'CAUSE THOSE THINGS ARE COOL

**Title:**
More Than Lovers, Less Than Siblings Imouto Sitter ch.4

**Artist:**
Nekogen

**Translator:**
Uglicus

**Editor:**
MelancholyofAnon

I love this story. Fucked up happy.

Thanks to Melancholy for typsetting this one, if the text looks weird anywhere that's my fault. Ended up using larger scans than what Uglicus and Melancholy were working from, so almost all that text was blown up and sharpened to fit.
There were a few other misadventures of that type working on this story, but they are terribly embarrassing and dumb so I dunno lol.

Before starting this story, I installed a few dozen new fonts of the 'komika' type; they seem pretty awesome, still getting a feel of what I like. I think there are a bunch more I haven't even looked at yet.

For that 'Hatsune' at the very start of the story, I traced over Melancholy's font for the scratchy look. Turned out pretty cool, I think.

In the frame at right, she is not saying 'hug'.
