It is a time
when robot pilots have
become national heroes

Edna history 100 years
Laetia City

One young man was aiming for a robot pilot.

What is it for?

Are you intending to enter
the pilot's school seriously?

パイロット学校に
入学するって
本気なの？

Because my dream is
to be a pilot.

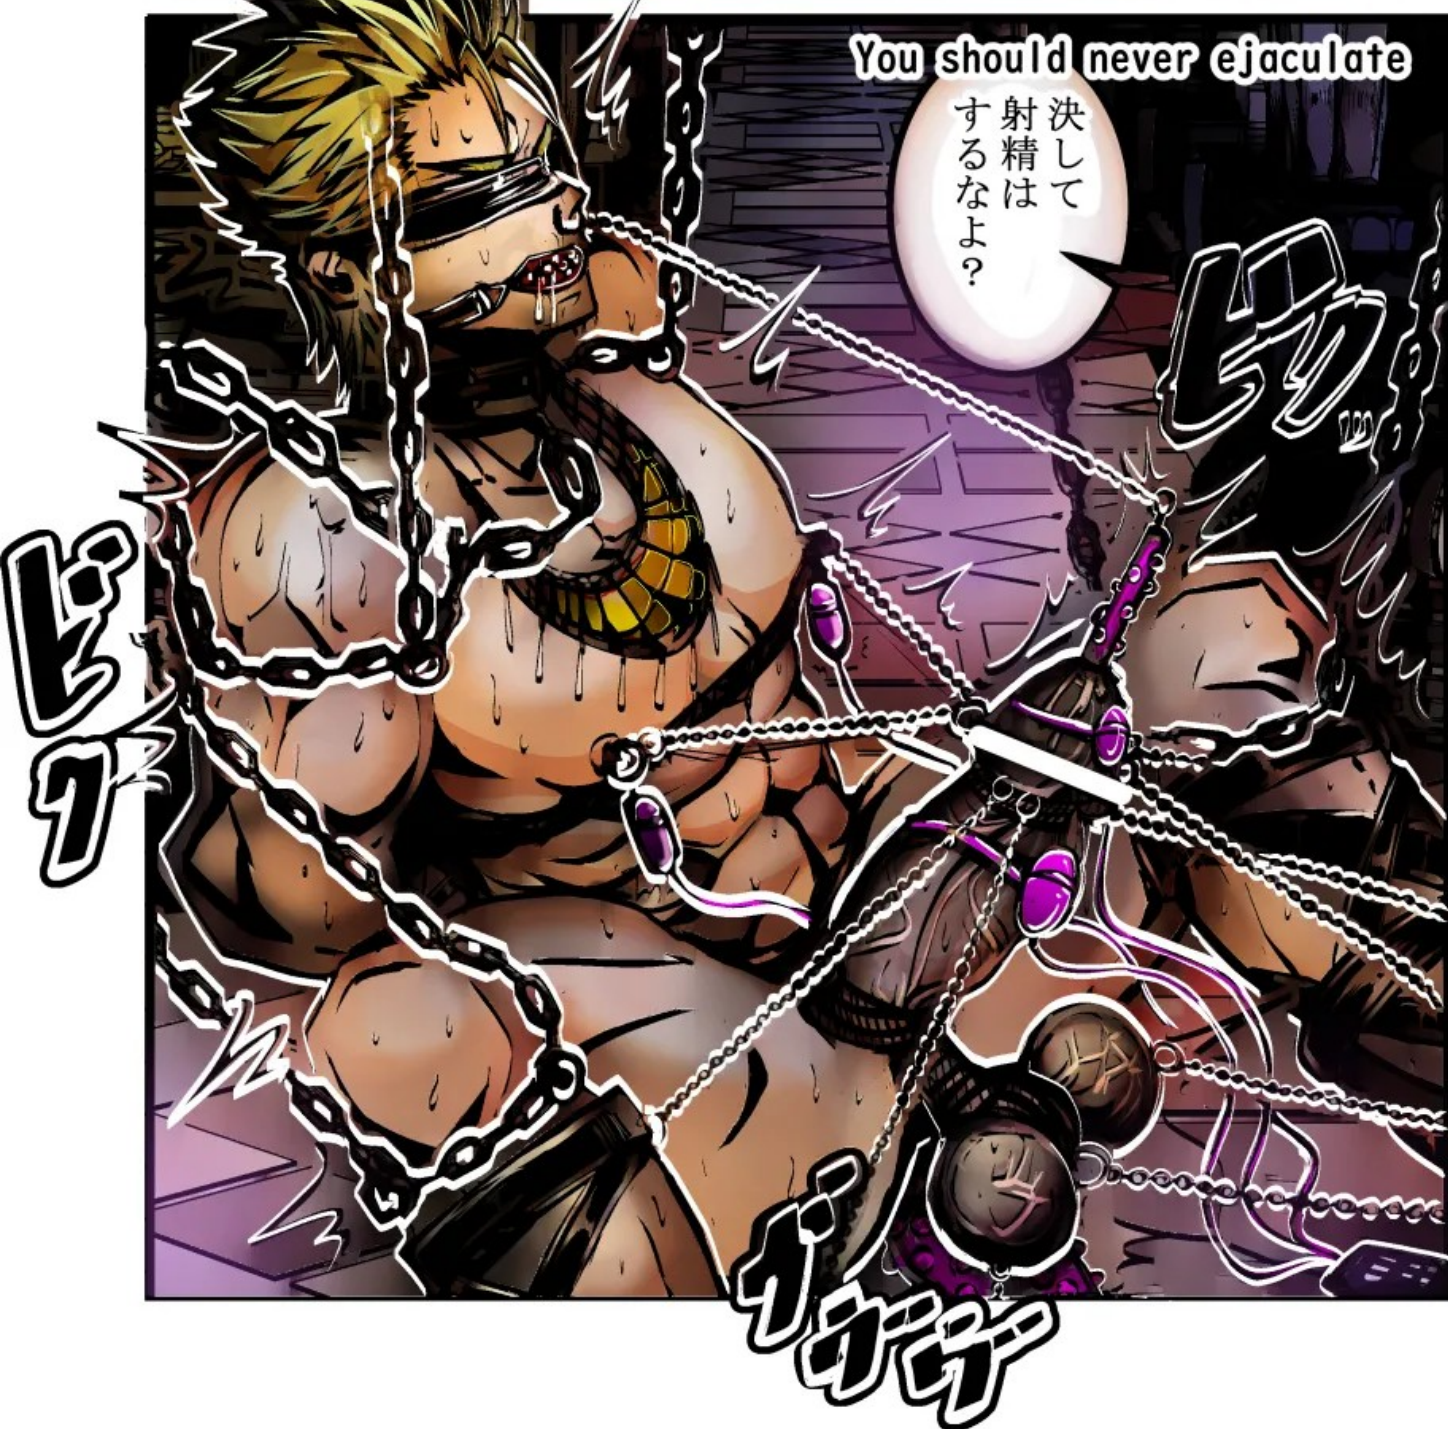

パイロットに
なるのは
俺の夢だから

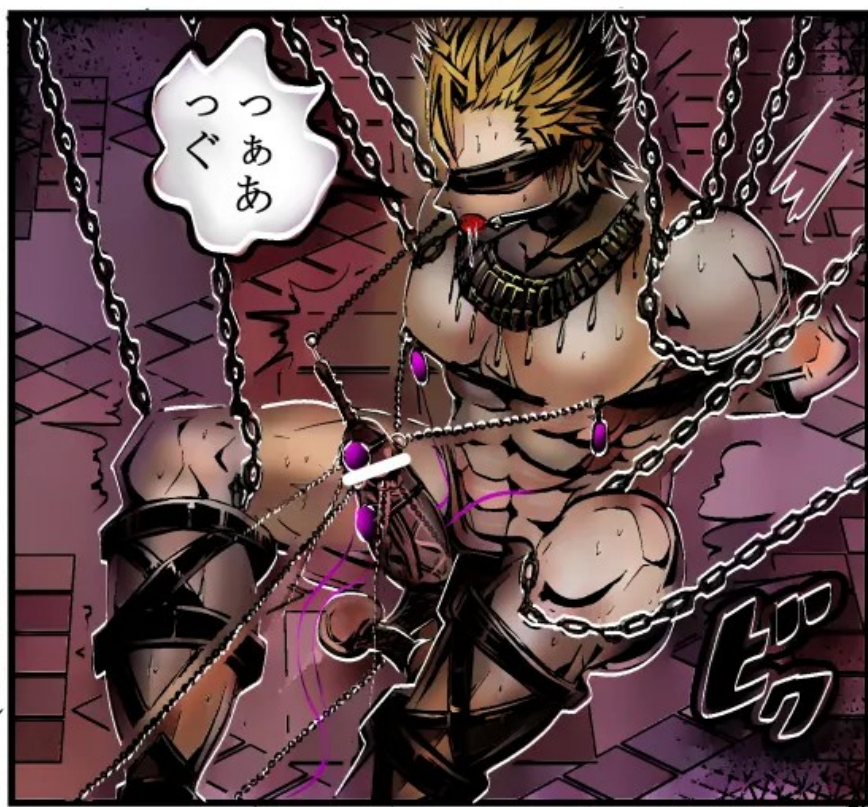

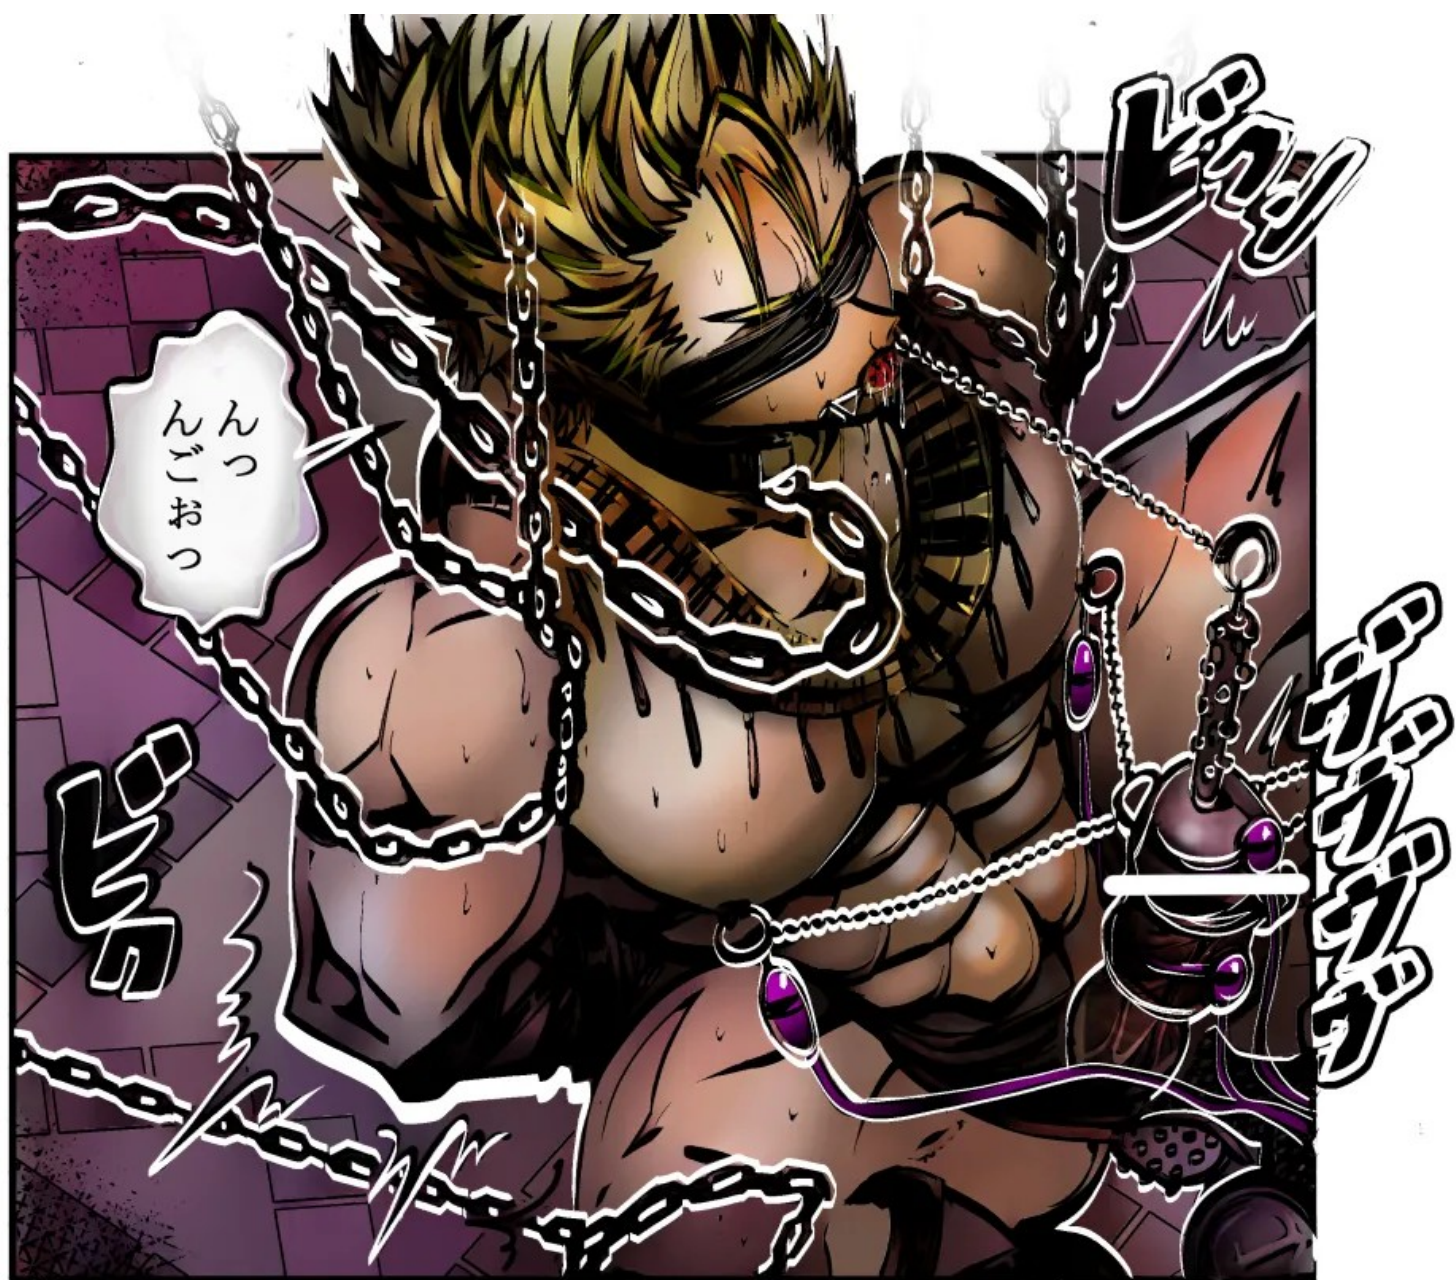

...

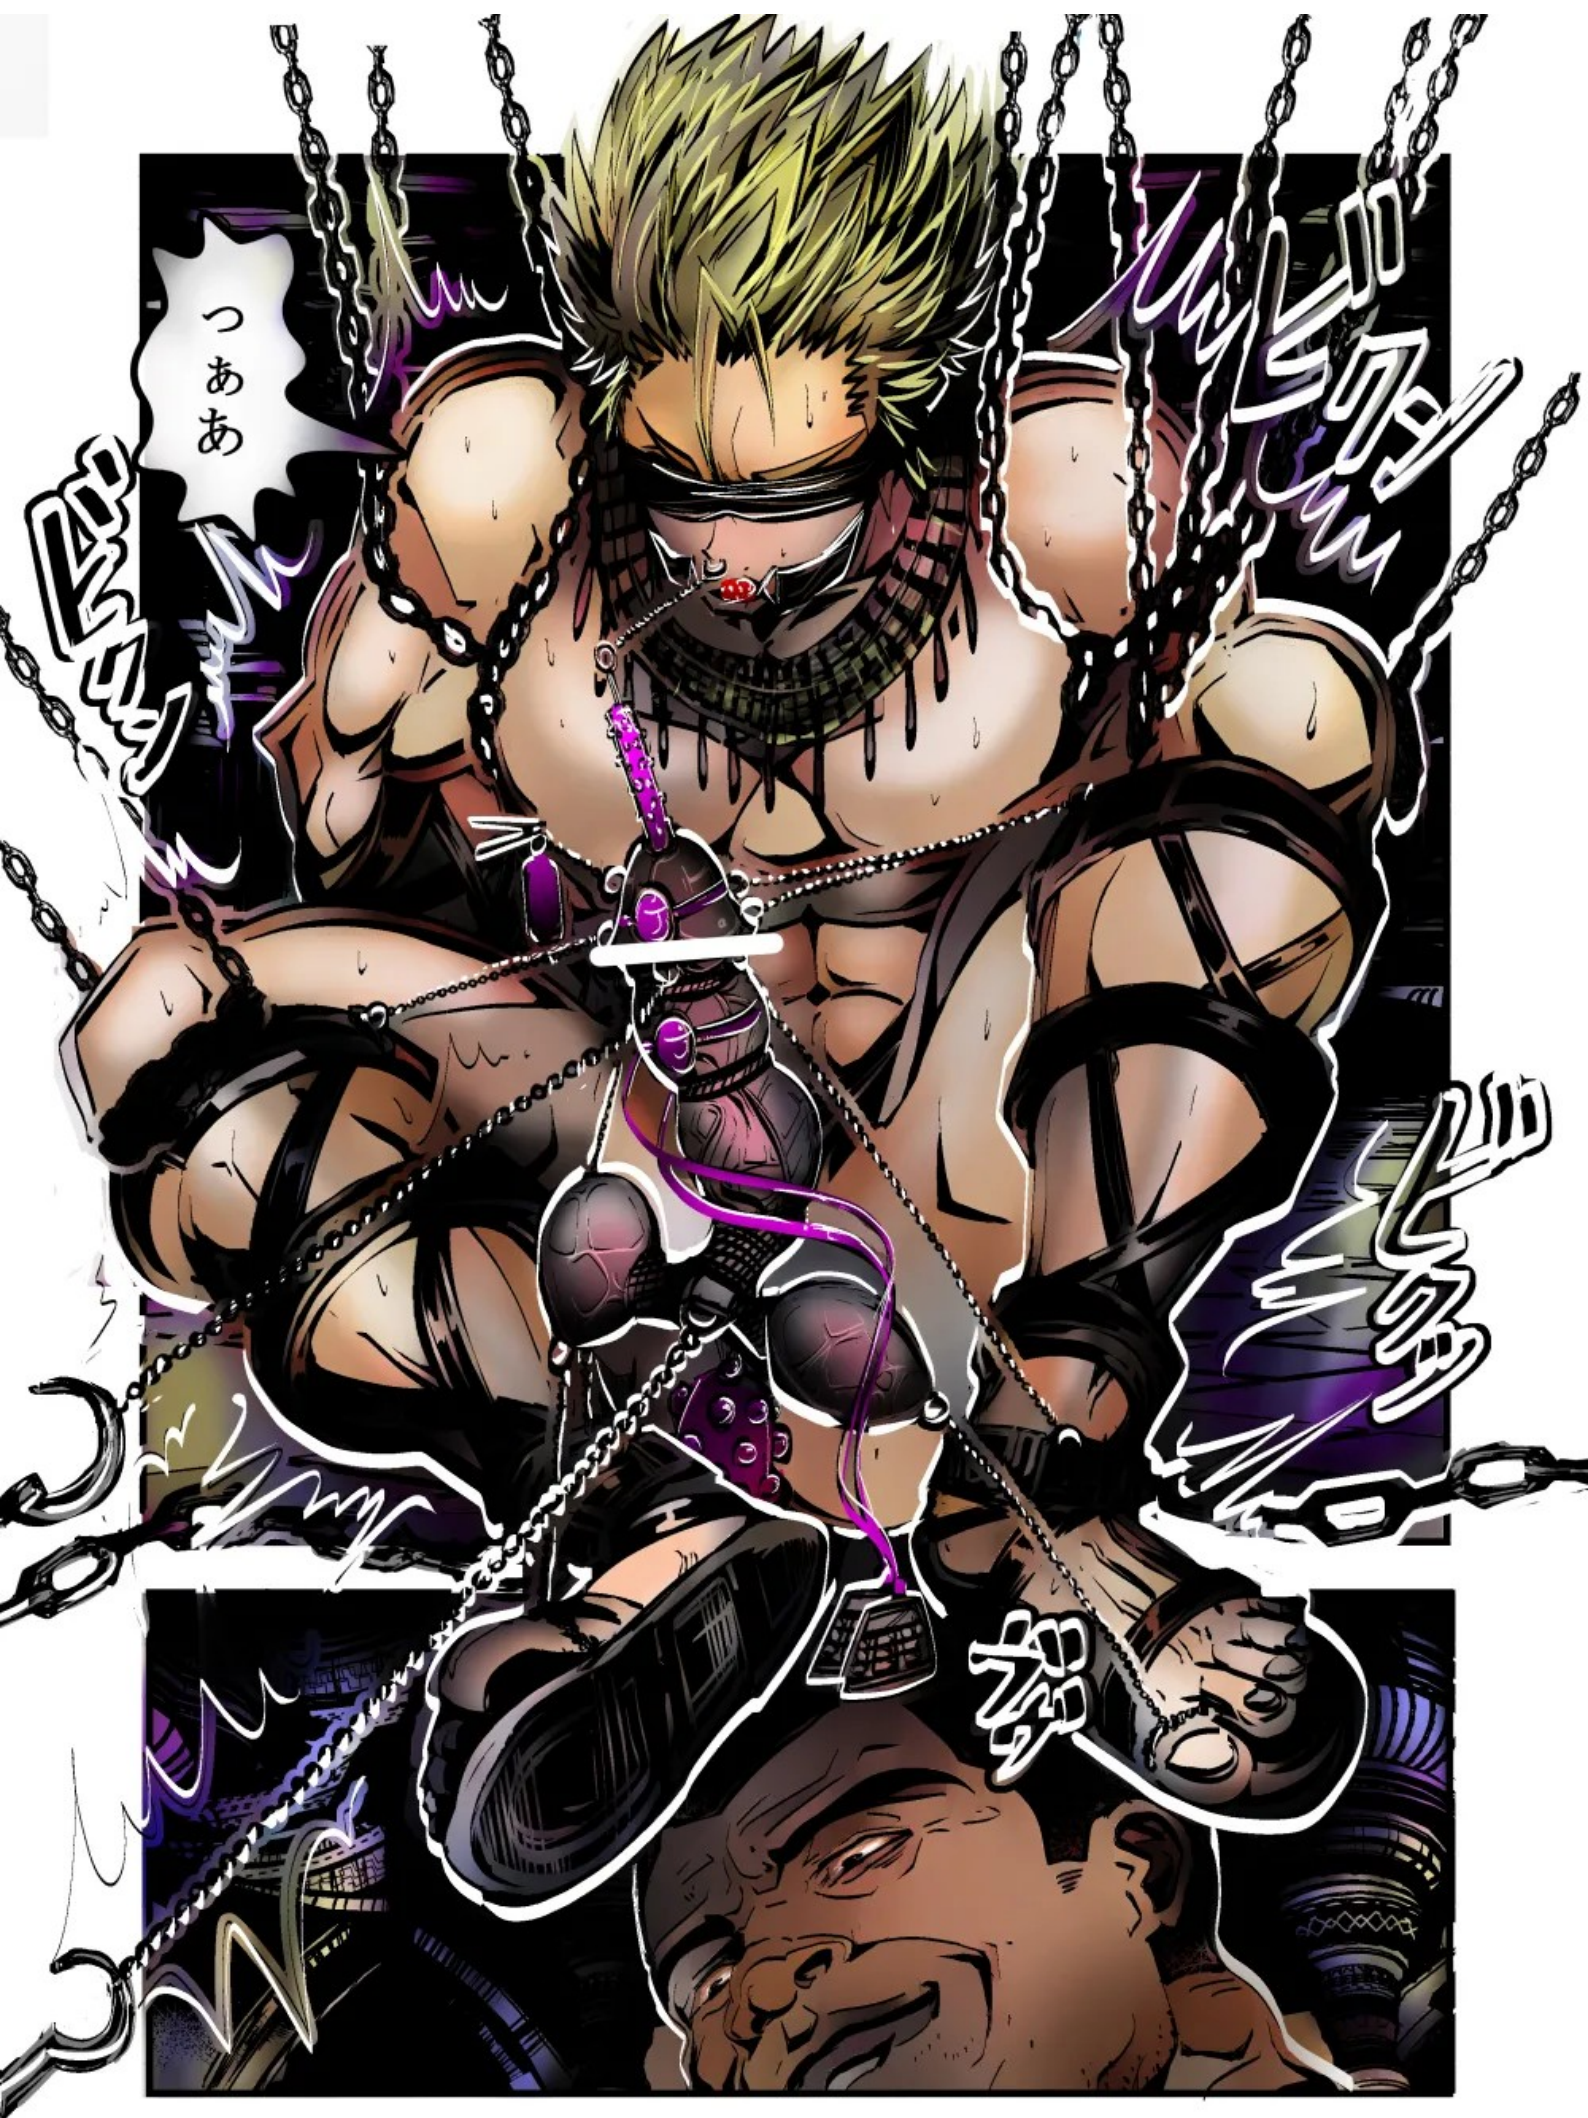

This training brings up
a sense of balance
before becoming a pilot

Well then
I will start teaching

The Pilot school teacher
Daniel

つあああ

ど

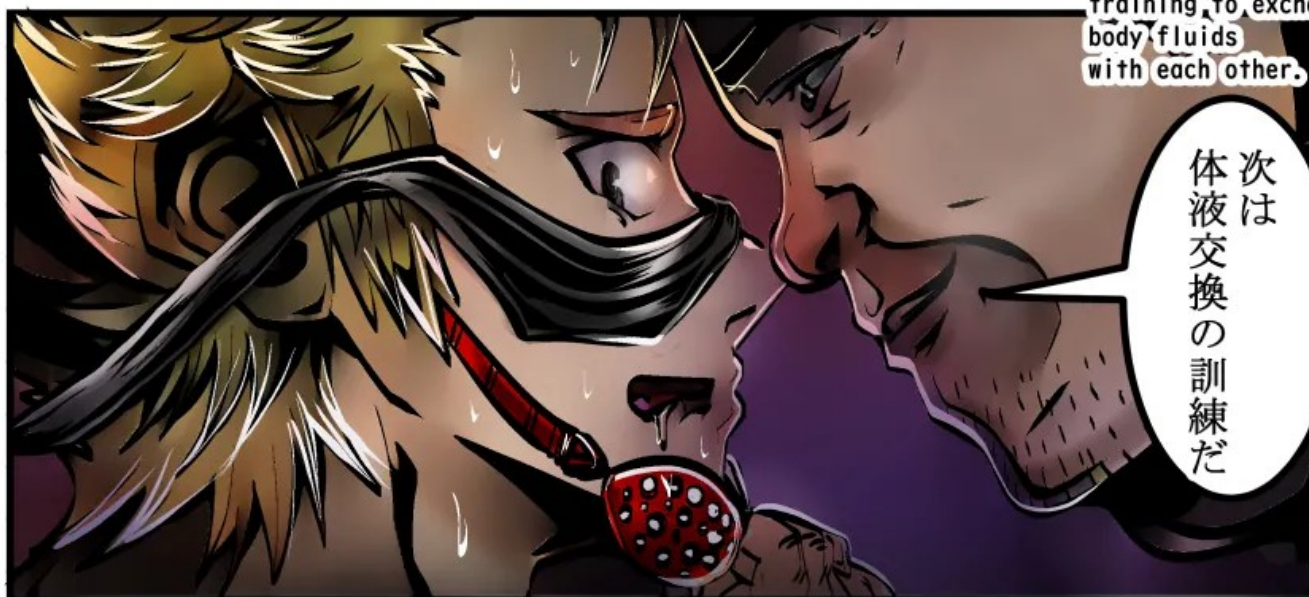

You worked hard
as a freshman.

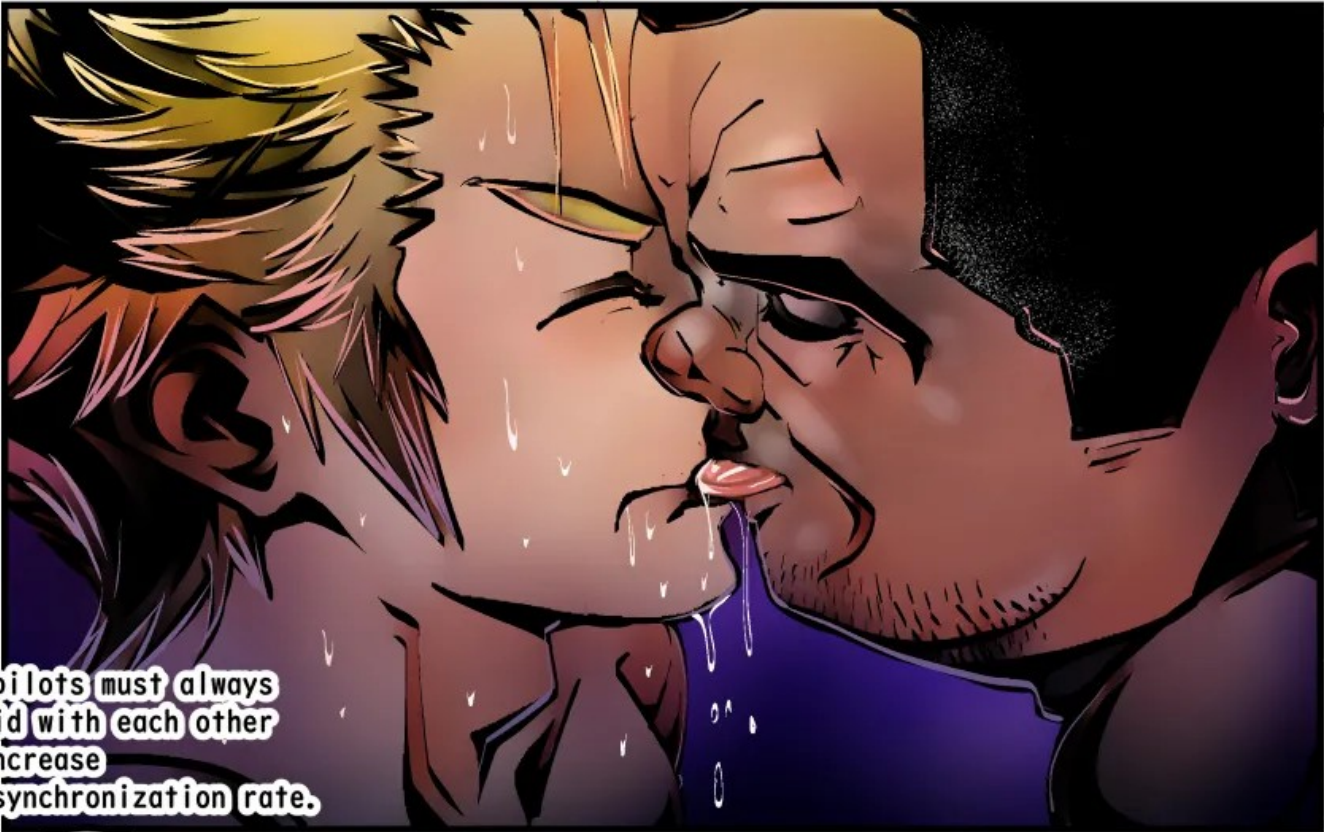

新入生に
しては
頑張ったな

つう
う

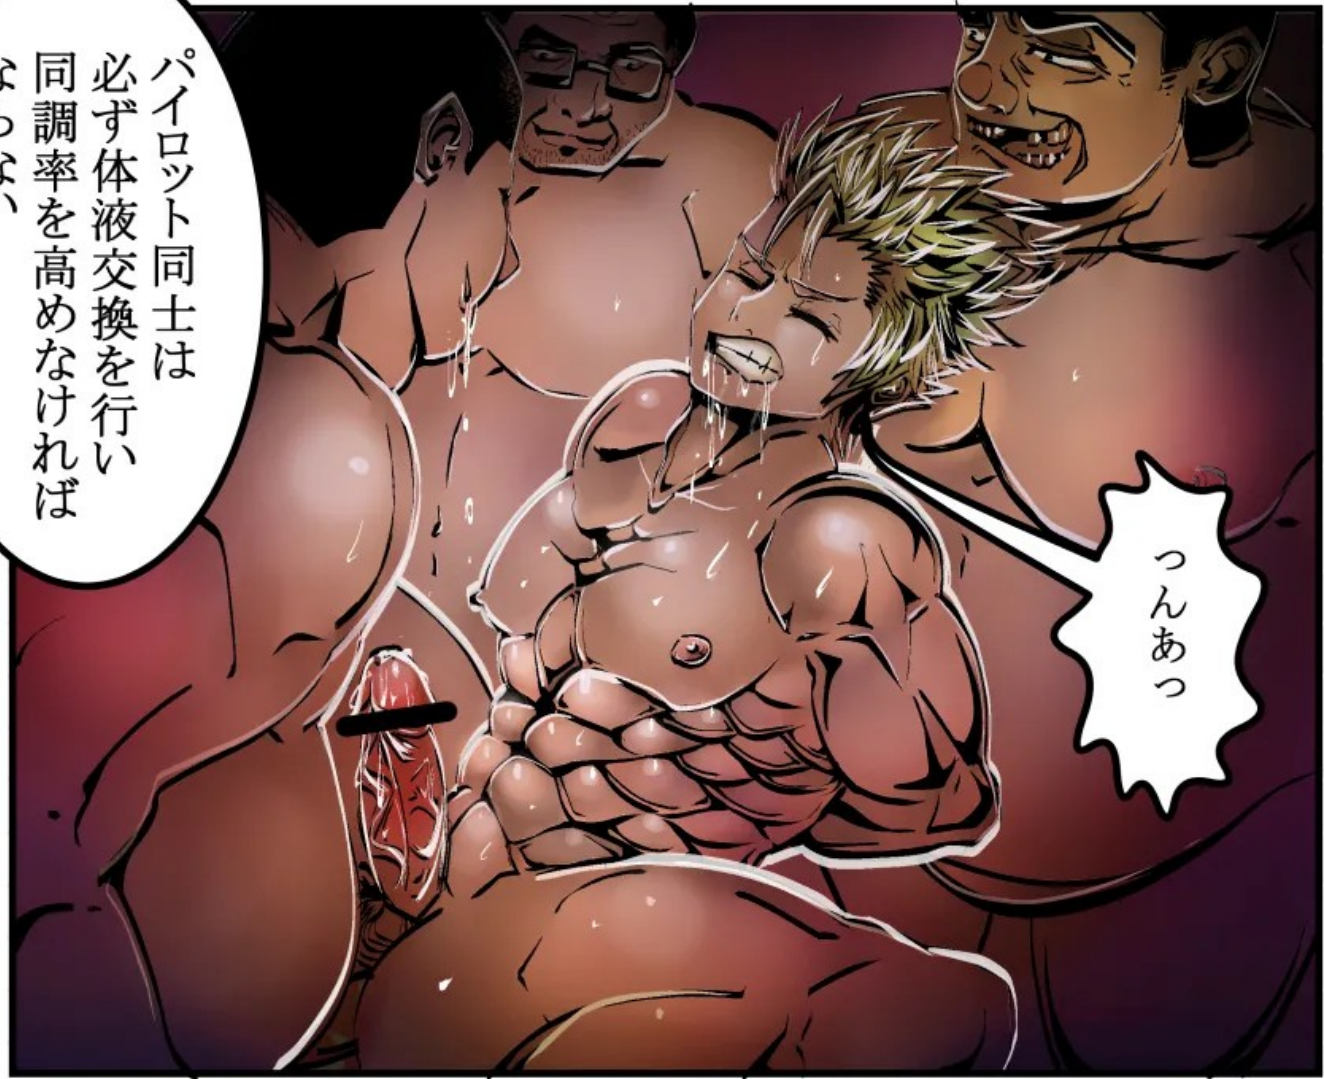

The next lesson is
training to exchange
body fluids
with each other.

次は
体液交換の訓練だ

The pilots must always
fluid with each other
to increase
the synchronization rate.

パイロット同士は
必ず体液交換を行い
同調率を高めなければ
ならない

っんあっ

The next is
training to ejaculate continuously
at the same time.

次は
連続同時射精訓練だ

パイロットの生殖器には
特殊な電極を埋め込んである
全員で射精するぞ

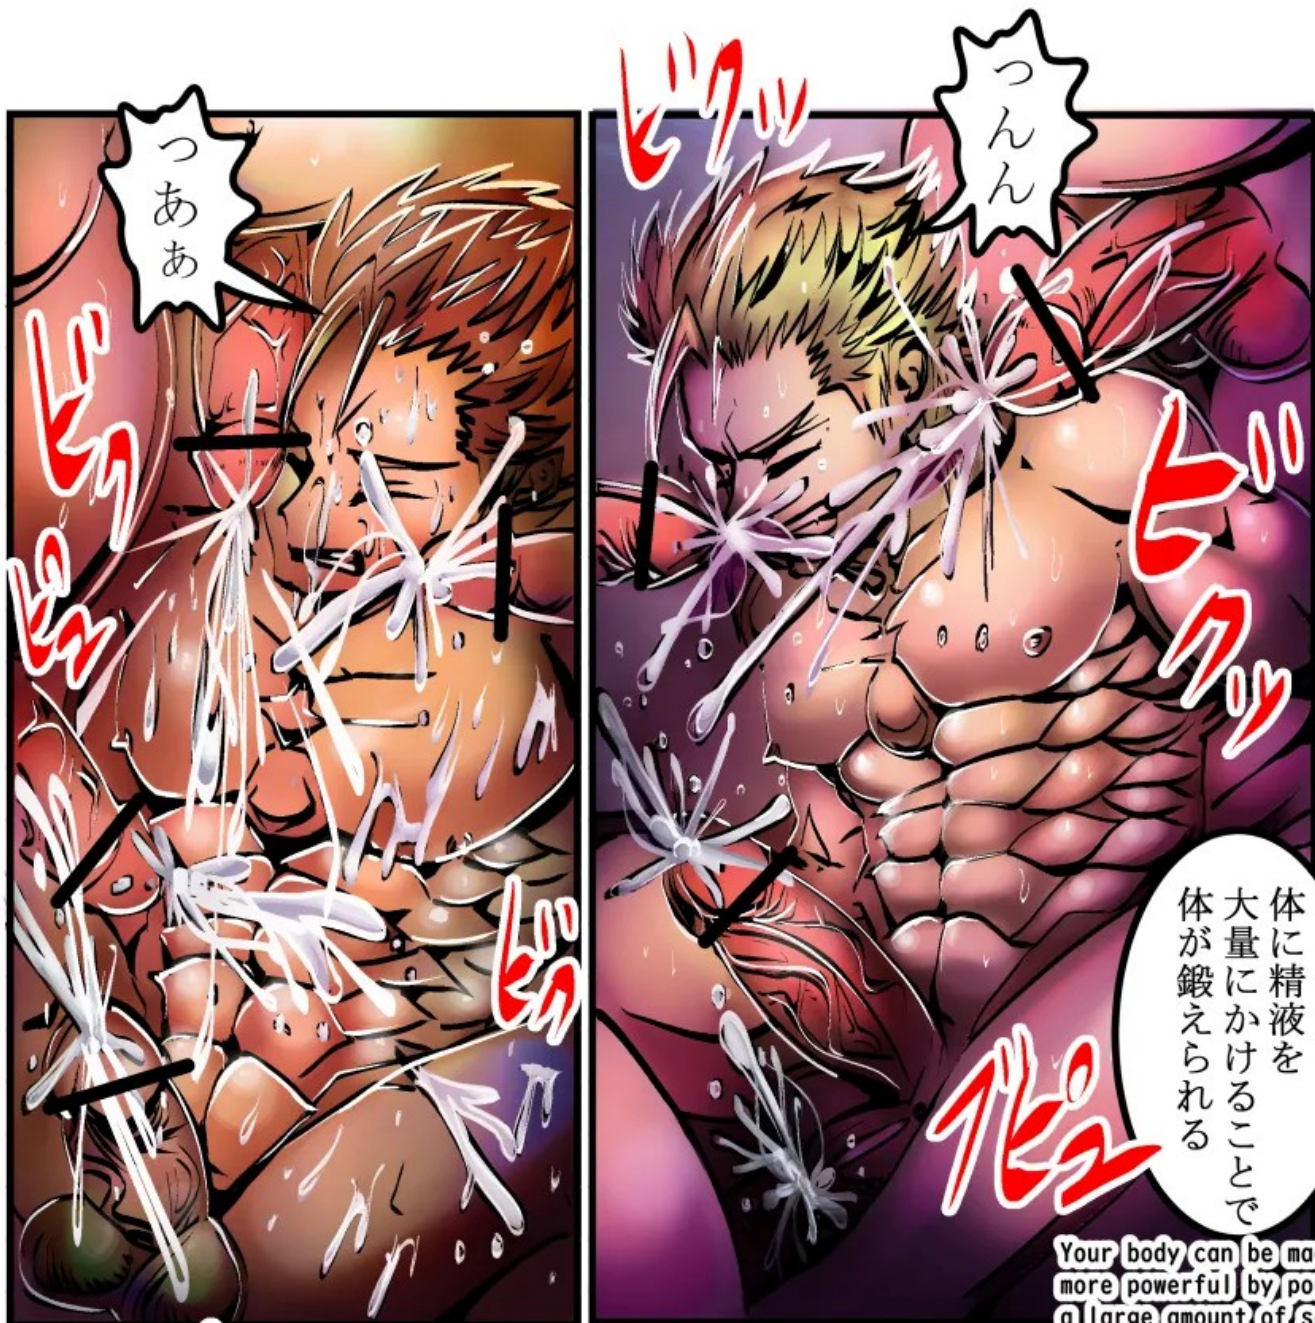

はい

Yes, I understand

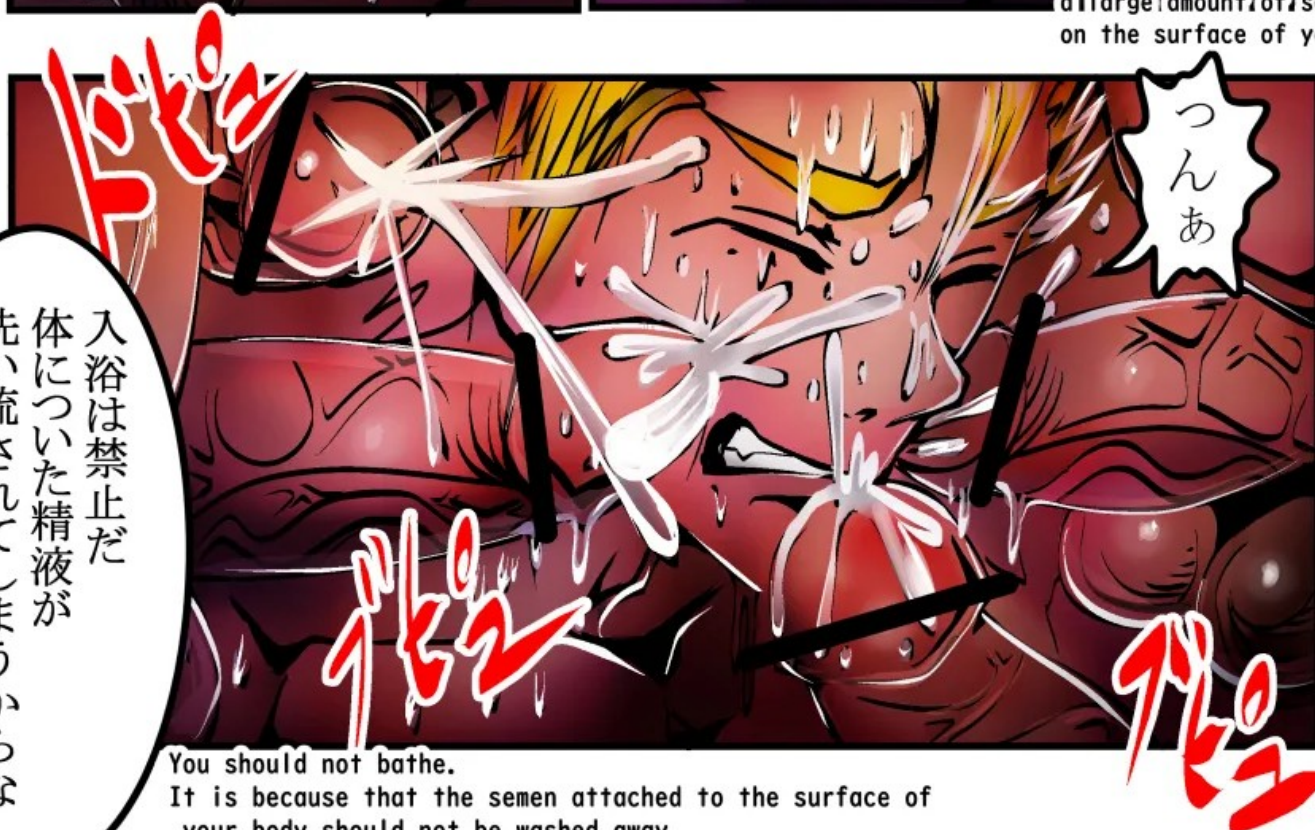

A special electrode is
embedded in the genitals
of the pilot.

Let's ejaculate at the same time
with everyone in this place

体に精液を
大量にかけることで
体が鍛えられる

Your body can be made
more powerful by pouring
a large amount of semen
on the surface of your body

入浴は禁止だ
体についた精液が
洗い流されてしまうからな

You should not bathe.
It is because that the semen attached to the surface of
your body should not be washed away.

Yes, I was able to understand.

Were you able to understand?

Next,
I will train on a real machine.

Operation of this robot can be done by two pilots.

There are two pilots in the cockpit,
and sensors are attached to the crotch, anus, nipples and urethra,
and the robot moves in conjunction with it.

umm

(You should
maneuver more safely.)

The pilots can talk by electromagnetic waves
by the electronic device embedded in the brain

Pilots should not ejaculate even
if they receive sexual stimulation.
And they must not move.

Uu.....

(What should I do specifically
if such a thing is said?)

うう（そんなこと
言われても）

パイロットは
局部の刺激を受けても
姿勢を崩してはならず
また、射精もしてはいけない

By doing so, they can move the robot normally

そうしなければ
ロボットは
正常に動作しないのだ

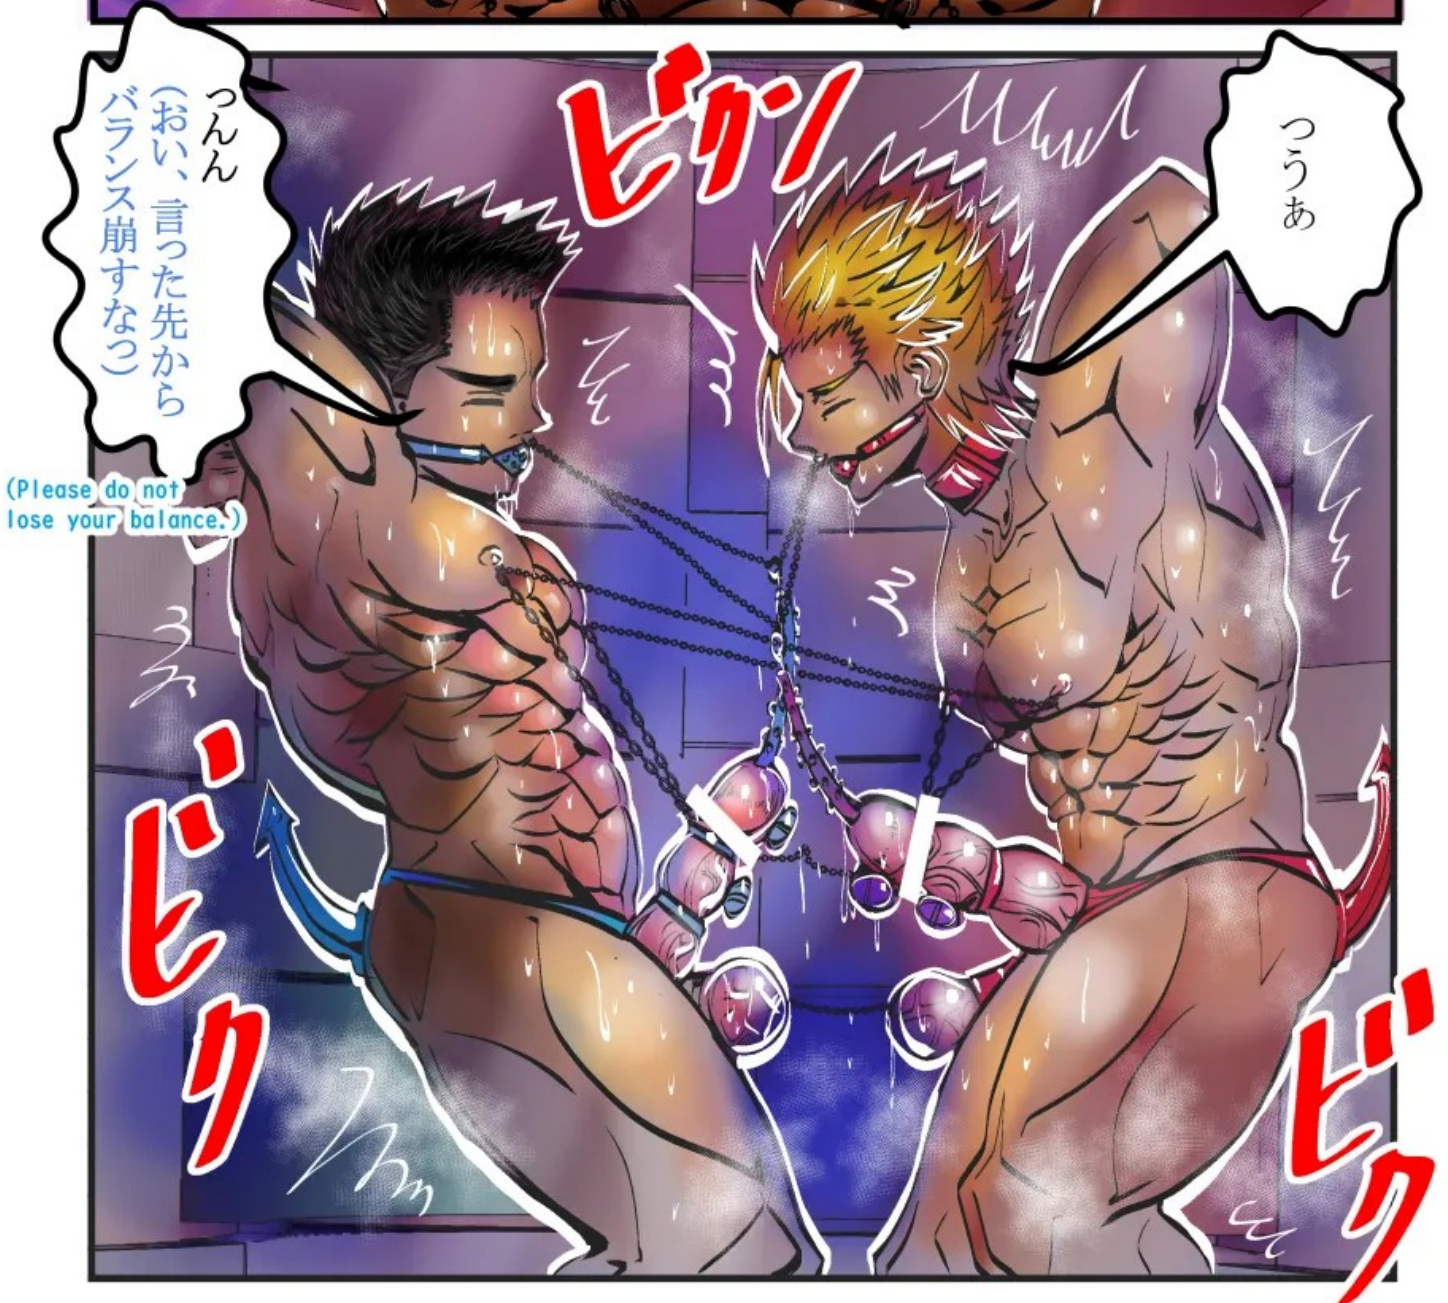

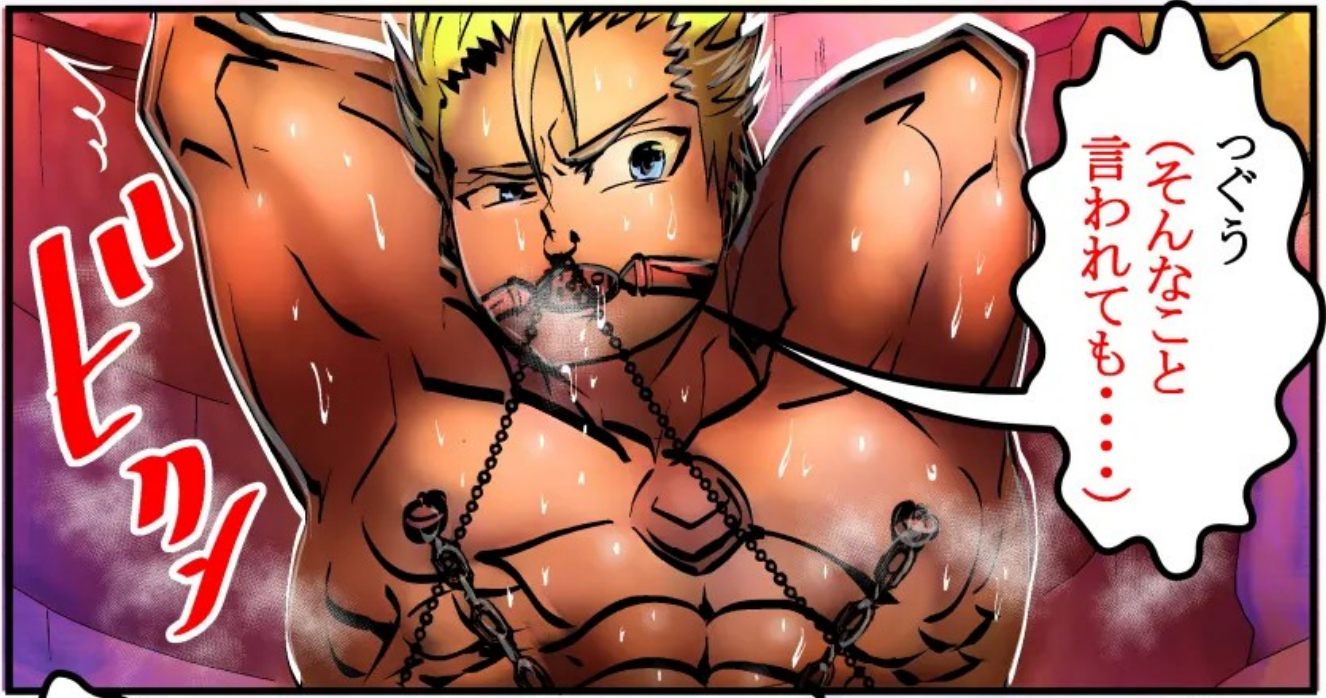

つああ
（こんなの……
無理っ）

（っん
姿勢を保てよ、
お前がしっかり
しないと俺まで）

(You must not move.
If you move, it hurts me.)

(This is impossible for me)

(Even if that is said)

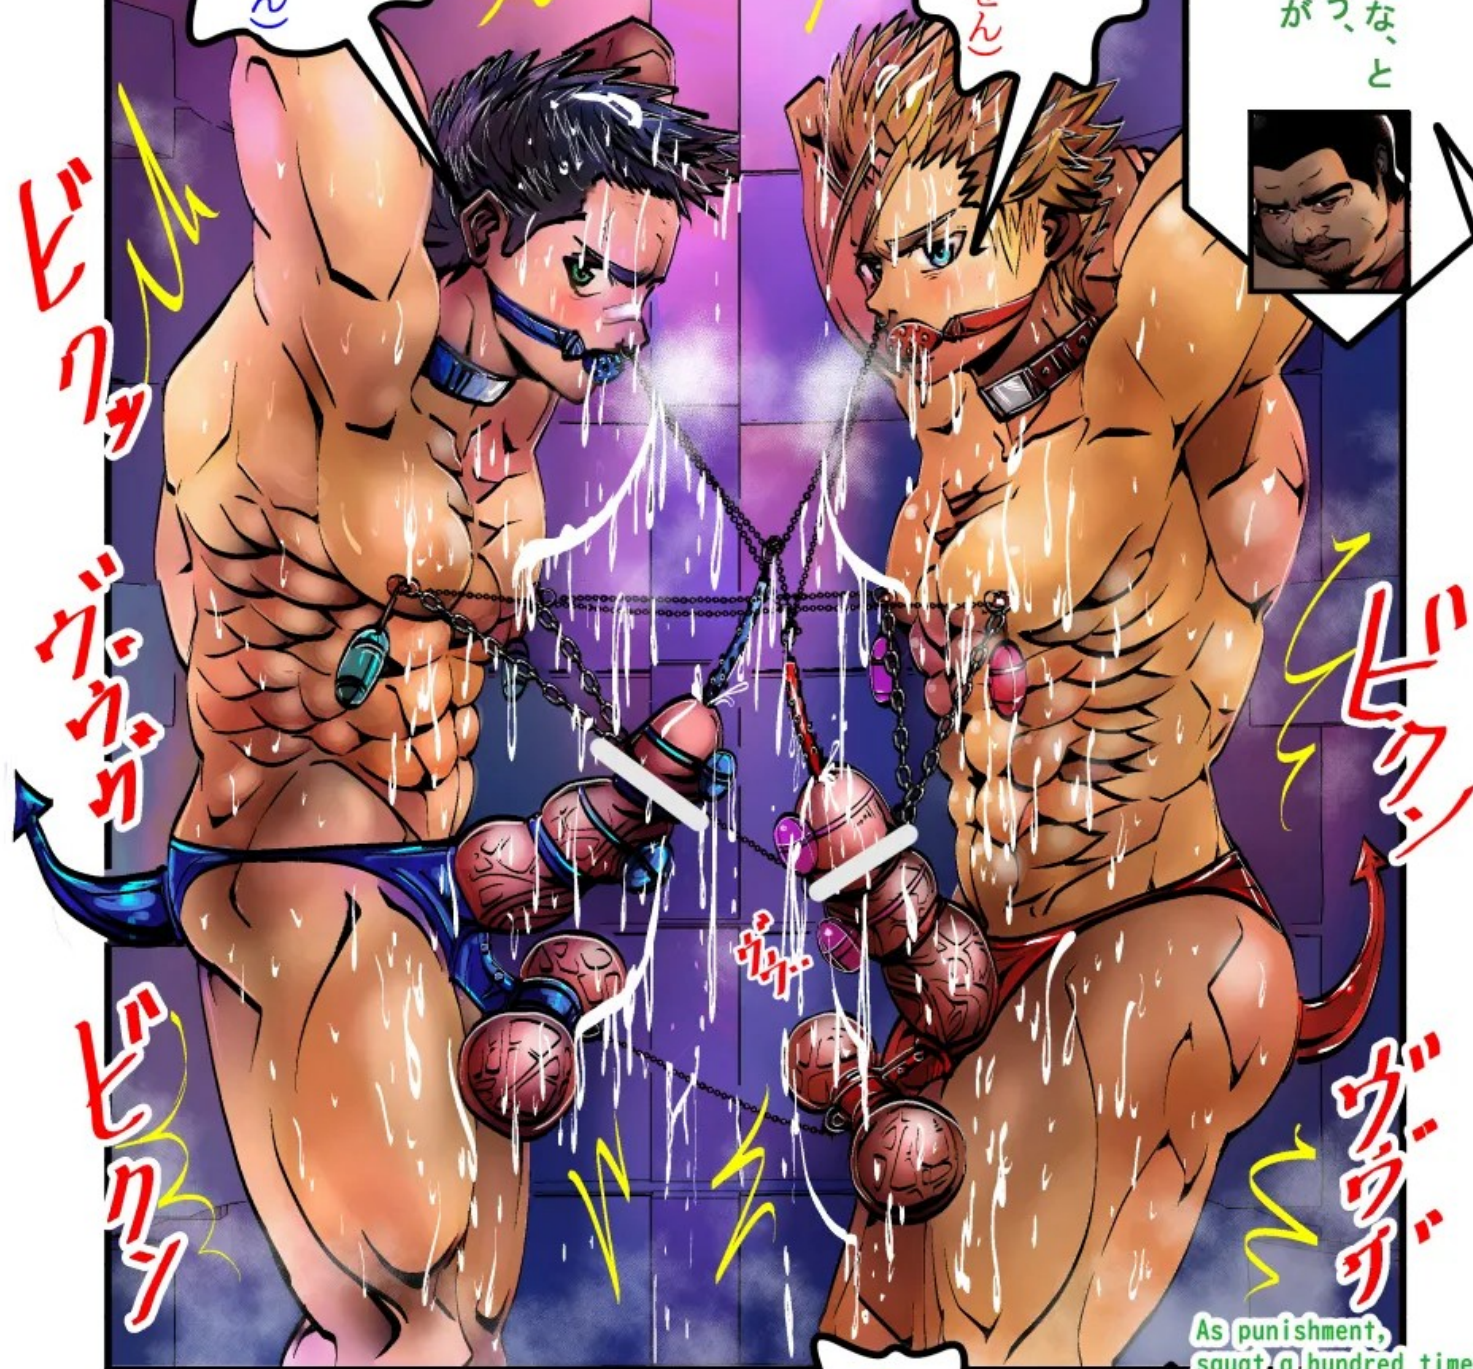

(....Sorry for failing)
(....Sorry for failing)

Don't ejaculate,
you fool

はあはあ
(...すいません)

はあっ
はあっ
(...すいません)

射精するな、と
言ったらう、
馬鹿もんが

As punishment,
squat a hundred times.
With the equipment on

(Why do I have to be punished?)

(ええええっ！)

(NO!)

罰として、
そのまま
スクワット百回だ

(なんで
俺まで)

こうして
キールの厳しい
パイロット訓練が
始まったのであった

Thus the story of
his hard training began.
