別の宇宙人に救助された二人
2 Girls

It seems they were also on the same spaceship as Emily and Charly. Although they were drifting after the accident, it seems they were rescued by another alien than the one who rescued Emily and Charly. It seems they came in contact and were discovered by the other alien at the time when the alien, who was initially troubled and didn't know what to do with Emily, was going to let Emily, Charly and Alice stay at "the planet" for a while.

The two girls seem to be approximately as young as Alice, and their knowledge of sex is still nil. When they were dropped off at "the planet," their arrival wasn't concealed to Emily and the others, who were out and about, naked. Furthermore, the three were doing sexual acts before them, and they were very much confused. In a world where they're separated from tradition, they happen to be normal and very gentle girls, who are likely to quickly grow up gentle and carefree.

By the time they appear, the two are wearing swimsuits, which were things the alien made; apparently that the two, who were resistant to pass the time naked, asked the space alien to manufacture a reproduction. Because the clothes were familiar and casual wear, it may have been easy to produce them from the two girls' memory.

Next time, the course of their sexual awakening due to the other three girls will be drawn. In a world where they are completely liberated and detached, the two girls here will be seen transformed.

アリス
Alice

After the mother ship explosion escaping in a pod, and on the verge of being absorbed in a sex act along with her older sister, Charly, Alice and her sister are both rescued by an alien. She's still very young, but (her older sister is very young, too, but...) her sexual relationship with her sister seems to have continued for a while, for at least half a year or more, and they continue to have sexual intercourse. As a covetous girl by nature, she's influenced by Charly's strong sexual desire, and will be like her sister when she grows up. Because she is young, her prudence is a bit shallow and she is often makes the first move, but with Charly's attentiveness, they seem to have prevented their relationship from being discovered. Alice's trust and love for her older sister is pure and deep, and she understands that there are other aspects to their relationship besides sex.

Even after being rescued by the alien, sexual lust seems to be her behavioral compass, and she pulls Charly into having sex. She also strongly urges Charly to welcome Emily as a friend. She is initially aroused by seeing Emily masturbate, and she purely wants to have sex with her. She also purely and innocently expresses desire for sex with the alien. She is defenseless and lacks prudence; therefore, she is able to accept and love humans nearby.

Whether it was her sexual awakening, originally, or how she had sex with her older sister, there are plans which will be drawn next time.

シャーリィ
Charly

After the mother ship explosion escaping in a pod, and on the verge of being absorbed in a sex act along with her younger sister, Alice, Charly and her sister are both rescued by an alien. The sisters seemed to have had sexual relations from at least six months prior and seemed prepared carry out their sex act. Although she hid it from her parents, the fact that she continues to have sex with her sister is a manifestation of her strong sexual desire. However, she doesn't think of her sister as simply an outlet just for her sexual desire; she seems to have a sense of responsibility and love for her younger sister as an older sister, and she shares sexual intercourse as a lover.

Having met Emily, who was rescued by the Alien, she denied herself and refused sexual intercourse in public at first. This wasn't hesitation, but a fear that her parents and others would discover she was having a sexual relationship with her younger sister, with an assumption that they would be very concerned. However, once she confirms her security, her actions escalate, and she easily accepts having sex with Emily. The strength of her natural sexual desire becomes apparent here. By feeling love with Emily through urophagia and sex, and by choosing "family" who were unruffled by sex, she may be compensating for the real "family" she lost in the mother ship accident.

Next time, there plans not only to do sex acts with other living creatures and the two new arrivals, but to reveal her previous older sister-younger sister episodes.

エミリィ
Emily

The main character from the previous work, "Lifepod". Her parents made her escape disaster by placing her in a pod, where she was finished masturbating, before being rescued by an alien. From the time when she was with her parents on the mother ship, she learned about masturbation, and seemed to have kept it hidden from her parents. Because her yearning towards sex is strong, and because she wanted to lose her virginity and acquire the feeling of insertion, she loses her virginity with the excrement aspirator.

After she was saved by the alien, so far, she has masturbated, because it was something that had nothing to do with other non-responsive things. Of course, her purpose may have been to to distract herself from the sadness of losing the support of the family. After meeting Charly and Alice, and witnessing their lesbian sex, she rapidly devotes herself to lesbianism. The other two easily accept her, and because she is accustomed to sex, she felt the need to pursue the pleasure of other bodies, even if it's female. While her partner for her first lesbian experience was with Charly, and while she was similarly crying too much with pleasure when she was with Alice, one can surmise her desire for sex, the depth of her passion, and the yearning of her excessively pure nature. Originally, she was a very obedient and gentle girl. The strength of her sexual desire seems to be on the same level as Charly.

Next time, besides developing sex acts with the native life forms and two other new arrivals, there are plans for insertion plays that make the most advantageous use of non-virgins.

一時待機所の惑星
Planet

The planet where the girls who were rescued are made to stay temporarily while the aliens search and survey for the Earth. As a docile planet, the environment looks very much like Earth. Original lifeforms seem to exist, too.

おうち
Home

In a conversation with the alien, the place that Emily called "home" is this. With the living space, it seems the girls can entertain themselves. The amazing design may be the result of the girls demanding it to be so.

UFO
Unidentified Flying Object

The exploratory spaceship of the aliens who saved Emily and the others. A large craft with a high flight ability. It's able to enter inside a planet, passing through it's atmosphere. It's living space is wide and secure.

脱出艇
Lifepod

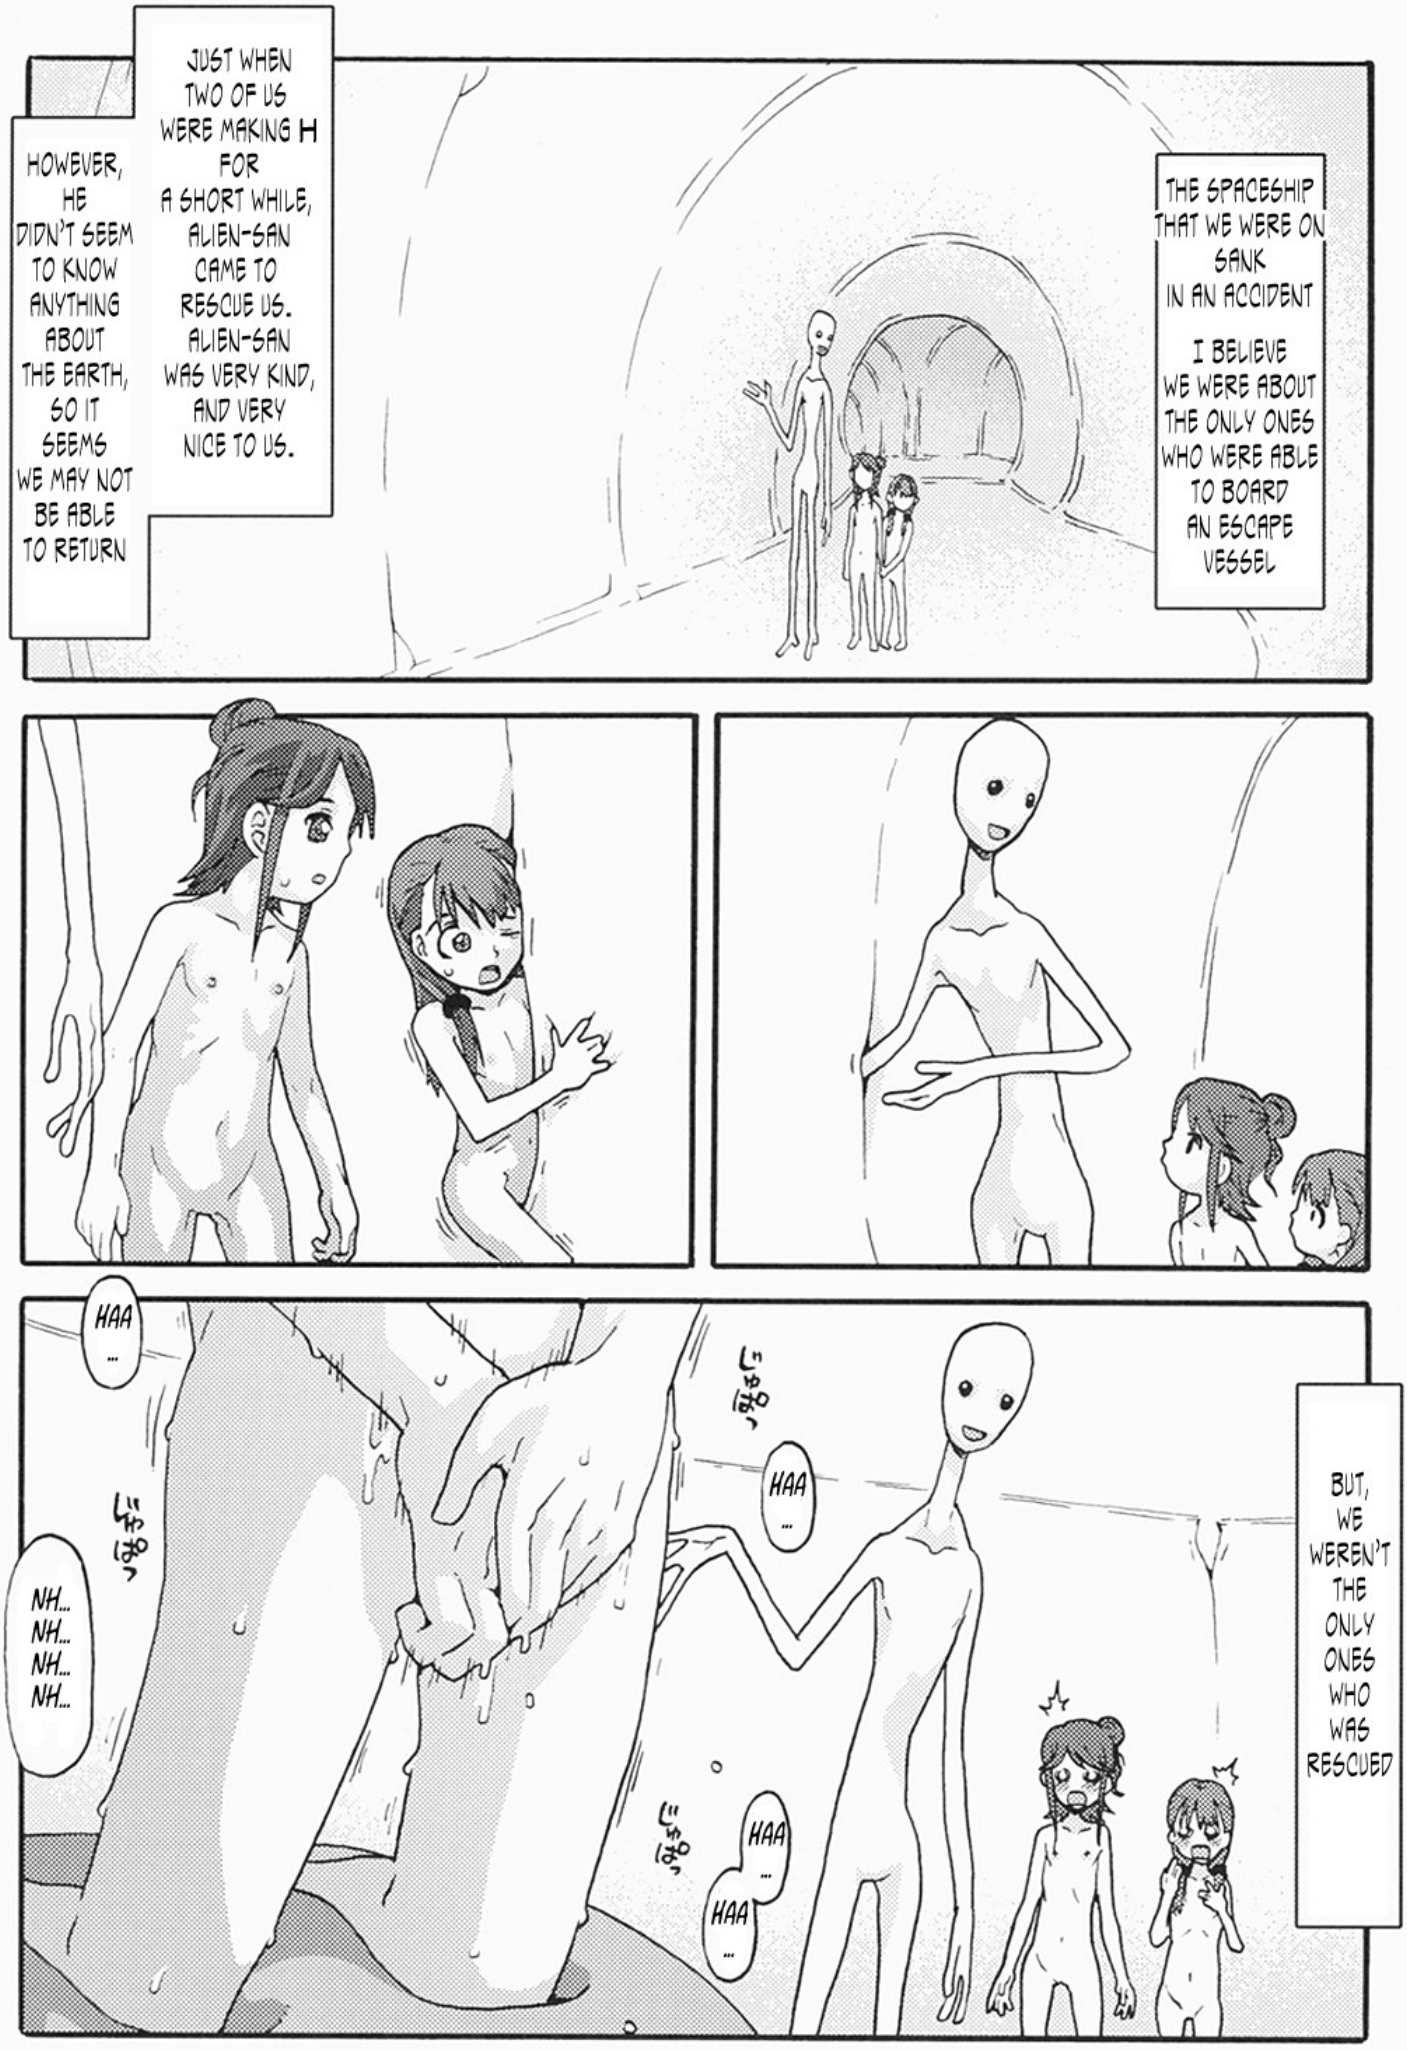

A small spaceship which Emily and the others used to escape from the explosion of the mother ship. Storage of feul and such is limited, only specialized in the function of cryogenic sleep, made with the expectation that rescue is possible as a result of continuous cryogenic sleep. However, out in the vast void of the space, the chances for rescue are low.

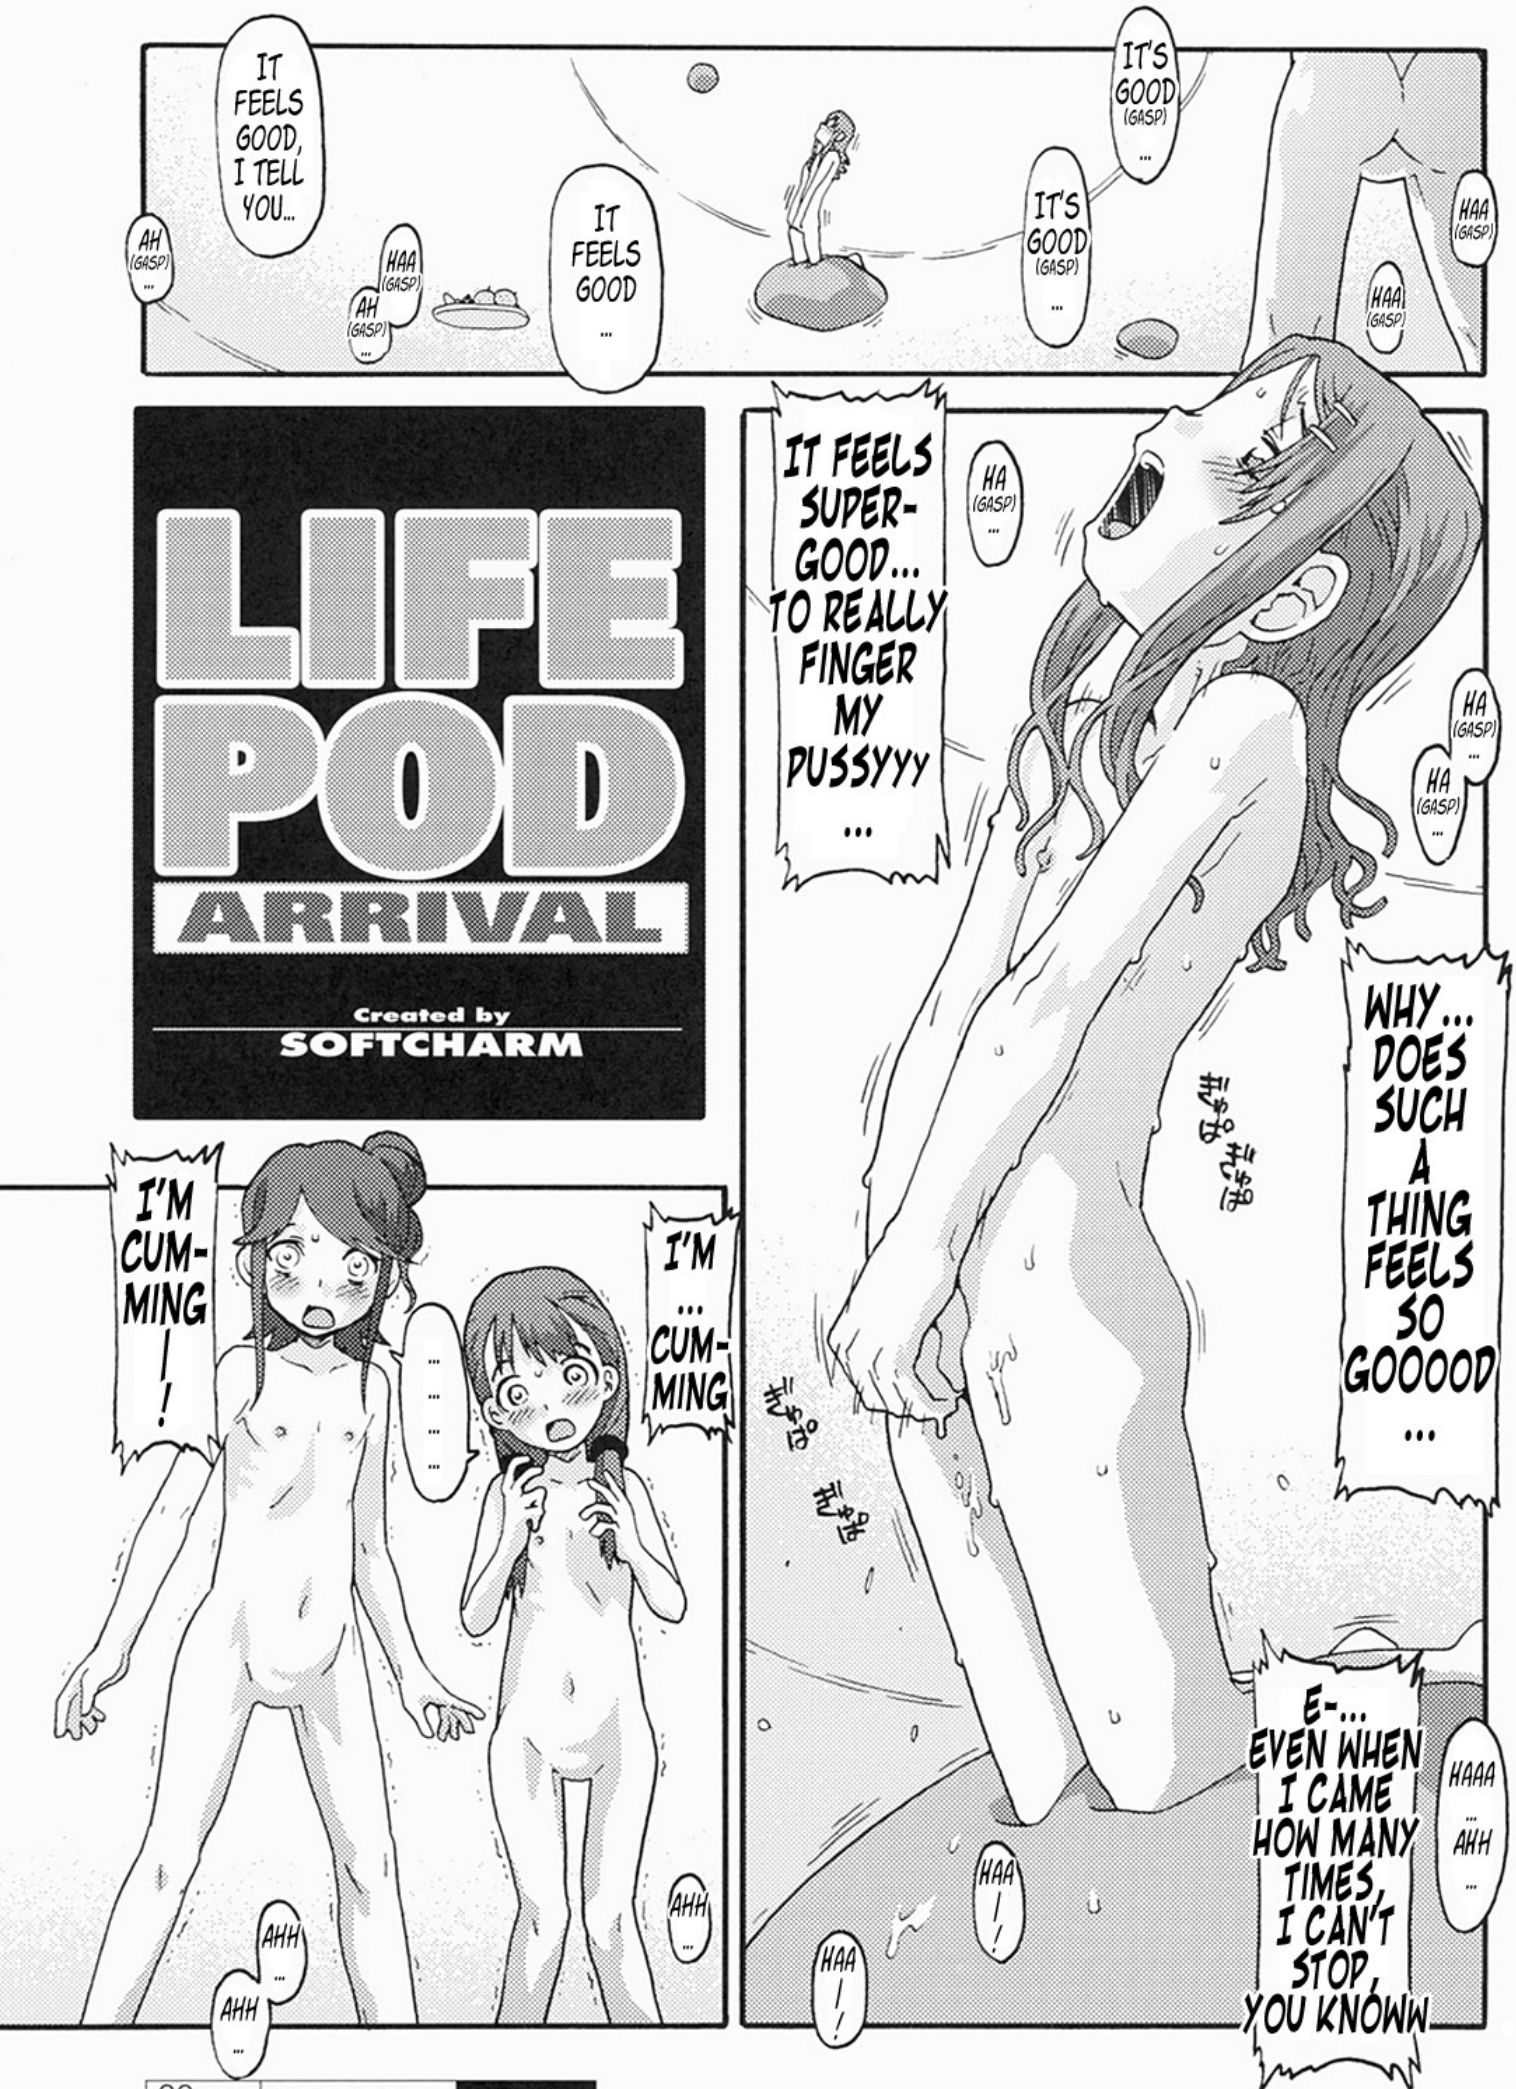

宇宙人さん
Alien

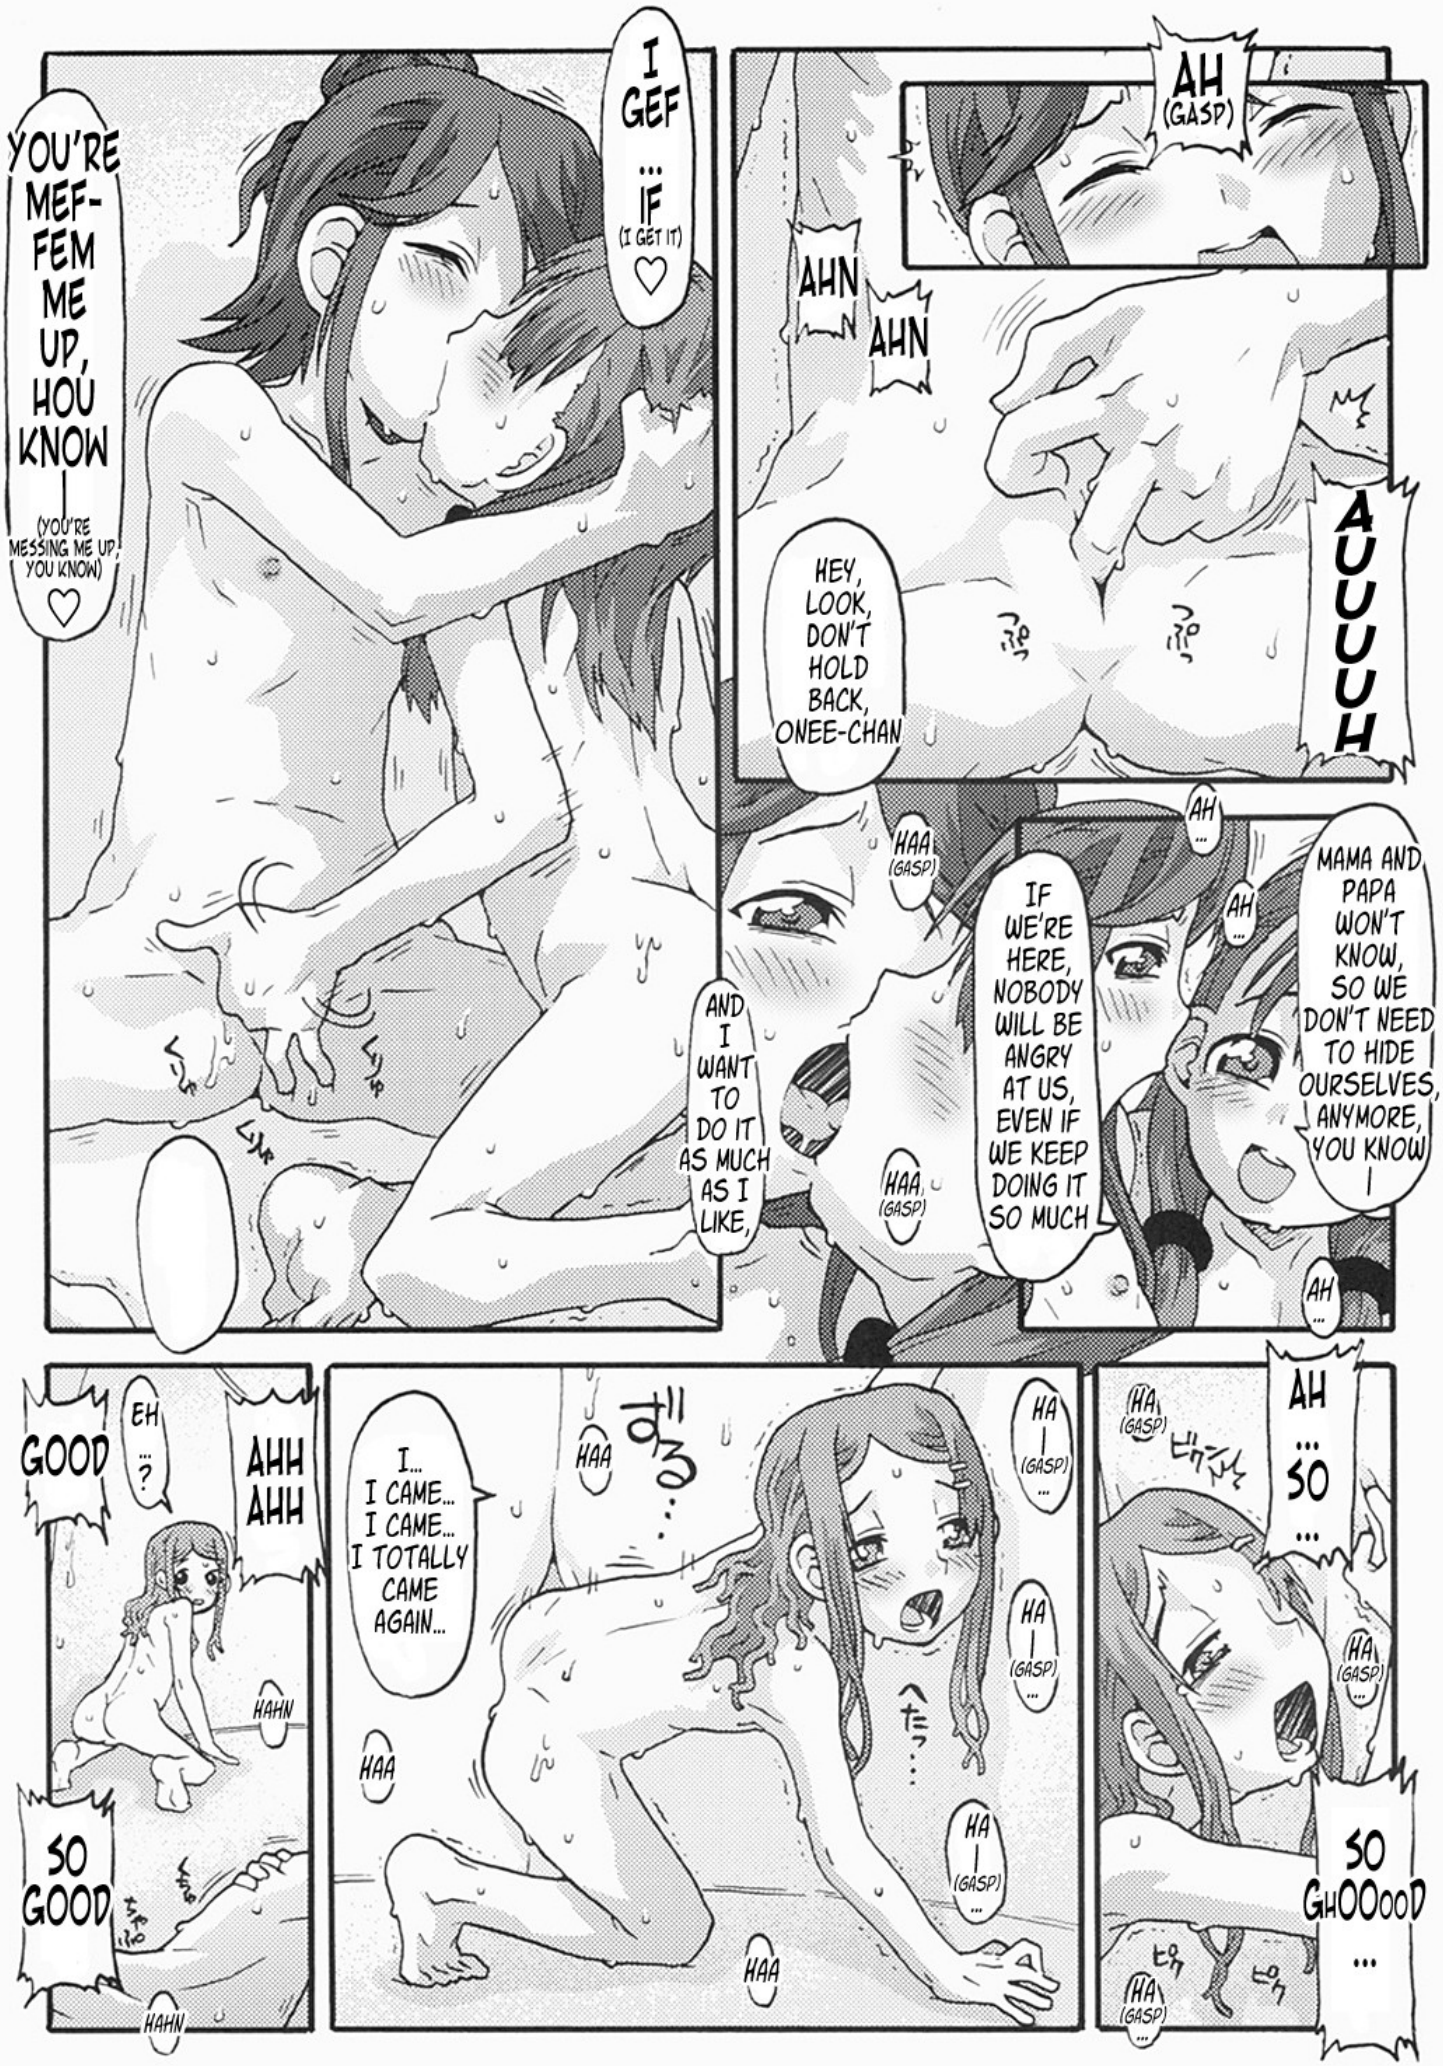

The kind aliens who rescued Emily and the others. A highly intelligent and gentle beings. They are considerate of the safety of the three girls and drop off them off in an inhabitable planet, while searching for the earth for them. However, there seem to be situations where they are troubled by the powerful sexual desire of Emily and the others.

お疲れ様でした…。

「LIFEPOD:ARRIVAL」いかがでしたでしょうか。
「いかがも何もただヤりまくってただけじゃん！金返せ！」
などとお思いになるかもしれませんが（…汗）まぁなんです…そういうモノですので…（笑）。
とはいえあまりにもオチていないのは案の定この話が未完だからです（泣）。
毎度の事ですがいろいろやりたい事が増えてしまってなかなか一度に全部描くのは難しいですね。

前作は商業誌に掲載され単行本『LIFE FORMS』にも収録されている「LIFEPOD」という作品なのですが、それ自体はそれで完結していました。夢か現実か分からないというオチがいいところだったので、その話に続きを作るのは「ターミネーター2」のラスト（テーマ）を受けながら「ターミネーター3」を作っちゃったようなモンで、台無し感も甚だしい事とは思います。
でも後々どーにも「LIFEPOD」の続編に向いた様々なアイデアが出てきてしまったので『LIFE FORMS』発売も記念して同人誌として出す事にしました。
まぁ一度流れてしまいましたので記念もなにもなくなってしまいましたが…（とほほ）。
一話で終わるものでもないですし、商業誌で描ければいいかと思うのですが、こういうSFやファンタジー色の強い作品は最近の成年向けマンガ業界ではあまり好まれないらしいのでやはり同人誌として出す事にしたのです。

次回で完結になるかと思いますが、この完結編のタイトルは「LIFEPOD:RENOUNCE（仮）」となる予定です。
ストーリー的には今回の続きで、惑星での生活が中心になります。
今回の最後に登場した二人の少女をエミリィ、シャーリィ、アリスの三人が性の世界へいざなっていきます。
それと平行してシャーリィとアリスの姉妹がどのようにして性関係を持つようになったのかという過去のエピソードが語られます。
その後この惑星に住んでいた少女に似た現住生物と性行為に及び、５人を中心にした一大コミュニティが生まれる様子を描きます。

この現住生物が左のキャラなのですが変更するかもしれません。
人間のようですが知能は高くなく温和で群れていつも昼寝しているような「動物」的なキャラクターです。

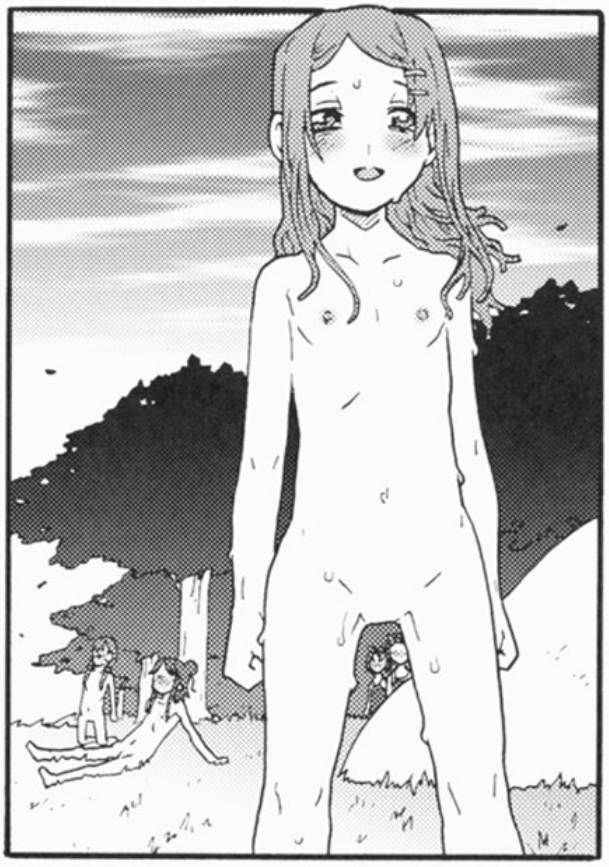

その後物語のラストとなるのですが、これもまだ悩んでおりまして、現在３パターンあるラストのアイデアをどれにするか悩んでいます。
一番作品の雰囲気として良さそうなのは萌っぽい穏やかなオチ。
あとは唐突な驚愕系ラストとその中間ともいえるちょっとびっくりのオチです。
中間的なラストがいろいろな要素に一定の解釈を与えるもので、ストーリー的には面白いのですが、もともとストーリーなどどうでもよいと思われている私のマンガですので（笑）それよりもキャラクターの可愛さが引き立つようなものにした方がいいかなぁなどとも考えています。
できれば３つのオチを全部描いて収録したいトコロですが、やっぱり時間が許すかどうかが問題ですね。

というようなわけで続き物なんてちょっと不満に思うかもしれませんが、同人誌の面白さでもありますし、もし興味を持っていただけましたら次回もチェックしてくださいね。

とかなんとか書いていながら全然別の本を作っているかもしれませんが（笑）。
もしよろしければ感想などもお願いいたしますね。

ちなみに今回の本は2006年の夏コミで販売しようと思ったんですが、印刷所の間違いで冬にズレてしまいました。おかげ…と言いたくはないのですが、そのため夏に販売するはずだったものよりトーンなど充実させる事ができました。
完成度が増したのはいいのですが一年に一冊なんていくらなんでもなぁ…。
もっとたくさん描きたいモンです…。
