PEOPLE  
LIVING IN  
THESE  
MODERN  
TIMES  
HAVE  
MANY  
WORRIES.

ソワソワ

ストレス

ヒヤヒヤ

HOW ABOUT  
TRYING TO  
CULTIVATE A  
MANDRAGORA?

AND SO,  
THIS IS  
WHAT WE  
LIKE TO  
RECOMMEND  
TO YOU:

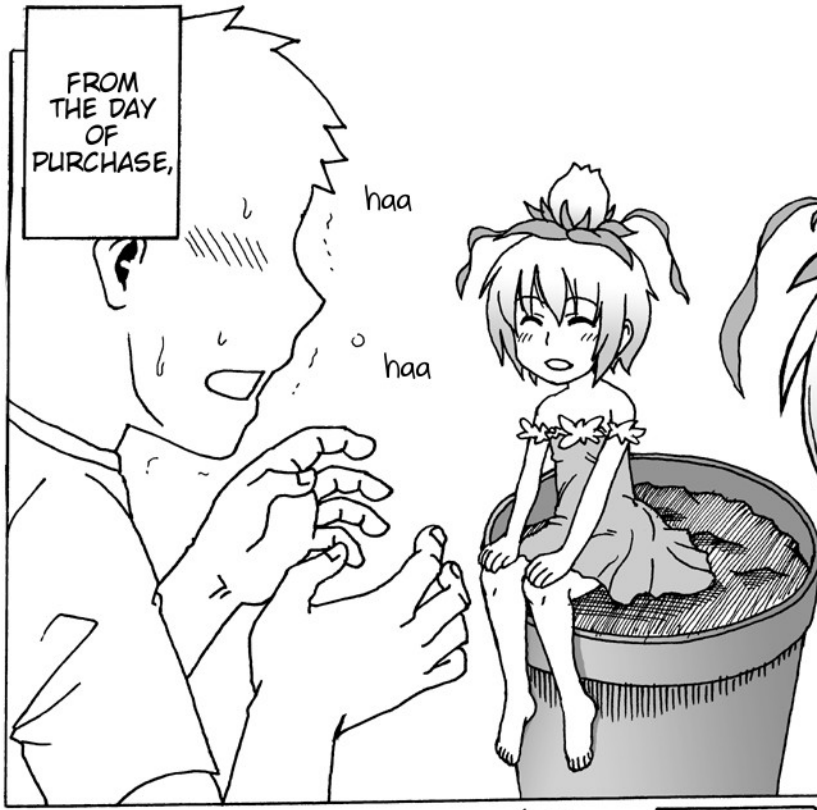

FROM  
THE DAY  
OF  
PURCHASE,

hah

hah

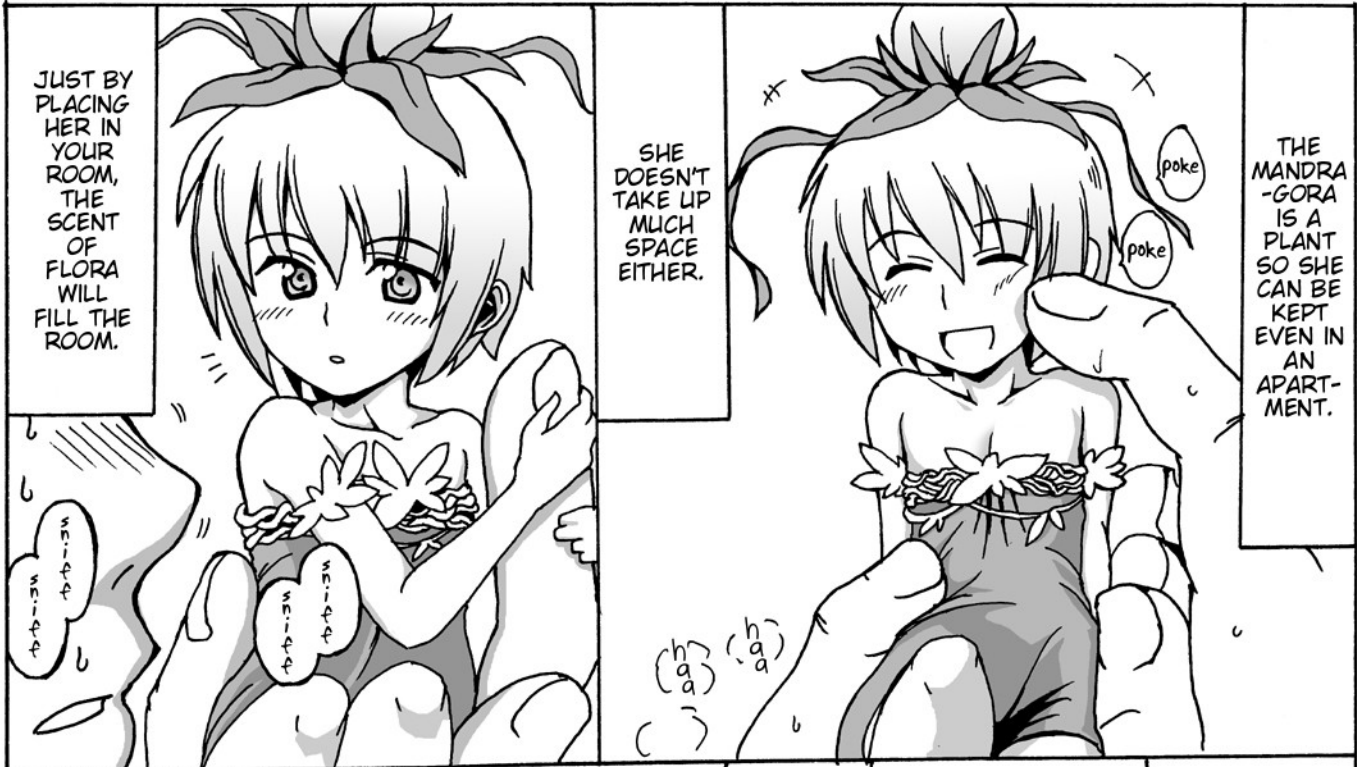

NO  
SPECIAL  
KNOW-  
LEDGE  
IS  
NEEDED.

THE  
CUTE  
LOOKING  
MANDRA-  
GORA

ニッ

WILL  
HEAL  
YOU.

JUST BY PLACING HER IN YOUR ROOM, THE SCENT OF FLORA WILL FILL THE ROOM.

SHE DOESN'T TAKE UP MUCH SPACE EITHER.

THE MANDRA-GORA IS A PLANT SO SHE CAN BE KEPT EVEN IN AN APARTMENT.

s-s-s-s

s-s-s-s

poke

poke

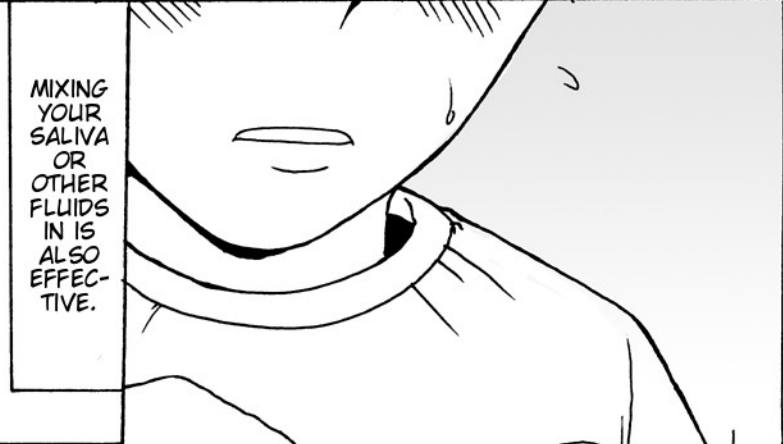

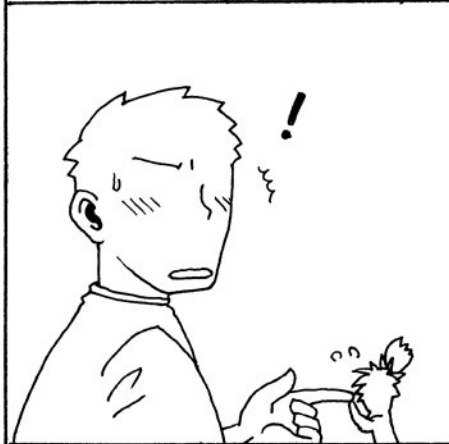

haha

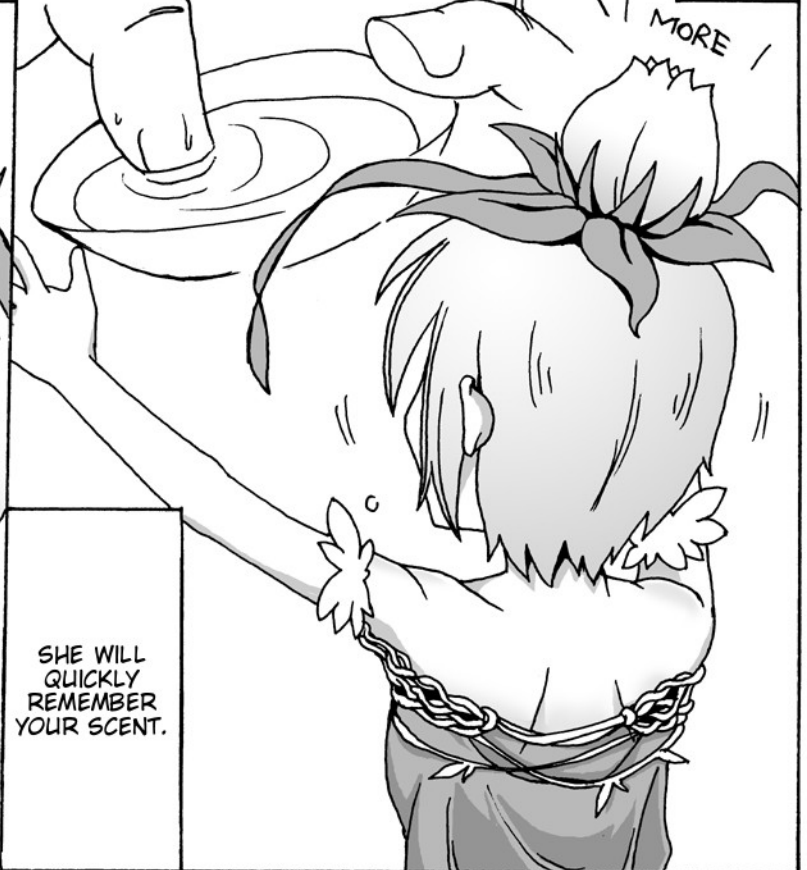

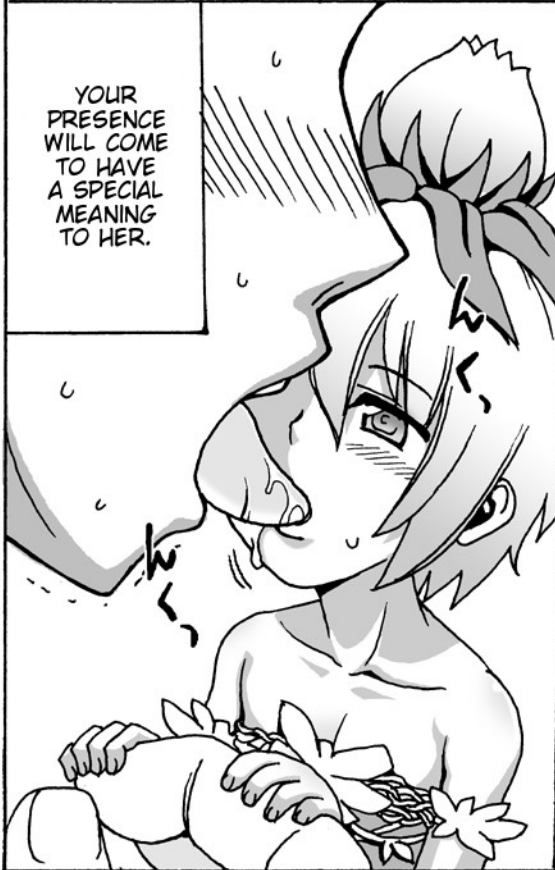

BASICALLY, AS SHE IS A PLANT, PROVIDING HER WITH ONLY WATER IS ENOUGH.

CULTIVATION

PLEASE ENJOY THE REFRESHING SCENT AT CLOSE PROXIMITY.

AS FAR AS POSSIBLE, PLEASE WATER HER WITH YOUR OWN HANDS.

MIXING YOUR SALIVA OR OTHER FLUIDS IN IS ALSO EFFECTIVE.

YOUR PRESENCE WILL COME TO HAVE A SPECIAL MEANING TO HER.

SHE WILL QUICKLY REMEMBER YOUR SCENT.

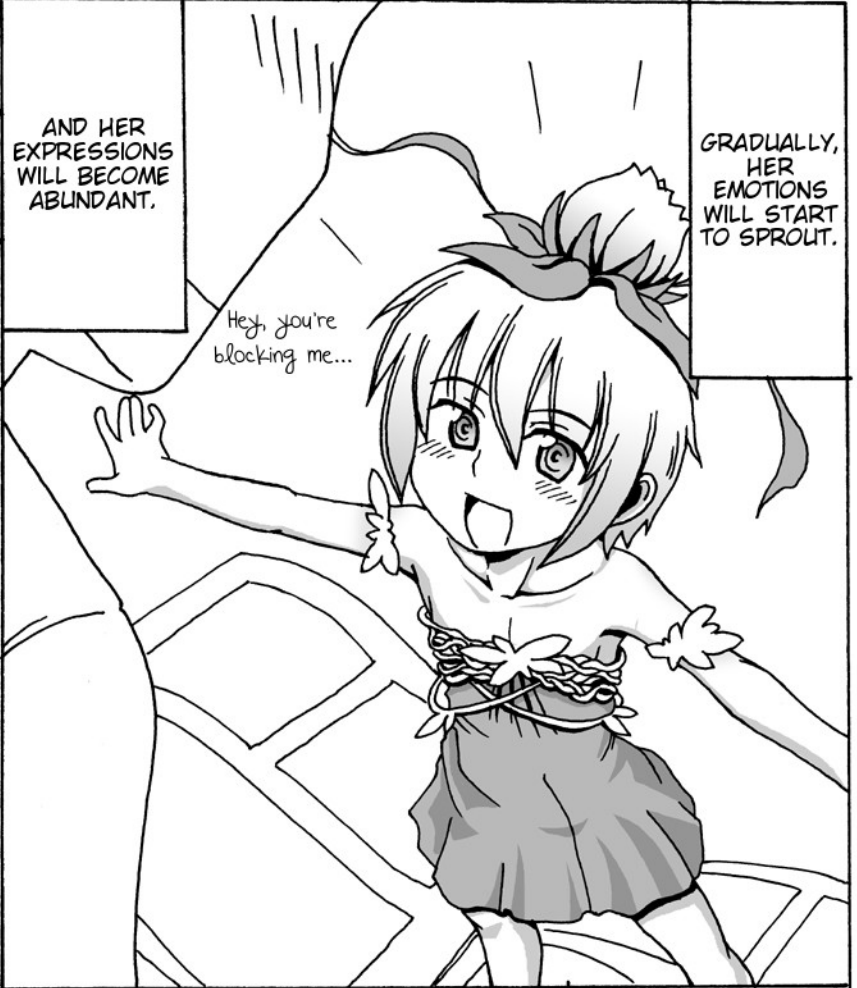

WHEN YOU  
PAY  
ATTENTION  
TO HER,  
SHE'LL  
SHOW JOY.

AND HER  
EXPRESSIONS  
WILL BECOME  
ABUNDANT.

Hey, you're  
blocking me...

GRADUALLY,  
HER  
EMOTIONS  
WILL START  
TO SPROUT.

THAT  
MEANS  
THAT  
SAP HAS  
BUILT UP  
INSIDE  
HER  
BODY.

AND  
WHEN  
SHE  
STARTS  
TO  
MOVE  
IN A  
LIVELY  
MANNER,

CONVERSELY, SHE'LL  
SULK WHEN SHE  
GETS LONELY.

SO PLEASE PLAY  
WITH HER  
WHENEVER YOU CAN.

Come out...

sob...

PLEASE PREPARE  
A CUP OR  
OTHER  
SIMILAR  
CONTAINER  
FOR HER  
USE.

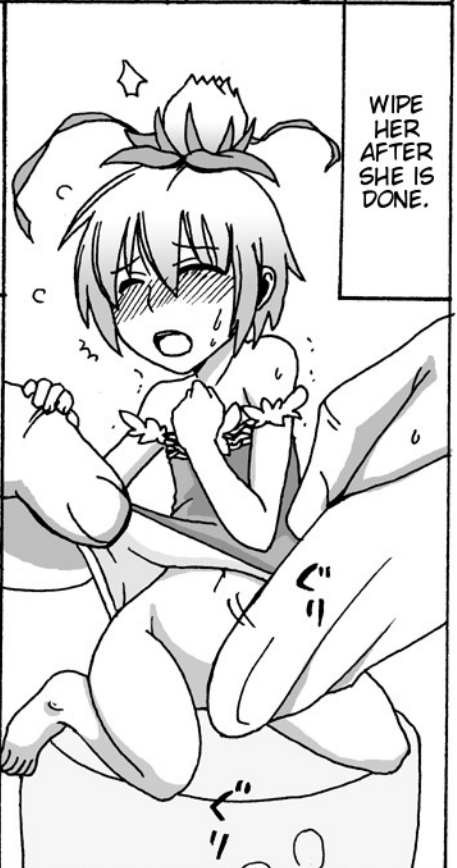

IT IS  
RICH IN  
VITAMINS  
AND  
DIETARY  
FIBER.

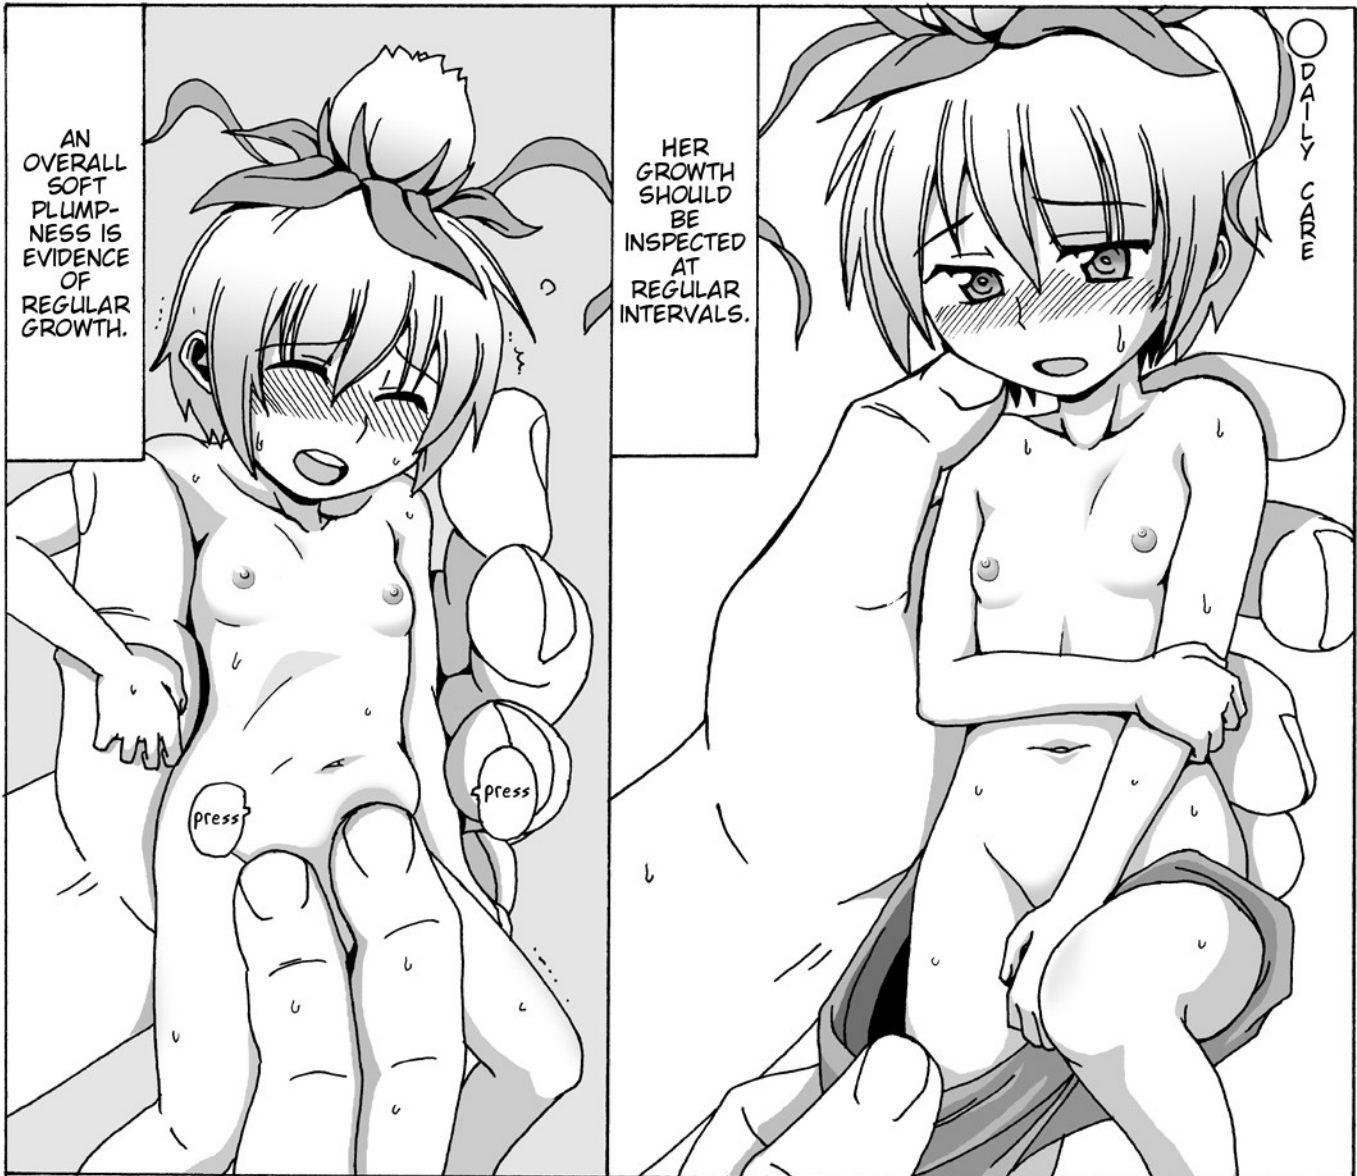

That's quite  
a lot...

PLEASE  
DRINK  
WHILE  
IT IS  
WARM.

WIPE  
HER  
AFTER  
SHE IS  
DONE.

AN OVERALL SOFT PLUMPNESS IS EVIDENCE OF REGULAR GROWTH.

HER GROWTH SHOULD BE INSPECTED AT REGULAR INTERVALS.

○ DAILY CARE

※ AS SHE GROWS, SHE WILL START TO BECOME EMBARRASSED AND DISLIKE BEING MADE TO TAKE OFF HER CLOTHES. THIS IS A NORMAL REACTION, SO THERE IS NO PROBLEM.

A GOOD AND THOROUGH INSPECTION INVOLVES FEELING HER ALL OVER.

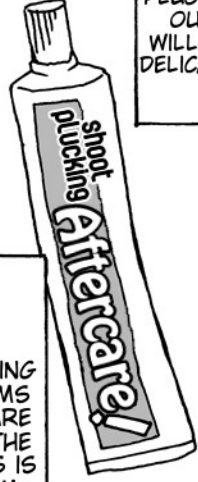

PLEASE RUB THE CREAM IN WELL, AS IF GIVING HER A MASSAGE.

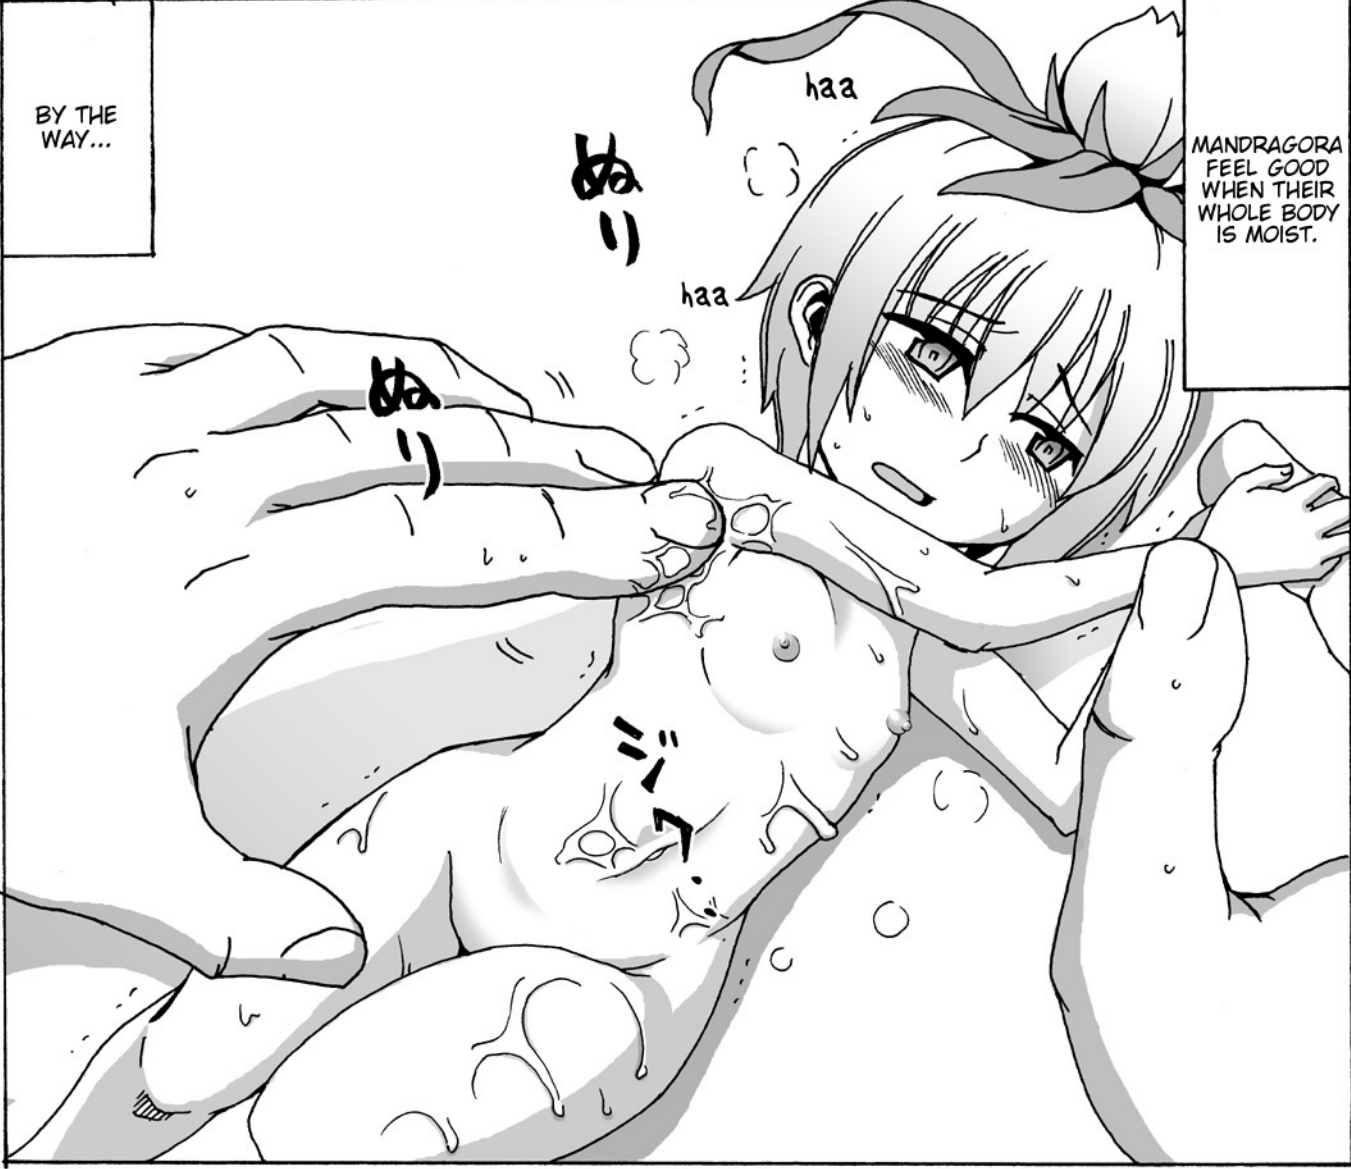

THE SPOTS WHERE THE SHOOTS WERE PLUCKED OUT WILL BE DELICATE.

APPLYING CREAMS TO CARE FOR THE SPOTS IS RECOMMENDED.

BY THE WAY...

MANDRAGORA FEEL GOOD WHEN THEIR WHOLE BODY IS MOIST.

UNLIKE THE EXCRETED SAP, THIS SAP HAS A FRUITY SWEETNESS.

YOU SHOULD DEFINITELY TRY THE TASTE.

hah

WITH SUCH STIMULATION, SAP MAY BEGIN TO Ooze OUT ONTO HER SKIN.

haah

OOO

ハハハ

haah

haah

WITH FURTHER STIMULATION, THE AMOUNT OF SAP WILL INCREASE.

BE SURE TO REHYDRATE HER APPROPRIATELY.

A POINT TO TAKE NOTE OF IS THAT AS THE AMOUNT OF SECRETIONS INCREASES, SHE MAY BECOME DEHYDRATED.

モゴモゴ

WHEN NO STAMENS ARE AVAILABLE, PREPARE SOME COMMERCIAL POLLEN.

○REPRODUCIBLE

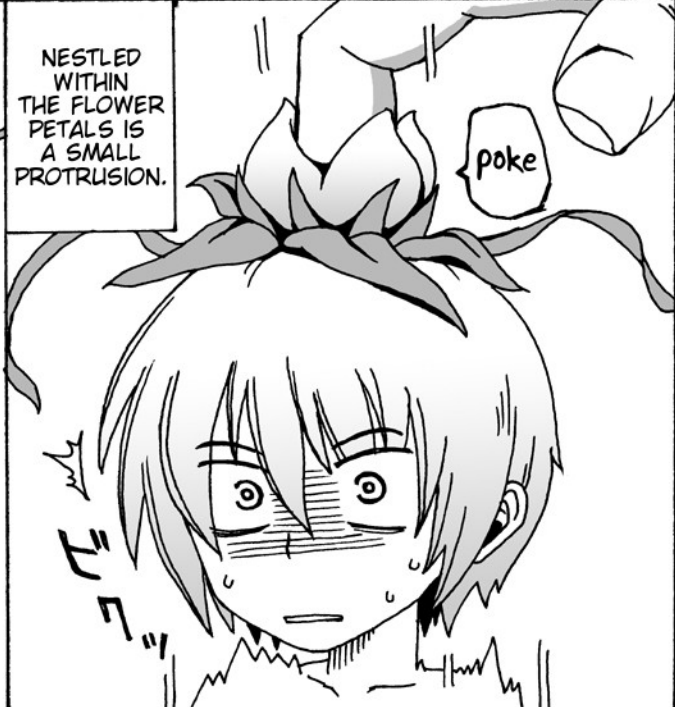

WHEN SAP OOZES OUT ONTO HER SKIN, IT'S ALSO A SIGN THAT SHE IS READY FOR POLLINATION.

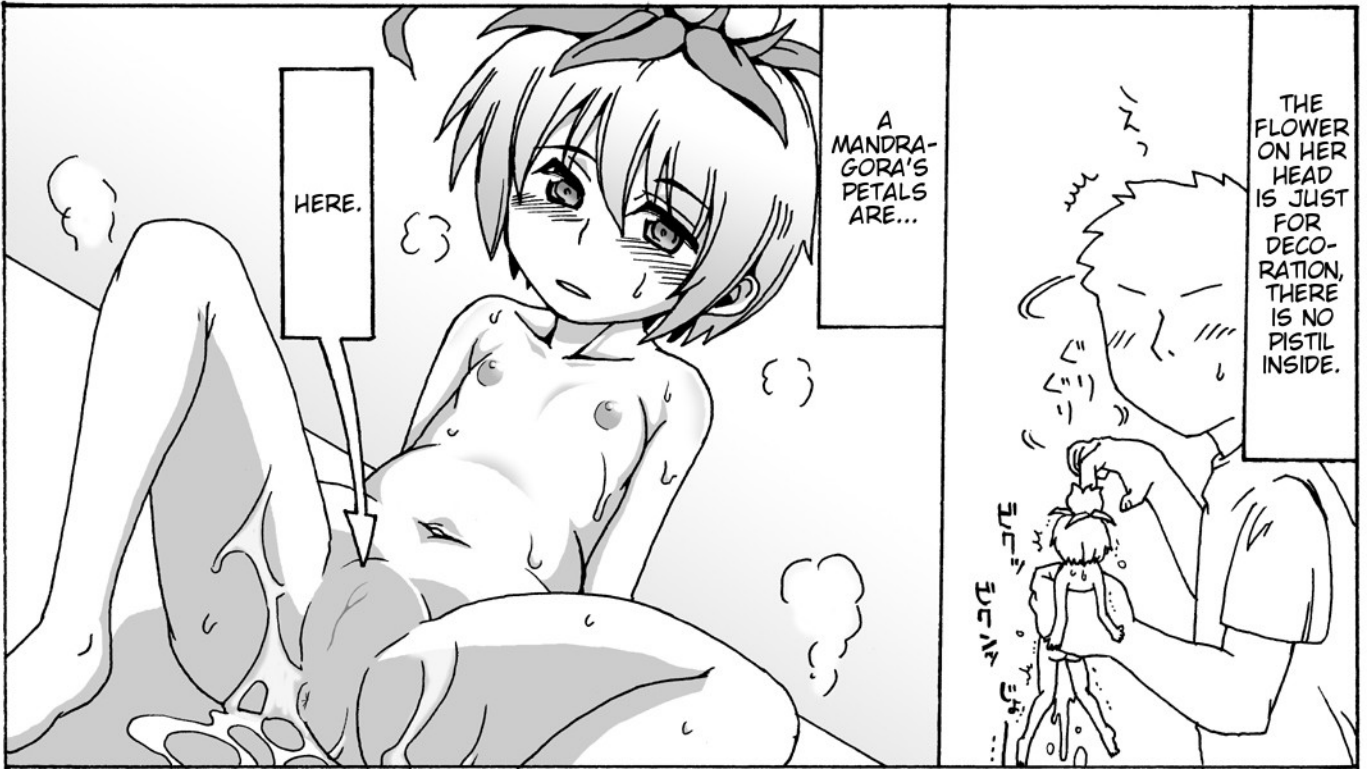

FIRSTLY, LOCATE THE PISTIL.

NESTLED WITHIN THE FLOWER PETALS IS A SMALL PROTRUSION.

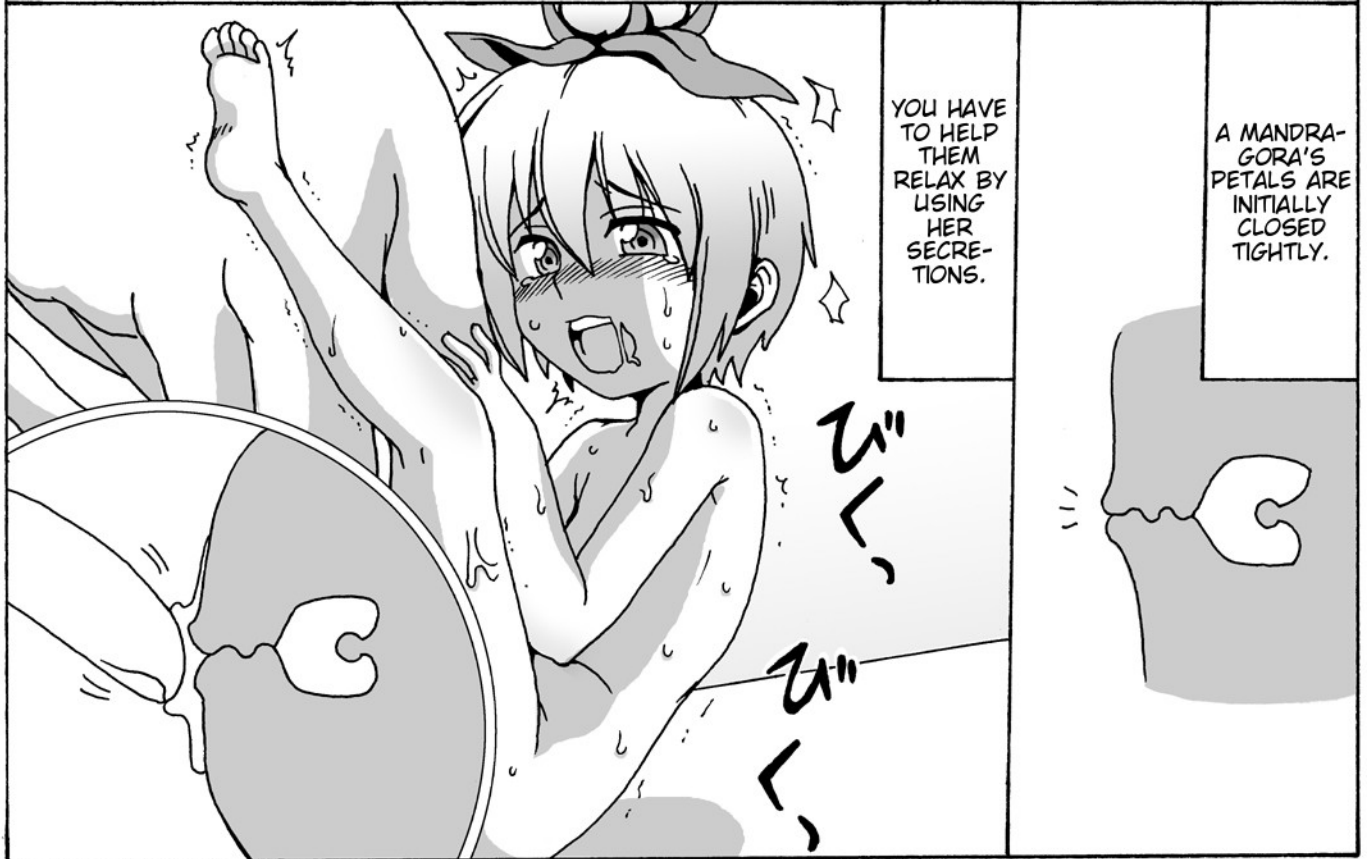

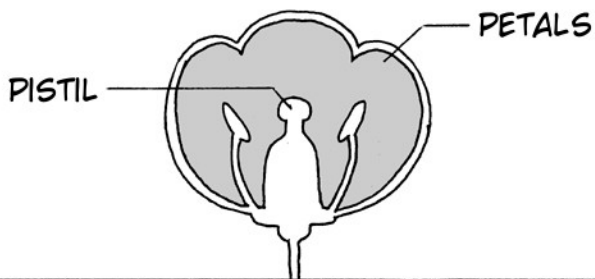

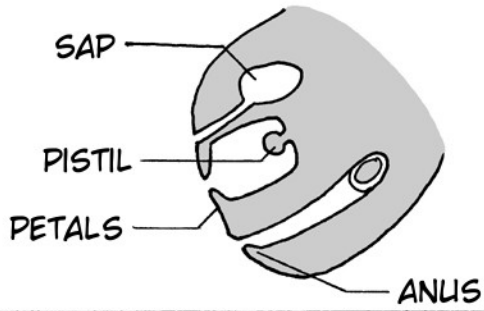

A MANDRAGORA'S PETALS ARE...

THE FLOWER ON HER HEAD IS JUST FOR DECORATION, THERE IS NO PISTIL INSIDE.

HERE.

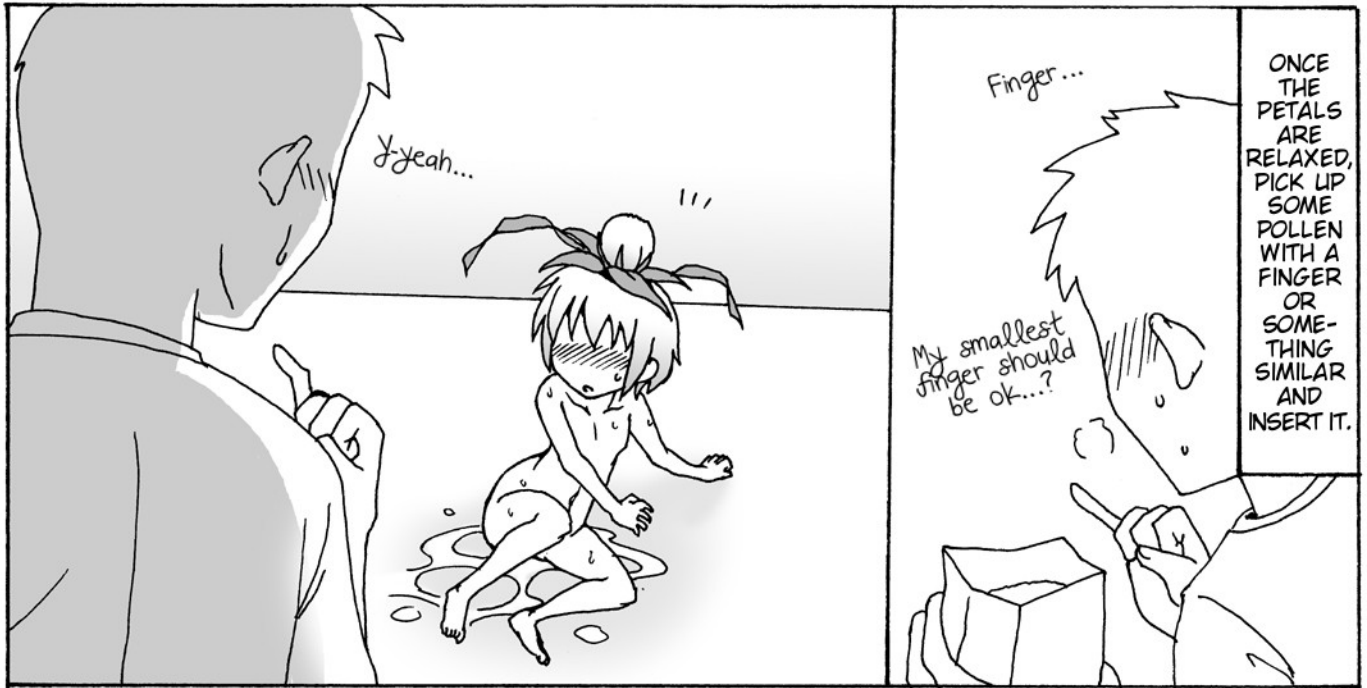

MANDRAGORA

TULIP

YOU HAVE TO HELP THEM RELAX BY USING HER SECRETIONS.

A MANDRAGORA'S PETALS ARE INITIALLY CLOSED TIGHTLY.

poke

THE FIRST POLLINATION WILL BE FULL OF UNKNOWN STIMULI FOR HER.

MAKE SURE TO COVER ALL SURFACES EVENLY.

フッ

フッ

?

surp.

キック

PLEASE DISTRACT HER BY DOING THINGS SUCH AS STROKING HER TO REASSURE HER.

REPEAT THESE STEPS UNTIL THE INSIDE OF THE PETALS IS FULL OF POLLEN.

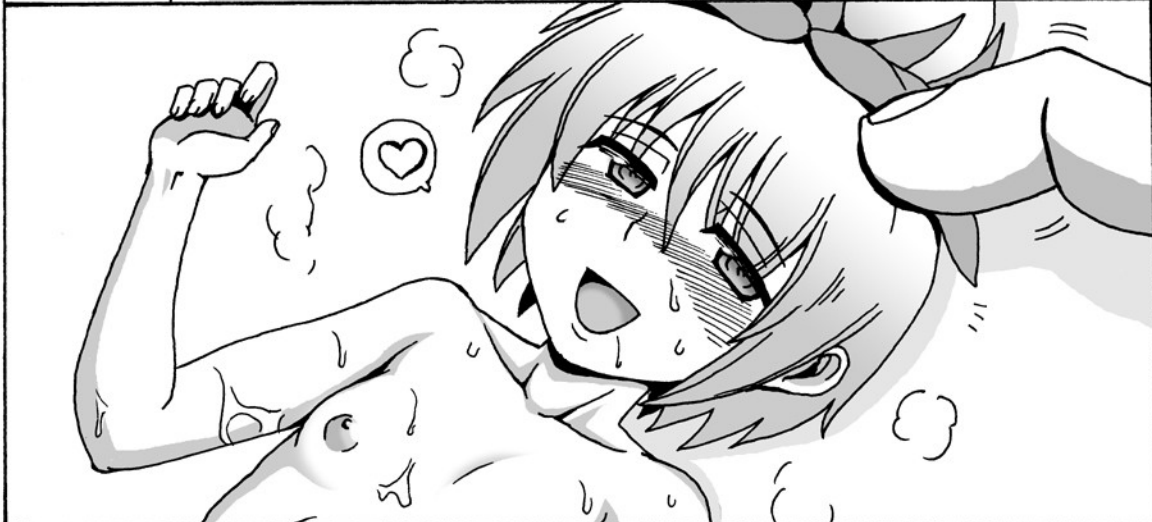

IN  
SPRING,  
FRUITS  
SHOULD  
GROW.

WITH  
THAT,  
POLLI-  
NATION  
IS  
COMPLETE.

PLEASE MAKE  
SURE TO  
PRAISE YOUR  
MANDRAGORA  
FOR DOING  
HER BEST.

Watering with  
nutritious  
liquids after  
pollination.

THANK YOU FOR BUYING AND READING THIS BOOK.

"TO LOVE MONSTER GIRLS FOR WHAT THEY ARE" IS THE THEME OF THIS CIRCLE, BUT I FEEL AS IF EVERY TIME WE ARE JUST GROPING AROUND IN THE DARK AND SO I DON'T KNOW IF WE MANAGED TO EXPRESS IT PROPERLY.

DID IT TOUCH YOUR HEARTSTRINGS?

2012.5.5 KITAKAMI TRIPLE

■SOME DESIGN THOUGHTS THAT HAVE NOTHING TO DO WITH THIS WORK■

THINK OF IT AS SOMETHING LIKE THE MANDRAGORA FROM FANTASY. WITH A HUMAN SHAPE, ITS SCREAM WHEN PLUCKED CAUSES THOSE WHO HEAR IT TO DIE. THE INITIAL UPROOTING WORK WAS DONE BY A MIDDLEMAN USING SOME SAFE METHOD. AFTER IT IS REPLANTED IN A POT, ITS PHYSIQUE BECOMES LIKE THAT OF AN ADULT.

JUICE COMES OUT WHEN IT IS STEWED, WHEN STORED WITH POTATOES THE POTATOES WON'T BUD AND IT HAS VARIOUS MEDICINAL EFFECTS. THE LEAVES AND ROOTS ARE ALSO ALL EDIBLE. JUST SAYING, BECAUSE YOU ASKED.

◇REQUEST◇

THIS BOOK CONTAINS ADULT CONTENT. PLEASE DO NOT READ IT IF YOU ARE UNDERAGED, SHOW IT TO UNDERAGED PEOPLE, OR LEAVE IT WHERE UNDERAGED PEOPLE MAY COME ACROSS IT. PLEASE DO NOT REPRODUCE, TRANSMIT, OR UPLOAD IT WITHOUT AUTHORIZATION.

THE CONTENTS OF THIS BOOK ARE FICTION. FANTASY. IMAGINARY. NO MATTER WHAT WAS DRAWN IN THE BOOK, IT IS IN NO WAY MEANT TO ENCOURAGE SIMILAR ACTS IN REAL LIFE. PLEASE ENJOY IT IN YOUR MIND.
