Ah, right, okay. Your usual drink, right?

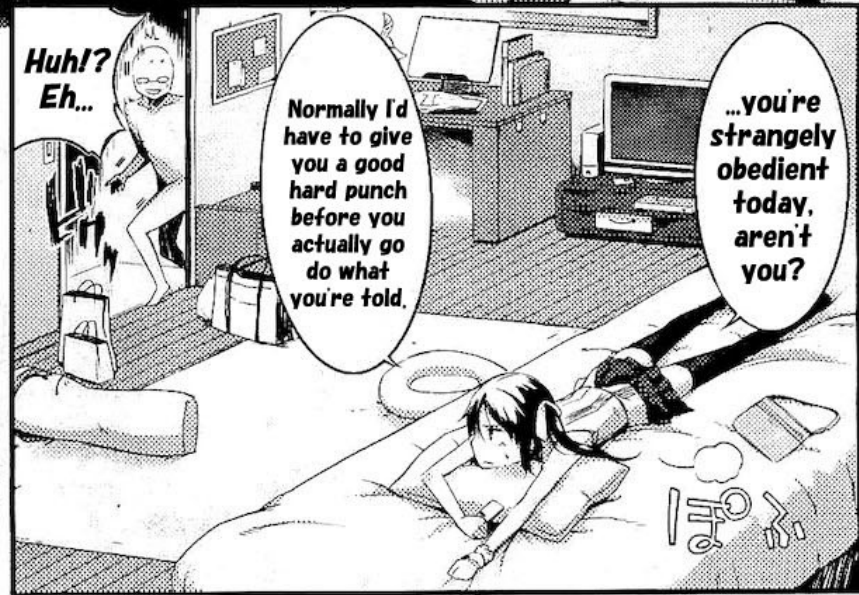

What, are you talking back at me, Hachikou?\*

At least let me rest for a bit... I've been walking around with you the whole day lugging all your shopping everywhere...

\*Hachikou or Hachiko is the famous loyal dog who waited for his master at the Shibuya station

Oh well, anyway, just hurry up.

Huh!? Eh...

Normally I'd have to give you a good hard punch before you actually go do what you're told.

...you're strangely obedient today, aren't you?

Ah, yes, coming-!

Hey, quickly!

I almost screwed it up, after all that preparation...

Phew... that was close...

what's going on? You're kinda creepy today.

Haha, please stop flattering me...

I'm terribly sorry for the long wait. Here is your drink.

(This is actually what it says, I think it's supposed to show how nervous he is that he gave a wrong response)

What... you drank this...

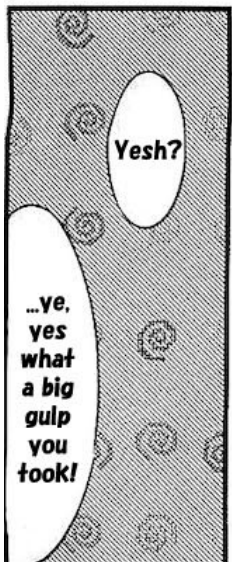

Please, please, go ahead.

!...oh, that, Um, I, I was thirsty so... I had a small sip of it...

Huh?

Why is the pull-top open already?

Yesh?

...ye, yes what a big gulp you took!

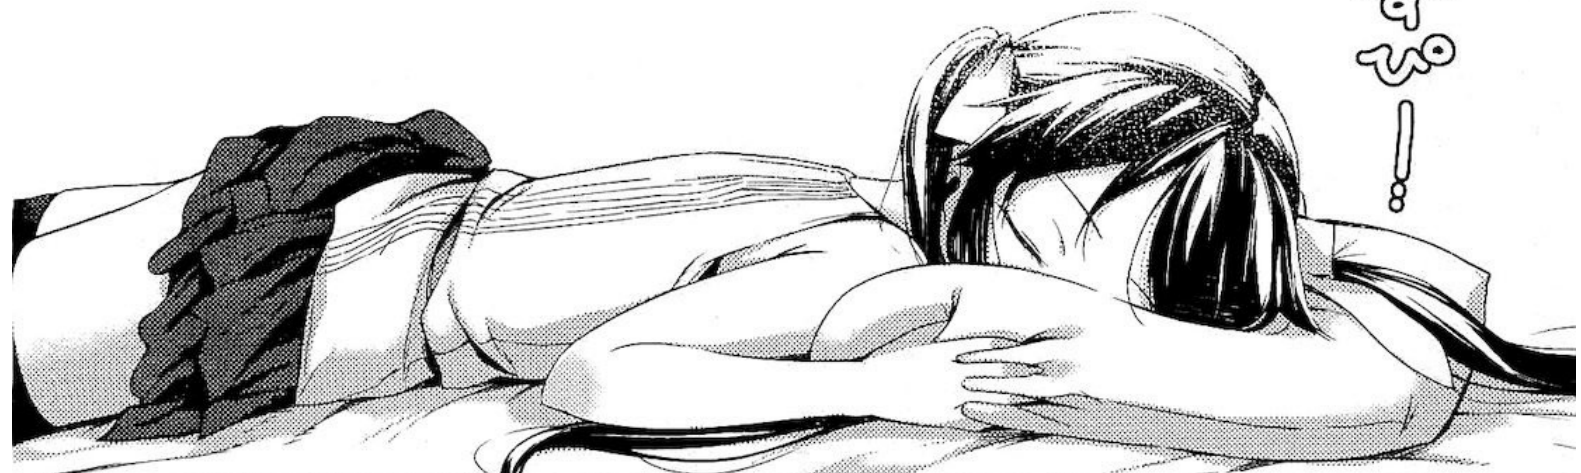

YESH!

I, I'll let you off this time round, but don't drink from my can again!
