AFTERWORD

Thank you sincerely for picking this up.
I'm Teterun.

The "super-cock" that the main character is looking for is something on the Legendary Super Saiyan level.

Also, the reason she never introduces herself is because she doesn't feel the need to give her name in this case. She *does* have a name, though...

For my next event, if I have the time, I'm planning on participating in Futaket 14.5 with *Taking Advantage of a Ballsy Futanari 3.*

See you next time.
