The Student Council
President is a Masturbator

Basically ...

What do you mean?

?

One 130

Maybe Arakawa was bugging you because there's something they want from you?

It's too vague to tell at this early stage.

Maybe they're just investigating you personally?

Swimming Club's Consultant
Tsukishima

I haven't asked them face-to-face.

Maybe I'm being too rash to assume that the student council is investigating our underground activities.

That's true.

Yes sir!

Conveniently enough, this will also appeal my innocence.

Alright. I'll ask the student council about what it is they seek.

Will it be Arakawa after all?

Now then, whom shall I meet?

I see. There's a possibility that Arakawa was instructed by the student president.

Minami Kasumi

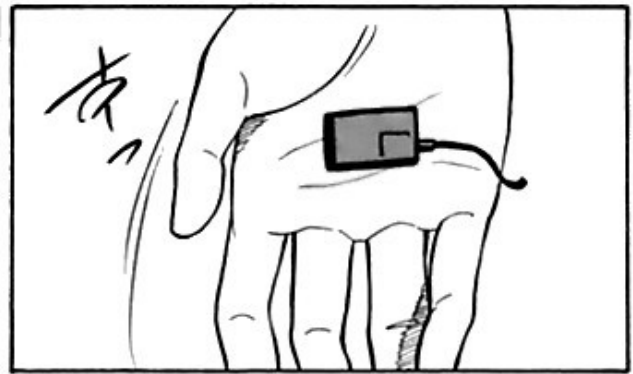

Sigr: Nurse's OFFICE

If he found out about it, he would definitely scorn me.

I had to go to the toilet to stop the throbbing.

As if I could tell him that...

But he touched my breast.

Maybe that's how he called it even?

Because of me he got injured ...
