Selfish Little Sister Onahole Project: Training Her In Her Sleep

Translator/Editor/Lettering: Artistan - Proofreader: Antidoge - QC: Antidoge, slazer, scav

This is a freely-released fan translation. If you paid to read this translation, you were ripped off and should demand a refund.

The other English translation was a censored black-and-white version that contained several inaccuracies due to poor translation.

P4. お土産 (omiyage) can mean gift. But in this context it is a souvenir and doesn't really need to be pointed out what it is.

P7. He's not trying to wake her up. He's pointing out how she is not waking up.

P9. He's not making a definitive statement, but rather as a question. "You're starting to feel real good, aren't you?"

P13. He's not desperate to squeeze it out... It's a statement of how she seems desperate to squeeze it out of him.

There are numerous examples of these mistakes that could be listed, but unfortunately, there is not enough space available on this page.

"... In human males, the shape of the penis - particularly the umbrella-like 'lip' under the tumescent glans head (the coronal ridge) - was sculpted by natural selection to retract the semen of any other males who may have had sex with that woman within the previous 48 hours, since this is the approximate length of time that sperm remain viable."
