

morning, Long Yan.
Time is tight today. Good

Well, playing games till late at night

you also need to be moderate.
But stop. Haha,

His name is Zijing Asahi

My childhood sweetheart

we have known each other since childhood.

We are very good friends because

My hometown is a very famous family nearby.

He grew up in a strict and old-fashioned family tradition and can be said to be a Japanese man.

Beautiful features, both civil and military skills

Both boys and girls like him very much. He is a friend to be proud of.

Um...are you free after
school today?

Hmm. Is that not possible?

It's okay. The club
is closed today.

Well, do you want to do it?

No problem. Since it's a friend's
request, I have no choice but to do it.

Asahi answered shyly. This is a secret between me and Asahi, a good friend. Growing up in a stable family, Asahi was expected to be a man by people around

him.

It seems that there are also some very difficult parts... Knowing this, I will accompany him to do what he likes for Asahi

Haha, not very appropriate...right?

No! I think it's very
cute.

Haha, even if it's flattery, I'm
happy to do this at Long Yan's
house.

Don't worry, after all, it's hard to see Asahi
again like this... and it's very cute...

I can only ask you for this matter. Thank you

Asahi has always liked cute things. It seems that he has been interested in these things since junior high school. Knowing this, I specially provided him with a room.

The secret of Asahi is that she likes women's clothing

Wisteria Asahi

His family is a traditional and prestigious one. He has liked cute things since he was a child. He has a feminine side and can get along well with the girls in his class. Although his love interest is a woman, he has recently developed a trust in his childhood friend, Long Yan, that exceeds that of a friend.

Because he didn't want to be discovered by his old-fashioned and strict family, he would come to my house after school sometimes.

Don't do anything special, just play games, chat, and spend the day as ordinary friends

For him, who has a very strict family tradition, it is very happy to spend this kind of time. I want to help him as a friend.

I just simply thought of this.

But why? The other-person is obviously a man, and we are friends, but my heart beats faster when I get close to him.

I tried desperately to suppress this evil thought, as his curfew was about to expire.

Oh, by the way, did you know?
Apparently an international student is coming
to our school tomorrow.

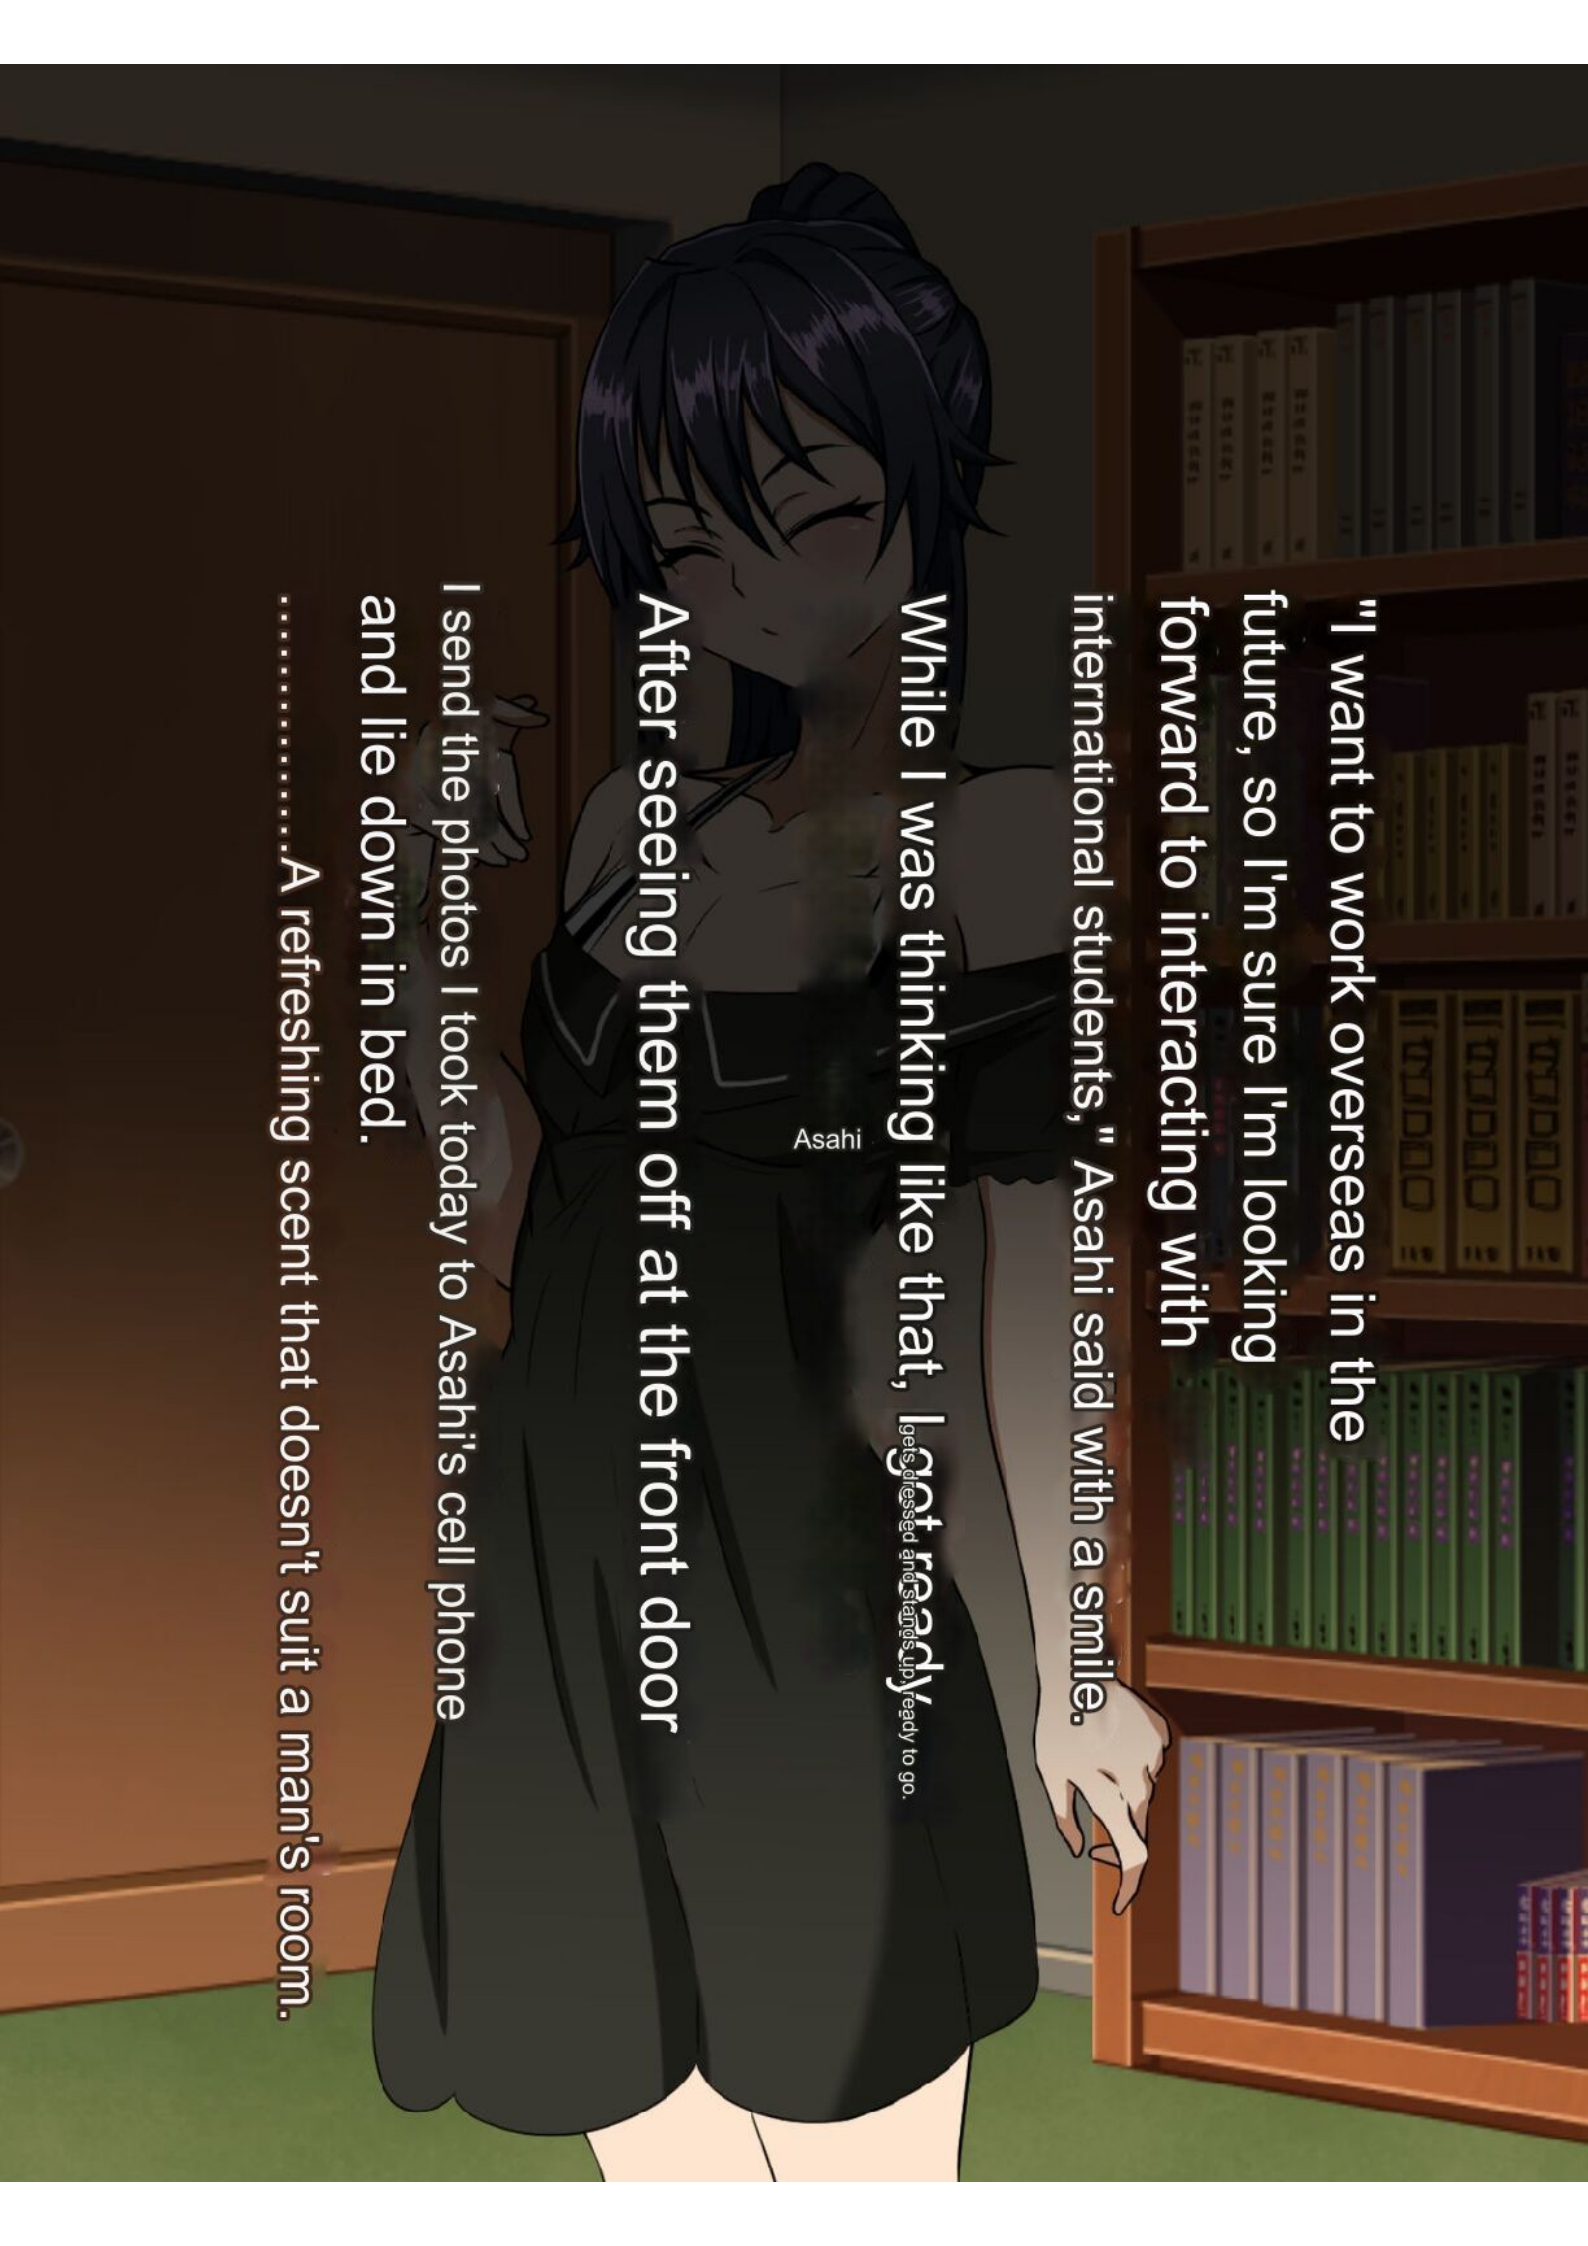

Ah, yes, I
know...or rather, the place where
the international student is staying as a
homestay is actually my house.

Is that so?

They were interested in Japanese culture, and
wanted a house like ours.

I wonder if the
luggage has arrived at your
house by now?

"I want to work overseas in the future, so I'm sure I'm looking forward to interacting with international students," Asahi said with a smile.

While I was thinking like that, I ~~got~~ ^{gets dressed and stands up,} ~~ready~~ ^{ready to go.}

Asahi

After seeing them off at the front door

I send the photos I took today to Asahi's cell phone and lie down in bed.

.....A refreshing scent that doesn't suit a man's room.

the next day

"Um, this is Bill, an international student."

A black man entering the classroom through a teacher's introduction

International student Bill.

"Nice to meet you, I'm Bill. Nice to meet you.

Please."

Bill introduces himself in fluent Japanese.

Keiji is a big man, over 190 cm. He has a sturdy body.

He is muscular. Despite his stern appearance, he has a relaxed smile, a manly face, and a very likeable personality.

My first impression of him was that he was a nice young man.

As expected, that day alone, the building was the most popular among the girls. Even students from other years came to watch during the break.

A man with reddish-brown hair, wearing a light pink button-down shirt and grey trousers, stands in a classroom. He has a neutral expression. The background shows rows of wooden desks and blue walls. A clock on the wall shows the time is approximately 10:10. A large grey box in the top right corner contains a summary of his personality.

Soon after he arrived, Bill's cheerful and upbeat personality made him easy to get along with, both girls and boys.

Where did you learn Japanese?

I love Japan so I studied at Dokugaku!

Hey, let's go on a date next time!

Oh, that's great! I'd love to hear from you!

Ah, so unfair!

That guy from Bill is really popular.

He's good looking and has a
good personality, so that's what he's like

Well, I won't deny it, but what
about homestays?

It's polite
He's serious.
My father and mother are also kind

I'm also benefiting

Bill said to me

Thank you, but

It's okay. I
only watched the bare

...So, what?
Are you going to demand it?

What's wrong? You have a
scary face (lol)

When I got home, Bill showed me a picture
of me dressed as a woman.
This photo was taken by Tatsuhiko.

No request... I just
thought it was cute. It reminded me of my
girlfriend back home.

It's a shame to hide

Today is Sunday and

I have nothing to do, so I'm just strolling around town by myself.

"I haven't talked to Asahi much lately."

It's been a few weeks since Bill transferred to our school, and I guess they've been busy as host parents. The two of them used to often hang out together after school and on weekends, but lately that has changed dramatically.

The secret meeting hasn't been held since that day, and I walk around feeling a little lonely.

"Bang!" I was thinking when I bumped into a

passerby.

"Cchi!"

Before I could even apologize, I heard a forced click of the tongue.

Wait, Bill and... Asahi?!?!?!?

Tatsuhiko...?!?!?

O~, Tatsuhiko-san,
sorry for bumping into you

I don't have any problem with the two of them hanging out. I'm
a bit concerned about the closeness between them, but they're just two
guys. There's nothing in particular I need to say.

The two people who were
clashing were Bill and Asahi.

But I was really surprised to see

As I felt that I was becoming estranged from Asahi, school was about to enter summer vacation.

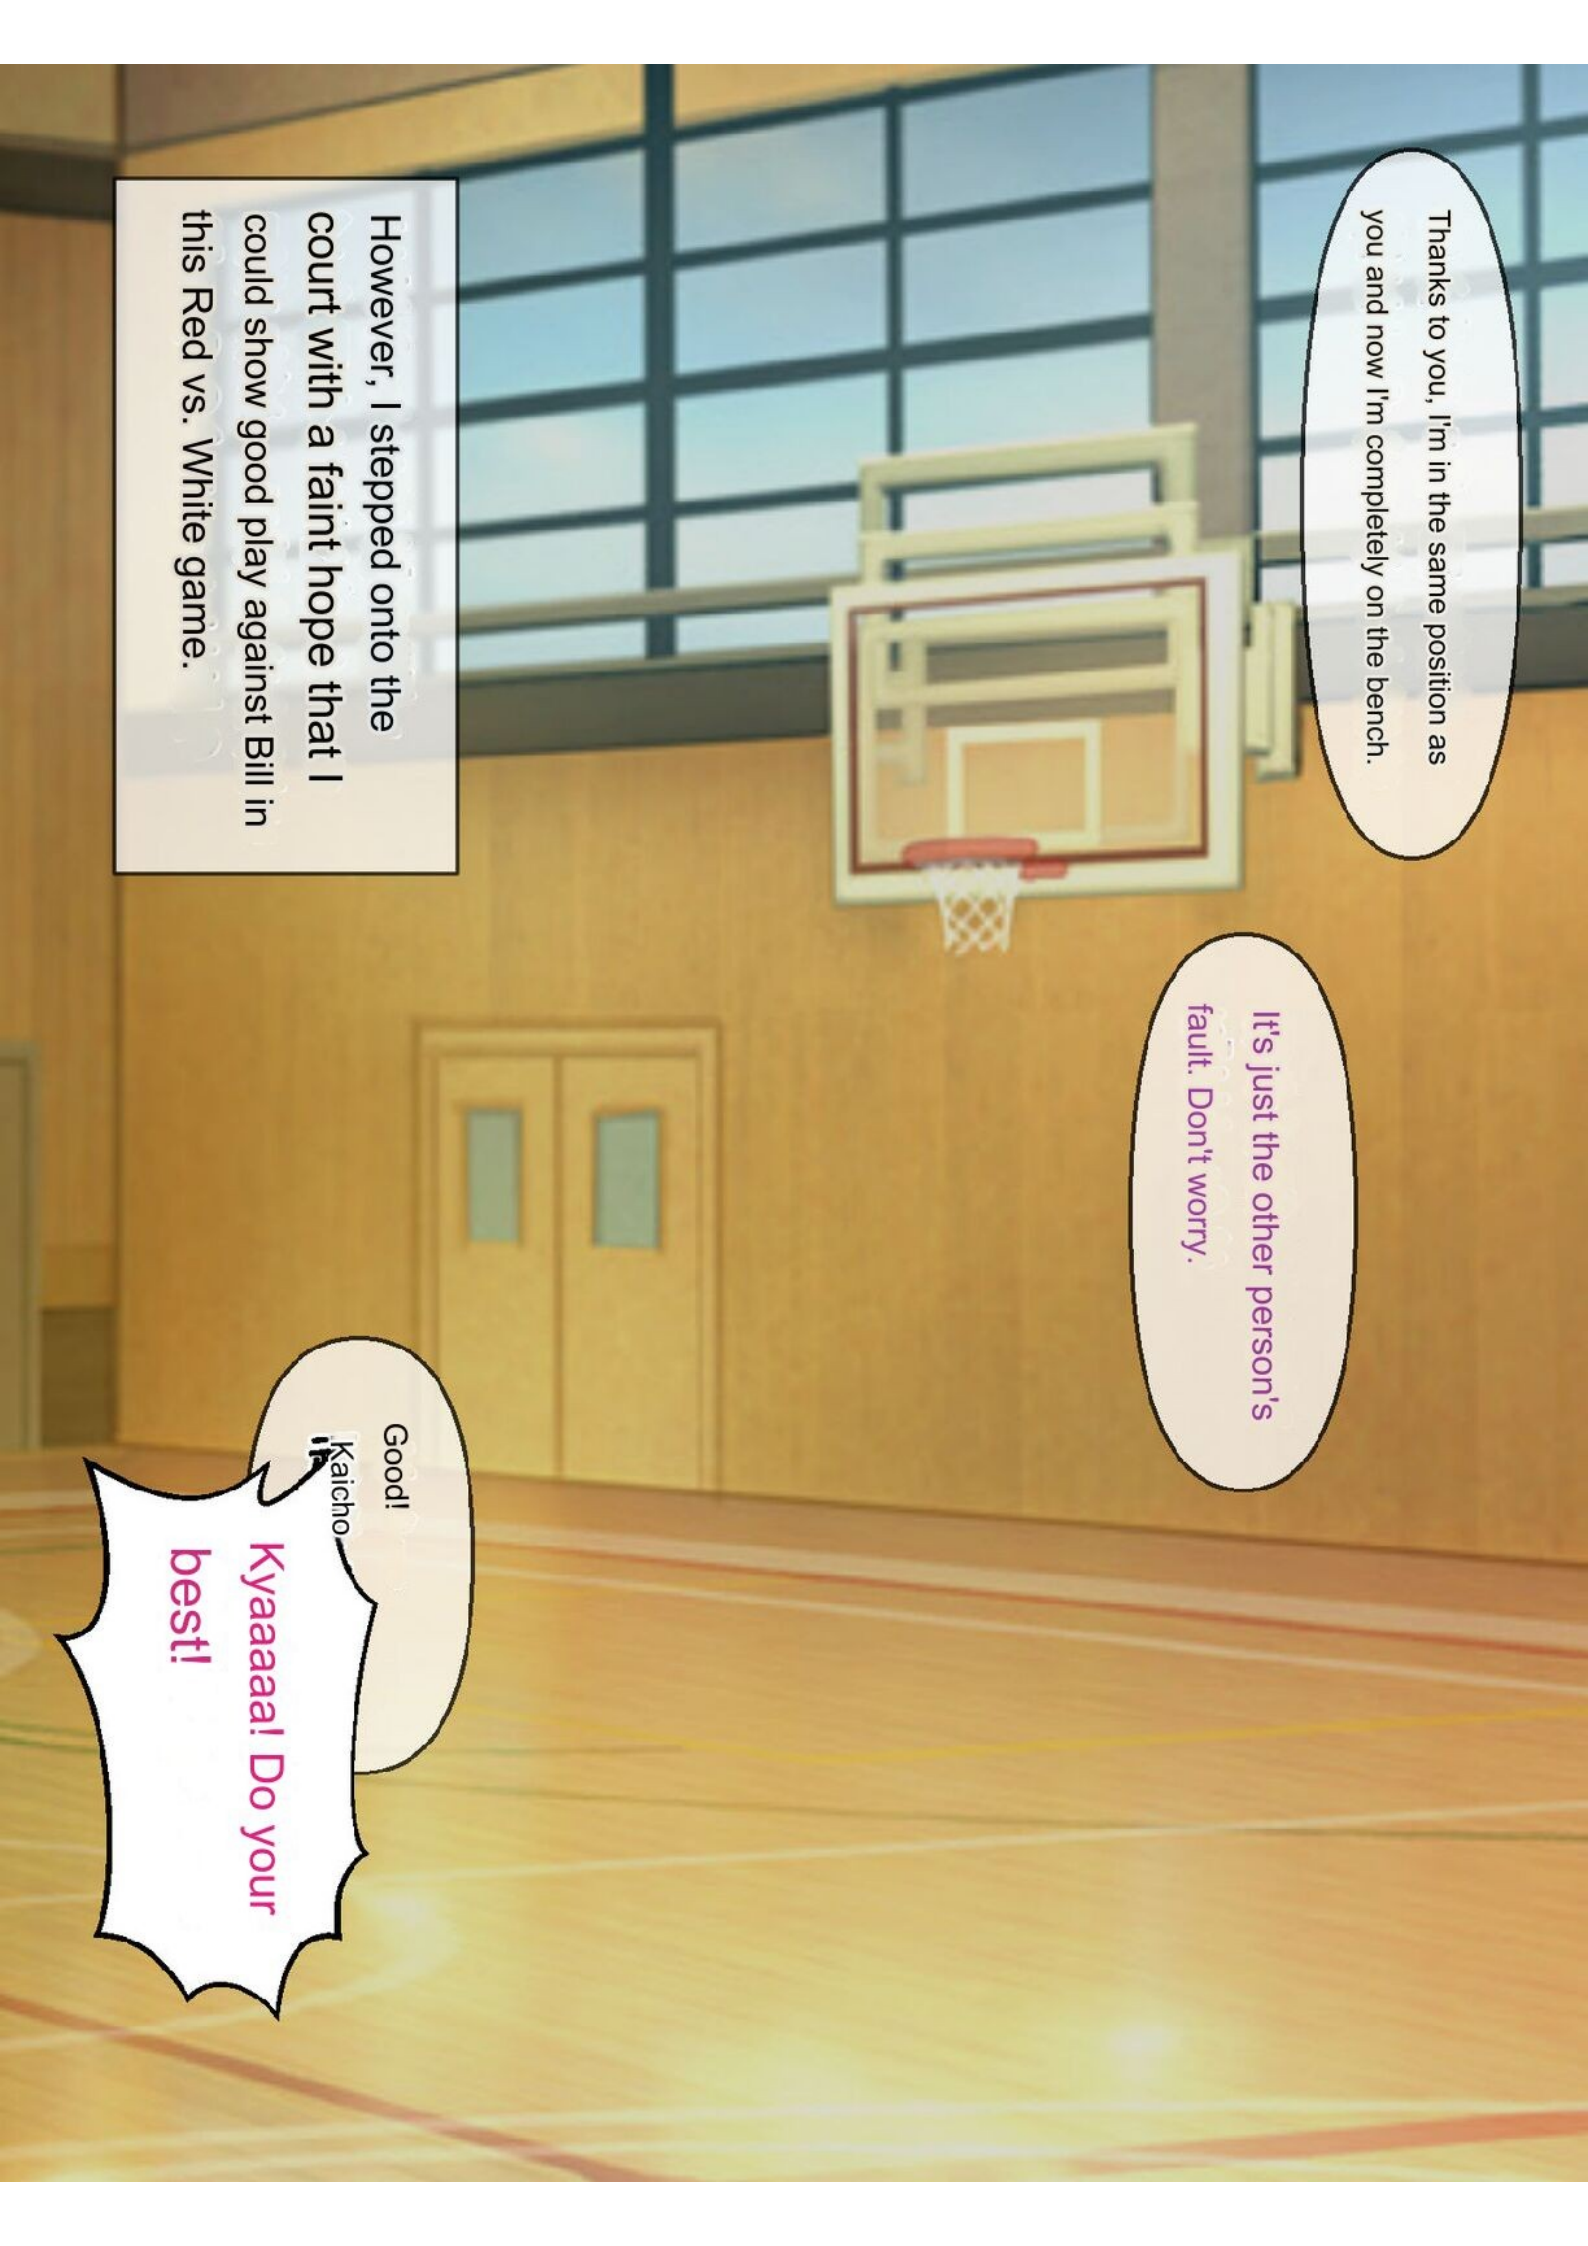

During the holidays, he devotes himself to the basketball club he belongs to, and today is the day for the intra-club red-white game.
