The girls think I'm just trying to be sarcastic or brag when I complain,

Perverts are always going after me because of this chest of mine,

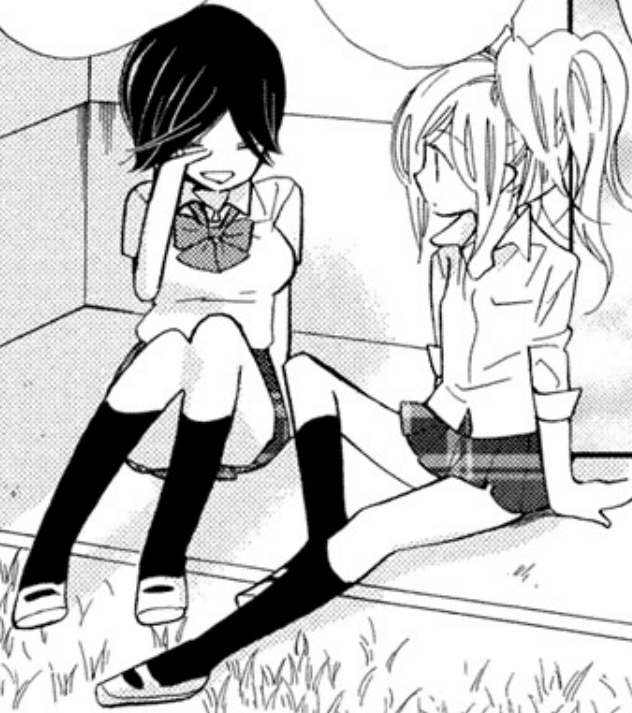

I guess it doesn't fit my image, huh?

You don't seem like someone who'd cry over that.

The boys were teasing you because of your chest?

I've gotten kind of used to it, but...

And the boys tease me.

I-

When it's five or six of them all at once, I just can't contain myself...

Okay, I understand, now stop blowing your nose on my chest!

IT'S NOT LIKE I WANT TO HAVE HUGE BREASTS—!!

I absolutely do not want anyone to see me crying.

It'd be frustrating if people knew that I cry just from being teased.

But...

Your tears just won't stop flowing...

So...

More like your snot just won't stop flowing, but...

So keep this a secret from everyone, okay?

.....

I bet the reason why people are mean to you is because you say things like that.

You can, Ono-san? Why?

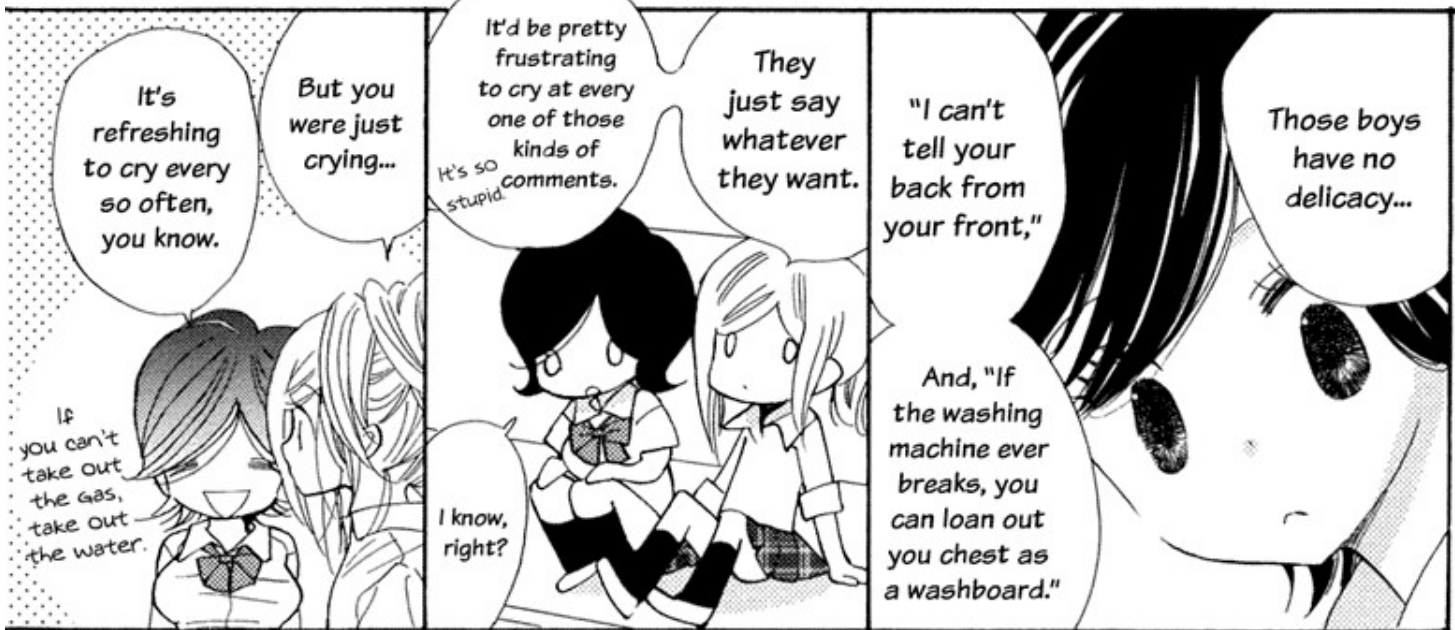

I can understand that...

I'm teased for being flat-chested.

I'm the opposite of you.

Being teased because of your chest size...

It's refreshing to cry every so often, you know.

But you were just crying...

It'd be pretty frustrating to cry at every one of those kinds of comments.
It's so stupid.

They just say whatever they want.

"I can't tell your back from your front,"

Those boys have no delicacy...

If you can't take out the gas, take out the water.

I know, right?

And, "If the washing machine ever breaks, you can loan out you chest as a washboard."

Go right ahead~

**NO
POKE**

But I'm a little jealous, you know.

I wish you could just stick these onto me like the kobutori jiisan.

Kobutori Jiisan - See credits.

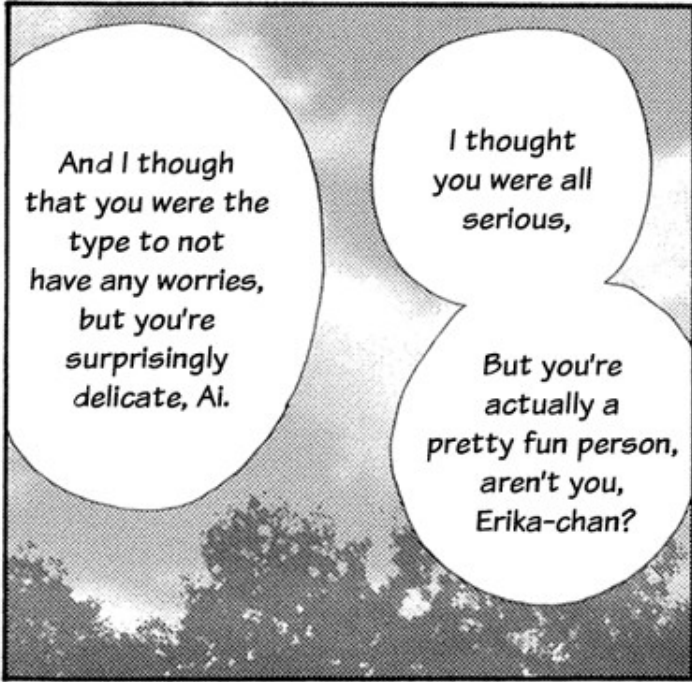

Kya~

BOING

That would just make "The amazingly homely girl with the tumors!"

Wah!

Well, you said, "like the kobutori jiisan!"

STROKE

Geez, how much are you going to make me laugh?

S-sorry!

I was going to pat you on the head, but I was still thinking about breasts so my hand just made a mistake!

Erika-chan?

U... Umm...

No, I'm serious!

Hm?

Eh...?

If you don't mind, Erika-chan, could you pet me some more...?

Umm, well...

What we're doing is getting kind of weird, isn't it?

AH...

PET.
PET.
PET.

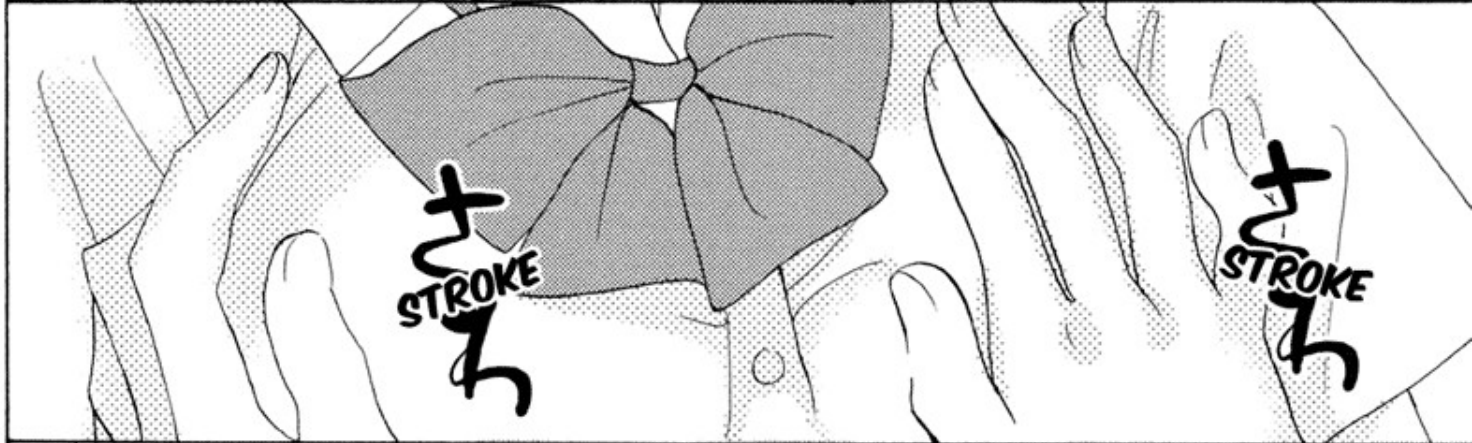

O...Okay, then...

W-what do you mean?

It felt good...

Just like before, as if you were petting my head...

Ai's face is so sexy...

...

Huh?

To want to be touched more like this is...

Up until now it's always been uncomfortable when my breasts are touched...

Yeah...

I-It feels that good?

W-what should I do...?

Me too...

HAA...

The face that you're making now...

It's not just that I want to touch you more...

I want to...

KISS...
♡

See more...

Ah!
Well, since we don't have school tomorrow,

I guess so, huh.

We're... at school, so...

I'm okay with it, just...

SHOCK

Hya!

I-it's okay.

I just...

Ah! S... sorry.

KISS

Sorry I'm late!

Let's go on a date!

And besides that, you're really cute!

Well of course you were! Showing off your body so much by wearing those clothes...

That kind of thing...

I just wanted to show myself to you, Erika-chan.

But... I...

I kept getting hit on, so...

HAA & HAA &

Later?

You say we're saving it for later!?

Okay, let's go

DOKI DOKI

Understand?

You usually hide and save for later!
