Me?
I'm just a dopey
college student
with too much
free time on his
hands who got
roped into
baby-sitting
duty.

Usually not something I'd bother remembering, except...

The episode featured a scene where the princess, captured and bound by the evil witch, sat waiting for her rescuer to appear.

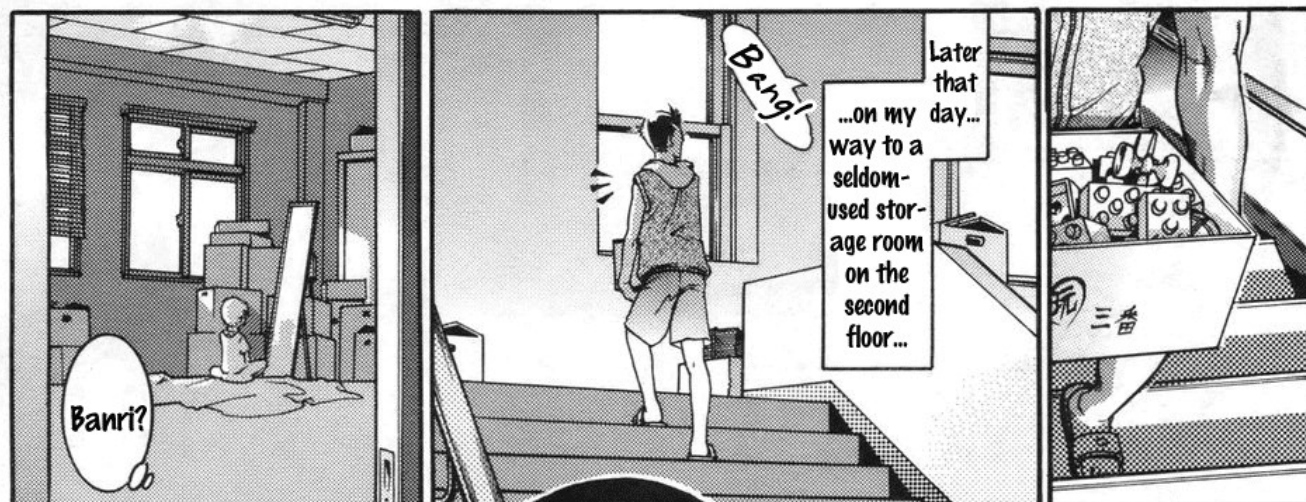

One of the shows they watched was an old, cliché-ridden cartoon that wasn't considered good even in its day.

Hey! Hey! Explain this part to me!

I wonder if she has a fever?

Her face is really red.

Banri?

Bang!

...on my way to a seldom-used storage room on the second floor...

Later that day...

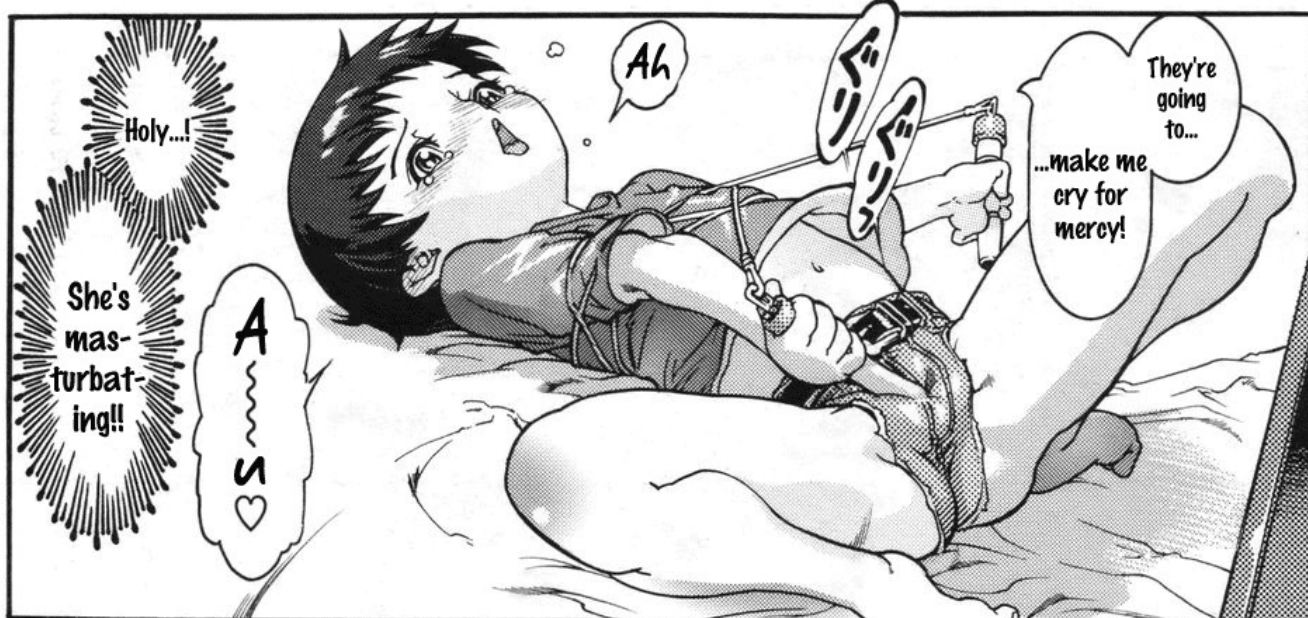

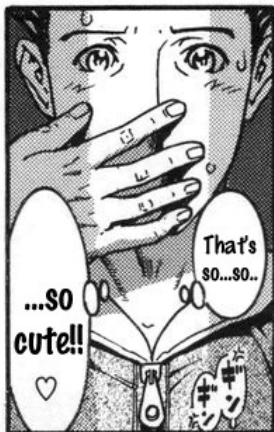

...to do horrible things to me!

And soon the bad guys will return...

I'm all tied up... with no chance of escape.

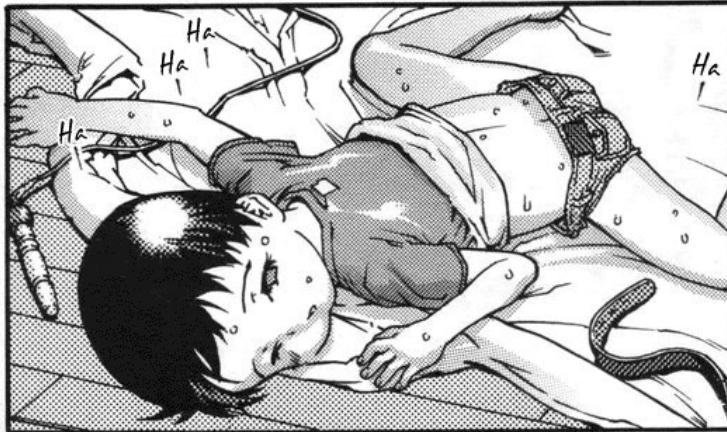

Aah... I've been captured.

...so cute!!

That's so...so...

...her stamina finally gave out, and she collapsed to the floor.

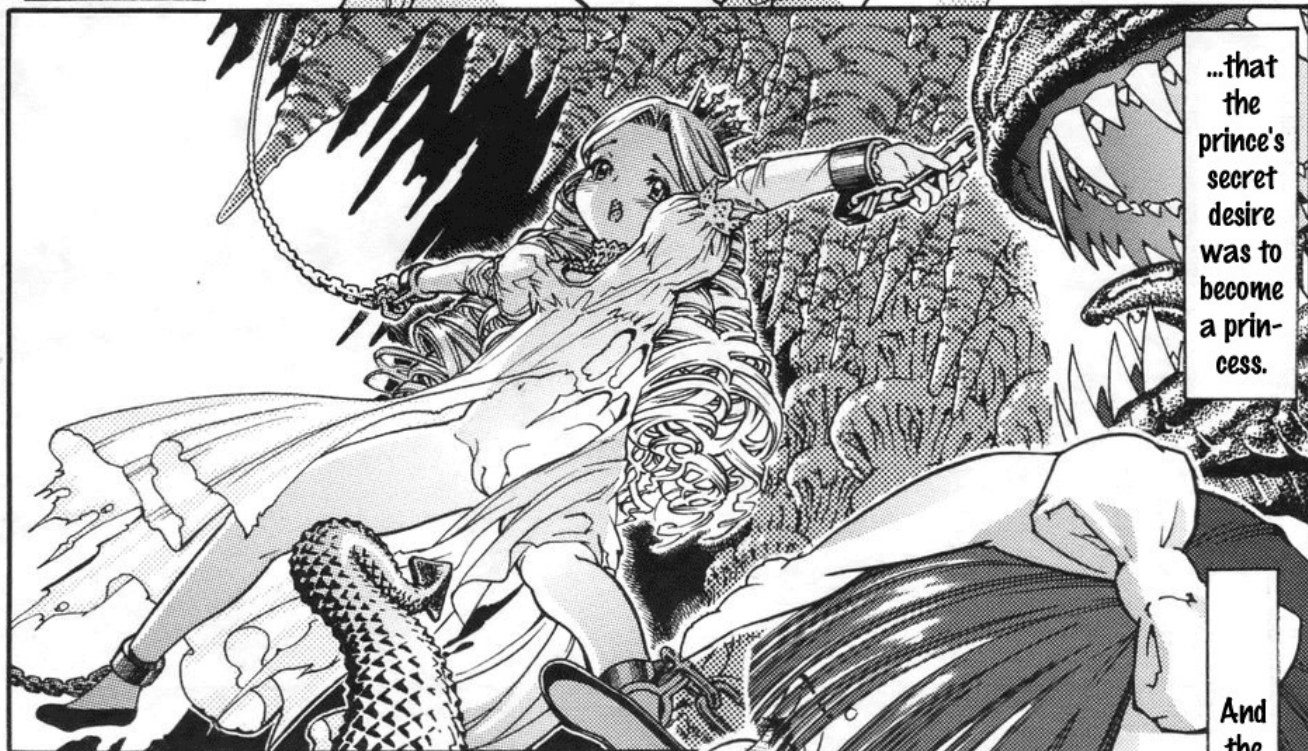

After some time of her trying to rub the dull ache out of her lower half in a clumsy attempt at masturbation...

...all I really knew was...

Check out my golden right!!

Whether it came from a simple desire to change herself, or some kind of deeper complex...

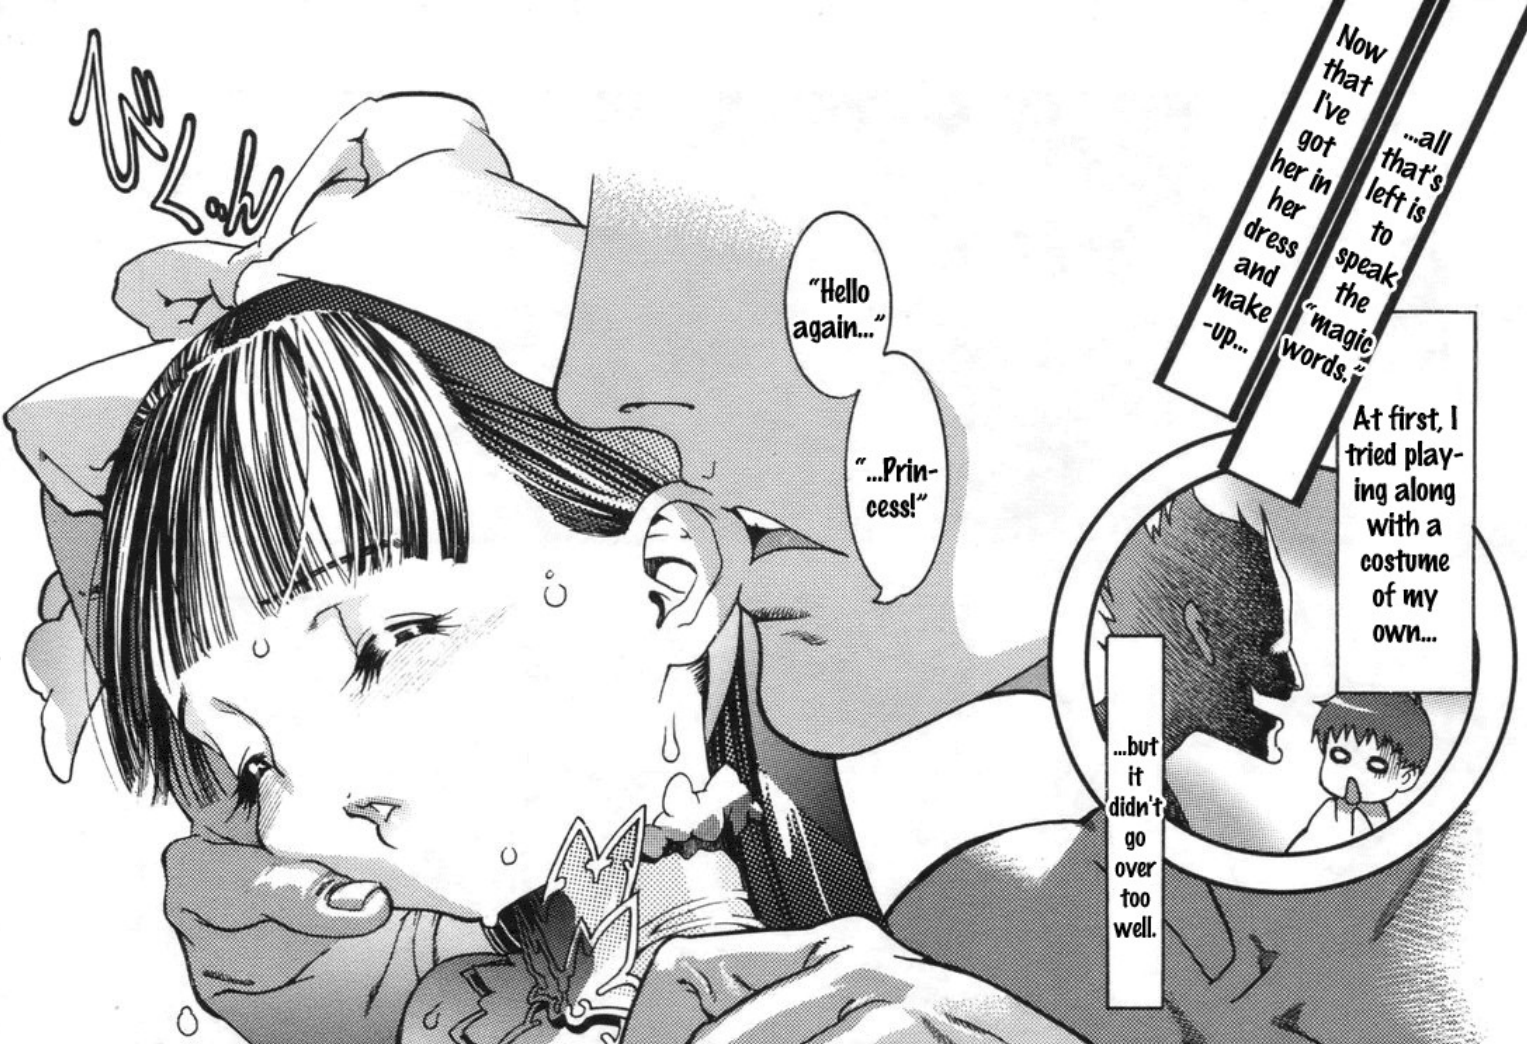

...that the prince's secret desire was to become a princess.

After finding all that out, it then took half a year to advance our relationship to the point it is now.

And the "captured princess" was her go-to fantasy.

"Hello again..."

"...Princess!"

Now that I've got her in her dress and make-up...
...all that's left is to speak the "magic" words.

At first, I tried playing along with a costume of my own...

...but it didn't go over too well.

Haa
Haa

...her voice softens, losing the rougher edge she normally speaks with.

"...I will avenge my father!"

"I swear that, by my own hand..."

When I hold her a little tighter...

I feel the faint beating of her heart as I press up against her back.

"I..."

"I will never submit to the likes of you, villain."

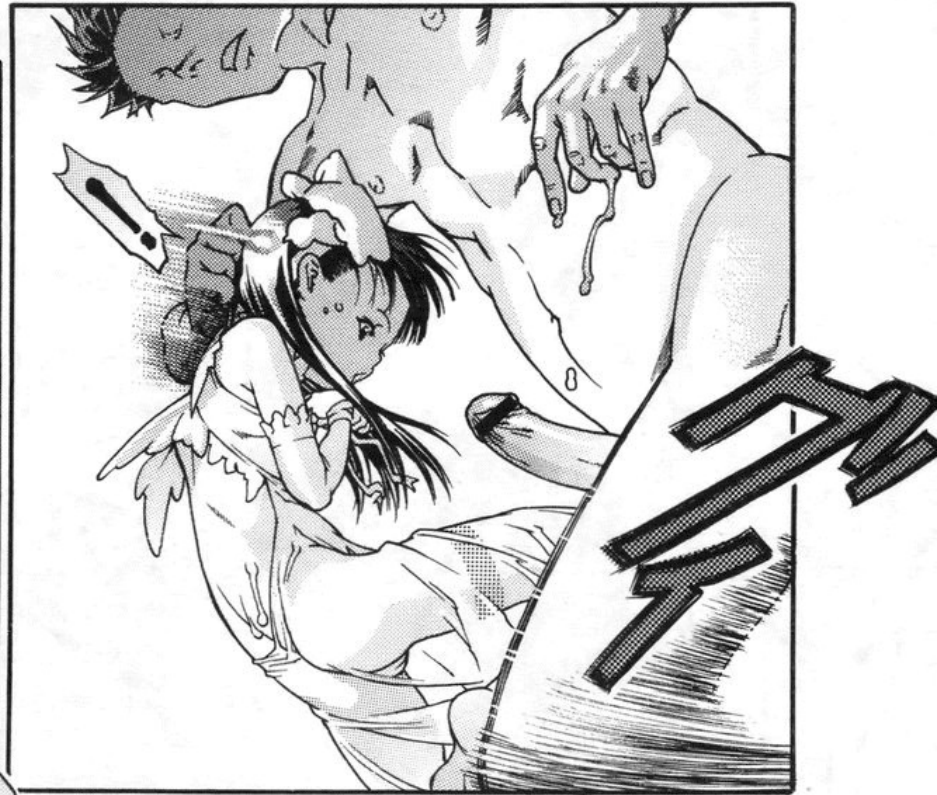

"Today is the day that you finally swear to become my bride."

Uu!

Ah...

"You still think to defy me?"

Shit.

I used
my
real
voice
just
now.

Haa

Lick
it.

Ah!

Haa

I
didn't
spook
her,
did I?

グッ

She's just so...! ♡

A-m-E-n?

...I want to defile every last inch of her! ♡

From head to toe...

...and these two tiny little nubs she calls a chest...

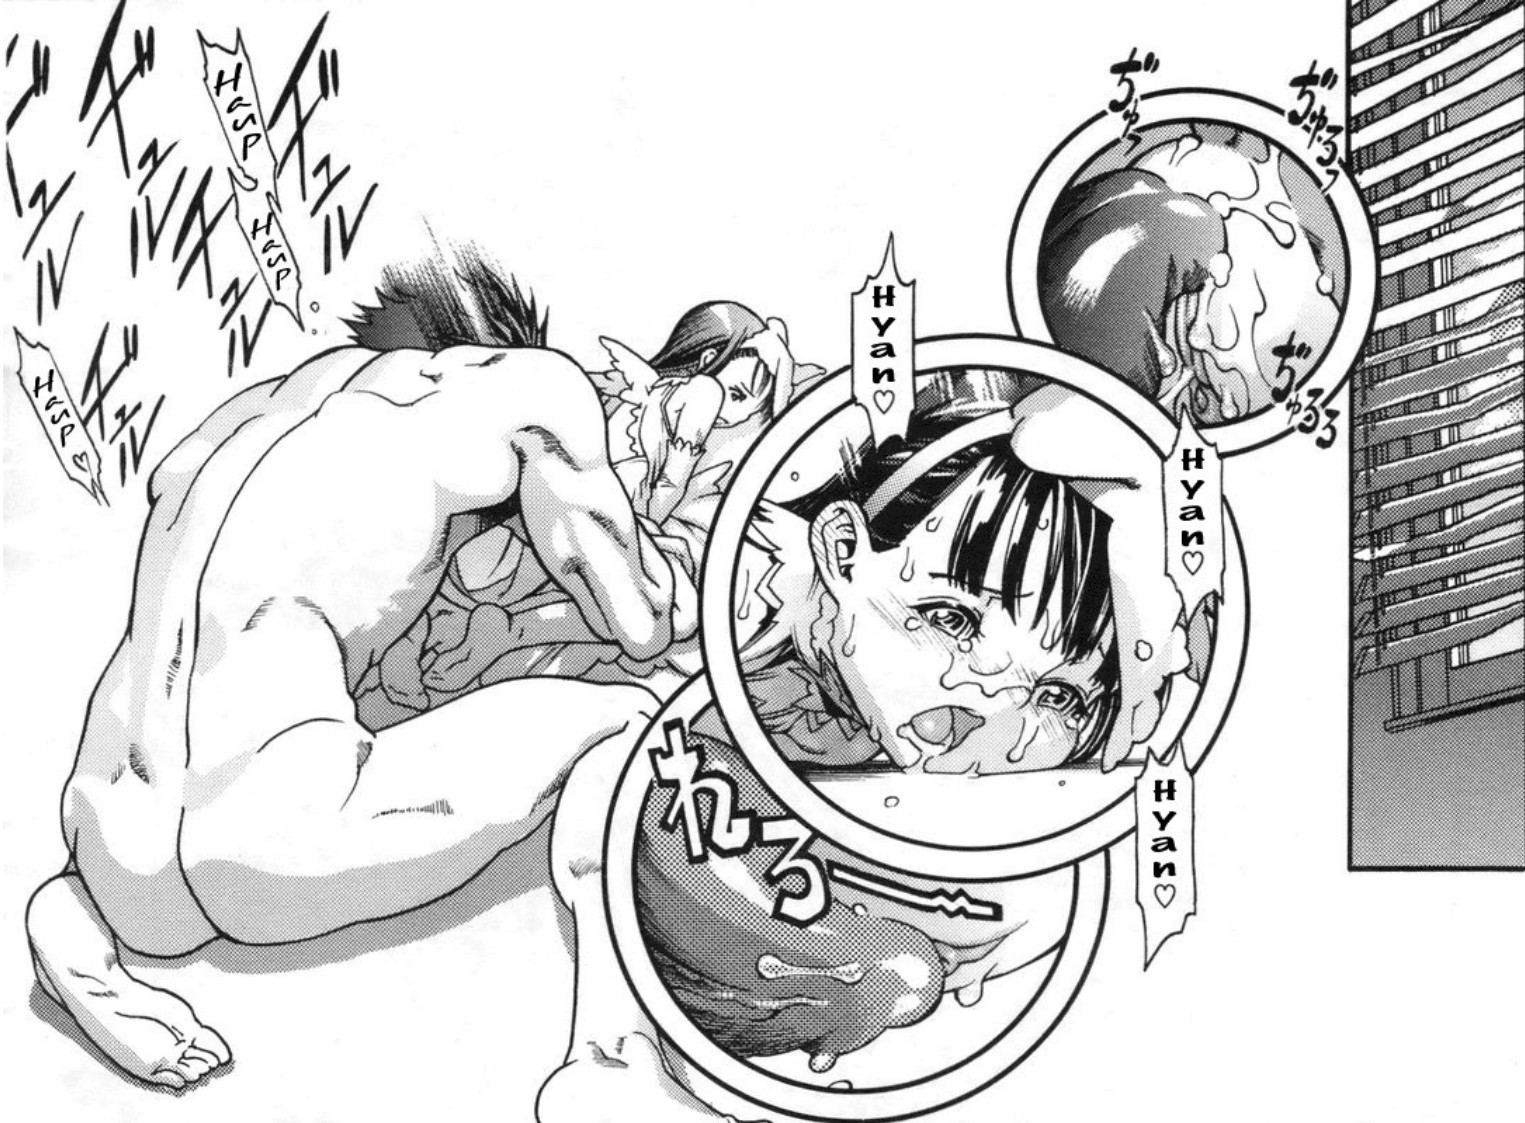

This...

...soft little rubbery cheek...

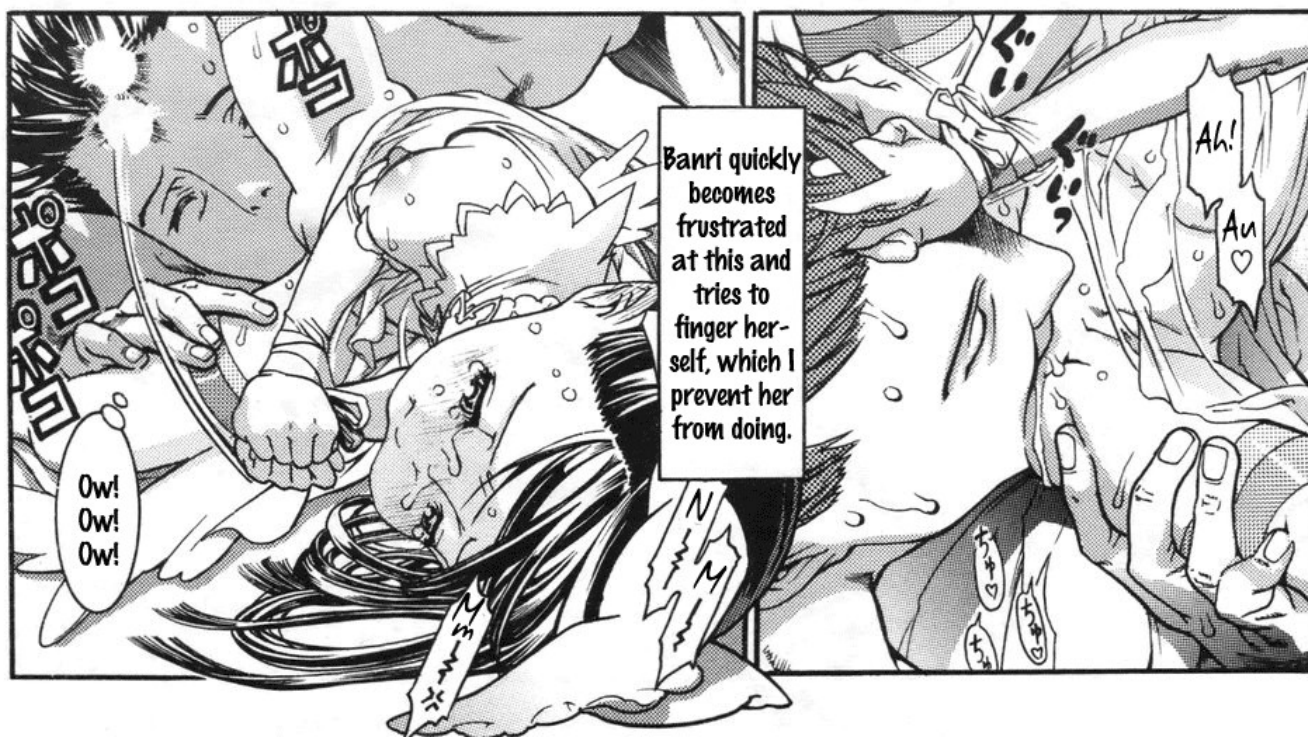

"Such an insolent mouth... deserves punishment all its own!"

Hmph!

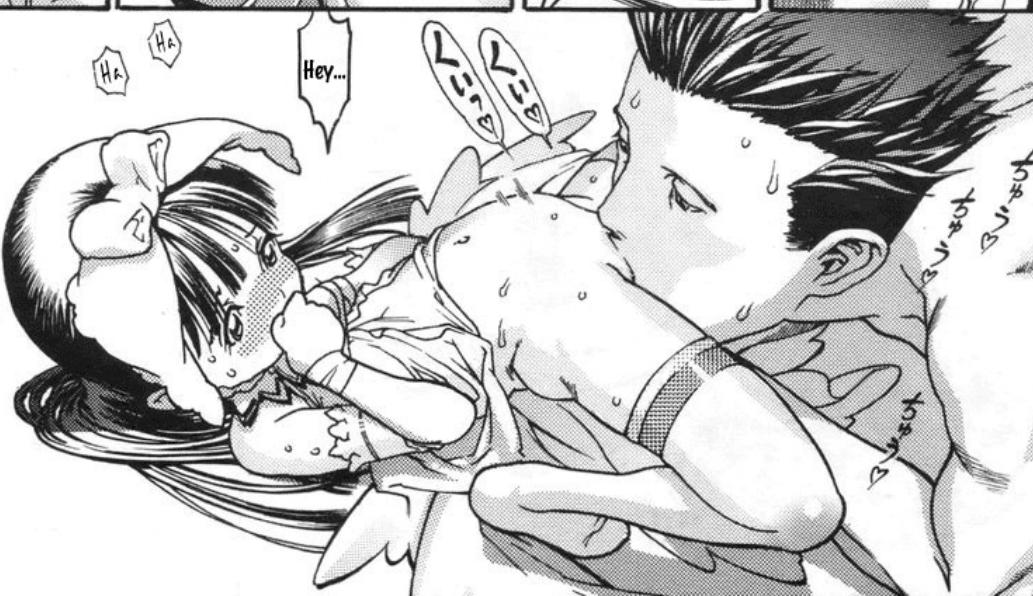

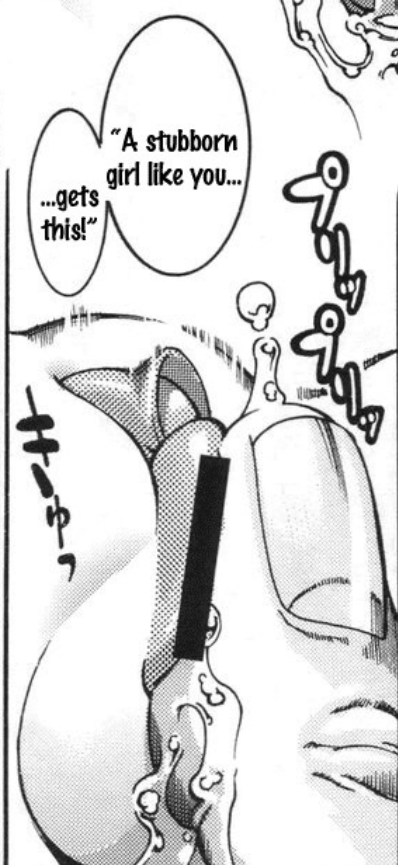

Next, I lick all around her slit while purposely avoiding her more sensitive areas.

Banri quickly becomes frustrated at this and tries to finger herself, which I prevent her from doing.

"I'm tired of these games, Princess."

W!

Ha

No more teasing!

Ha

Even with all that foreplay to loosen her up...

Let your muscles relax!

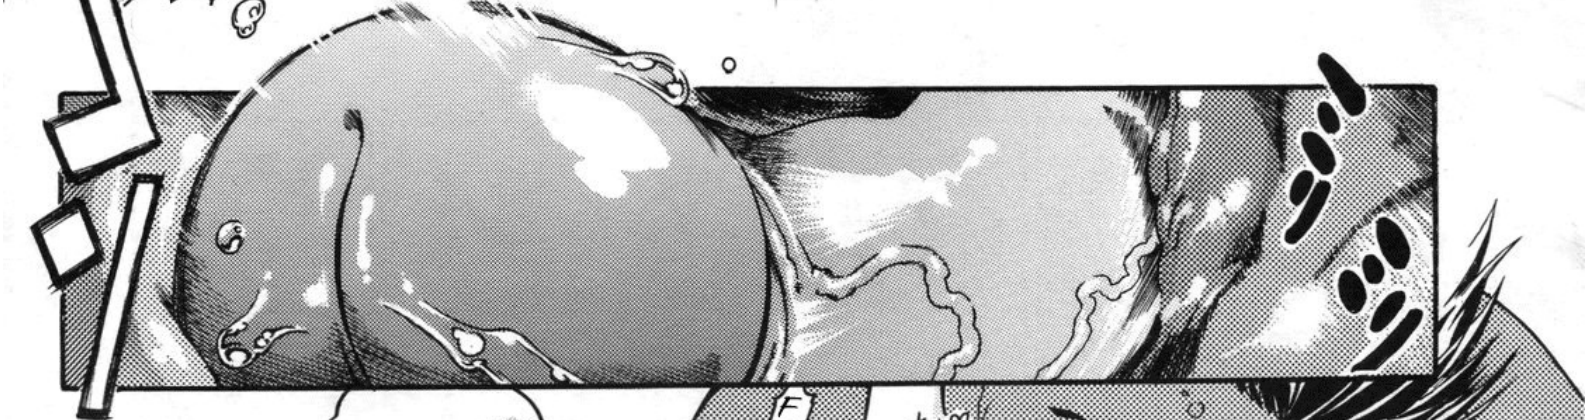

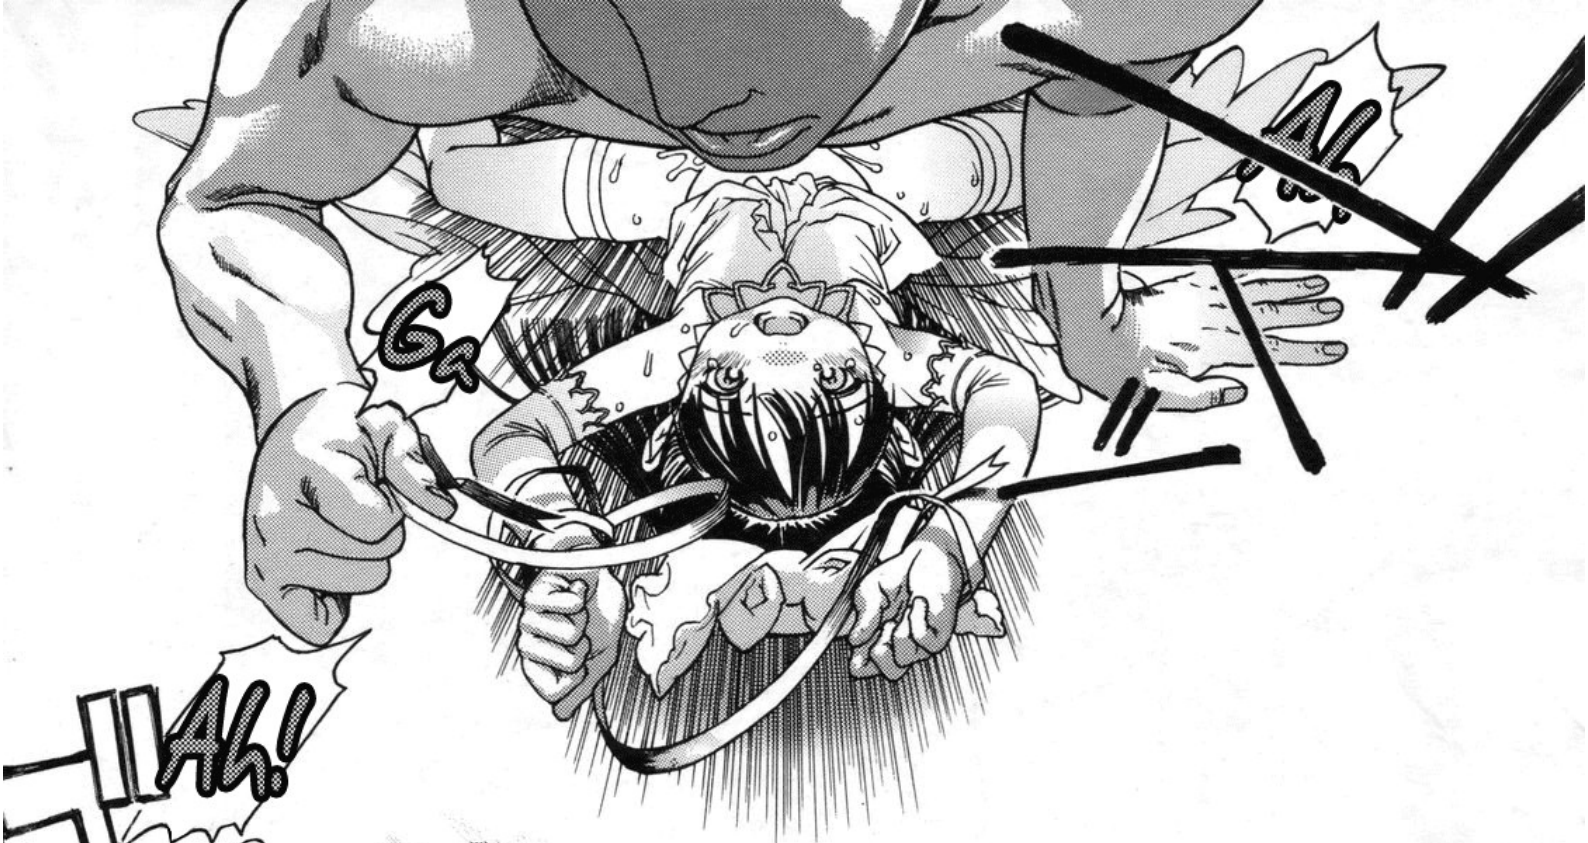

A little more!

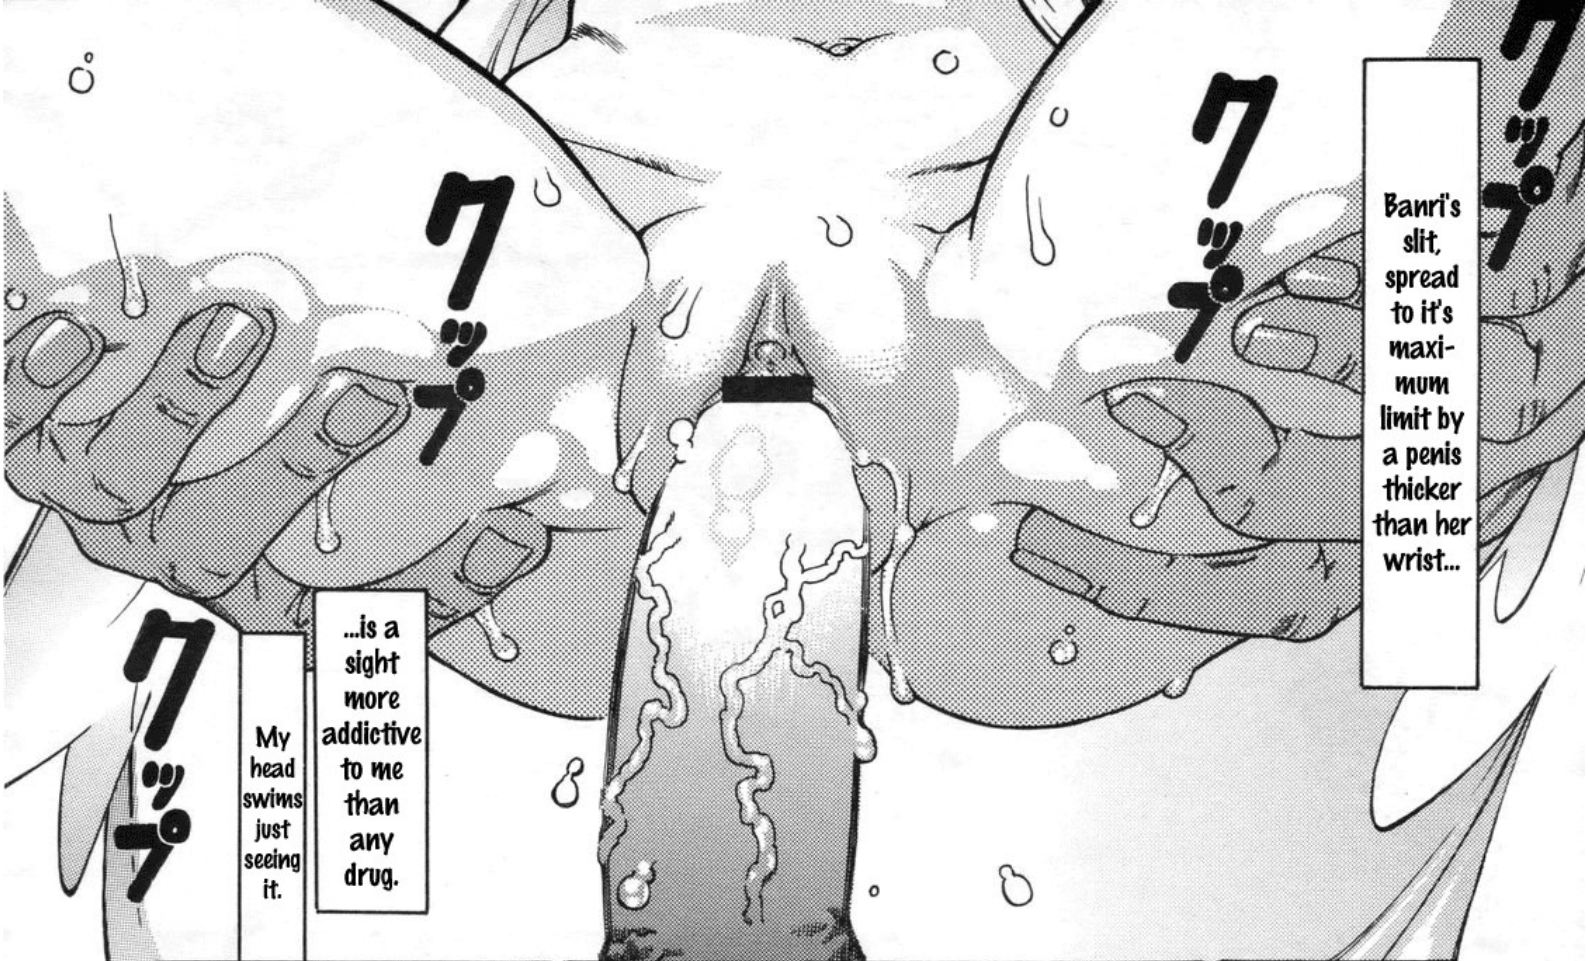

...she's still so tight!

Please!

Put your penis into me!!

Banri's slit, spread to it's maximum limit by a penis thicker than her wrist...

...is a sight more addictive to me than any drug.

My head swims just seeing it.

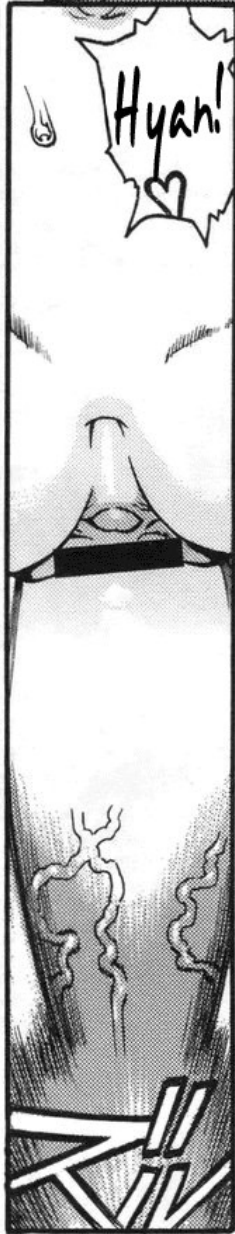

Puch!

Be-cause, Princess...

Be-cause, Banri...

...you are so incredibly cute.

Hyan!

I'm break...

Why is it... getting bigger inside?!

Wh... Why is...

Ah!?

Yah!

Ha
Heh

...I can't control myself.

I need you harder and faster with each passing moment!

So unbelievably cute...

Cu...
Cute?

All of it!

Even your crying face...

Your body, so tiny yet so sensitive...

Your hands...

Your eyes...

Your voice...

...cute princess?

You think I make a...

You're so cute, I don't think my heart can take it!

You

I

just...
♡

...the
loneliness
I see in
your face
as you
sadly
stare up
at the
evening
sky...

Whether
it's...

...or the
feigned
cheerful-
ness as you
pretend to
not want
the things
most other
children
take for
granted...

...that really make you so incredibly wonderful to me, Banri.

Those are the things...

Hi~

Hi~

This little button is cute too. ♡

Huh?!

Don't rub... ♡

Don't rub that!! ♡

It's too much!! ♡

Hyah ♡

But it's best that you don't know how I really feel.

Because even when we're not pretending...

Too... much!!

...I'm still a "bad guy."
