

ロボ娘が酷い目に遭う話

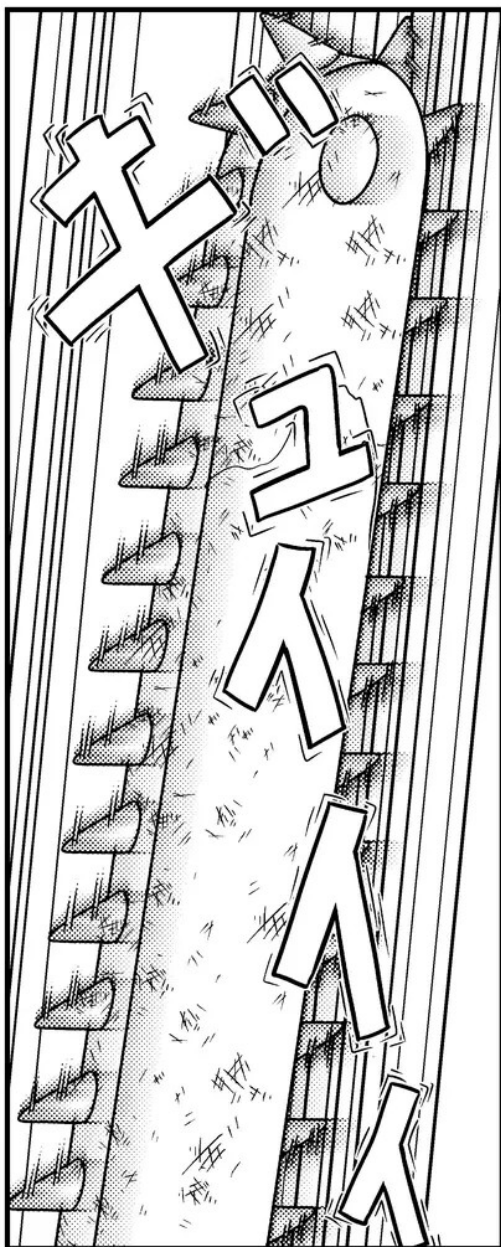

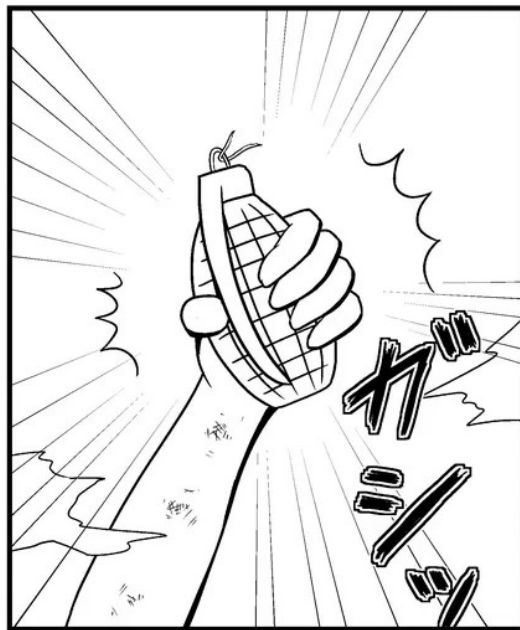

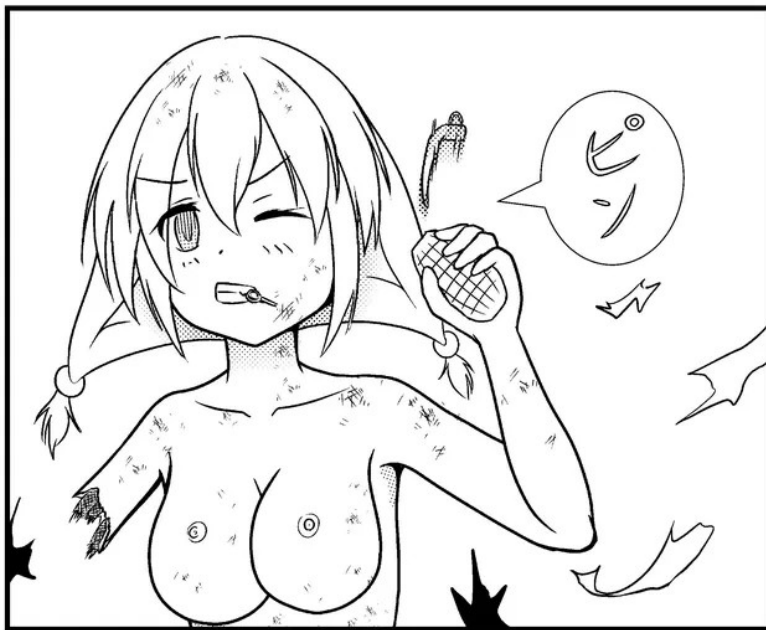

Sabatoxin

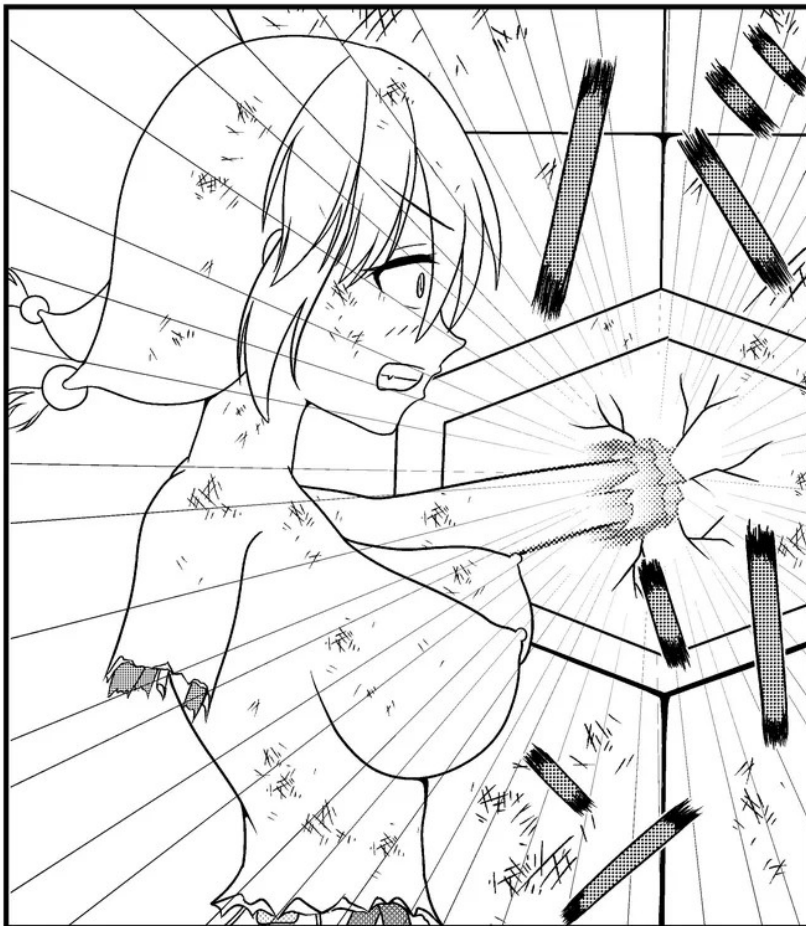

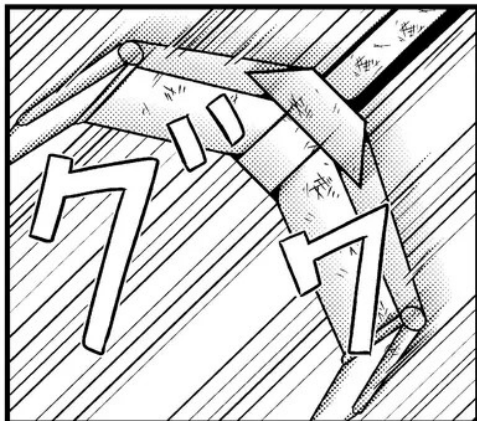

A black and white manga page titled "Part 1" in the top right corner. The scene depicts a confrontation between a large, boxy robot and two young girls in school uniforms. The robot, with a square head and multiple limbs, is shown in the background with sound effects like "カタ" (clatter) and "ギョ" (groan). One girl, on the left, is running away from the robot, looking back over her shoulder with a determined expression. She has a speech bubble that says "やっぱり居た！ 対AI用重装備ドローン！" (As expected, it was here! Counter-AI heavy equipment drone!). The other girl, on the right, stands calmly holding a handgun. She has a speech bubble that says "報酬は高いけど 文字通り死ぬほど分が悪い" (The reward is high, but the odds are literally as bad as dying). Another speech bubble from her says "でも帰り道ふさがれてるし 何とか無力化しないと..." (But the way home is blocked, so I have to somehow neutralize it...). A third speech bubble from the running girl says "ええい！ やってやる！" (Come on! I'll do it!). The robot is holding a large, serrated blade, and there are sound effects like "ギョ" and "カタ" around it. The overall style is typical of Japanese manga, with clear lines and expressive characters.

この度はお手に取って頂き、
ありがとうございました！
初の同人誌作成で色々と調べ
ながら執筆となりましたが、
どうにか形に出来ました。
前半の漫画は約1年前に描いた
物ですが元々本にするつもり
は無かったので原稿サイズが
無茶苦茶で収録に当たって
コマ割りなど若干手直しして
います。トーンも貼り直そうか
と思いましたが時間的都合で
そのままになりました。
見にくかったらすみません。
後半の漫画は以前にpixivで
描いた連作イラストを漫画
っぽくしてみた物です。
何方も続編などは特に考えて
おらず、次回作も具体的には
決まっていますが、もっと
メカ描写の多い物にしたいな
とは思っています。
次回が次のコミケになるかも
不明ですが、またお手に取って
頂けると幸いです。
