—This is the Hichrom Kingdom's Royal Magic Academy.
The souls of the magical beasts that were sealed away on the continent of Westin
long ago have been arrested, and Elena the Magic Sage has been asked to investigate
their current state.

Elena accepts the mission. The headmaster praises her as a hero who once saved the country, but sexually harasses her voluptuous breasts. When she threatens the headmaster with the pressure of her magical powers, she is astonished and says, "Master, you're the same as always."

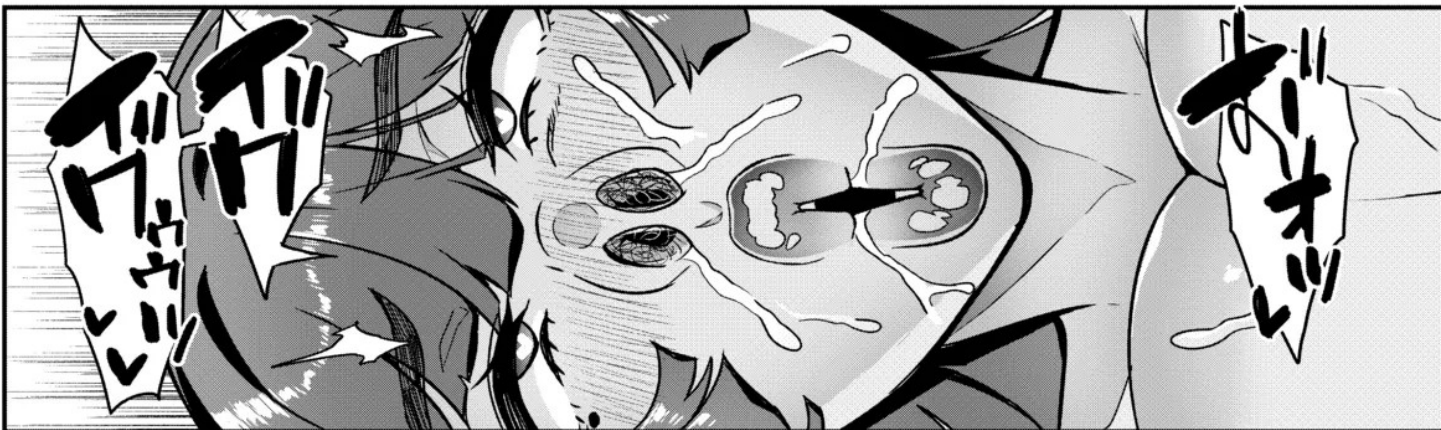

Elena becomes upset at this bad joke and sexual harassment, and leaves the place. As Elena's master, the headmaster wants her to find a boyfriend quickly and be happy, but...That night, Elena returns to the inn in the castle town, and gets completely naked in front of her apprentice Ast to explain the mission she has received.

However, when Ast sees her heart rate and the moisture in her crotch, he realizes that she is hiding the fact that she was sexually harassed. She apologizes to Ast, confesses once again that she was sexually harassed, speaks of her love for him, and begs for his forgiveness. There, the master-slave play ends, leaving Elena dumbfounded.

She climbs onto the bed and shows Ast the flood between her legs.
Ast buries his face in the moist jungle and savors the nectar of their love. As Elena has sex with her younger boyfriend, she is torn between the feeling that their love is real and the guilt...

Then, the two share a passionate kiss, and Elena pretends to be a pig, begging for his saliva. They scream out their love for each other, and their moans echo through the night...

The next day, Ast and Elena head to the cosplay equipment shop. After sex, she walks around town naked without even showering. Due to a spell that blocks perception, no one else notices. Elena is a pervert and gets excited by situations like this...

Elena tries on the uniforms of the "Valkyrie Corps," a foreign kingdom's army. The "Fundoshi Ninja," a secret agent from the East. The Lovely Princess' dress. The school's gym clothes.

After buying a variety of outfits, the two can't resist and head to a back alley. Elena puts her hands against the wall and begs for her lover's penis...Ast punishes her for behaving in such a lewd manner in such a place by performing anal sex on her.

As a further punishment, Ast casts the poison magic spell "The Diarrhea". Unable to bear the stomach pain, she defecates...!

And now...The two of them travel to the Principality of Shotaraba to investigate the soul of the sealed monster.When they go to pay their respects to the Duke who rules the land, he tells them that he will be sending personnel from his country to help with the investigation.

The warrior's name is Kohaku. She is said to be a "shadow" who has sworn loyalty to the Duke, but...Elena and Kohaku are surprised by their unexpected reunion. Elena is surprised by Kohaku's strange clothing, and Ast gazes at her with lustful eyes. It seems Kohaku is hiding a secret.

That night, as they make love in the hotel, Ast asks Elena about Kohaku. She was a former party member, a secret knight from the east known as "Shadow." She previously served Keith as her master and adored him, but has she found a new master?

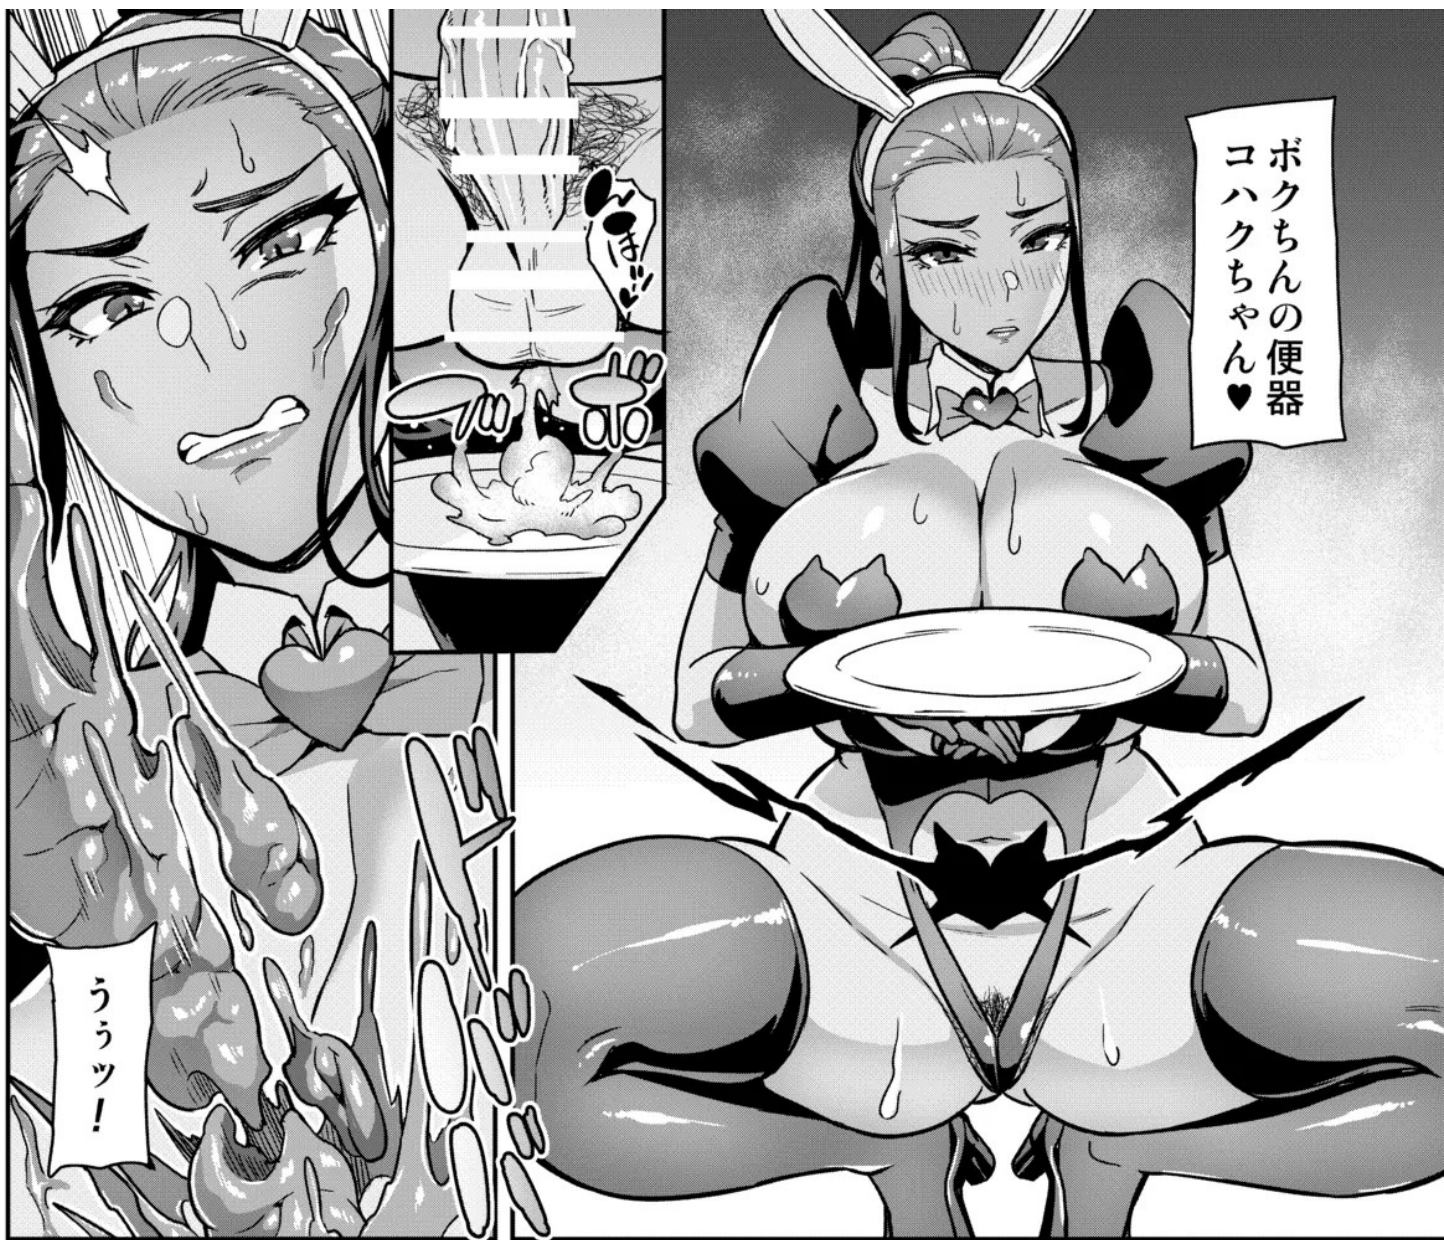

However, more than anything else, Elena was jealous that her beloved lover had become excited by seeing Kohaku's costume. When Ast tried to explain that it was just his imagination, Elena was not about to argue, and began ferociously attacking his asshole with her tongue and his penis with her hand.

Elena urges him to love her as a pig girl more than she loves Kohaku as a bunny girl. She uses super suction on his ass and forces him to defecate. Meanwhile, Ast is wondering why Kohaku, who is supposed to be a very serious person, was wearing such an outfit.

Elena receives the feces directly in her face.
She is so excited by it that she begins to caress her crotch vigorously.
—Meanwhile, at the Duke's mansion...

Kohaku is holding a large plate. A sinister pattern appears on her stomach. The one defecating onto Kohaku's plate is the Duke, Hakeem. He is the villain who once set up a trap for Elena. This man orders Kohaku to wash his bottom after defecating.

And in front of Kohaku is a plate full of shit, she begs him to stop, but the pervert doesn't get it. Her beautiful face is submerged in the brown filth...

Akeem then has sex with her. He then orders the cursed seal to climax while leaking feces. Kohaku does as instructed and defecates and climaxes. Hakeem explains that this investigation mission is a trap to make Elena his own... Unaware of this plot, Elena pathetically chews Ast's feces...

By the time they reach the Dungeon Temple, it's already dark, and the three of them make camp. Kohaku is awakened by a noise and uses X-ray ninjutsu to search for the enemy, only to see the shocking sight of Asto and Elena having anal sex…!

After ejaculating, Ast relieves himself in "his personal toilet." Witnessing this, Kohaku feels indignant that Elena is deceiving Ast and begins to feel her own groin. However, Elena has been ordered by Ast to clean his dirty penis...

Elena is ordered to clean up like a pig in a shameless manner. Seeing this, Kohaku realizes that their relationship is a "distorted one of master and servant." Furthermore, under the guise of a secret walk, the great witch Elena is made to crawl around outside in a pig costume.

Kohaku thought that Elena was seducing Ast and fulfilling her desires, but he finds out that it's actually the other way around. Elena holds the title of great magician, and Ast trains her to the point where she is less than a pig. Unable to bear it any longer, Kohaku draws her sword!

The two of them indulge in outdoor sex while trying to hold in their urge to defecate. Kohaku stabs his sword into the ground, places it between his legs, and begins masturbating!

Kohaku continues to masturbate in a perverted manner while feeling jealous of the two of them making love...! Kohaku confesses to Ast in her mind that she is a slutty pervert ninja who likes to masturbate while peeping on others.

Kohaku stimulates her own breasts while Elena gives Ast a titjob. Elena is spanked and has to endure the nasty fluids that threaten to leak out. Kohaku secretly begs to be trained like a pig too...!

Satisfied, Ast commands, "good".

His "sow" defecates.

On the other side of the bushes, another black pig similarly climaxes and defecates.
