

Start the pressure
resistance test.
Are you ready?

Do I have to do
this pose?

This is to secure the
test sample.
Please understand.

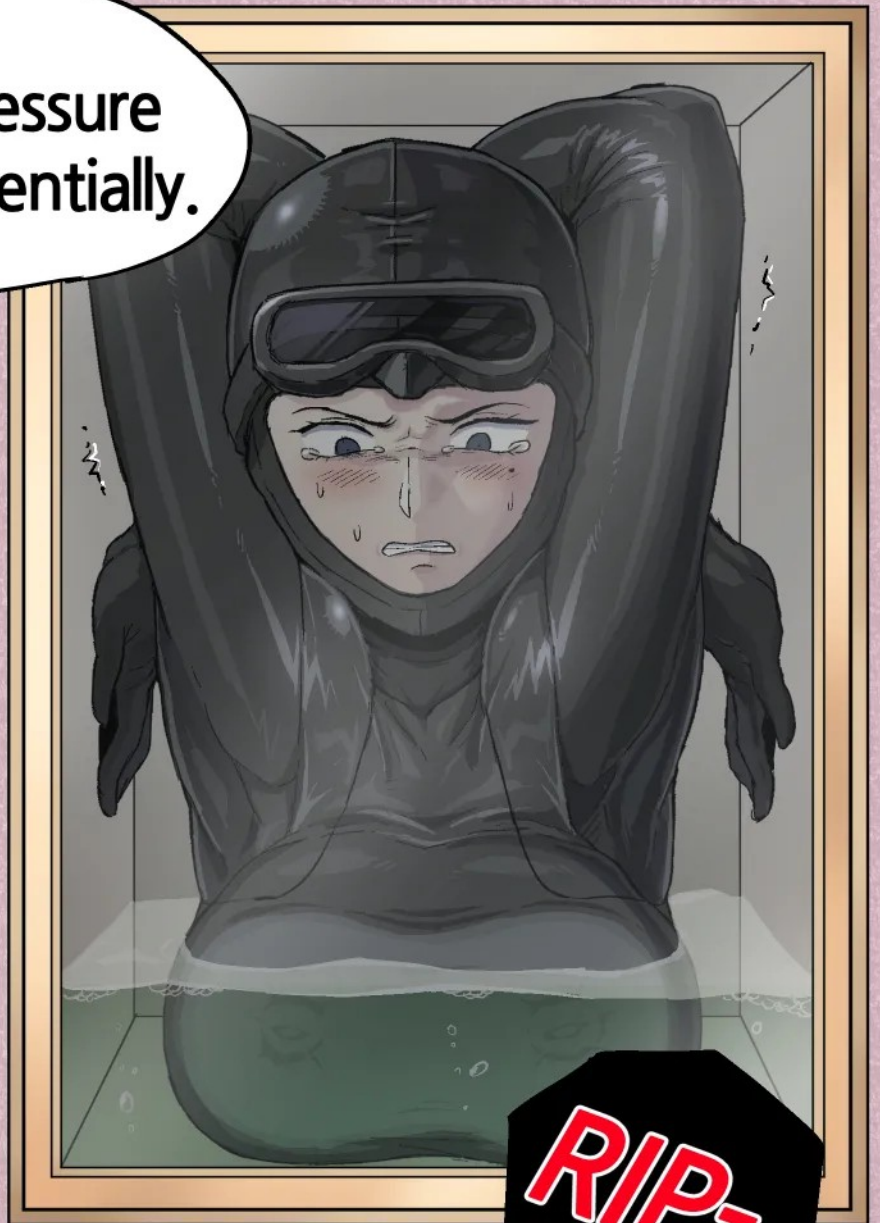

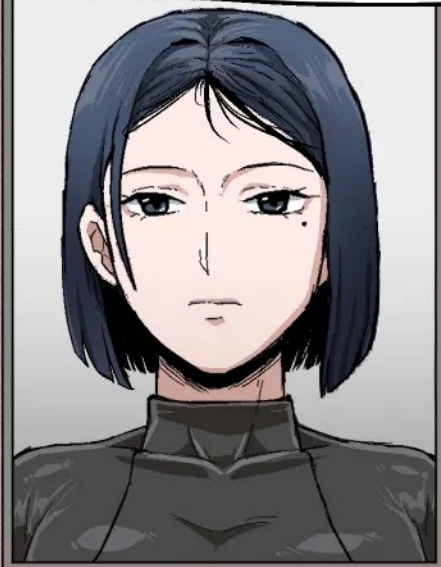

pressure resistance test

All right, Raise the pressure and water level sequentially.

RIP.

Hey!
My groin is torn.
This suit is trash!

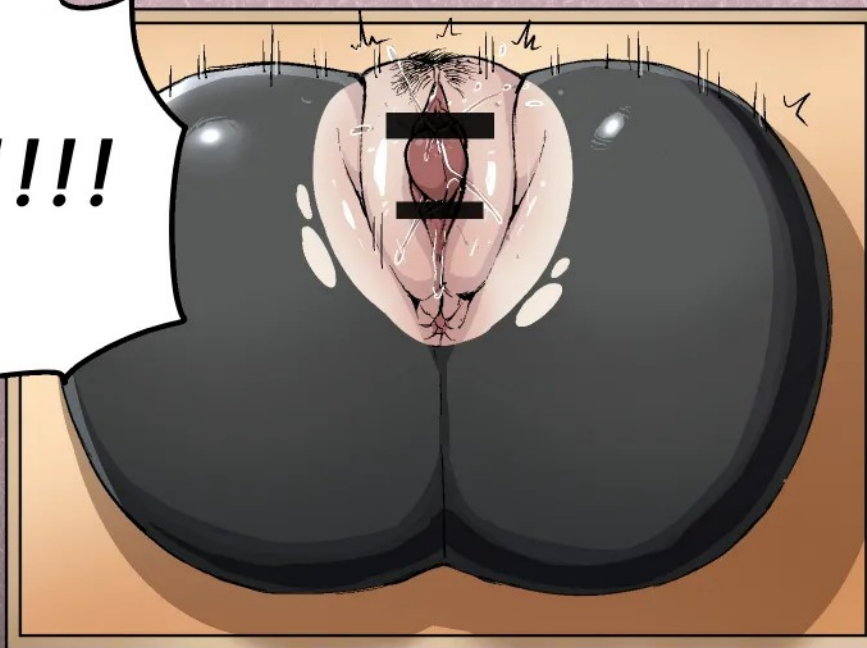

That's what
I intended.
I purposely made
the parts weak.

And if my hypothesis is correct,
all the pressure will be on
your groin from now on.

What... what?
Wait ... What the...

BEEEEEP-

Ah...Ahhh!!!!
It hurts!

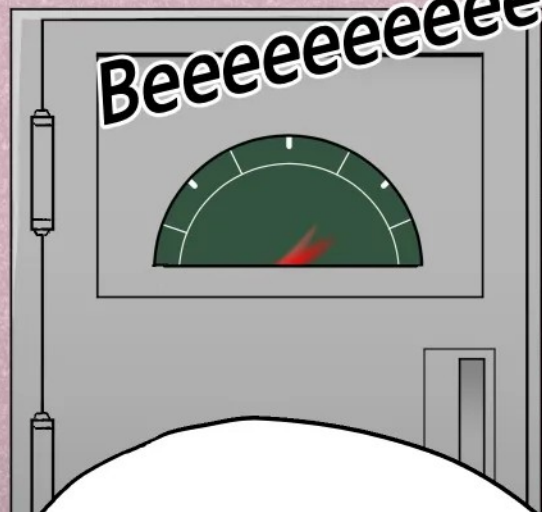

All right, as expected,
the uterus and anus are
starting to protrude.

It's painful, isn't it?
Hang in there.
You'll feel better soon.

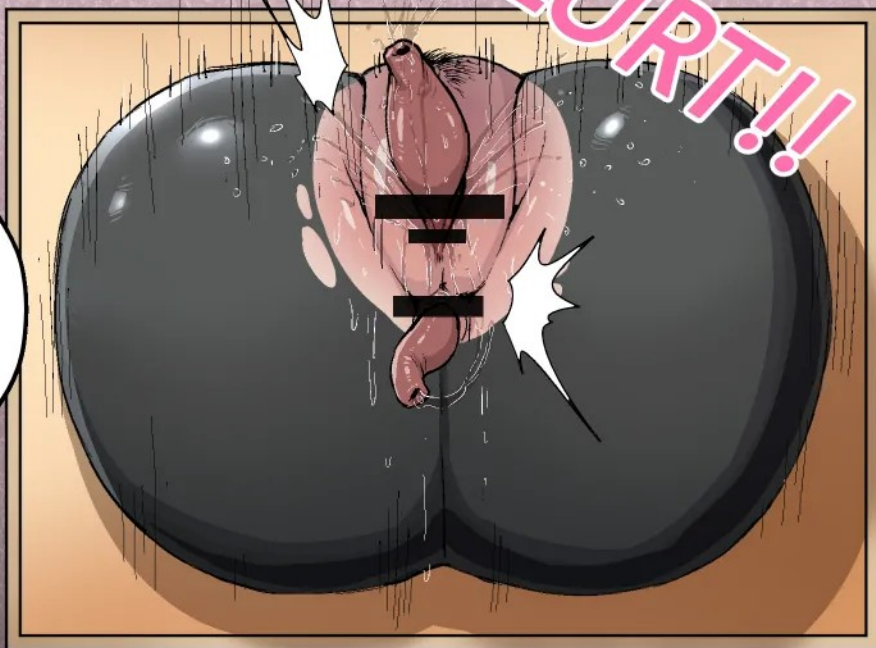

Beeeeeeeeeeep-

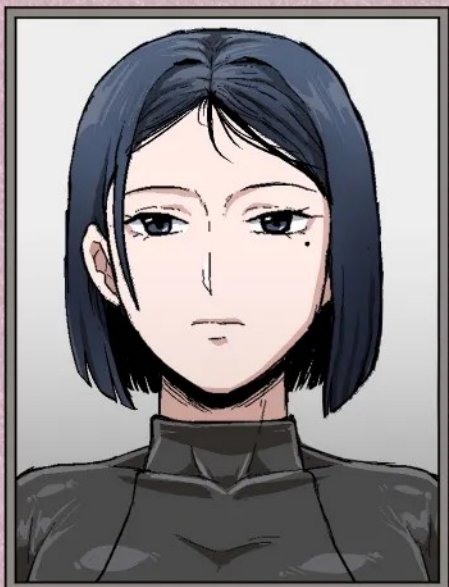

Oh~ poor lady.
Can't scream
from in the water.

SPLURT!!

Haha!
The test ended
successfully.

Be grateful that
your trivial life
contributed to science!
