I'm back
Oh?
That was fast

Found it!

A good luck Yabai?
The Hototome is a creature from the folklore of the Edo era's stories. The legend says that is a youki with a sand spirit power that will bring fortune to the owner. It's said that if someone else finds out the fact of owning a Hototome, the effort will be lost. It's concealed within two shells: sturdy as a rock, like a normal shellfish and it's from the size of a small ball. By providing it with the body fluids of women, it is possible to tame them even here it reproduce. Especially with second births, that's the origin of its name.

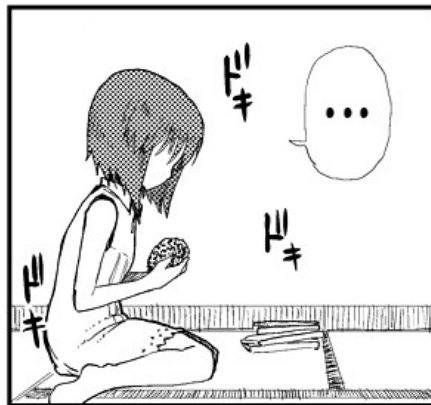

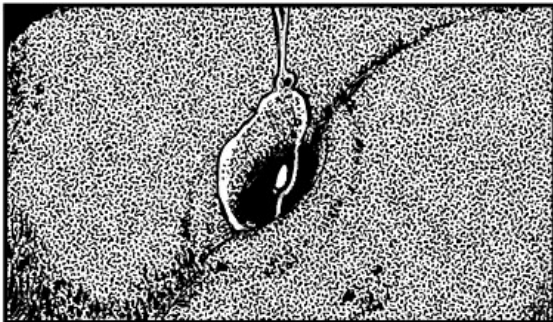

Wh-hat?
No, it's nothing

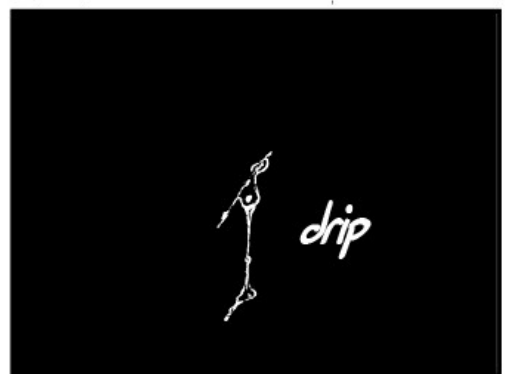

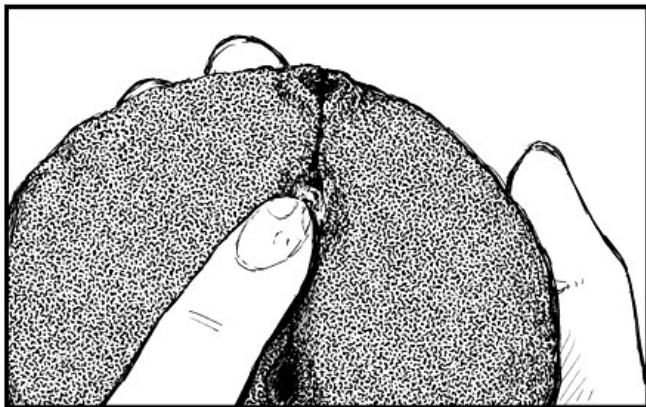

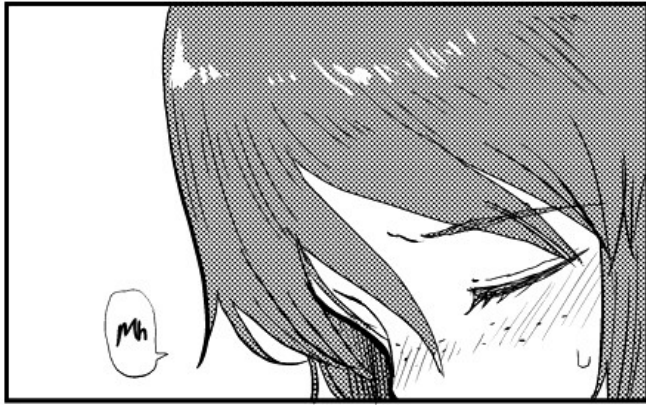

Why are you so surprised?

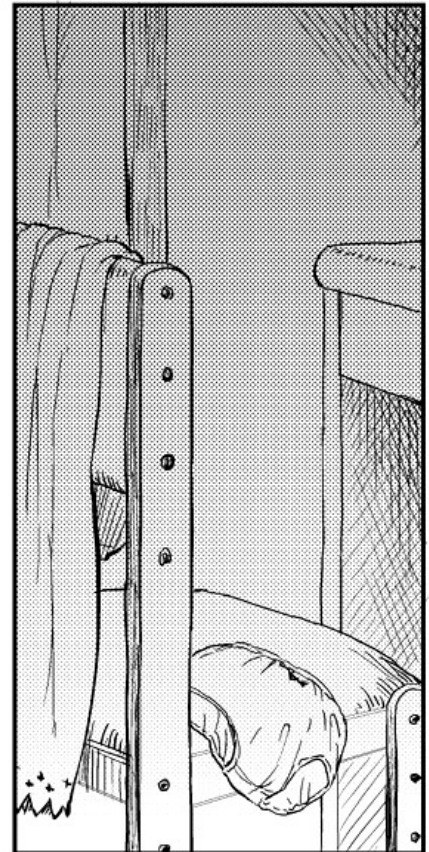

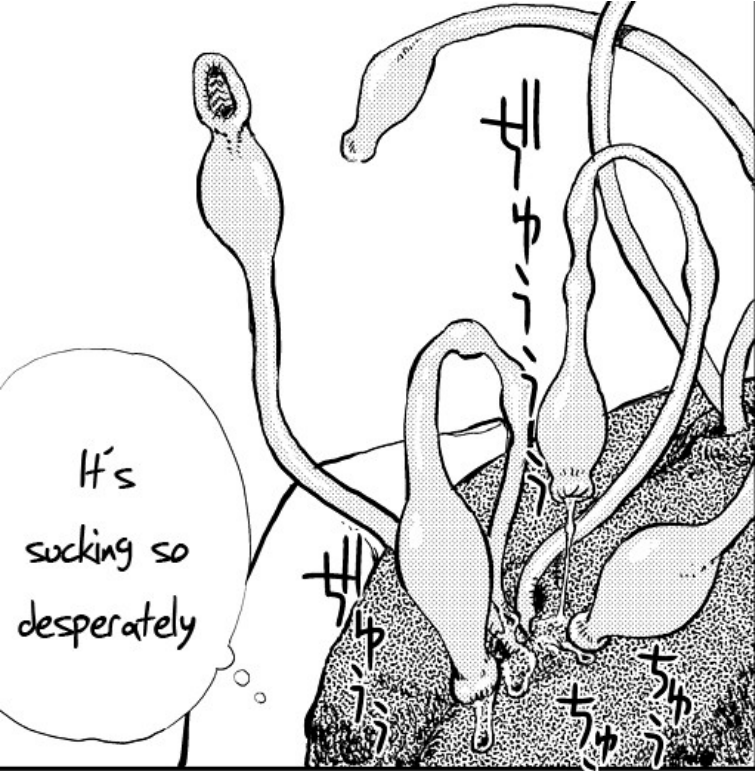

Eh!?
Ah, yeah, ok

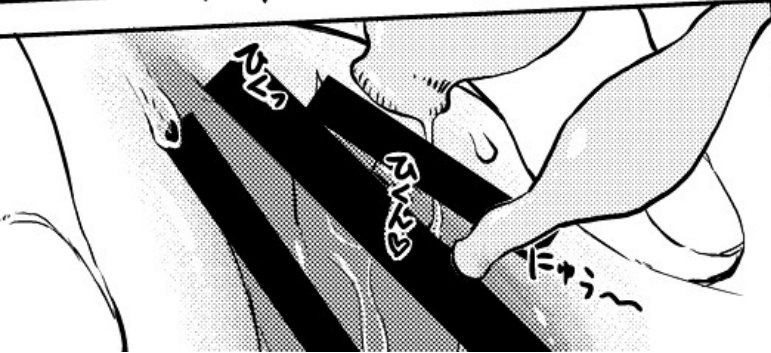

Emi, I'm gonna go shopping take care of the house

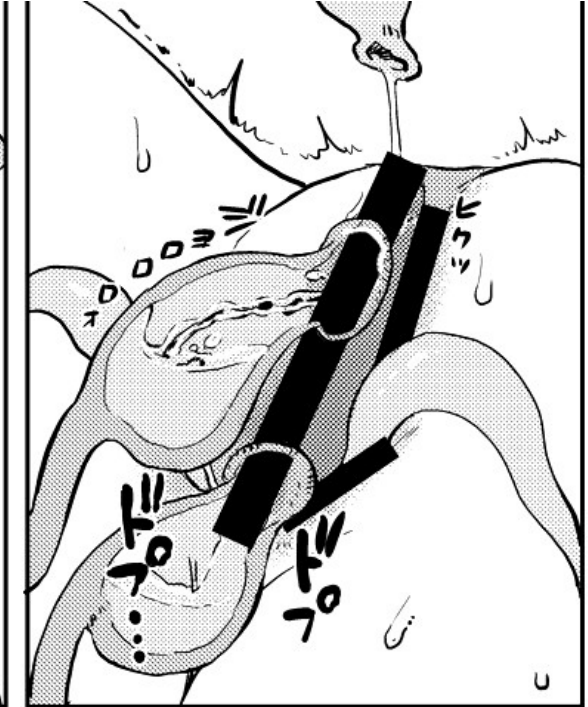

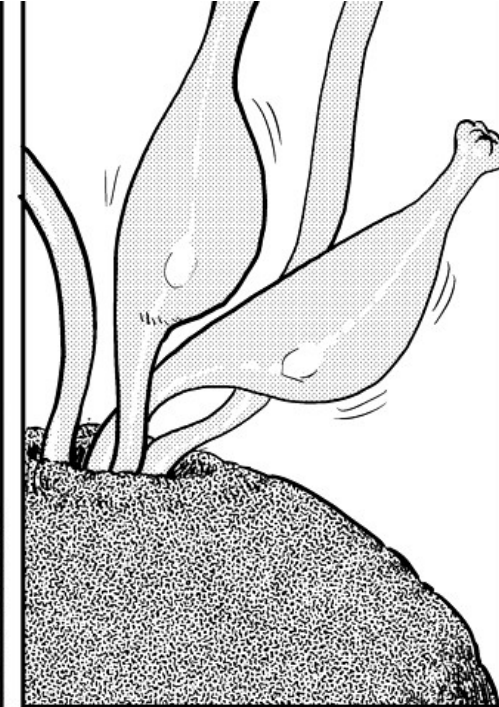

by providing it with the bodily fluids of women it is possible to tame it and even have it reproduce especially with sexual fluids, that's the origin of its name

N-Not that fast

I'm going to break

It's gonna bre-

I told my mom that the wet futon was an accident

You are too old for this!

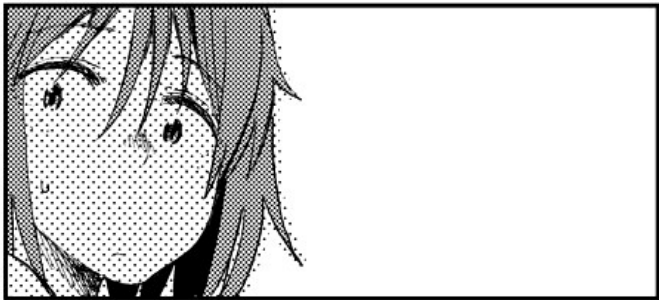

I'm sorry

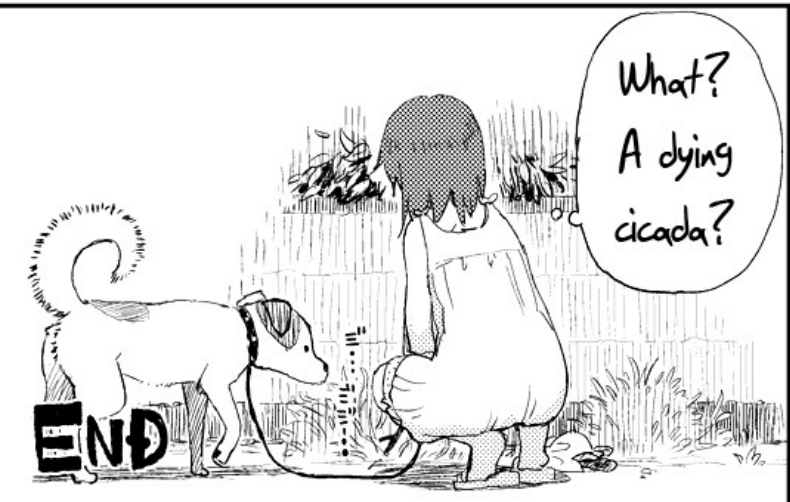

I realized that I had passed out in the morning and

That thing was already gone

That scary youkai, I'm glad it's gone, yeah

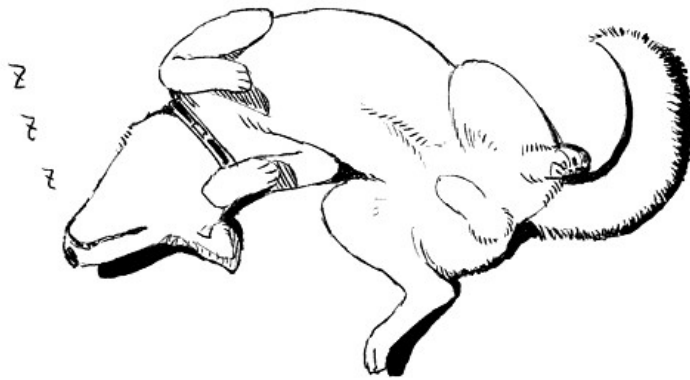

What? A dying cicada?
