About Me: Well, this was my first manga translation so I appreciate all of the tips, criticisms and compliments. I know I am a noob at this, and hope to get better soon!

Comments: I don't think I am able to to replace all of the sfx with english at my current level, though I still enjoyed being able to translate such a nice story about a cute little loli being unaware that she is being taken advantage of (in a non rough rape sort of way).

Mistake: I'm pretty certain that the little girl's name is Tsubame-chan, not Chiyau, but since I have not recieved a single complaint about it, I am leaving it be.
