"Beyond the Sliding Door" by Awatake

or something like that...

Translation by: deviant.translation@gmail.com

An SM magazine calling for "training" volunteers.

That was about two months ago...

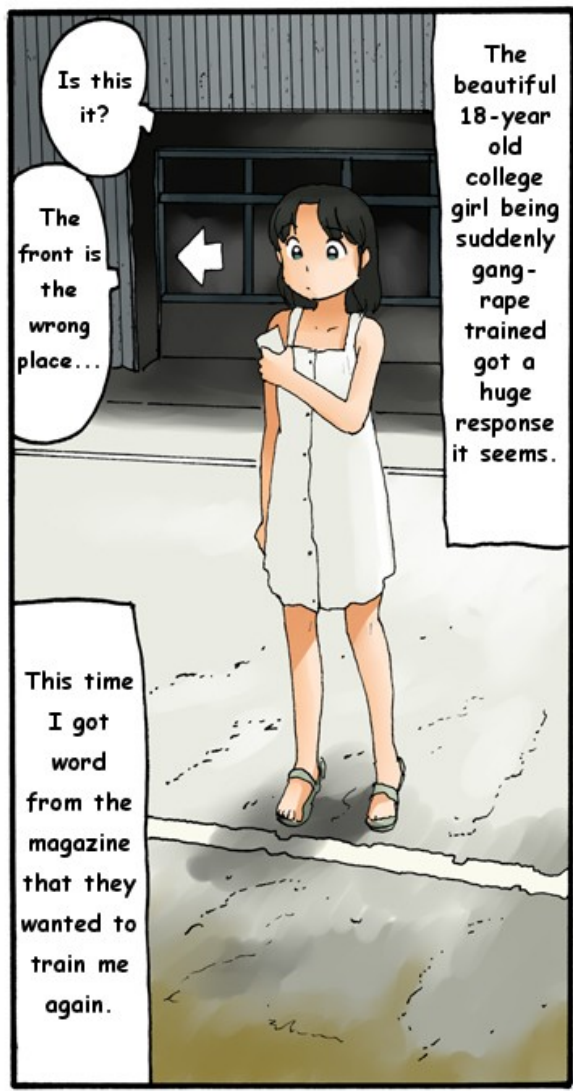

I first saw it in the bookstore.

The publisher and circulator were a mystery.

a door that changed where it led every time it was opened, and other baffling things were enough to leave me ill at ease, but...

On top of the mystery of who ran the ad...

Is this it?

The front is the wrong place...

The beautiful 18-year old college girl being suddenly gang-raped trained got a huge response it seems.

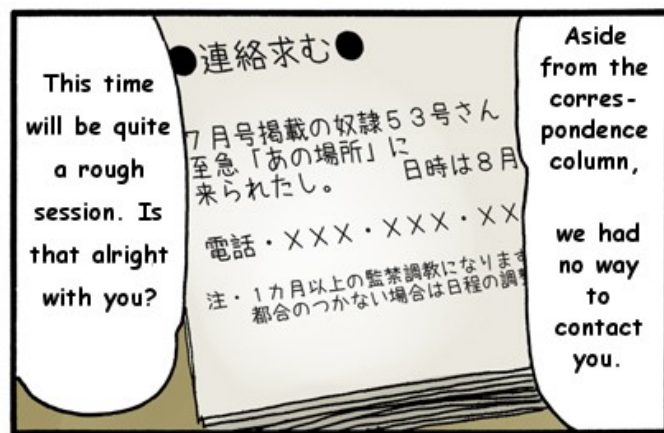

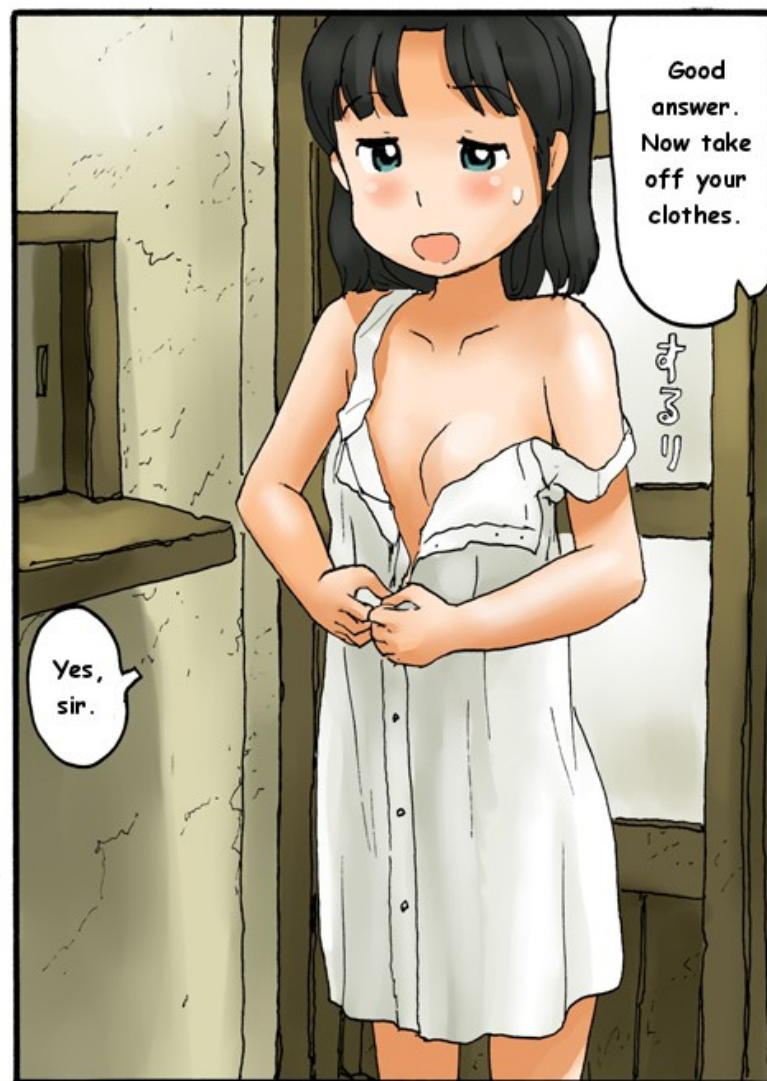

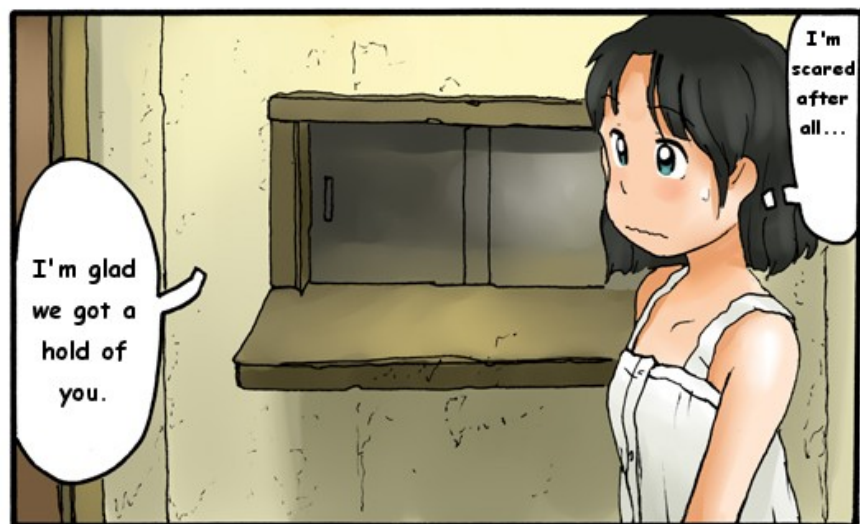

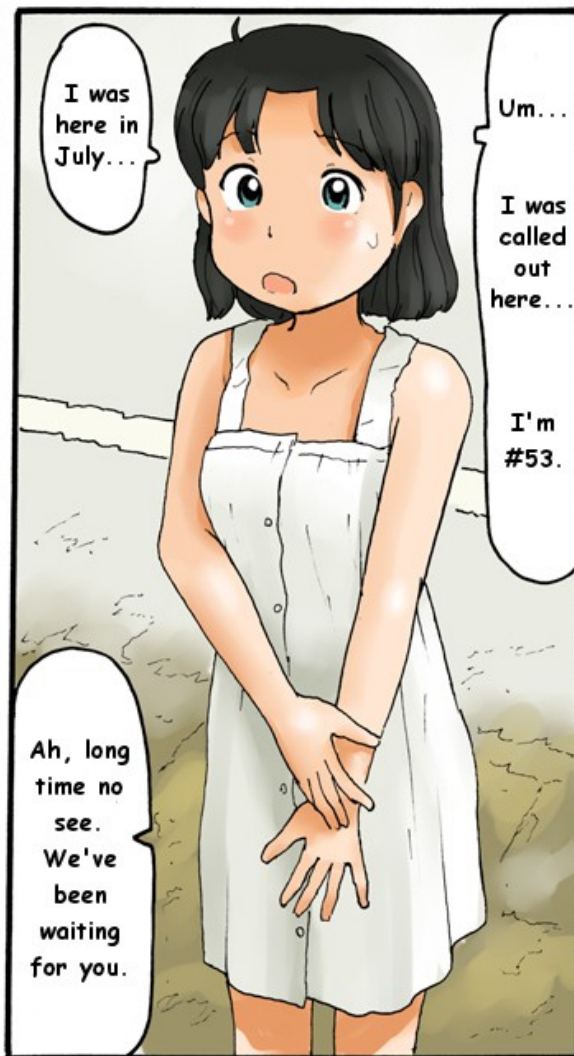

Hello ...?

knock
knock

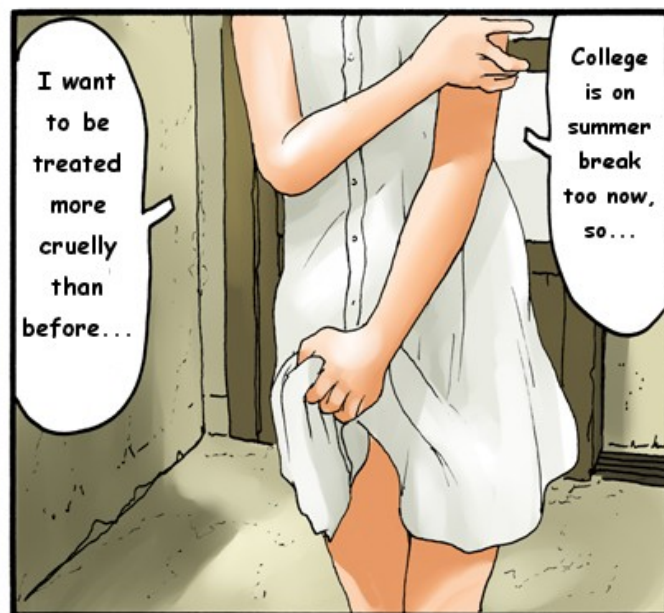

"Over a month of being confined as live-stock..."

said the ad I was responding to.

This time I got word from the magazine that they wanted to train me again.

(paper says everything you just read)

And now for
your
intention:

What did
you come
here to
have done
to you?

Un-
dressed

I want
to be
treated
like an
animal
for days
on end,
violated
by over-
powering
men,
and have
them
cum
inside
me.

I-I want
to receive
training as
a slave
more
strictly
than
before.

T-
Training
that in
the end
makes me
stop
being
human.

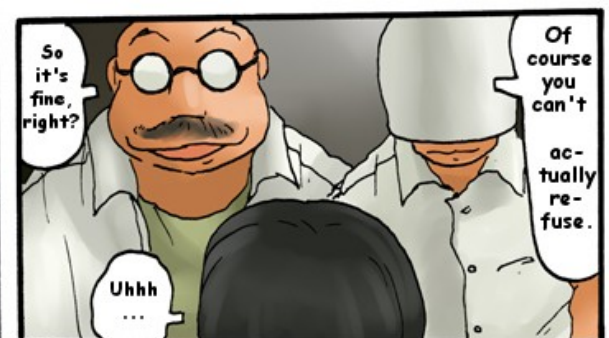

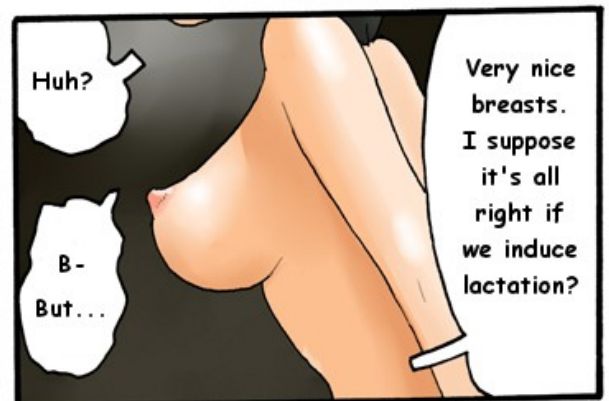

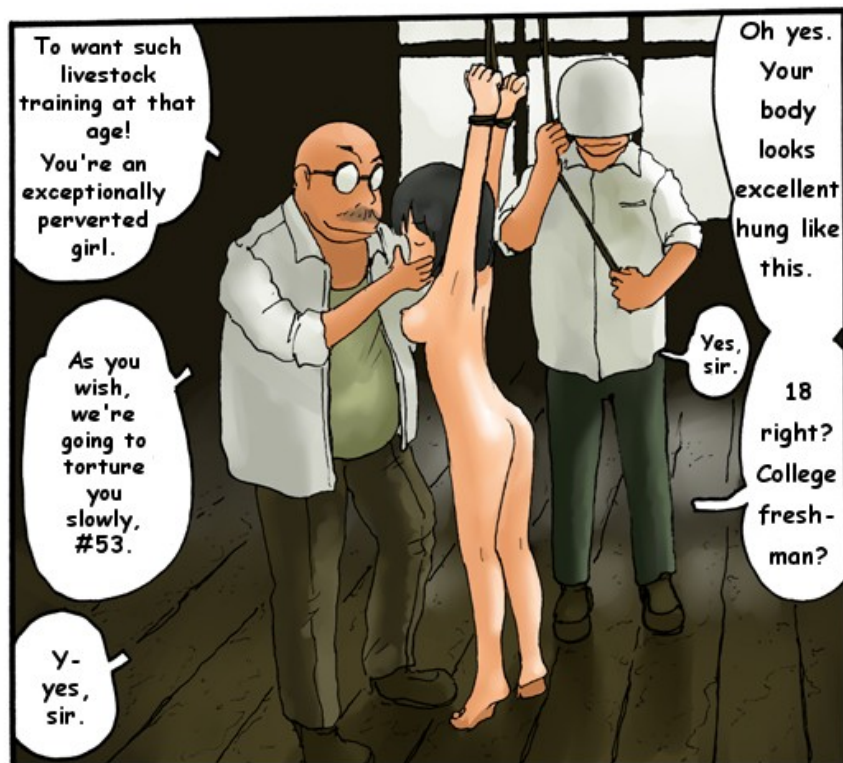

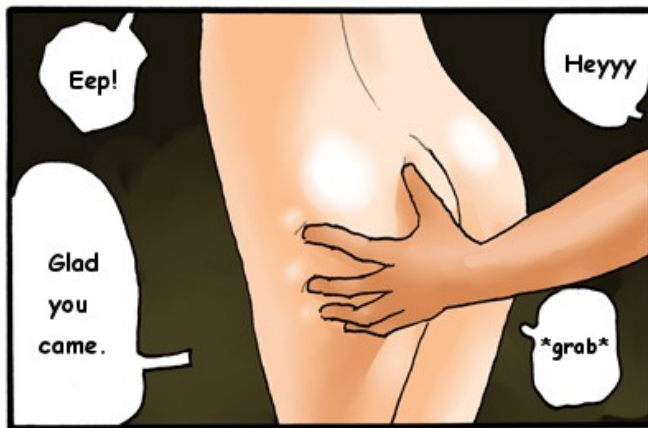

Yes,
sir.

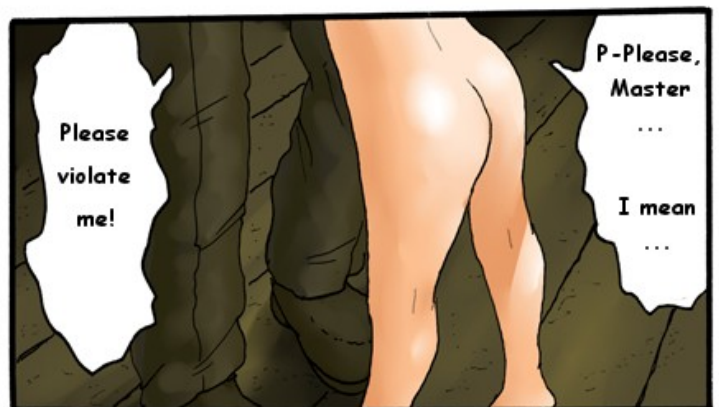

Open
the
door.

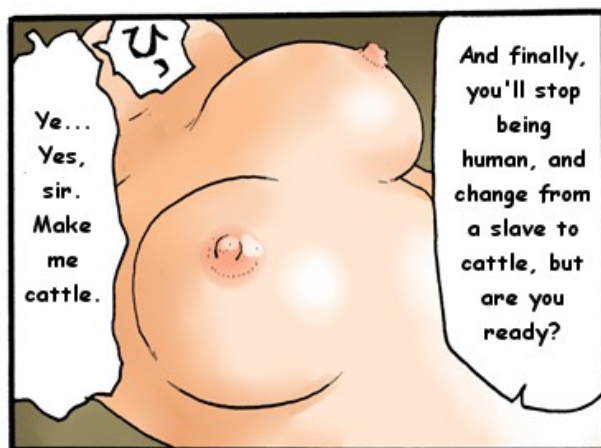

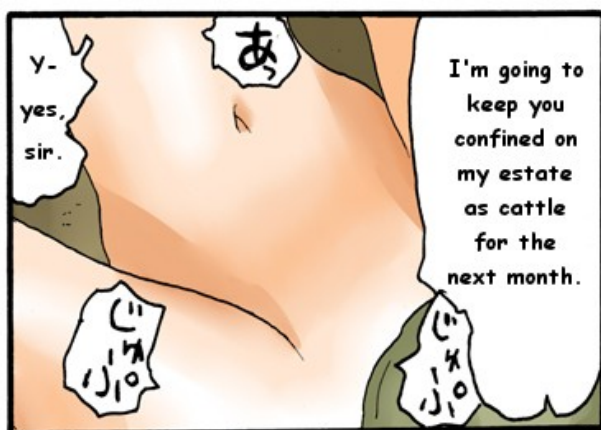

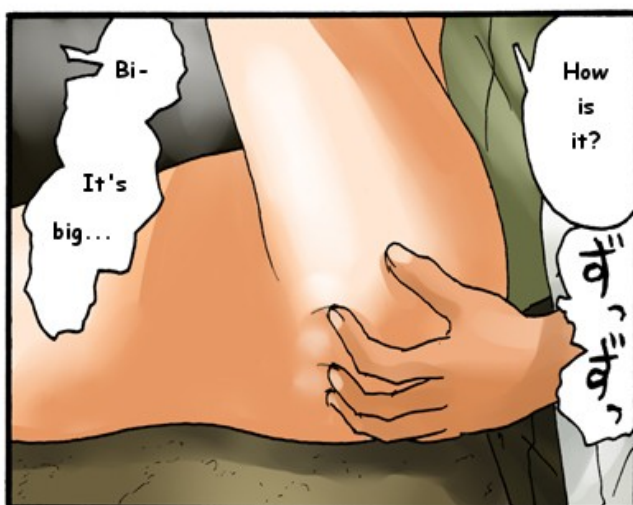

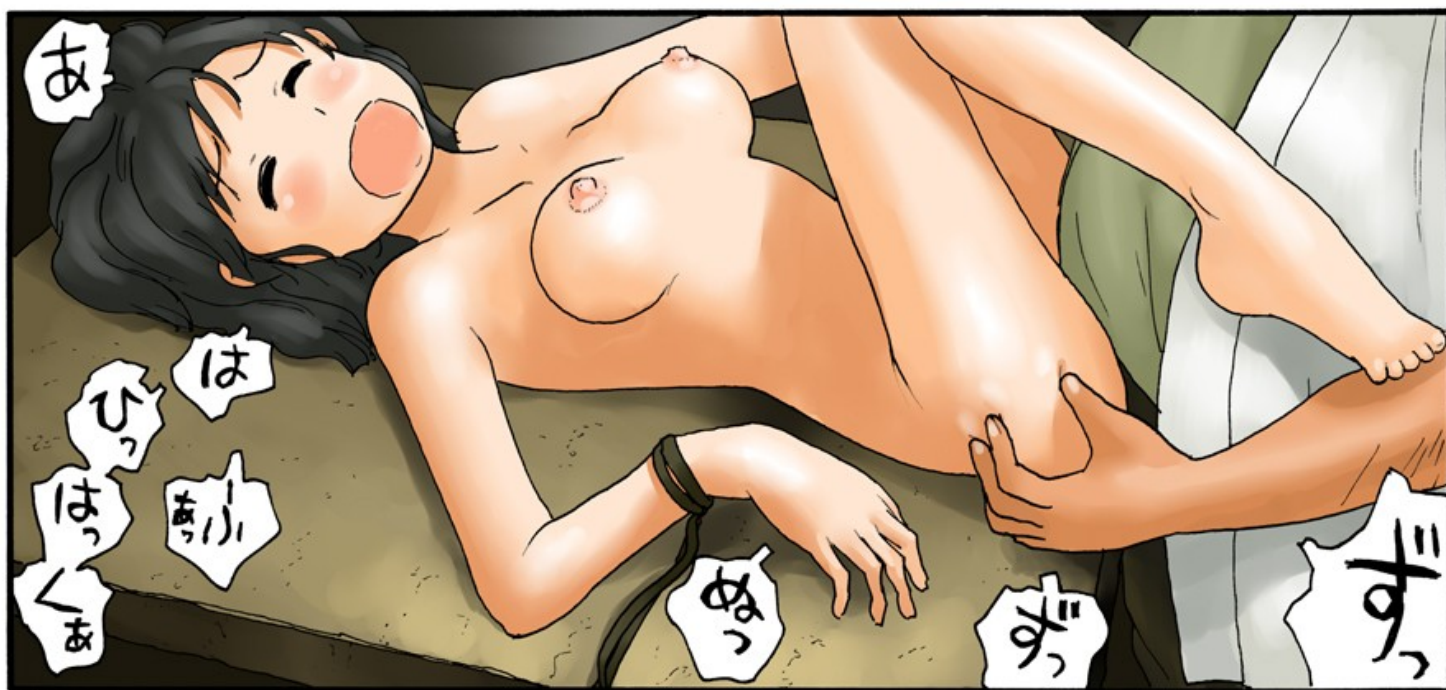

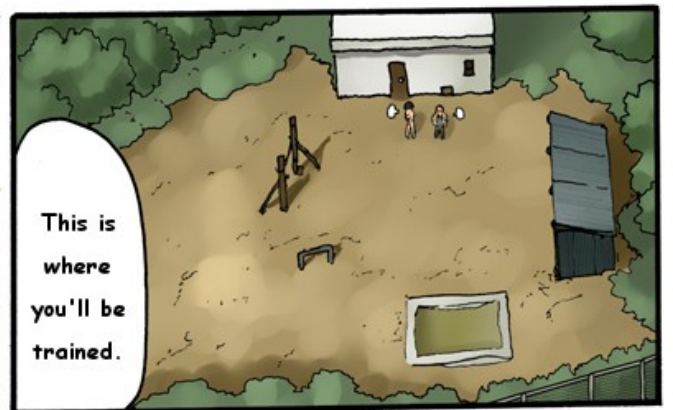

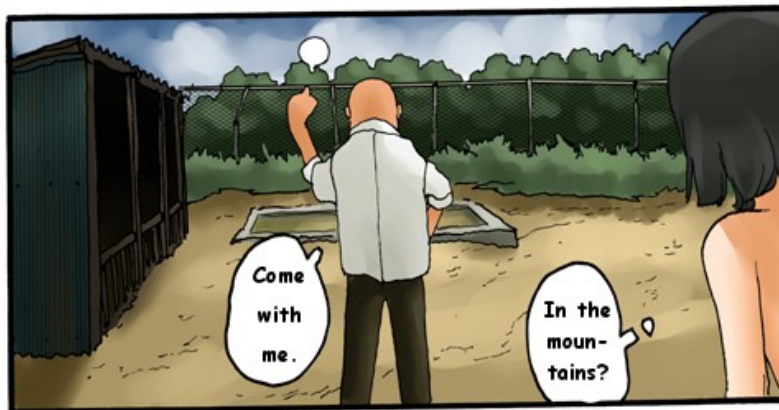

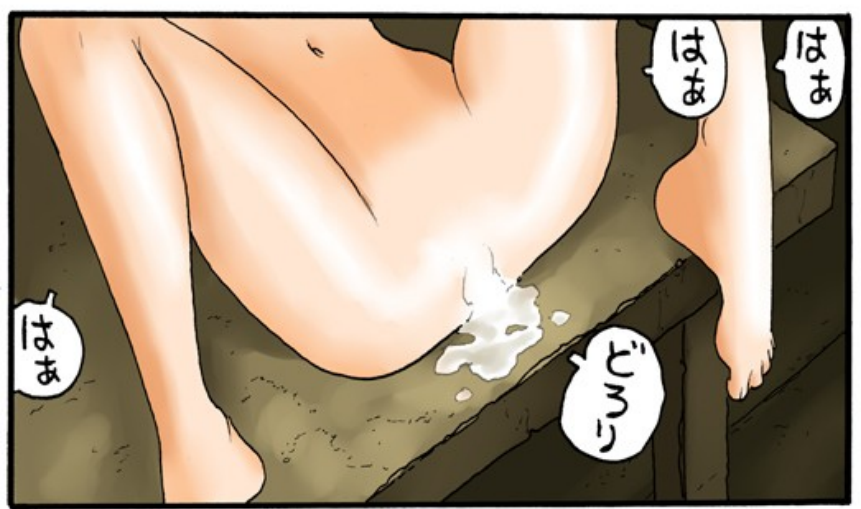

From now
on, your
body and
your rights
all belong
to your
trainers.

Very well
said.
From this
moment
on, you
are slave

How does it feel, huh?

Ah, Master ...

Three weeks later ...

You've become unresistant to public enemas and forced excretion ...

Numb to the lowest degree of shame.

あ

ほう

Master ...

You could even say you've become cattle completely.

What has #53 done today?

Gone and used the toilet like a human again?

はあ

No, no reason. #53 just seemed like she wanted to be teased a bit.

It's almost her debut.

Yes, sir.

Milk her.

She's swelling quite a bit.

You've even started lactating.

It's human, but it's milk...

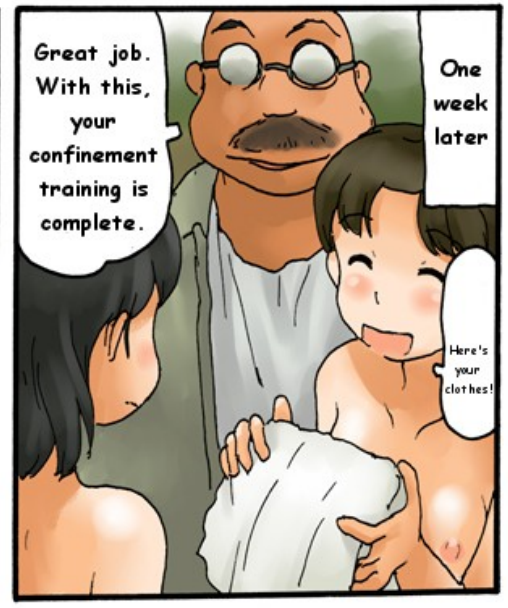

It seems they've got a network...
