

Each day, they lure the locals to obscene orgies, ruining daily life.

Demons have suddenly infested an abandoned castle in the remote countryside.

But so far, none have returned.

Concerned with the situation, the Church has sent envoys demanding they leave,

I welcome you, Sister ♡

Ufufu ♡  
Welcome to my castle steeped in lust ♡

You don't even lift an eyebrow at this situation?  
Interesting ♡

Felna, Imperial Princess of the Succubi

I won't negotiate...  
Are you okay?

I will be a person who can control a succubus,

My name is Carlene.  
I'm here today as an envoy of the Church to negotiate with you.

All the other envoys were also high-handed and haughty at first,

But now they're having fun in this castle, you know?

A demon that toys with a person's heart and devours his soul.

We've got reasons why we're here too! Right now in the demon world, the Demon King and other bigwigs are fighting.

Then isn't that the same as right now!? What's with that haughty point of view!

Huh!?

The Church will overlook your foolishness this time.

And in exchange?

Our side demands that you depart from this castle and release every human.

We're just weak succubi, so it's become really hard for us to live there!

DEMON KING MILDEA

BALZAL OF THE BIG FOUR

Humans are coming here of their own will and then staying, you know?

We haven't tied anything up, you know? The gate was open, right?

That's not true.

It's because you demons tricked us humans.

In general, you're saying that you want us to give back this crumbling castle that had been empty until now. Are you kids who want something after it's been taken?

They're seeking pleasure.

Equal pleasure

That's right...

For humans and succubi ♡

Ah, Mistress Felna!

...She's full of openings.

Tentacles!?

Oh my~ sorry about the unexpected theft.

!?

I will no longer have to see the sadness of the villagers.

If I defeat her, this matter will be resolved.

It's hopeless... she's a born masochist.

I can only train her to become a masochist... She's a total sub...

True masochists are beyond redemption...
