HIGH-
INTELLIGENCE
LIFE FORM.

Are
you
awake?

!?

We're leading here secret experiments and research on life forms from outside the Earth.

I bet you're surprised... Welcome to our research facility, alien-kun.

We're going to put to use your unique abilities for our organization's technological development.

I'm sorry that it's right after you woke up, but I'm going to make you come through experiments starting today...

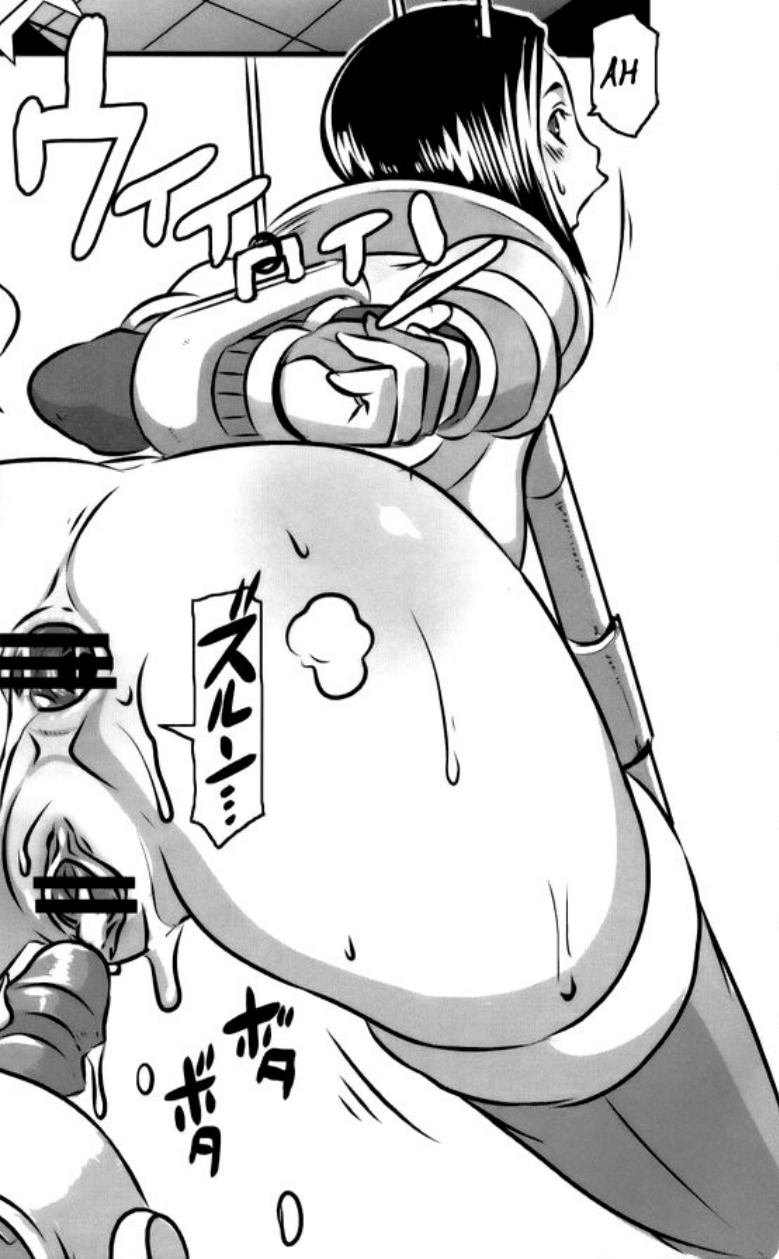

... Today, it's going to be a crossbreeding experiment with yesterday's captured space life form.

Breeding with other species that have reproductive abilities similar to humans - you like that as well, don't you?

ガ

EVIL

ゴゴゴゴ

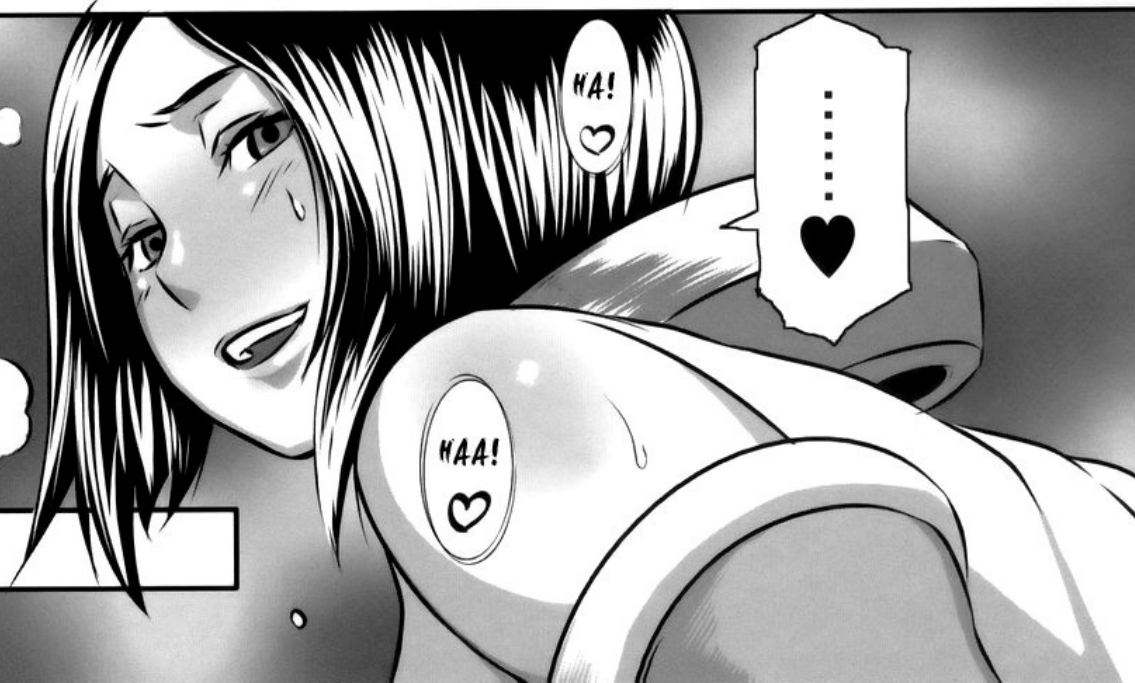

Fertilizing your cells with his sperm - I wonder what kind of hybrid life form we'll create ...

He's just burning with the desire to mate after such a long time.

I'm looking forward to the fruits of satisfying you.
