Oh, you finally woke up, huh...?

こういうことだ!

When I came to, right before my eyes there were...

Nori Pachi
presents

Kobosazu Nome!

And I had just bought that bra, y'know?

You piece of trash!

The shorts you stole last week... Those happened to be my favourite ones!

Die, you sicko!

You filthy pig! There's no way you're getting away with it today!

I had a holiday so I was out taking a walk all day long.

W-what are you talking about?

Before we hand you over to the police, we're gonna pay you back in full for stealing our underwear, right, girls-?

Just being around this creep is making my skin crawl.

What do you mean by 'holiday', you bastard?!

I bet you're one of those Sick Pervert Lolicen NEET Otaku guys!

I'll let you drink this...

Water... Please let me drink something... Anything will do!

My throat's feeling really dry...

C'mon, drink to your heart's content!

I'm gonna die of thirst!

Amph! I couldn't care less if you died here.

Don't waste a single drop, you stupid pig!

I'm gonna let out even more!

Hehe! I haven't peed since this morning... So it must be smelling really bad too!

Hey Yuuka, just how much were you holding in?!

Take THIS! And... THAT!

Hey! How dare you spill my pee, you bastard?!

Yup yup! I like that!

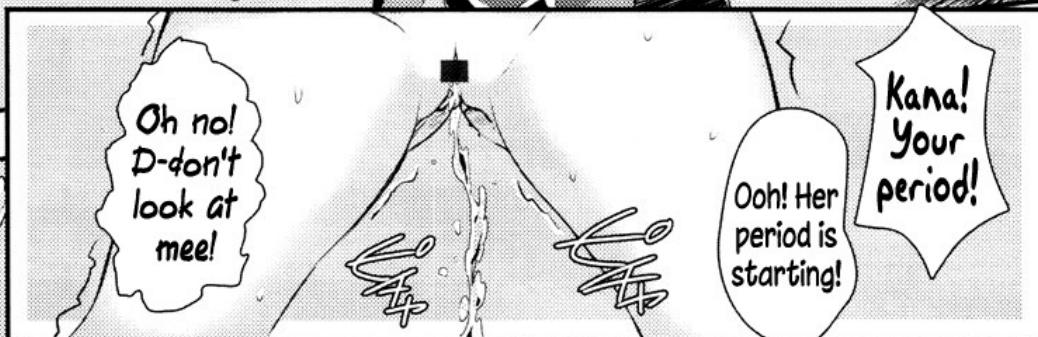

How 'bout we all do it together this time?

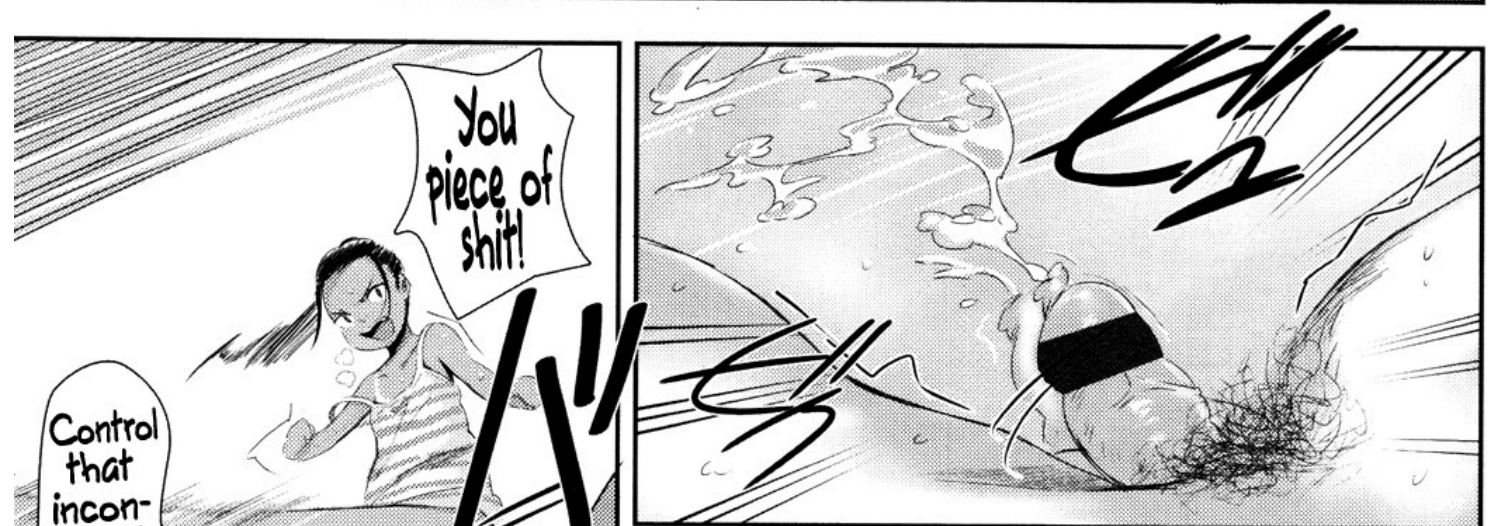

I-I think I'll pass this time...

C'mon now, Kana, don't be such a spoil sport.

Aww... But I already went to the toilet before we started practice.

Yeah, I've been holding it in for a while too~

End

It felt heavenly!
