Translator's Introduction to the Story:

This is the enchanting story of Shiori ("Shee-Oh-Rhee"), a prim and perky bright-eyed innocent girl of the suburbs whose natural and innocent curiosity eventually gets the best of her.

Upon accidentally spying upon some boys in an alley masterbating a dog for fun, Shiori becomes obsessed with learning more about the body of her own dog at home, named Peru.

Over time, her innocent childlike curiosity gives way to lust and then distracting obsession as she craves her dog's body to satisfy her own stirring adolescent lust for pleasure.

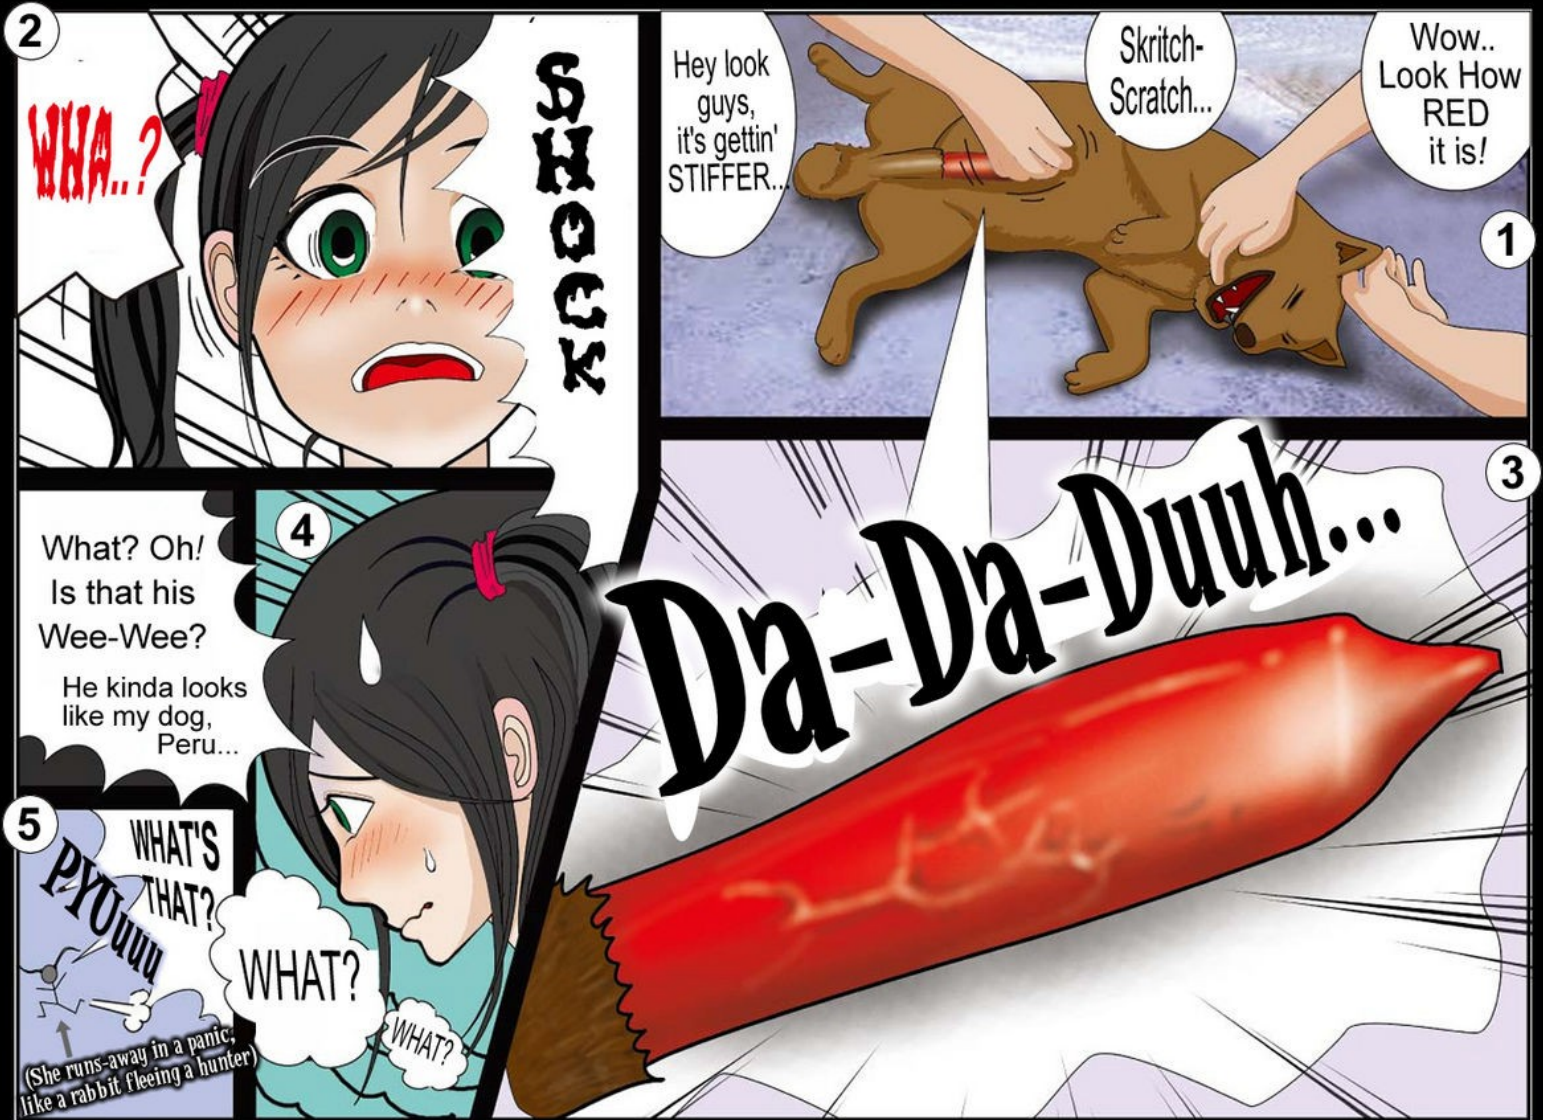

Shiori's passion eventually becomes all-consuming for her, enslaving her mentally and sexually to her dog, Peru, who becomes her lover, her master and dominant partner...

Join us now on a city street in Japan as we accompany Shiori and witness her unexpected discovery of a sensuality she had never experienced before, and observe how it slowly envelops her in a tangle of womanly lust, desire and pleasure...

1 Hmmm ...it looks kinda like "Mentaiko"
★ *(See Note Below)*

From that day forward, I was just captivated and mesmerized by Peru's Wee-wee...

It's hard to believe that this is a part of his body...

★ NOTE: "Mentaiko" (明太子): Marinated egg masses ("Roe") from the ovaries of the pollock fish, which is a common ingredient in Japanese cuisine.

...My trembling hips, his penis and my clitoris rubbing together in unison...
...the intense sensation from it all struck my immature, tender little womb...

...and my pussy greedily wrapped itself around that still-hard, grotesque-looking dog penis, lustily thrusting myself upon it...
...and then...

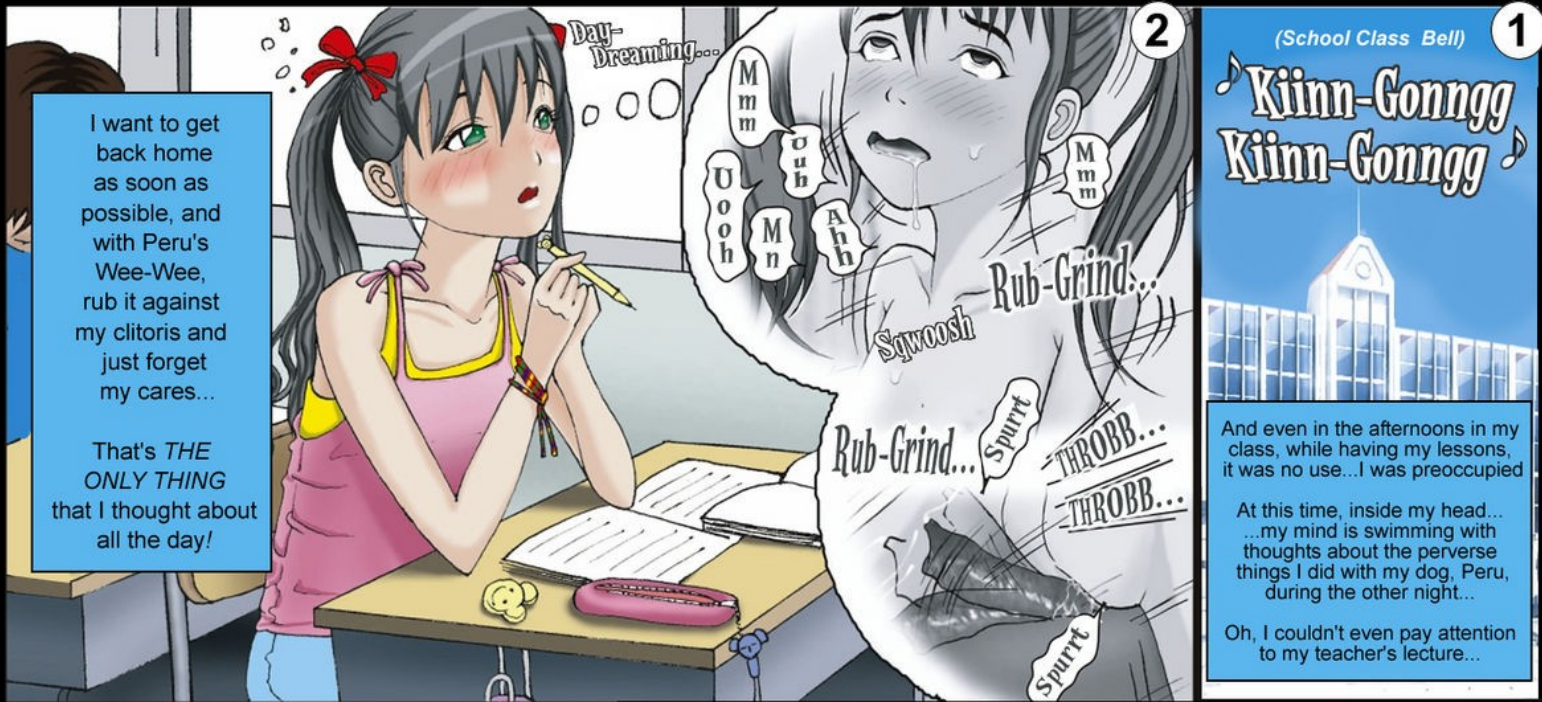

Wow, this is interesting... From this angle it looks like I grew a wee-wee!

I became totally submerged into this unusual form of masturbating myself with Peru's penis...

I want to get back home as soon as possible, and with Peru's Wee-Wee, rub it against my clitoris and just forget my cares...

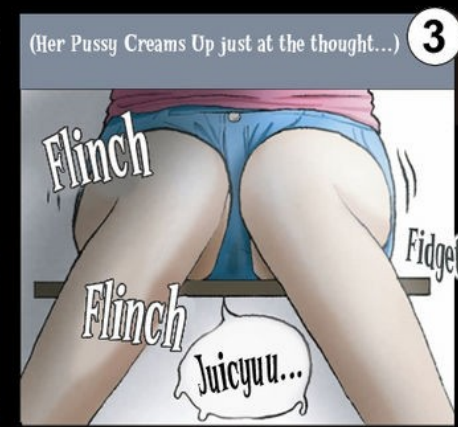

That's **THE ONLY THING** that I thought about all the day!

...But as for that, on *this* occasion, he finally inserted it like a finger in my hole...

...I thought that this time, I wouldn't need to cooperate to help guide him into me...

So I thought, "Aah, therefore there's no such thing as rape when it's an animal"

Sploo-oo-ssh

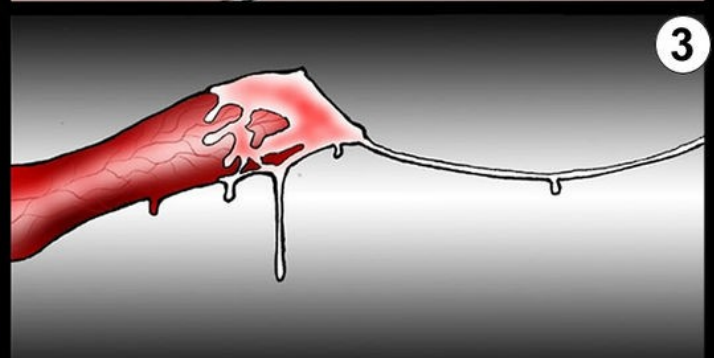

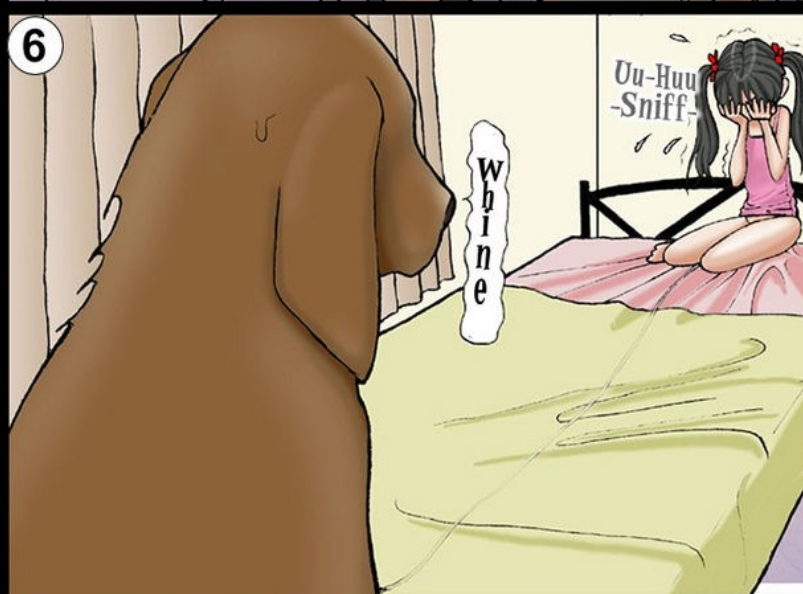

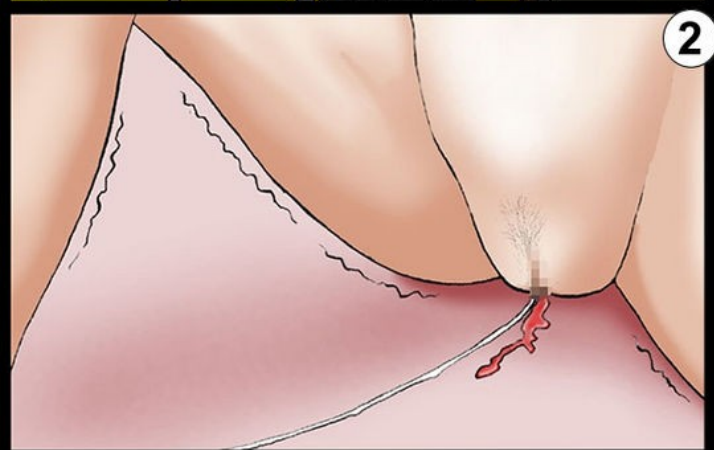

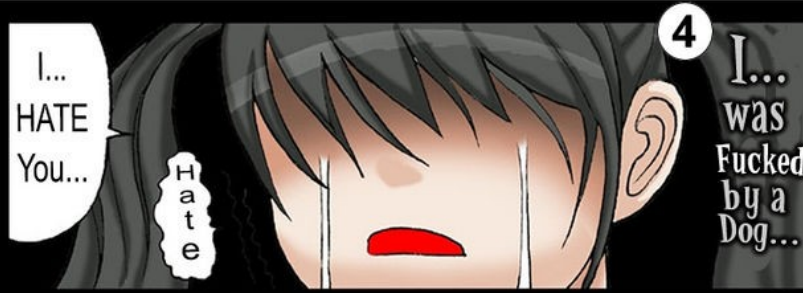

Well....when in this position he'd try to put it in....but...Dogs are comically inept at thrusting, so he'd often just stab his cock at my butt...

I was on my guard... so, no matter how much Peru wanted to put it inside me, it was okay.

So... I'm **STILL** a Virgin, Right?

OW!

For example... I heard that some girls pop their virgin cherry by accidentally sitting down on something sharp like a bamboo shoot...yeah, that could happen...

1

Huh? B-b-but.. it was an accident, right? Huh?But it wasn't just masterbating or something a simple as that....I actually used an "object" (dog penis), right??

2

And as I thought back on that...to have gone **THAT** far, to have him **INSIDE** me...oh, that was no good, of me, ya know? Peru was not at fault, really...I oughta apologize to him...

It's no big deal, ain't it? Even inserting **THAT** into me?

Wrong

I-i-it wuz an accident...

(Sigh) Uh, Okaaay...

Miss Yamaguchi, come to the faculty staff room later...

Oh teacher, if you only knew... ..how I feel so dirty and sullied... ..to lose my virginity at this young age...

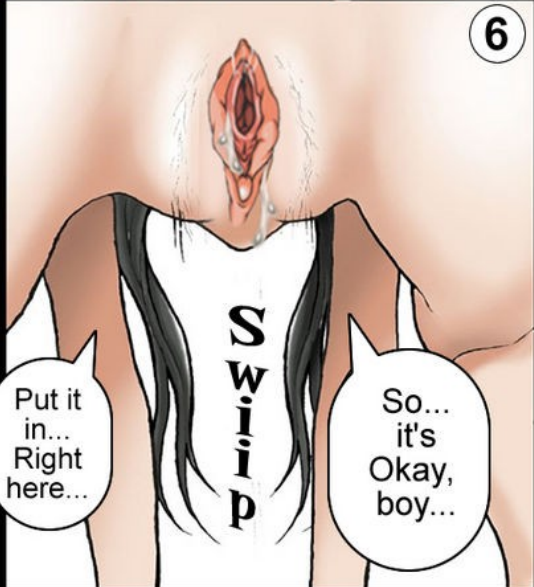

4

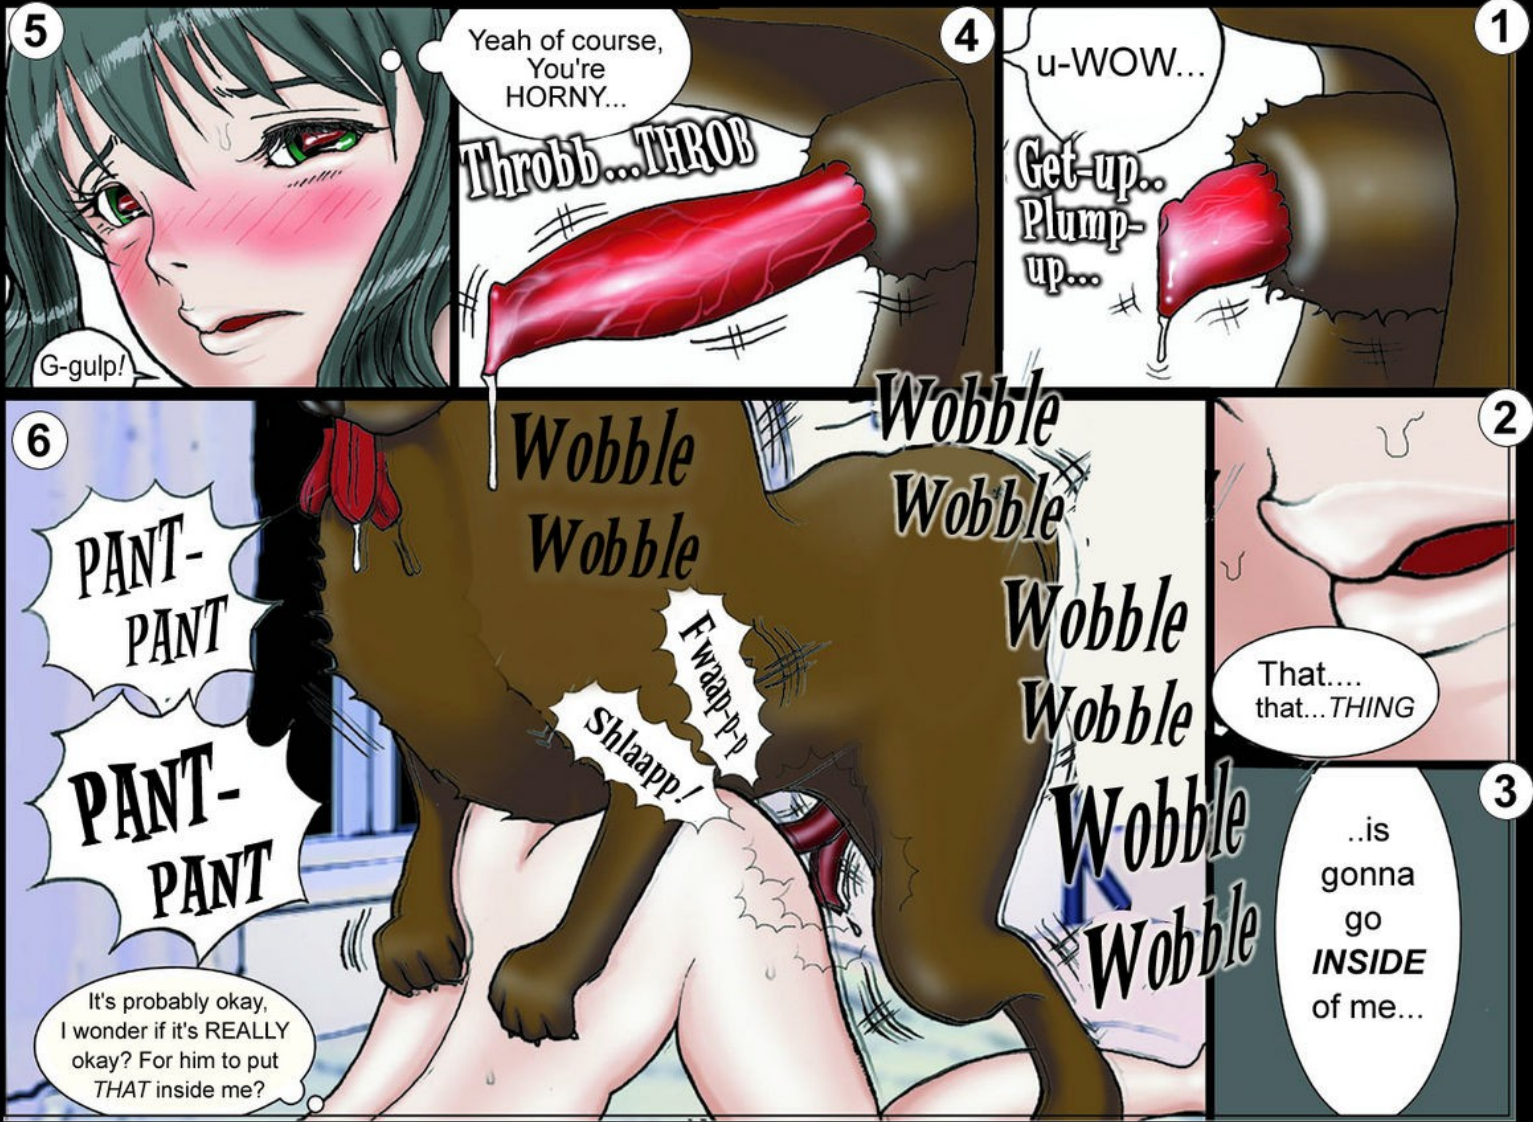

Huh? It was only one time with a dog's Wee-wee, wasn't it? It made me bleed, but I could say "I was bitten by a dog", huh?

(Note from the translator: This is a concluding message at the end of this installment/chapter, a word from the artist/publisher)

Thank you for purchasing this work. We apologize, but as stated in the introduction, this story will be continued in the next installment.

This was produced in isolation, without proper drawing tools or PhotoShop, and so I apologize. Throughout the second half of this work, I became acquainted with some software to finally make drawing a little easier, so I played around with it and I can draw with it now.

The next work will (I should hope) feature an improvement in (drawing) quality, and therefore I hope that you will buy it. The next (installment) will feature lots more fucking with reckless abandon...
