「お子さんがサキュバスに
なってしまったら」

ただちにお住いの自治体へ
必要書類を提出し
指定の保護施設へ
入所させてください

特に男性の同居人がいる場合
どんな事情があっても
家庭で保護することは
避けてください

サキュバスから分泌される
フェロモンには、男性の認知機能を
低下させ、著しく性欲を増長する
効果があり、近親者であっても
性交の誘いを拒むことは困難です

サキュバスの体液には
快楽を増幅する効能のほか
非常に高い滋養強壮効果があり
フェロモンの効果とあわせて
寝食無しで性交を強いられます

また、サキュバスの
繁殖スピードは
驚異的であり

三カ月もあれば
一人のサキュバスを起点に
四人のサキュバスが増え
容易に多頭崩壊を
引き起こします

過去の事例では
五百頭以上に繁殖した
サキュバスの重みで
集合住宅が崩落し
百二十名の死傷者を出した
事故も確認されています

みなさんの人生を
台無しにしないためにも
サキュバスになった
お子さんは必ず保護施設へ
入所させてください

A.D.

A time when a strange disease
that causes girls around the age
of 10 to "turn into a succubus
overnight" is spreading
throughout the world. The cause
of the problem is unknown, and
there is no specific treatment for
it, so the basic solution is to take
her to a shelter staffed exclusively
by women.

Ruri,
you
awake
?

I've
squeezed
out the
semen that
will be your
supper.

However, since
there is no end of
shelters connected
to the illegal sex
industry behind the
scenes, I have been
keeping her under
house arrest out of
concern for my own
daughter, whom I
raised with my own
hands.

But that
may be
the end
of the
line...

Eh~? We don't
have enough at
all♥
Are you going to
let your lovely
daughter starve
to death?

Ruri up to last month

I can't
ejacula
te any
mor...

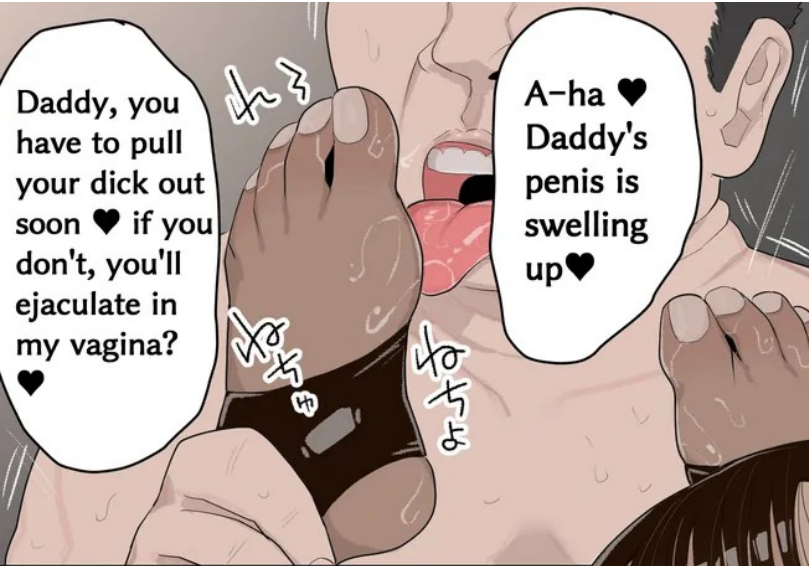

That's
because
you're
ejaculating
all by
yourself~?

I could
ejaculate a
lot more if
I used
Ruri's
pussy.

Here's the
proof...
Your penis
is getting
bigger♥

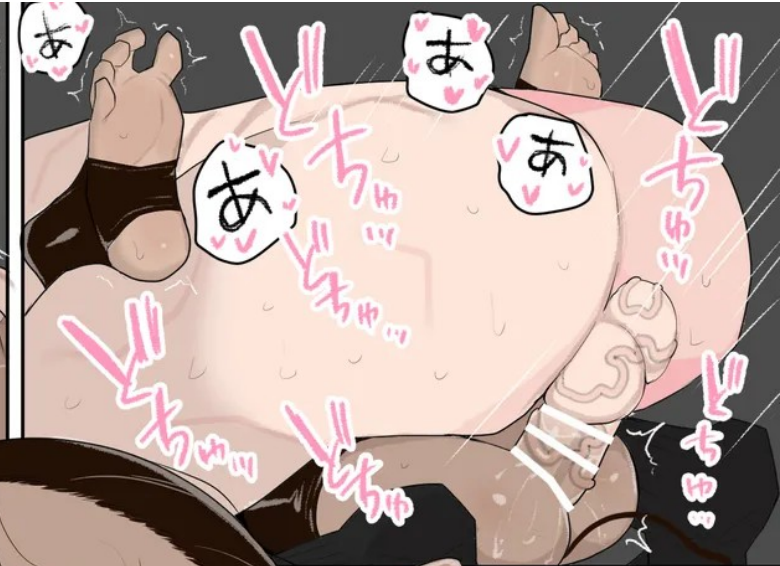

Hey, think
of it as
helping
daughter♥
Please...♥

It's okay.
If you ejaculate
outside the
vagina, I'm sure
you'll be
allowed to have
sex with father
and daughter.

Daddy, you have to pull your dick out soon ♥ if you don't, you'll ejaculate in my vagina? ♥

A-ha ♥ Daddy's penis is swelling up ♥

Oh, my God ♥ Daddy, you're irresponsibly ejaculating in your own daughter's vagina without a rubber ♥

Today is the day I'm very very very fertile, okay? ♥

Ovulation day ♥ The day you'll have a baby ♥ You know what I'm saying? ♥

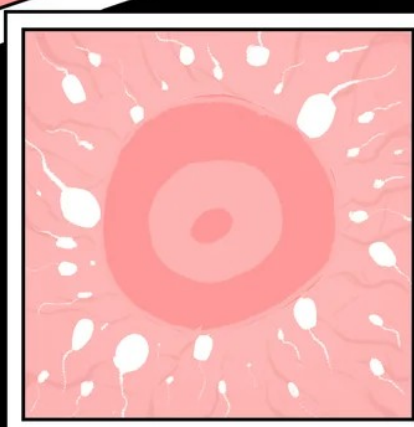

You're too desperate♥
You want to impregnate your own daughter so badly?

Huh?♥
The piston became more intense while ejaculating♥

Forbidden sex with a 100 percent intention to impregnate your daughter♥

Daddy ♥
Let's have the kind of ejaculation that no father should ever have to do♥

Ruri's
●year-old eggs♥Please eat them all♥

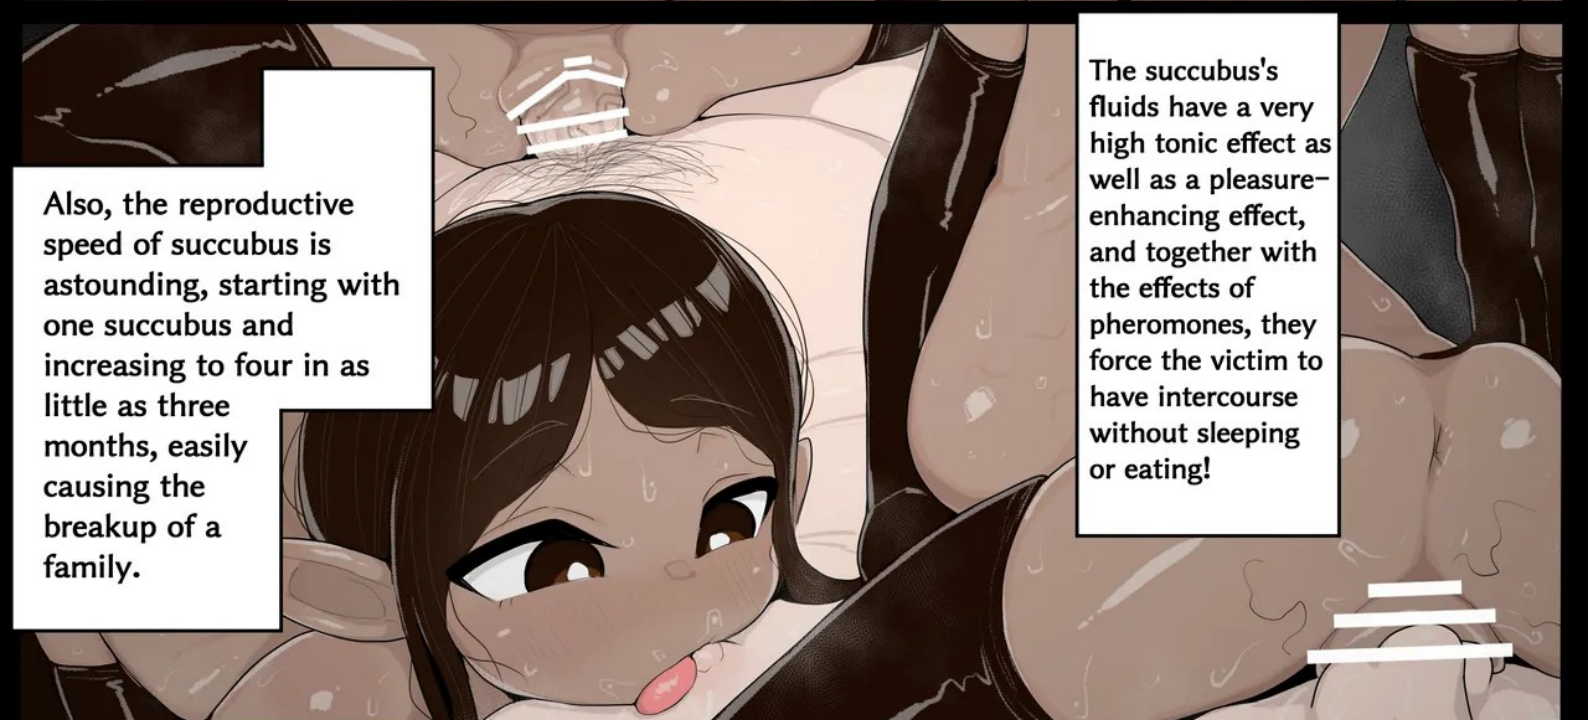

The pheromones secreted by the succubus have the effect of decreasing male cognitive function and significantly increasing sexual desire, making it difficult for even close relatives to refuse an invitation for sexual intercourse.

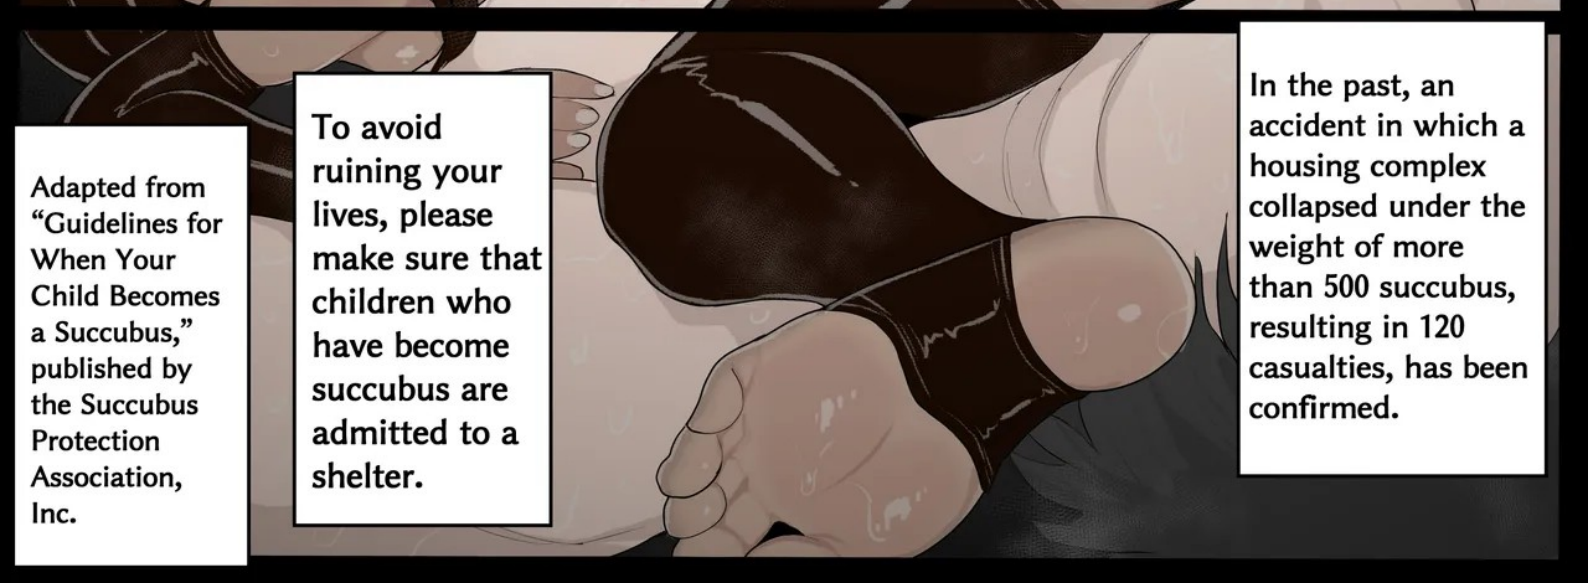

Avoid home protection under any circumstances, especially if you have a male family member.

If your child becomes a succubus... Please submit the necessary documents to your local government immediately and admit them to a designated shelter.

Also, the reproductive speed of succubus is astounding, starting with one succubus and increasing to four in as little as three months, easily causing the breakup of a family.

The succubus's fluids have a very high tonic effect as well as a pleasure-enhancing effect, and together with the effects of pheromones, they force the victim to have intercourse without sleeping or eating!

Adapted from "Guidelines for When Your Child Becomes a Succubus," published by the Succubus Protection Association, Inc.

To avoid ruining your lives, please make sure that children who have become succubus are admitted to a shelter.

In the past, an accident in which a housing complex collapsed under the weight of more than 500 succubus, resulting in 120 casualties, has been confirmed.
