はあ...

はあ...

寝る前に
シャワー後一回

調子いい日は
もう1セット

下が擦り切れるよ
お前...

は♡

「飯の後一回

起きてすぐ一回

でもちよっと
減らすべきかも

へえ

家で仕事してるから
わたしにはこれくらいは
普通だと

ううん

絶対に違うから、
ポーちゃん

みんなこのくらいは
普通にやってるよ

いくら私でもそれはちょっと...

友達同士でペットプレイは
マニアックすぎるだろ...

今、オナニーしてもいいって
許可してくれてる??

え...

ポーちゃんの
こういうのが
ほんと嫌い

そういえば

中毒障害って
日常生活に支障が出なきゃ
障害じゃないんだよね?

少なくとも同人
にはオナニーまみれの
脳が逆に役立つから

ポーちゃんは本業以外に
同人活動もしてるし
本業は知らんけど、

結局障害じゃなくて、
むしろ特技みたいな
もんじゃない?

おわり

Studying with friend

Random day, in a cafe

Wait, Maybe 6? No, maybe 4? Hmmmm... Yea, 5 or 6 I guess?

Well... 5 times for a week? maybe?

Erm... Wha- I... don't know...

--the average rate of woman masturbates?

Po-chan, how many times do you think--

Oh--

Huh.

Excessive masturbation causes hormonal imbalance and various issues... What... Lemme see... A healthy masturbation rate is 1-2 times per week...

5+ times a week is def a masturbation addiction!

Healthy Wrong! masturbation is 1-2 times per week!

(woman health web article)

I don't buy it.

Look!

Might not be totally wrong...

Hmmm...
Masturbation
Addiction...

But no one actually drinks that little in real life, you know

it's a health magazine, so they're just saying textbook stuff I guess.
Like how alcohol is supposedly "healthy" at 2-3 glasses per month?

Well

Oop
Are you retreating into your own inner world again?

Nothing seems connected there, Poss.

See, everything is connected now... now I get it

I always feel tired, my wallet is paper thin, my brain works slow--

No no, It makes sense-- Here me out

Well
Don't overthink it.

That's a sexual harassment, grow up.

By the way, how many time you do it?

per day I'm saying

What?

This much.

So? how many time u do?

You're the one who sexually harassing me here

You're def a type of person who masturbate all day like monkey

But

Are you on rutting season or something?

Only 3 times per week? that's... definitely normal.

Plus if I'm in good condition, one whole extra set.

Once after showering before bed.

Your downstairs is gonna fall off...

は心

Once after eating lunch.

Well, Once after waking up

Although perhaps I gotta reduce a bit I think

Hmm...

Well I work at home and have a lot of alone time, it's natural to me

Your bottom gonna be vanish into fine dust in few years

Nope

No, everyone does this much!

Sorry but pet play between friends is too niche... even for me... Are you giving me permission to keep masturbating right now?

Wha..

This is why I hate you, poss

So maybe it's not a disorder... but a super-power?

at least for doujin, your masturbation soaked brain actually helps what you do

Po-chan work at home so it's technically doesn't effect on your daily life, plus you do doujin work--

Addiction disorder only counts as a disorder if it interferes with daily life, right?

You know what?
