Good morning ... Sensei ♡

So in the end, we ended up going all the way...
What have I done?

Eh!?

...
An-chan?

I was being a bother when I cried and whined that I would marry you and always be together. It's me, An.

When you quit at the kindergarten and became a school teacher...

So you really don't remember me...

How'd you know...?

"Sensei" !?

An-chan, you've really changed...

...

Now then...
Time to do the laundry ...

But next time, I'll come and cook you a delicious meal,

Sensei ♡

Oh, by the way, I'll go home today as promised
