Hilda sucks on Baal's penis with a leech. She feels something is wrong with her mouth. It feels like you are having sexual intercourse with your mouth. This leech releases an aphrodisiac-like poison that acts on the mouth and nose when the penis is inserted, says Baal.

Hilda vulgarly belches from the discharged semen...

Next is Baal, who begins a scatology experiment. Although Hilda has the intention of rejecting it, her resistance is sealed by the "slave's collar".

Baal's feces were thrown there.

Baal reaches out to the leech, which has turned into a filth bag, to help the desperate Hilda. While inserting it into Hilda's vagina...

After that, Hilda's humiliating training continued day after day... Baal orders Hilda to wash his own body covered in monster filth from his experiments. Hilda thinks Baal covered in filth is attractive, but she must not let her beautiful master Baal be covered in filth. Yes, through daily training, Hilda's common sense, values, and sexual preferences were gradually painted over...

Hilda can't stop farting because of the laxative she took beforehand. Baal orders Hilda to be patient until she finishes washing her dirty body. Hilda licks and washes Baal's foul-smelling feet, which are stained even more brown with brown-skinned filth... Then she lets her tongue climb from her legs to her thighs to Baal's blazing penis...

Hilda, who wants a penis, is different from the usual rebellious attitude, and Baal orders Hilda to endure blowjobs. Hilda wants to end the silly act quickly and defecate. So she wants Baal's penis. But that attitude is just on the surface. Baal was excited by the vulgar farts released from the buttocks, and Hilda allowed a fierce blowjob to Hilda !
