**SPg**

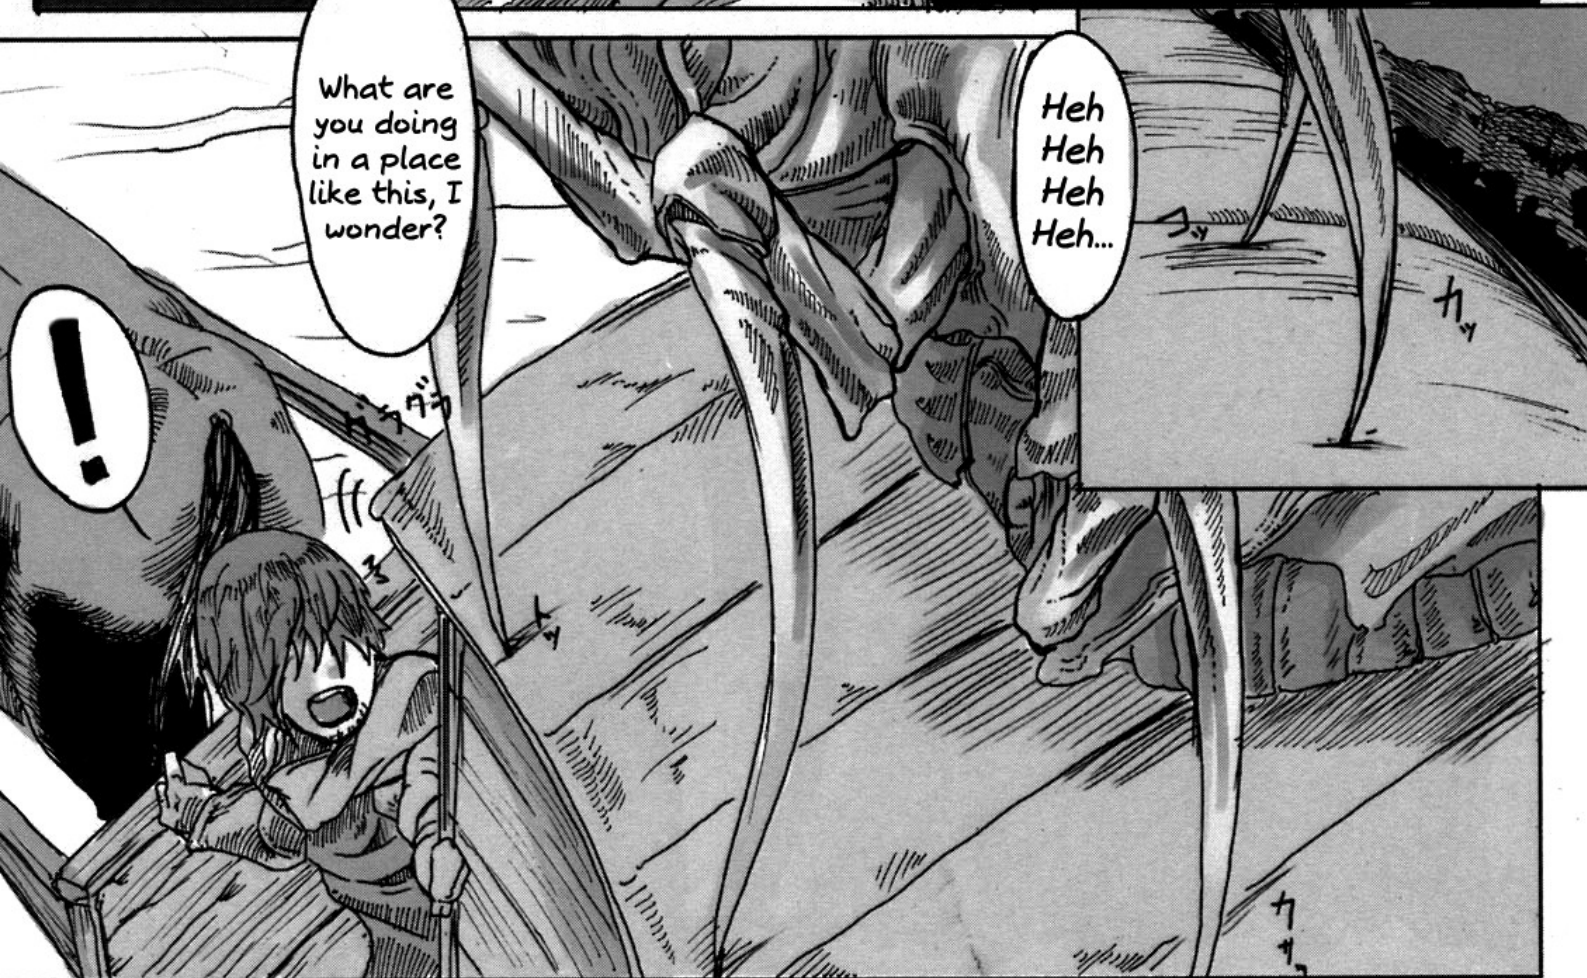

Forgive  
me for  
stalling in  
a place  
like  
this...

String?

Hmph...  
It looks like  
something  
got tangled  
around the  
axle.

What are  
you doing  
in a place  
like this, I  
wonder?

Heh  
Heh  
Heh  
Heh...

Just  
waltzing  
into my  
territory  
uninvited.

Well,  
This  
is no  
good.

Don't  
you  
think,  
**Boy?**

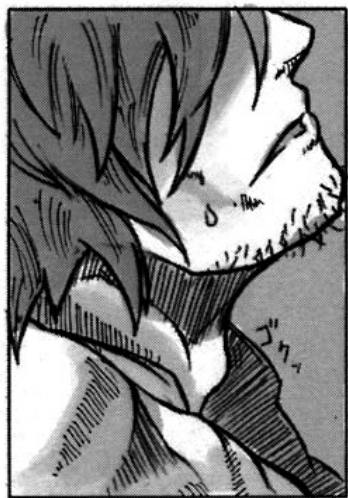

Silence,  
old man.

Want  
me to  
devour  
you?

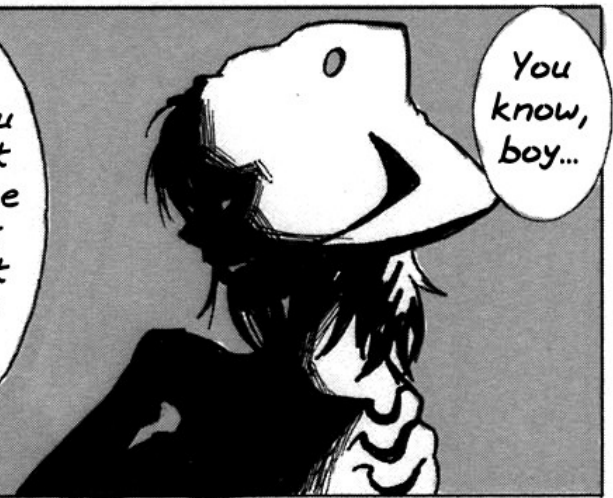

Wha...  
What  
are  
you...

We were  
just on  
our way to  
stock up!

There's no  
food or  
anything in  
our cart!

I could  
devour you  
both right  
here on the  
spot, but  
that's not  
really my  
intent...

You  
know,  
boy...

It's  
your  
seed  
that I  
desire...

Come  
quietly  
or... I kill  
you both  
right here.  
So, what  
do you  
say?

If you  
refuse me,  
I could just  
take it by  
force, but...

That's not  
my style,  
so I'm  
giving you  
a choice.

Where...  
...?

Ugh

...

Did I  
skin my  
arm...?

OW...

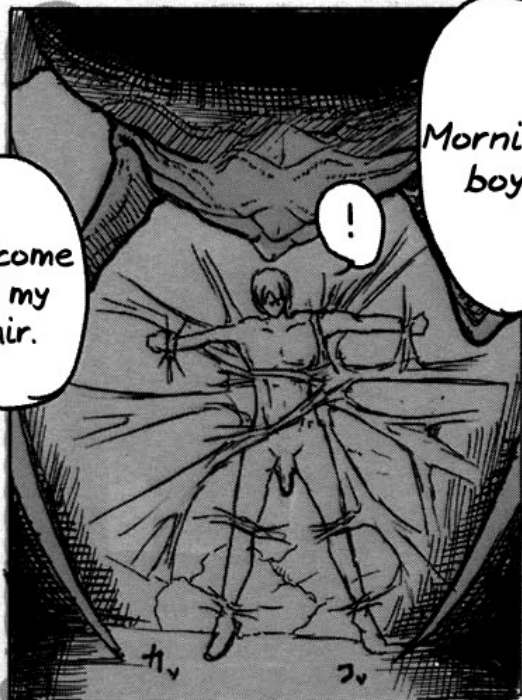

Wha...!?  
What the  
hell!?

Welcome  
to my  
lair.

Morning,  
boy.

!

Shit!

Uh

Hehe...  
What's  
wrong?  
You want  
to escape?  
I'm telling  
you it's  
useless...

My silk isn't  
that simple  
to break,  
you know...

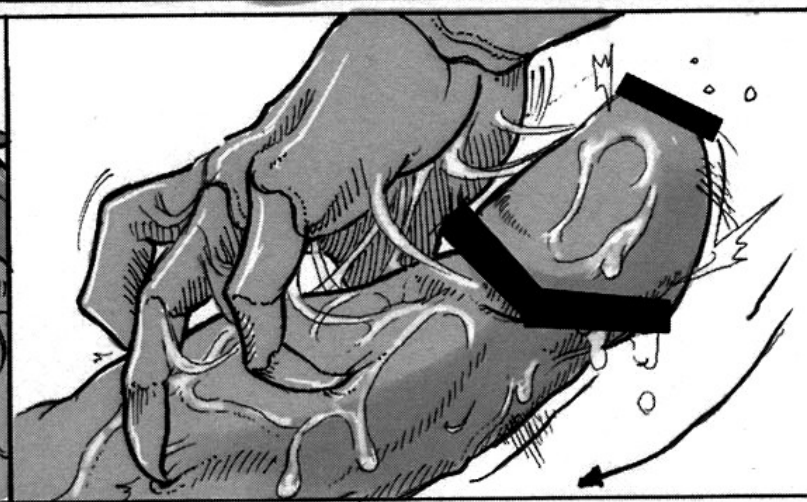

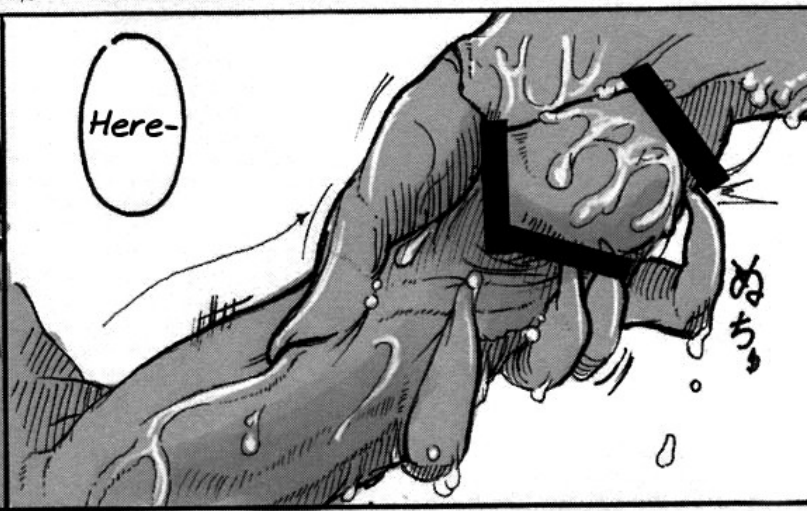

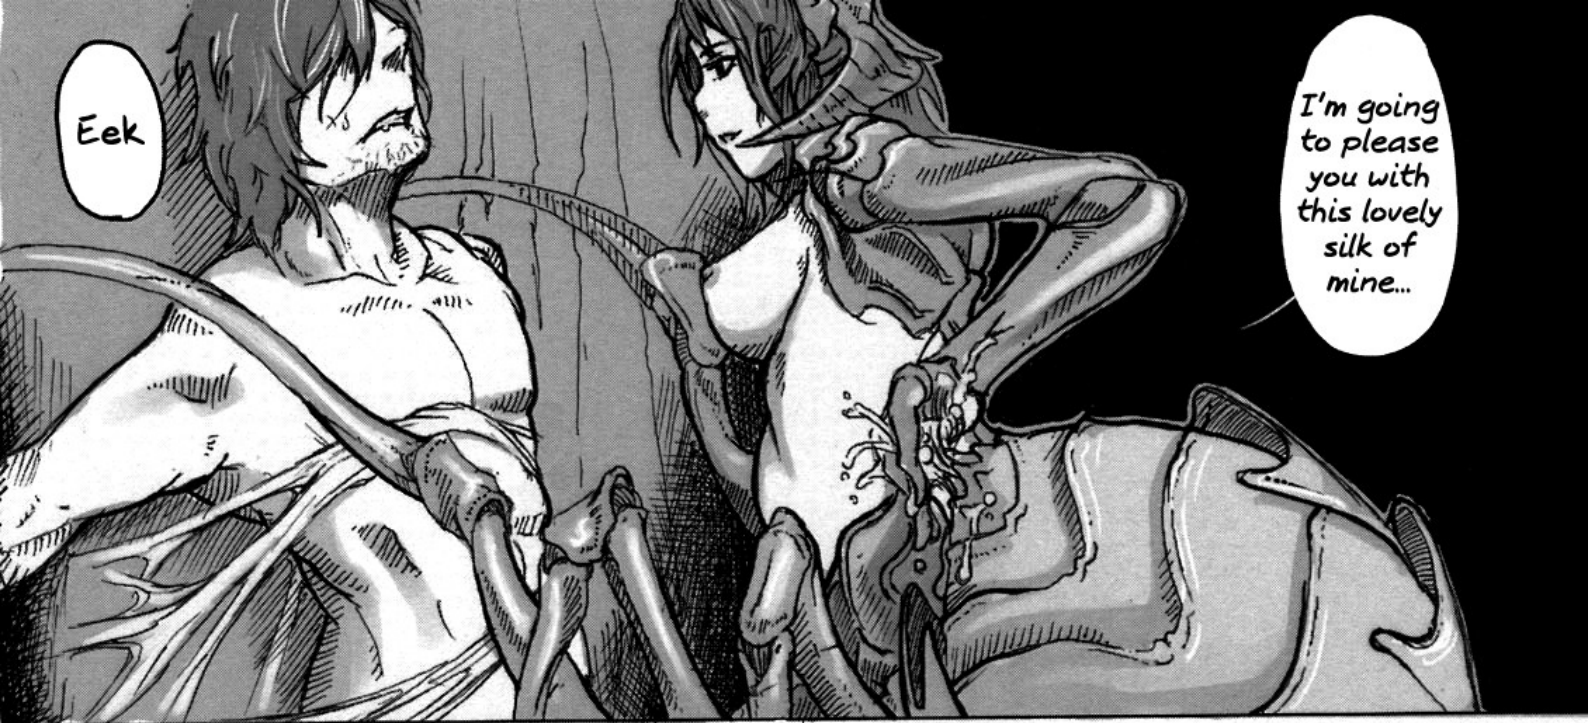

Right here  
is where  
you must  
use it.  
Didn't you  
promise?

\*Stroke\*

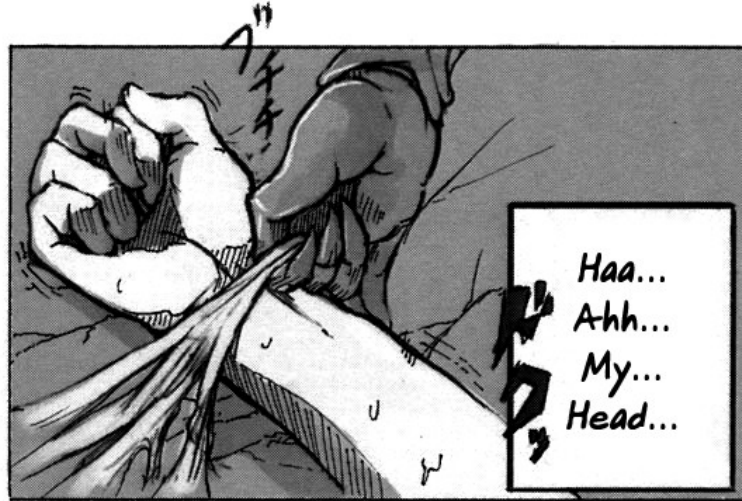

Besides,  
that  
strength  
of yours...

So...  
Hot...

Haa...  
Ahh...  
My...  
Head...

My...

Reason...

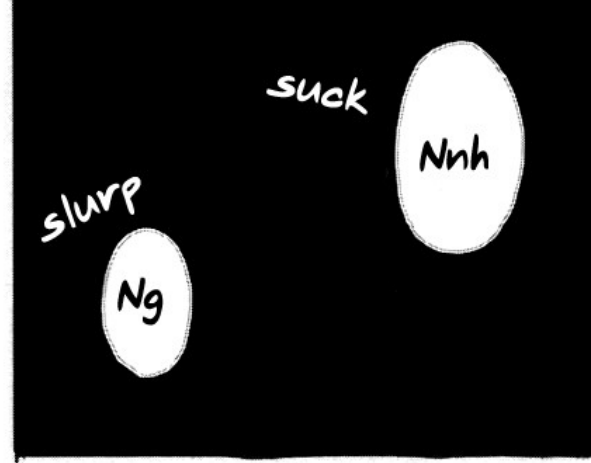

Slipping...

Away...

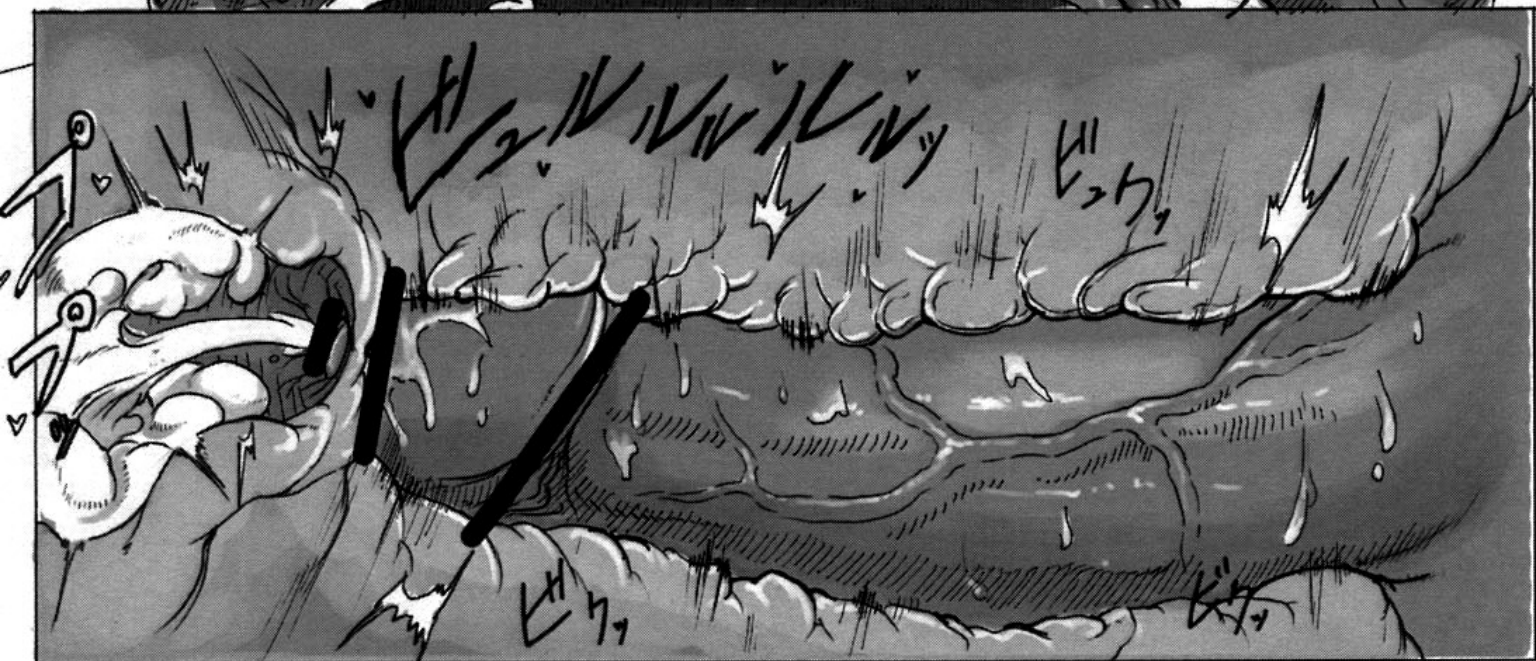

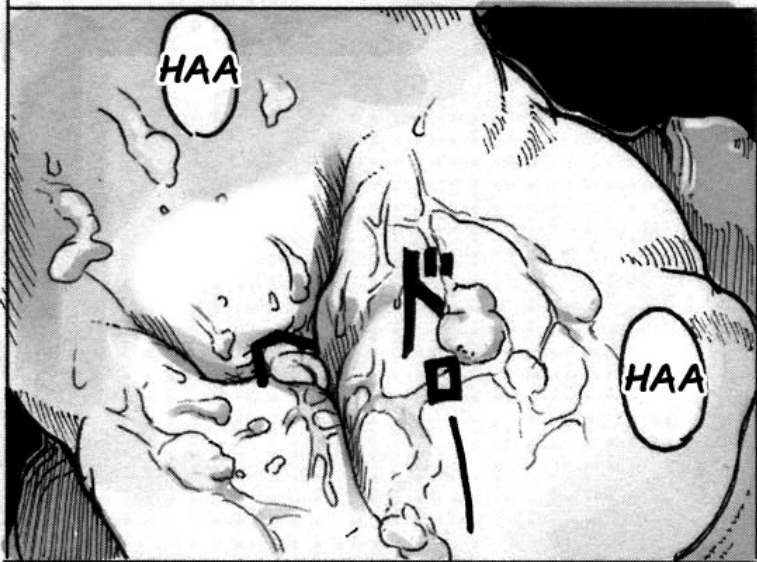

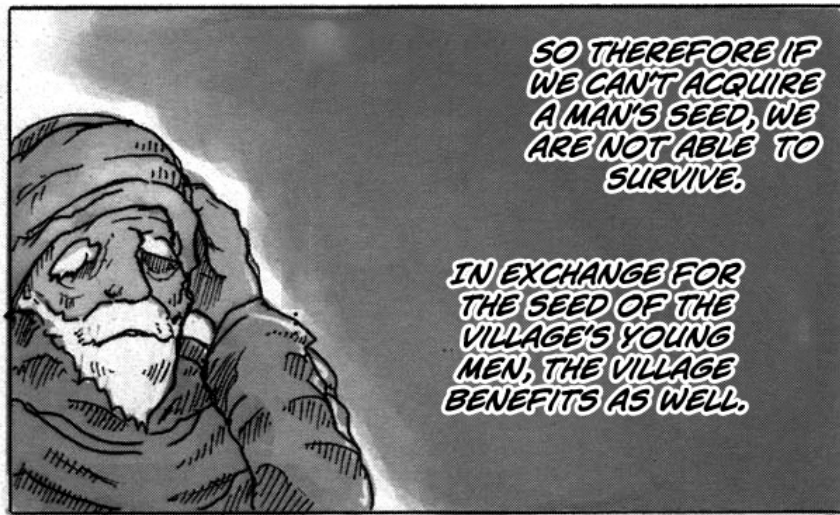

*But...*

*This is the end...*

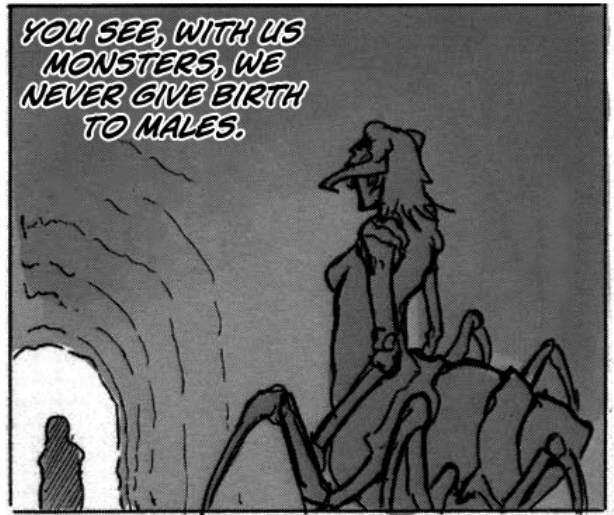

**CRUNCH**

SO THEREFORE IF  
WE CAN'T ACQUIRE  
A MAN'S SEED, WE  
ARE NOT ABLE TO  
SURVIVE.

IN EXCHANGE FOR  
THE SEED OF THE  
VILLAGE'S YOUNG  
MEN, THE VILLAGE  
BENEFITS AS WELL.

YOU SEE, WITH US  
MONSTERS, WE  
NEVER GIVE BIRTH  
TO MALES.

SO, A BALANCE BETWEEN  
HUMAN AND MONSTER IS  
PRESERVED.

ONLY A FEW HUMANS  
KNOW OF THIS FACT  
THOUGH...

Oh?  
You're  
awake?

Ugh

Ung...

Oh, don't  
worry  
about it.  
I guess  
you must  
have been  
tired.

Look

We've  
already  
arrived  
at the  
village.

Sor...  
Sorry...  
It looks  
like I fell  
asleep on  
the way...

This is a spider called a kabaki komachi-gumo. It's said that the mothers become food for their children after giving birth. Isn't that really some parent-child devotion? This spider girl has the same trait, but it's a little different. She lets her children eat her in "the sexual sense". Isn't that really some parent-child devotion?

\*TL note: This is a real spider with the scientific name "Cheiracanthium japonicum". They make nests in leaves, and when their egg sacs hatch, the children eat the mother within about 12 hours.

**Hello, I'm Gozz.**

**Right now it's August 11th at 6:00PM. I haven't tackled the front cover yet but it seems like I will be able to finish. I want to go to sleep. This time around I tried to draw my first adult comic. And, what's more, it's an inhuman one. This was fun, but I've already had my fill of it. If the reaction to this one is good, maybe I'll continue, if not, I'll never draw anything like this manga again!**

**So anyway, if you have the opportunity again, please read my works.**
