

おトイレ我慢出来なくて
泣いてるああちゃんも可愛いよ!!

Adult
story:
Ao-chan's
bladder is
going to
burst coming
back from
a date

The
end

After approximately 35 minutes of being trapped in a broken elevator during a shopping date

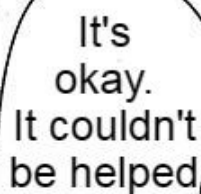

Ao-chan
reaches
her limit
in an
elevator

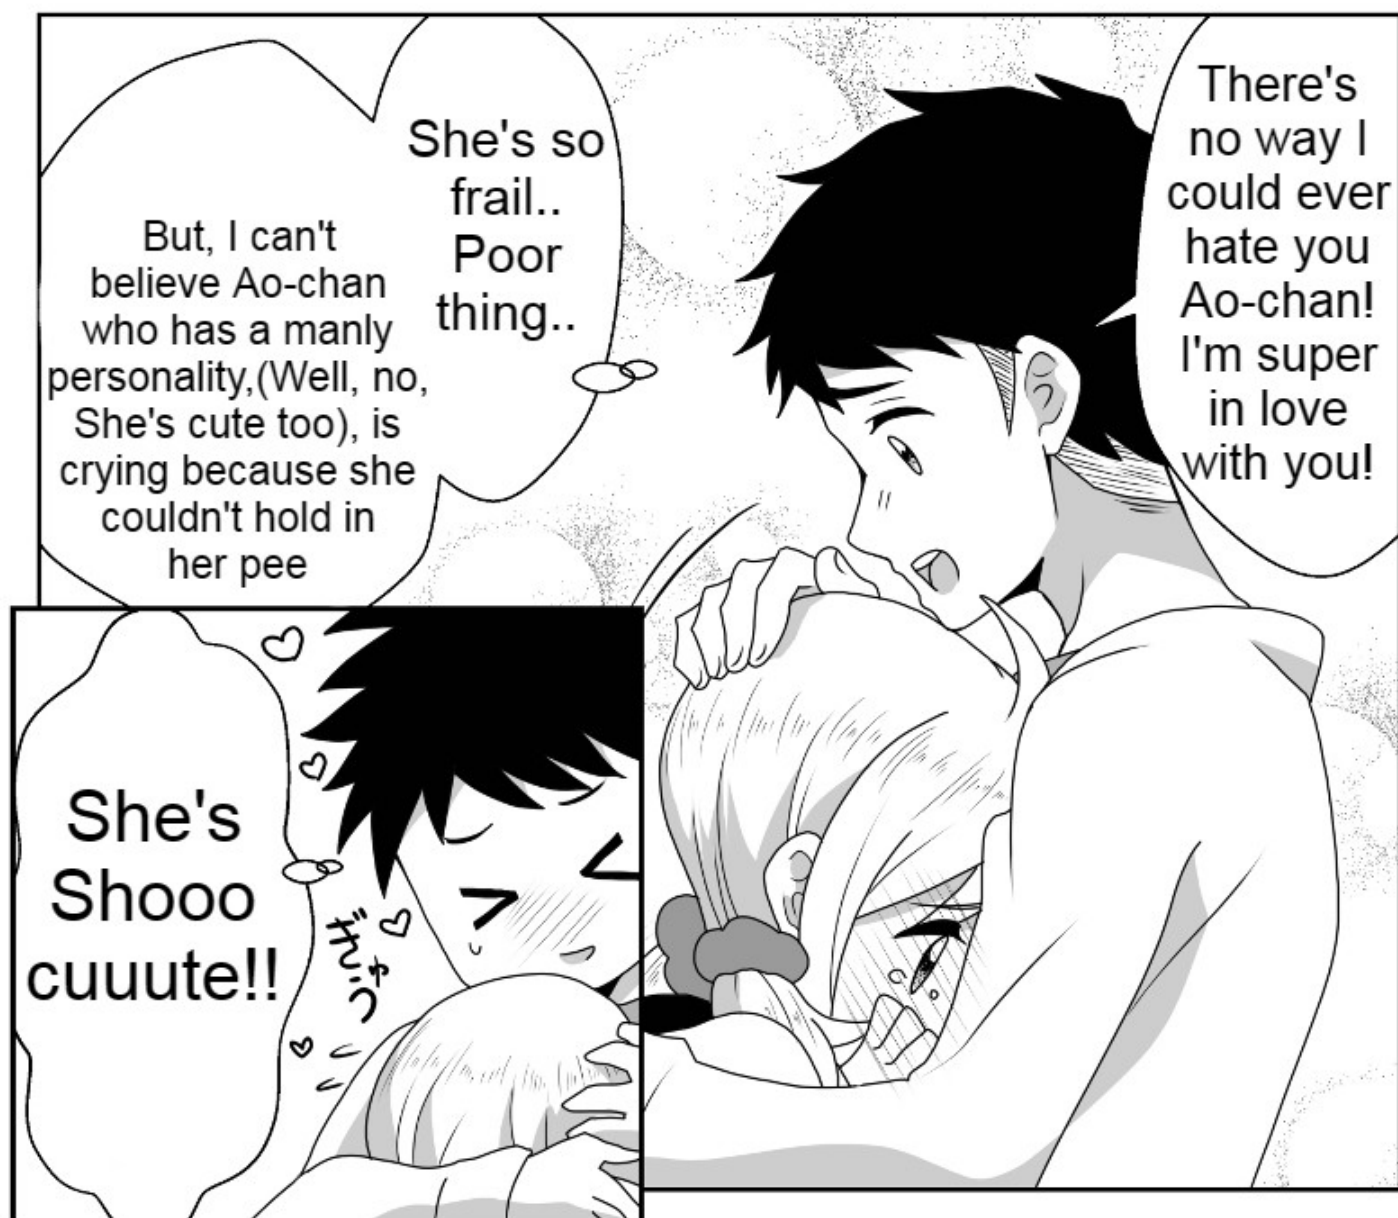

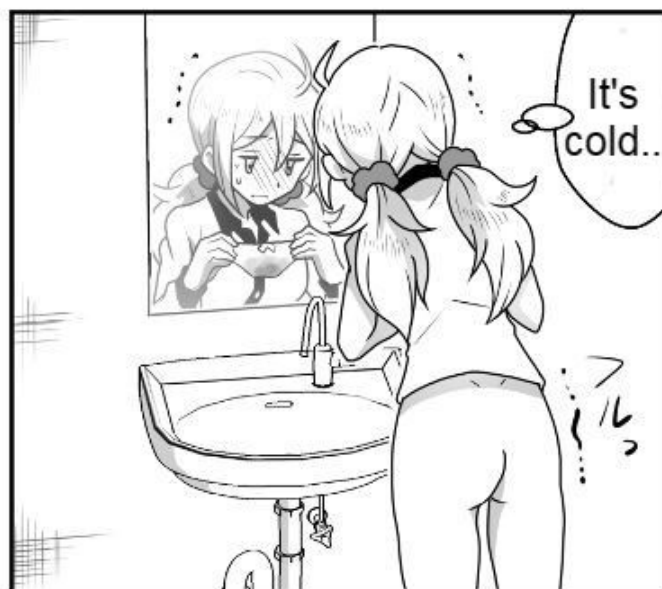

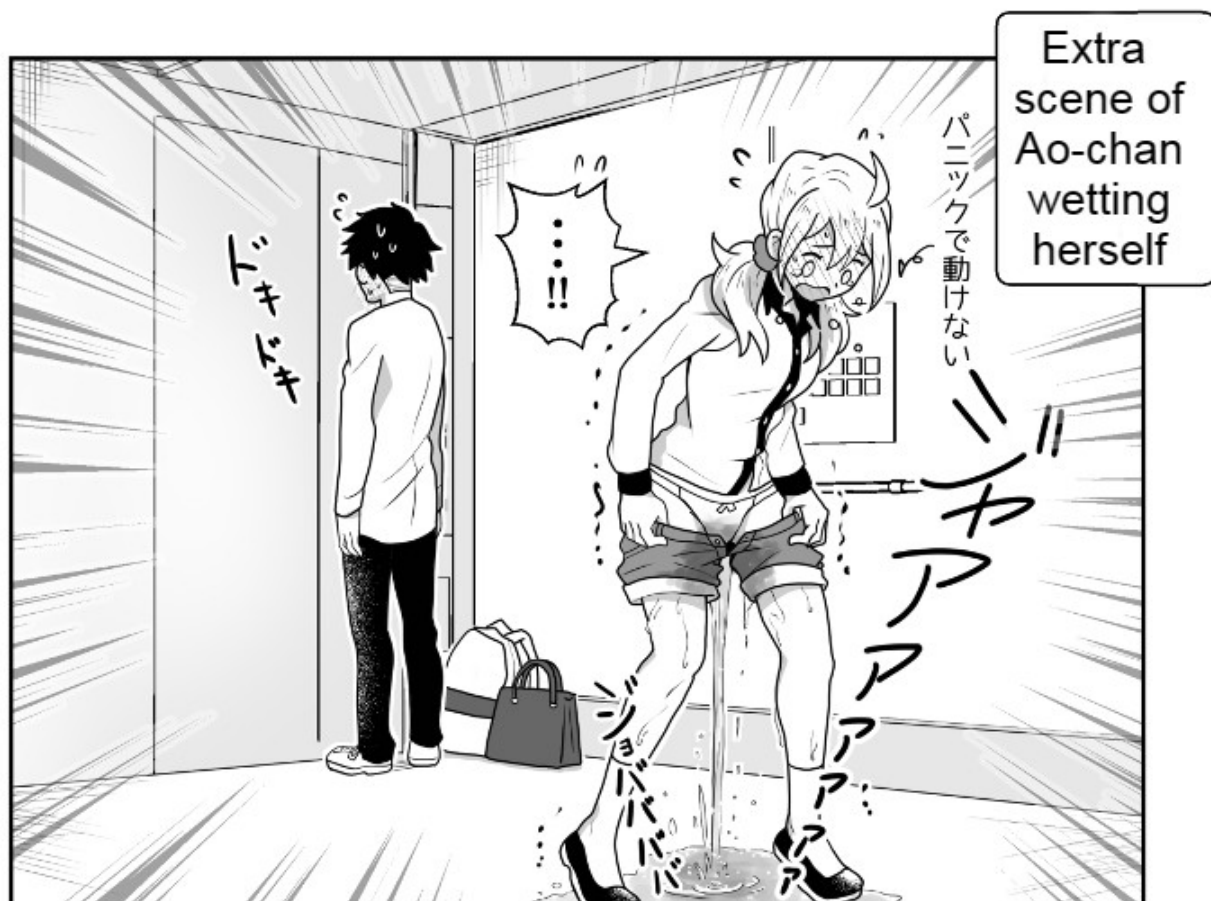

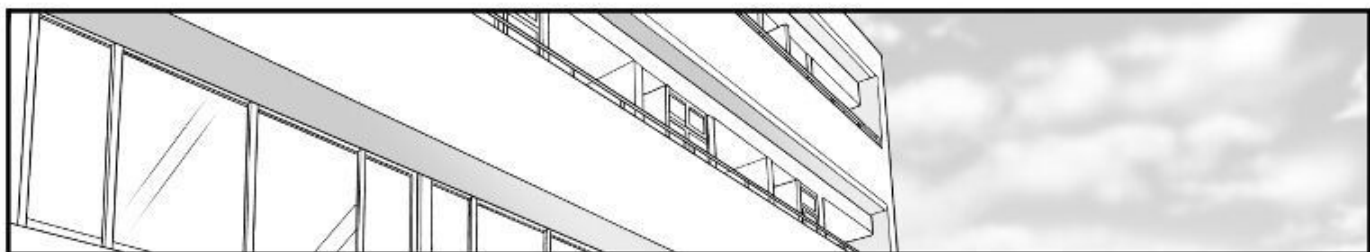

Ao-chan starts wearing diapers because of toilet worries

Did he find out that I put on a diaper!?

Your butt got a little bigger?

Ao-chan, could it be that..

What are you saying..

Anybody else definitely wouldn't be able to tell

Nope, not at all. I know because I love my Ao-chan so much that I star at her everyday but,

So I guess she cares if it's fat or not

You can tell by the way it looks!?

What are you talking about?

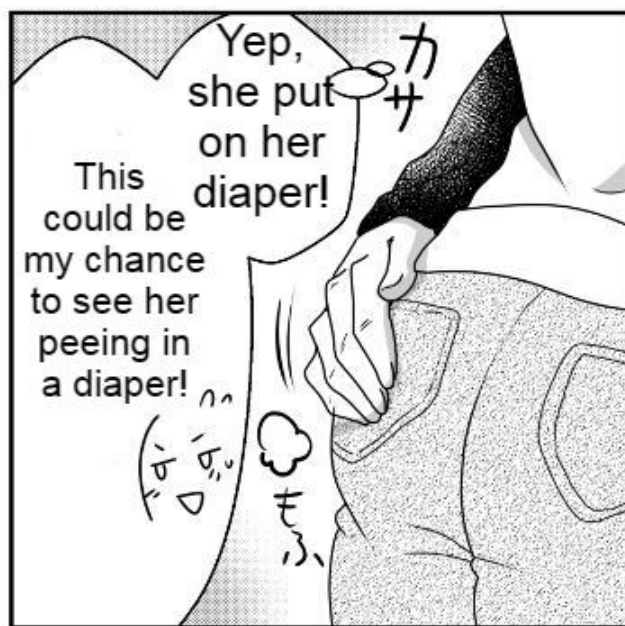

Huh?

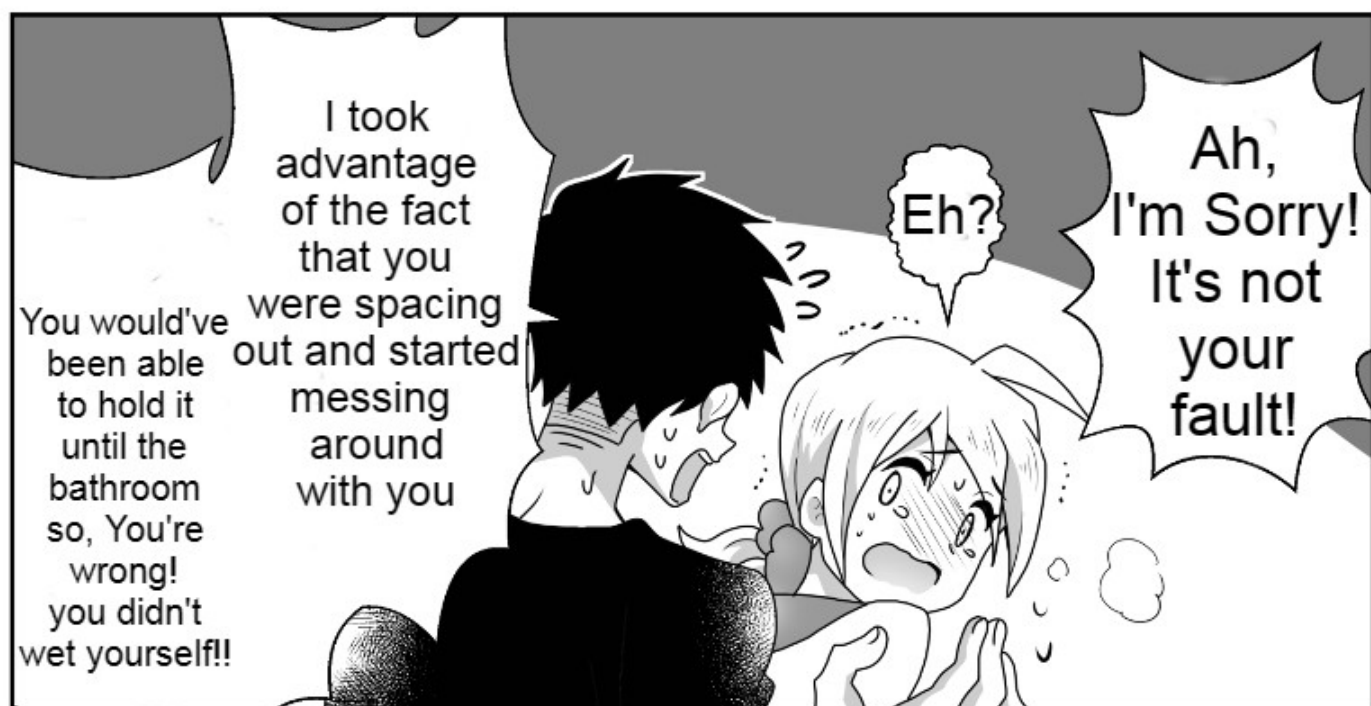

I try to put them on when it looks like I won't be able to go for a long period of time

Haa... Ever since that time in the Elevator, I get anxiety about not being able to go to the bathroom so,

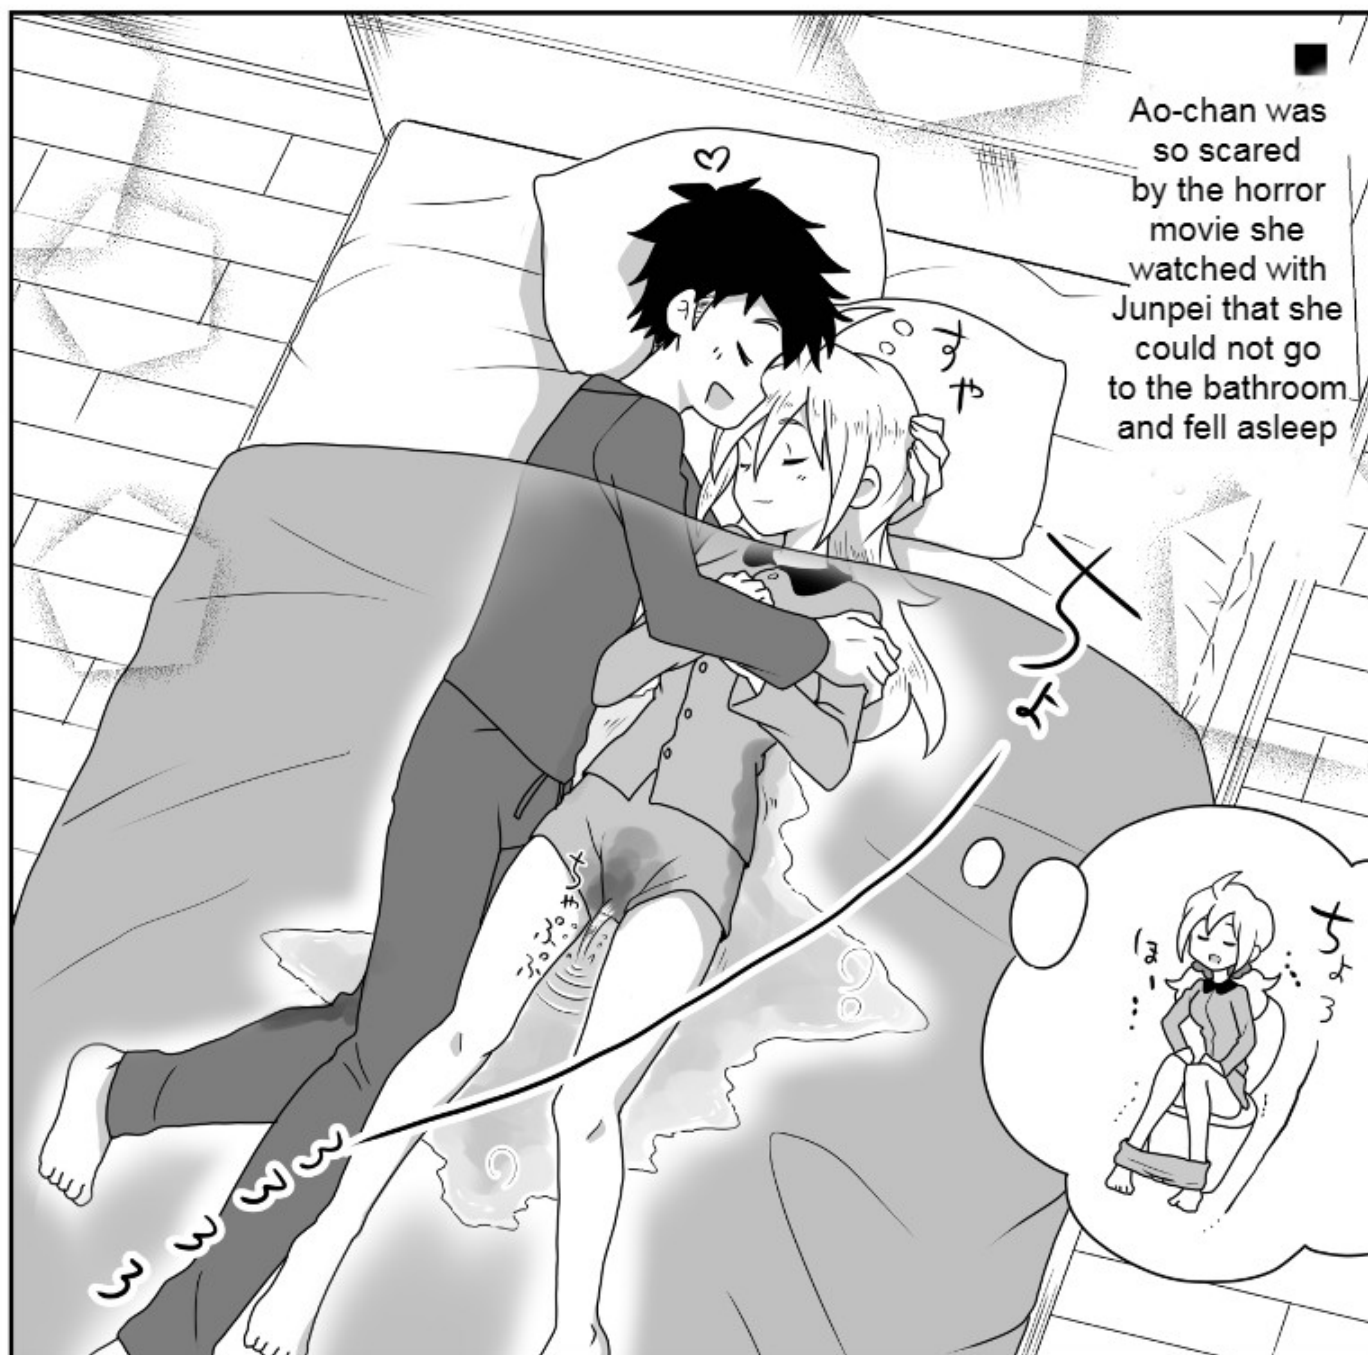

Ao-chan couldn't hold it and had to go outside
