An anime-style illustration of two muscular men in a hot spring. They are surrounded by numerous phallic objects, some of which are being held by hands. The scene is filled with sound effects like 'おっ♡' and 'ドゥッ'.

A woman is riding him from behind, her legs spread wide. She is wearing a bikini and has a determined expression. The background shows palm trees and a blue sky.

You're a man with a poor

No wonder these guys live

I wanted a pet just like this.

Then I'll take this one.

Don't get carried away Otis!

Don't get carried away!

Oh, shut the fuck up. All the cum that's dripping out of him right now, that's mine. I poured it out of this huge dick. I'm supposed to own it.

Okay. One more night of gangbang and the guy who ejaculates the most is the winner.

Okay, are these guys on camera?  
It's time to say goodbye to your  
beloved families in Japan.

Sigh... we have another dance  
tomorrow for the tourists and  
we've had sex all night!

You should be honored to be kept by me,  
Otis and Alan, you little Japanese males.

Everybody in the club.  
I'm sorry,  
I could do something  
more important than  
being a soccer captain.

I don't think I'll ever  
see you all again ♡

However, the body that  
I have trained with everyone  
for the national competition  
will now be used only to make  
Master's cock feel good,  
so don't worry!

Daiki, sorry.

I am not satisfied with  
your coarse cock.

Two nights of sex  
with the masters,  
We even promised  
to live together,  
We even bought  
a pair of rings together,

If I had to be with you,  
I thought I'd be happier  
as a rag of the masters,  
licking their feet for  
the rest of my life.

All right, you've said  
your goodbyes.

Well, don't worry.  
I'll let you go when I get tired of you.  
I can't guarantee you  
a life after that, though.

I'll go rent it out to the fishermen  
right away to relieve their stress.
