

Diet failed

Toyomi Fukuhara (19)
boyfriend nothing
Unofficial offer nothing

I worked hard on my diet

I don't know why I can't lose weight

What...

Change of pace!
Let's buy lunch at a convenience store

The pig escaped from the zoo

I got a job at the same company as my boyfriend?
Congratulations

Do I need to be alive

I envy my friend's boyfriend and job offer

I will definitely die

Please...

wake up...

How are you feeling...?

Is this ... a hospital...?

You woke up!
Was good!

Oh...

I was hit
by a car

What...??

Wow ...

This person
is very fat ...

Kya!
Why are
they so fat?

Do you
eat pizza?

How are you?

I'm glad
you woke up

I don't
know what
you are
saying

It's natural

that people are fat!

! ?

I don't want to be told that you can't lose weight while eating pizza

Alive = fat!!

To live is to eat

We can't lose weight as long as we live!

Do you eat hospital food too?

Pizza...?

Something

is wrong ...

Nom!

Let's eat once

grow!
!

A few days later

Was good!
But from now on,
I'm going to have a lot of fractures ...

I agree
Because
the weight of the body
has exceeded the limit of
the legs ...

Deleted
the cast

I agree
Toyomi's
weight is
great

I envy
Toyomi's
light
body

!

That means
it's very light!

Is my weight great?
That means it's too
heavy, right?

Is my weight great?
That means it's too
heavy, right?

Do you guys
like to be light?

Then why not
go on a diet?

diet...?

I want to
eat ramen ...

I'm hungry ...

exercising...??

You can lose weight by exercising

less...??

If you can't exercise, eat less

Even if you say that ... Fat is due to overnutrition ...

I can't believe it! Not being able to lose weight is the biggest problem for all humankind!

really? Toyomi! Can I lose weight if I do what I just said?

Do you also know the fattening mechanism??

...

mechanism...?
I read a book and have knowledge of dietOnly knowledge ...

...

Hu...

If you lie too much, you will be disliked

Please stop joking
The story of your hometown is also untrue ...

Let's try a diet

Can you really lose weight?
I have a favorite person I was asked to lose 5 kilos to that person

I don't think it will change much if you lose 5 kilos ...

Toyomi!

!

He has lost 2 kilos!

Uh ... it's a lie ...?

Two days later

House!
It's amazing that it's lost!

2 kg may be an error

Toyomi is the savior of mankind!

I just didn't eat
That made me lose weight ...?

You lost weight because you didn't eat it, right?

Yeah ... is that so ...?
Hehehe

Everyone didn't believe like the first Marie

On the advice of nurse Marie, I published a book

Wow!
I'm thin!
Even though it's only 2 kg ...

Other patients saw Lip lose weight

I got rich

I have so much money ...

The villagers were also interested in dieting because the patients were thin

The diet was called Toyomit after my name

This may be
a dream
But now I'm
very happy
It may be
fine as it is

I can't live in
a hospital forever
I bought a house
because I have
a lot of money

But there are people
who criticize Toyomit

I can't
stand

Toyomit was
dangerous
for the
elderly
and the weak

painful!

I have
back pain ...

ANTI
Toyomit

If you do a toyomit,
you will break your bones.
This is very dangerous

Toyomi!

it's me!
The name is Lip!
Are you at home?

Mmm ...

Is it for
something
from the
morning

Bump

That ...
Lip ...
YOU lost
weight ... ??

Toyomi ... ?

Well ... it's ...
By the way, did
you have
something to do?

Didn't you
get fat?

That's right!

When they exercise,
they break bones ... ?

Is it against
God's teaching
to lose weight ... ?

I understand
the requirements

Shouldn't we just exercise in the pool?

Buoyancy reduces the strain on your feet in the pool

In addition, the resistance of water increases the amount of exercise.

Pool..!!

Did I do something again?

It's a good idea Toyomi!

Oh, Marie, can you give me some clothes? Lip's clothes have a tight chest

Is it true that water doesn't get fat ... ?

Is it true that eating vegetables is okay?

After that, the criticism of me continued I was told that if I don't eat, I'll be malnourished However...

I have become an irreplaceable existence in this world

Toyomi!

Toyomi!

Toyomi! Toyo

Toyomi!

A wide-angle photograph of a landscape featuring rolling green hills. The hills are covered in lush green grass and are interspersed with dark, jagged rock formations. In the background, a range of mountains is visible under a pale, overcast sky. The overall scene is serene and natural.

And it's been a year
since I came to this world

to work hard

Huh

Plow

Plow

Plow

Plow

So, your toyomit is going well, isn't it?

Yeah!
So you don't have to have an interview

Ah, hello, Mr. Lip

No, that's no good

Weight is maintained by Toyomit

Toyomi,
the room
has been
cleaned

Thanks

The number of Toyomit
members has increased
by 20%
Sales are also
increasing

Does everyone
believe without me?

It may be
deified
because it
cannot be
seen

Can I have an evening drink?
I only drink a little

Let's eat mainly vegetables

No good

I will go shopping later
Is there anything you want to eat?

I've acknowledged

I'm hungry
Increase breakfast and dinner from today
Then give me another glass of beer

meat!

understood
I understood
Toyomit again

It was good
See you
next month

Let's adjust
the rhythm of
life
This will make
your body
easier to burn
calories.
Irregular
sleep and
eating are
absolutely
useless

We have
prepared
a lot in
consideration
of that

Faaa...
Hmmm...

I slept
too much
I forgot
to eat

I have a job
to cultivate
a field
But the given
quota can be
achieved quickly

I finished
a good day
today

that?
Obesity reduced
with Toyomit
It reduces food
consumption
Why do we need
to increase
the fields?

... Hmm?
