

Limnitter P23

For Adult Only

Once I'm alone
and away from
the crowd on
my way home
from school, I
like to walk
through a back
alley

It's not like
it's a short
cut or
anything but
it's narrow
and full of
junk

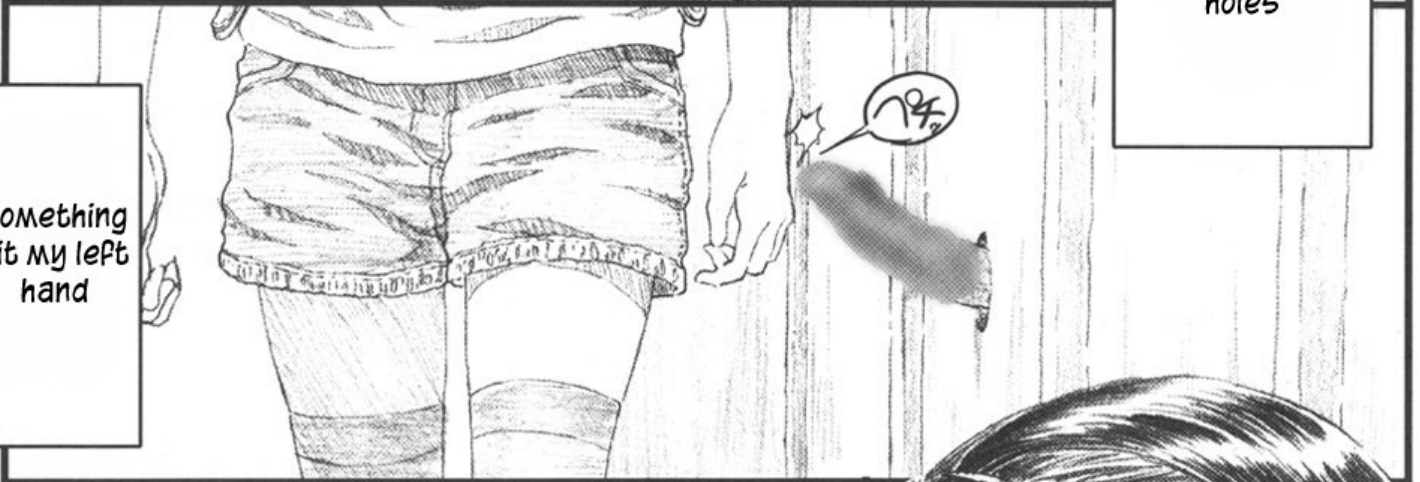

I like these
pathways
where the
long fences
stretch on
endlessly

In the middle
of the
pathway
there are
weird things.
There's a
round hole in
the fence

Once, when I'd gotten used to this alleyway and forgotten about the holes

something hit my left hand

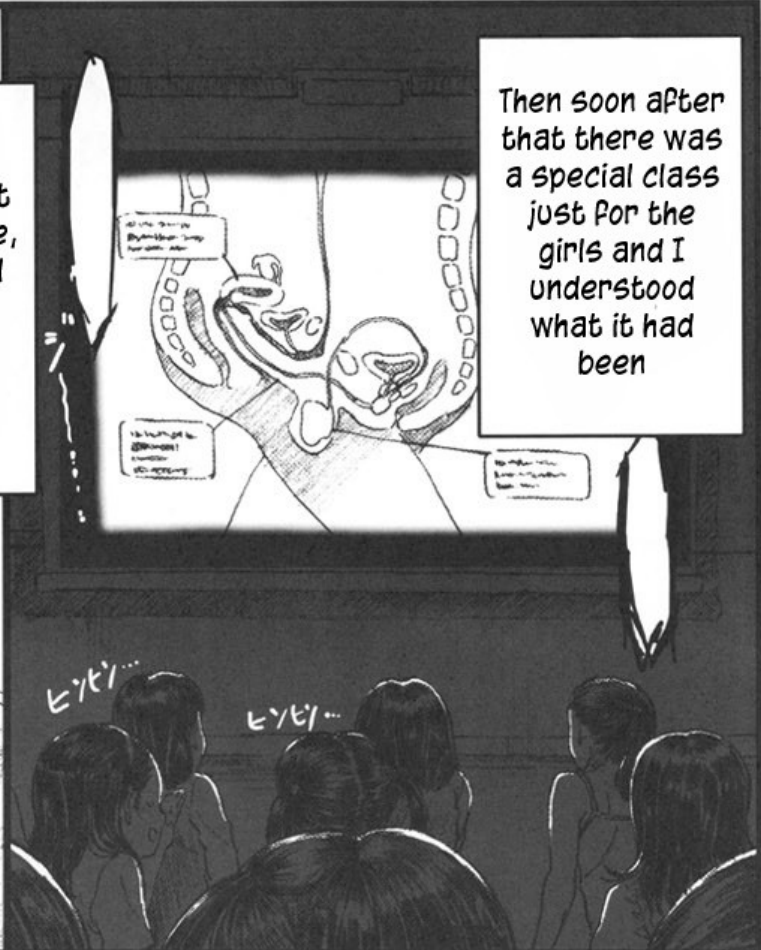

But that time I just walked home without letting it bother me

Something rubbery had appeared in an instant. "What is this?" I thought to myself

There were days when it wasn't there, but it would regularly appear twitching

Then soon after that there was a special class just for the girls and I understood what it had been

Sorry Dad

Dirty videos appeared by themselves and wouldn't go away so I just left it leading to my parents fighting

After that my curiosity was aroused so I did a lot of research into it using my Dad's PC

I began to observe it more closely

Is something making it throbs...?

I was gradually coming to love penis. I started keeping a diary of my observations

ah ah ah
i'm cumming
i'm cumming!!

A lot of things happened and....

Until now I'd masturbated infrequently, but now I started doing it everyday

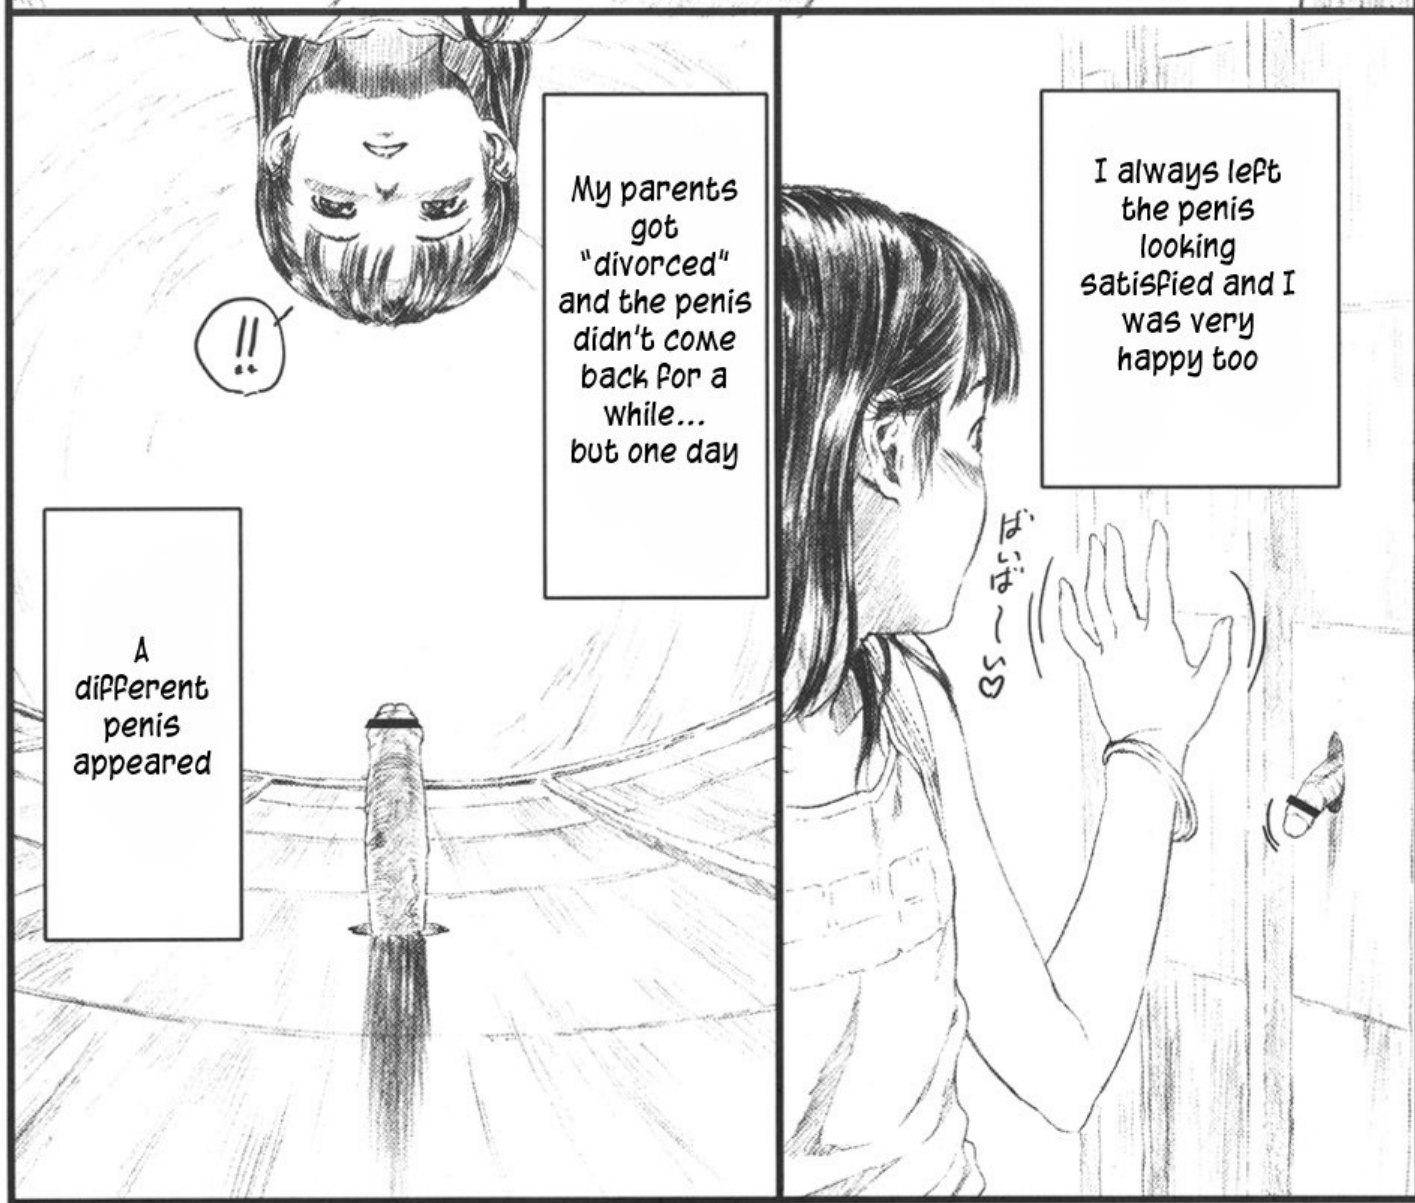

Well?
Aren't I a
good girl?

but since I
wanted to get
along well
with it, I
licked it clean
afterwards

it went all
soft I
couldn't
put it in
again

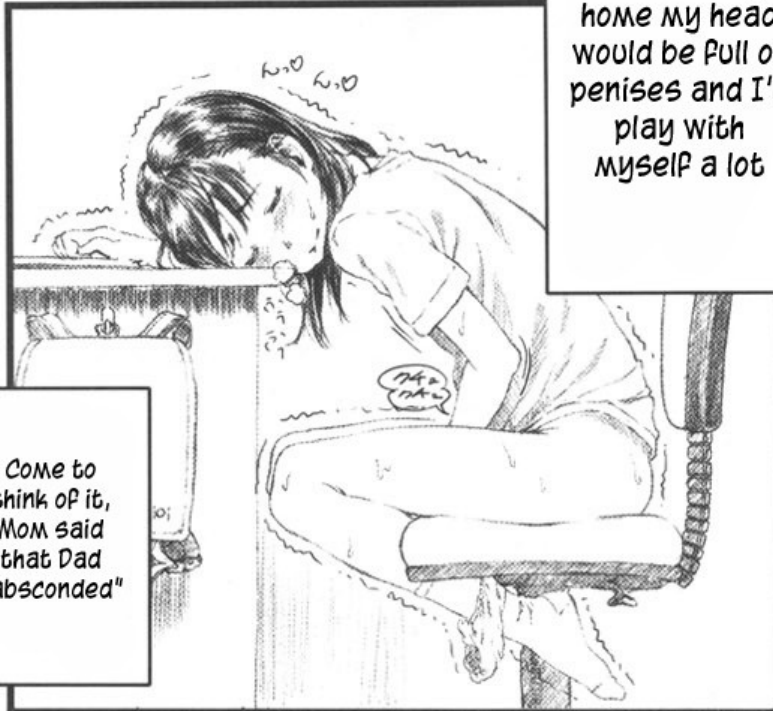

The first
time I
made the
penis
"ejaculate"

My parents
got
"divorced"
and the penis
didn't come
back for a
while...
but one day

I always left
the penis
looking
satisfied and I
was very
happy too

A
different
penis
appeared

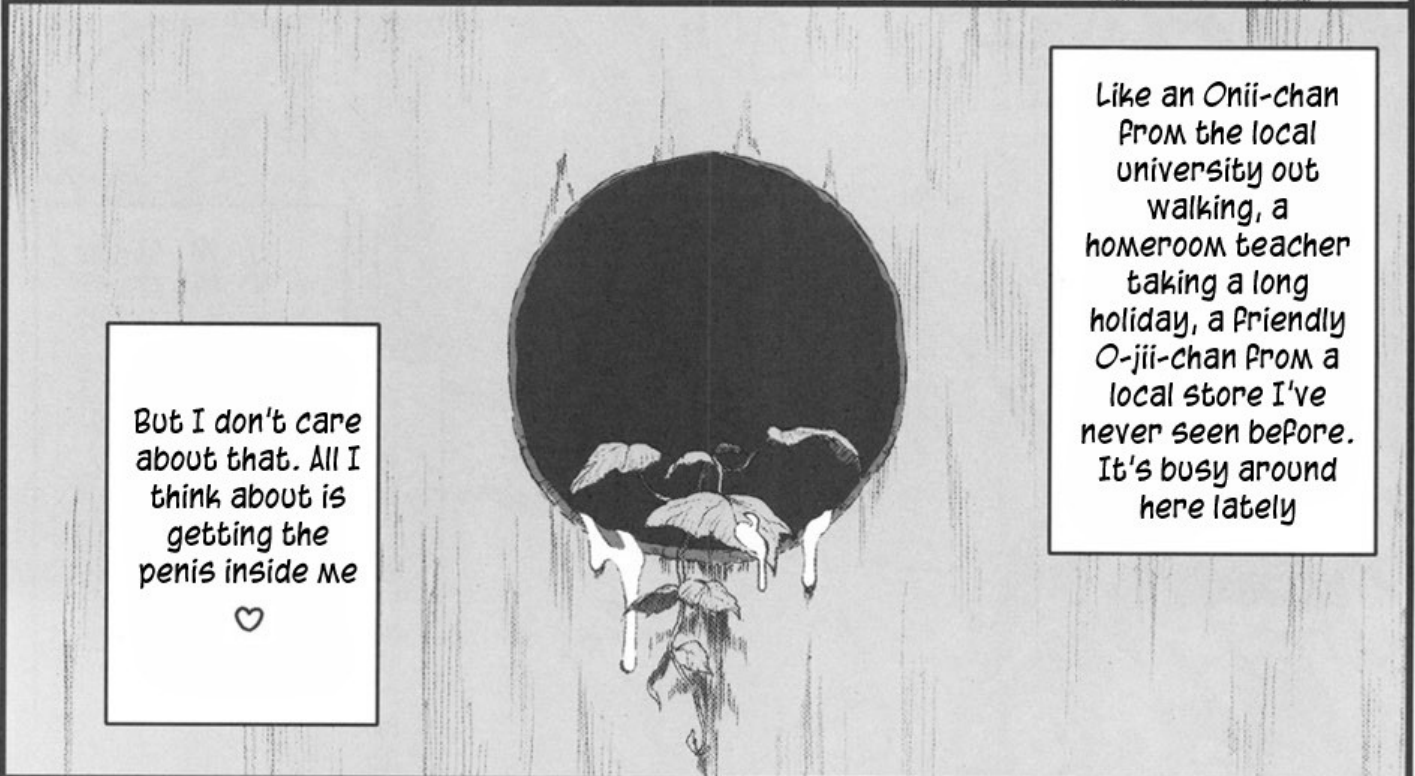

Even after I got home my head would be full of penises and I'd play with myself a lot

After that I met many other penises

Come to think of it, Mom said that Dad "absconded"

Lately there haven't been any new penises appearing... I want some to appear soon

But I don't care about that. All I think about is getting the penis inside me
♡

Like an Onii-chan from the local university out walking, a homeroom teacher taking a long holiday, a Friendly O-jii-chan from a local store I've never seen before. It's busy around here lately

★はじめましてこんにちは、まきのん™です。

軽くよろずイラスト寄せ集めに数ページの漫画も添えようとしたら漫画だけで力尽きたというカンジのLimitterでございます。

★今回の夏コミではとある飛空士の追○でがっかり出したかったのですがこれが精一杯でございました。無念です。

この下のが夏コミ合わせて描いたファナのつもりのカットだったのですがこれ自体Circle.msのカット差し替えに寸での差で間に合わなかったという(´`);

実際に本を描き出せば、全然違う感じのファナになると思いますが…
ってうかこれでファナってわかんないってカンジですね。
ご存知の方がどのくらい居られるのか謎ですけども。

★う…時間が無いので埋まってませんがこの辺で最近色々思うところがあるのですが、言わぬが華ということで横に置いておきます。何かを言ったりするときは一寸考えるようにしないとですね。

ではではまだまだ未熟ですが出来得る限り本を出していきたいのでよろしければ次もよろしくお願ひ致します。

Elementary schoolers really are the best, aren't they?
