-Greetings-

That's it for the Super Sudden Trap Attack Book. I did it all in a week! Making it in full-colour was probably a bad idea, but I somehow managed to pull through... I had a lot of plans for the setting and stuff, but only a fraction made it in due to the amount of pages.

So sad, I know... There's a bunch of issues that bother me with this, and I really want to correct them, but there probably won't be a sequel or anything...
