Maid age 26

Former female knight.
She served as a princess escort for a long time.

Currently serving the princess as a maid.

She is happy with the growth of the princess,
but she also misses it.

Princess Knight age ● 5

Although she was a princess, she had longed
for a knight since she was a child.
She is the only one who is open to maids who
treat her regardless of her identity.
After hearing reports of a goblin herd attacking
a village she used to play with,
she decided to go alone without hearing any
advice.

You have
