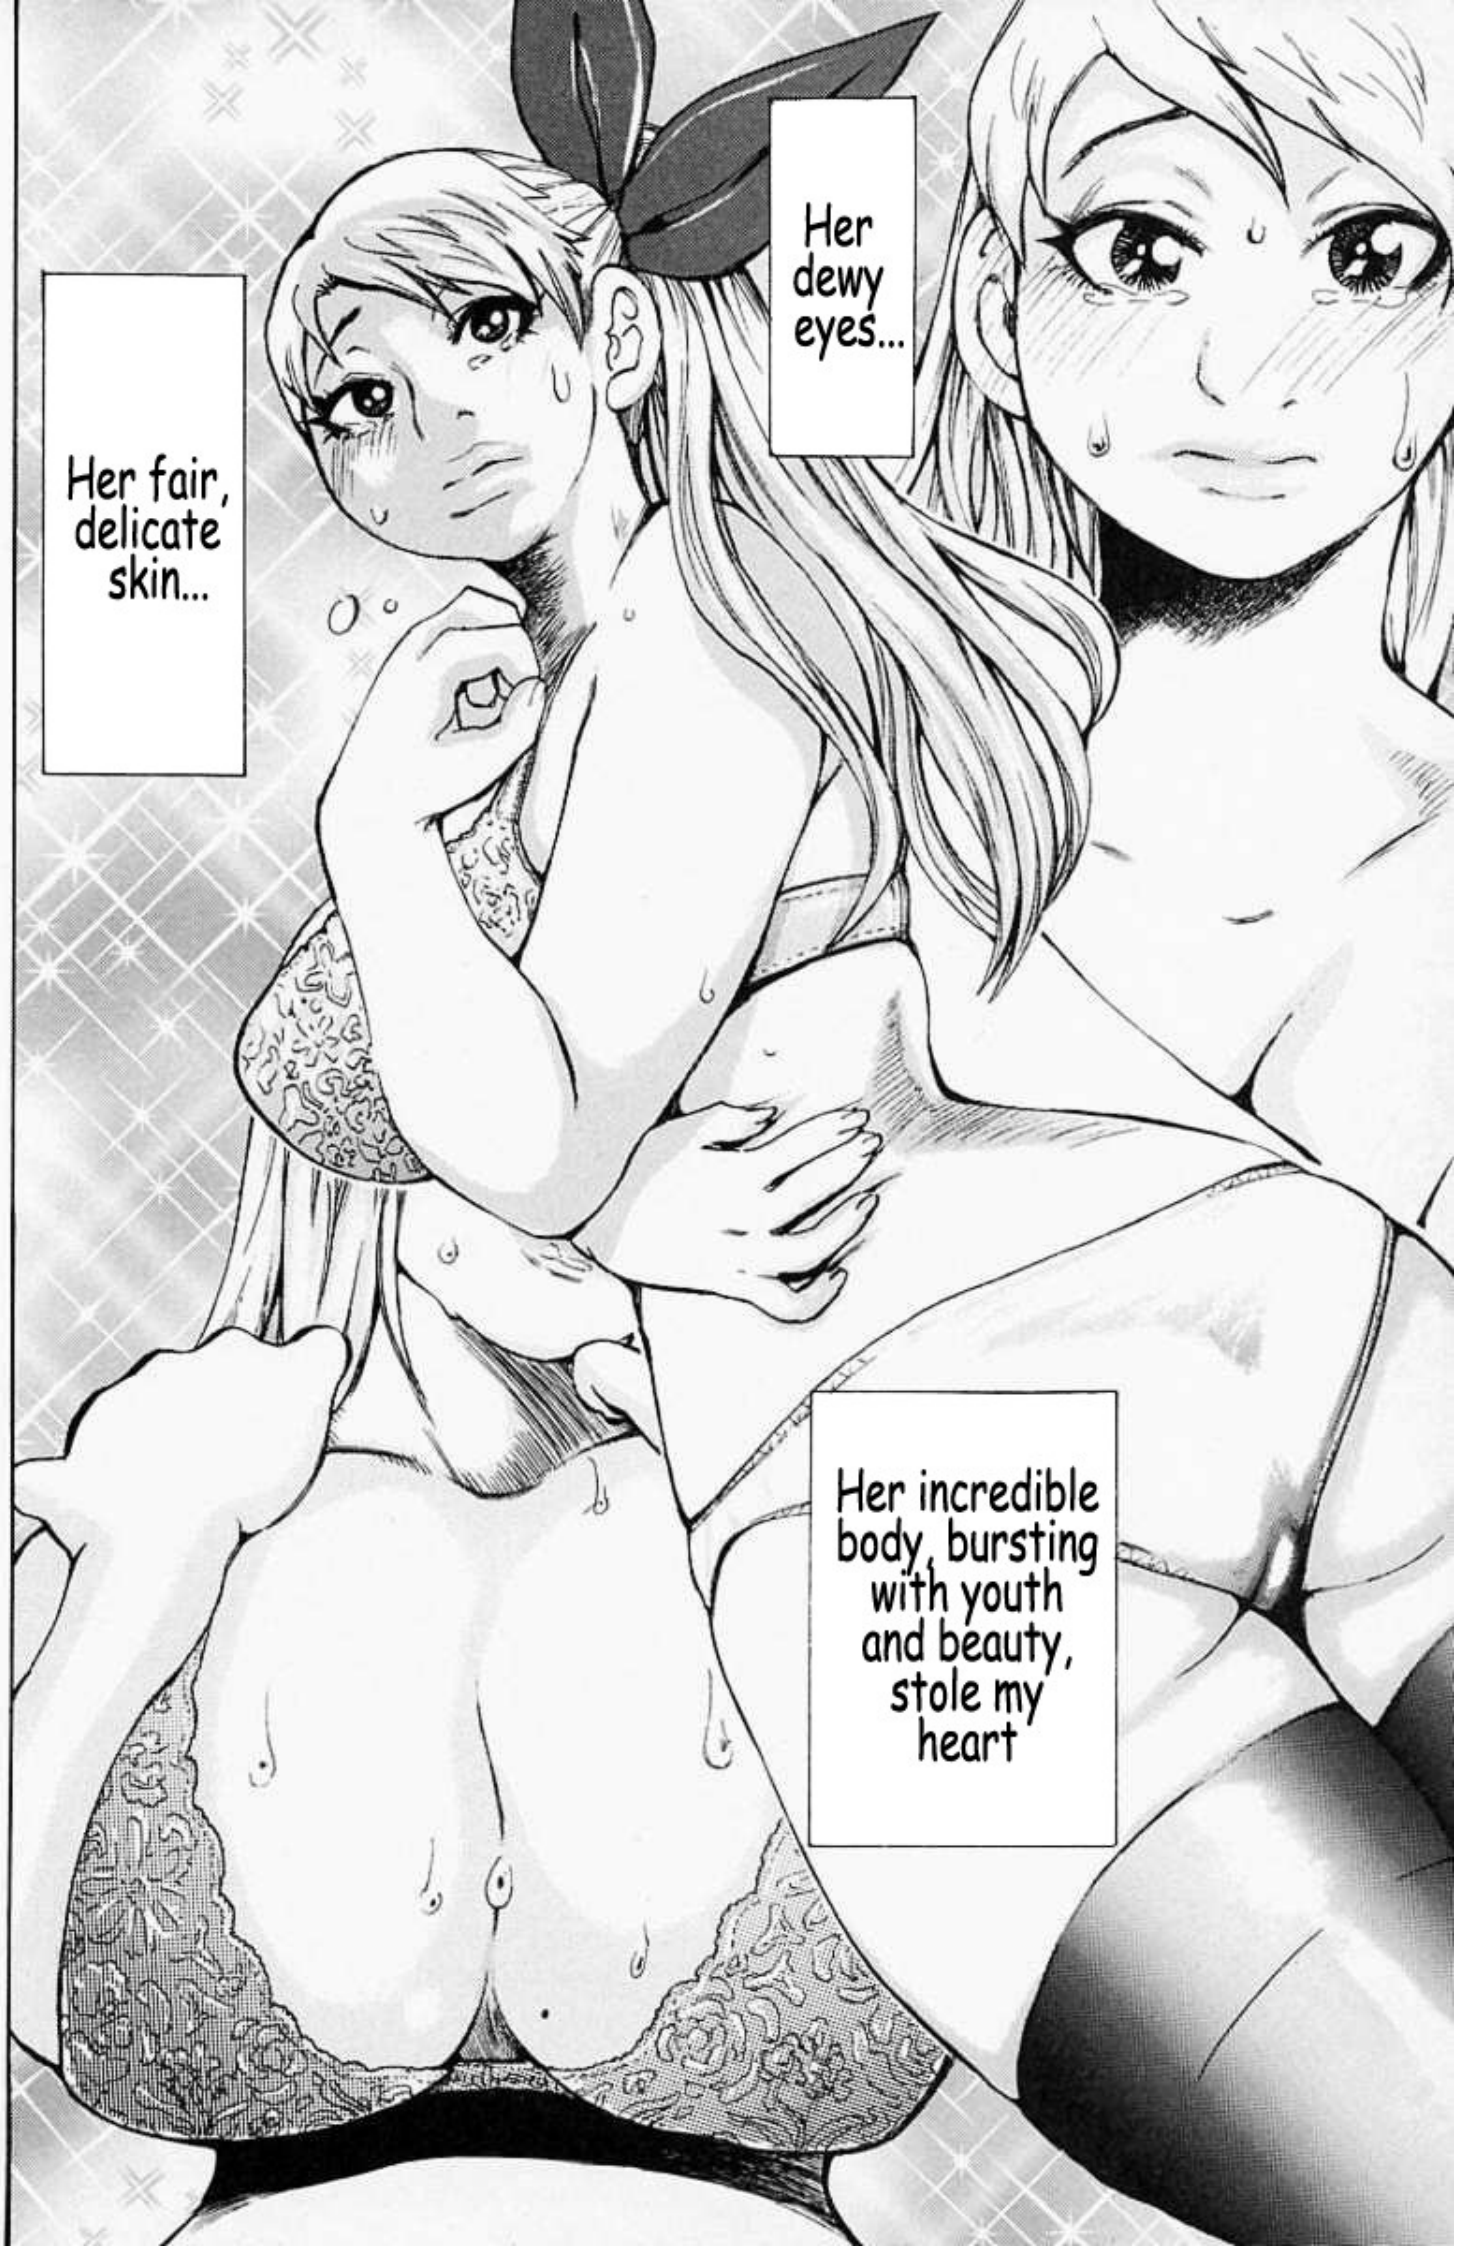


Excuse me!

We've arrived, Mr. Hokota
O-Okay!
Oops! This looks expensive too!

Pleased t meet you, Miss! I'm your tutor, Mr. Hokota!

Afternoon Tea
アフタヌーンティー
This was my introduction to the young Miss. A single glance at her gorgeous body and I couldn't get her out of my mind



Her dewy eyes...
Her fair, delicate skin...
Her incredible body, bursting with youth and beauty, stole my heart

The young Miss often inexcusably attended class without wearing underwear
The two of us spent painful times and blissful times together
Alright, try to answer these questions
She grew into a luscious, full body with wonderful curves
I felt a spasm run through me whenever her lovely body would peek out from under her tiny outfits

ゴクリ
Sometimes she looked at me with a youthful and embarrassed but sultry expression
She looked at me with the eyes of a teasing girl in an adult's body
Sitting next to her, I suffered from constant, repeated erections, much to my chagrin
ギンギン
とさ
I'll bring us some tea
ガロ
Okay, let's take a break!

At last I decided to read it

Though I knew it was wrong, I wanted a peek into another person's life and thoughts. Especially those of my beloved young student

Just as I was growing used to this life, I discovered the young lady's diary

However, the contents gradually progressed to the incredible

At first, aside from her musings on the beauty of life, it was filled with silly childishness

Date: ---
My tutor, Mr. Hokota, arrived today. He paid a lot of attention to my cleavage and tried to look down my dress many times

Date: ---
Today I invited the gardener, Saito, to my room to pose as a model

It's not even very sunny yet, but Mr. Hokota is already whining about the heat and making me open the windows. What a weird and annoying little man

I intentionally spread my legs so that he could see under my skirt

He must have been shy and nervous at first because his penis was small and curled up under his balls

Then his penis began to steadily rise into a beautiful erection

どびゅっ

He tried his best to cover it with his hands, and I continued with my sketch

But while I was drawing Saito suddenly ejaculated, without laying a hand on himself

After sending him back, I tried licking up the cum that Saito had left all over the floor

...but I suddenly noticed a nasty stain on my panties
It didn't taste very good...
After her first "adult" experience, things escalated
..she tried pleasuring a group of young school boys
Next, driven by her taste for men..

Ahhh... Your jizz is leaking out
Hurry and shoot your cumload!
I can't wait! ♥
Use me! Fuck my hands, my mouth, my tits! Use all of me!
I want you to cum all over me again and again!
Ahhh! I'm cumming!
I'm gonna cum too, Miss!
Angh! ♥ So warm! ♥
Shoot it! Spurt your warm sperm all over me!
I love young cocks unloading in my face!

Heckfh...
I love cock
I can't believe she's taking our jizz like that!
Nmpfh!
Oh god!
Each boy emptied his balls over her at least six times
She made them cum again and again with her hands and mouth. Then she swallowed all of their warm sperm
In her diary she kept track of the shape, size and color of each penis.
She even detailed all the different flavors of cum that she swallowed

She certainly didn't seem to take men very seriously
After that she even went on to fulfill the fantasies of her piano tutor, her dance teacher, even her doctor!

But unlike before, not just anything with a hole will do

Home late again tonight, huh?
