Helo,

~ here (you will soon understand why I chose that name)

So here is the translation of that great Mayonaise's manga. I think this is one of the best fetishes ever and I also really like his drawing, but I heard there was no english translation for this.

So I did this.

I must stress that this is just a rough translation, meant only to give you general idea about what's going on. I'm not from an english speaking country, so I was translating from my third language to my second. If someone who is better at translating/languages/english or has too much free time could take this and finish it into a "real" translation, I would be happy.

I'm not the one who provided the raw, but I couldn't find any name of the one who did, so I can't put any credits here. But I would like to thank him anyway.

And as for the title of this manga, it's some crazy made-up name again, something like "General affairs department, public welfare section, sexual disposal subsection" (or branch? Whatever) Simply, thy kind of public welfare you wouldn't mind paying for with your taxes.

# 第1話

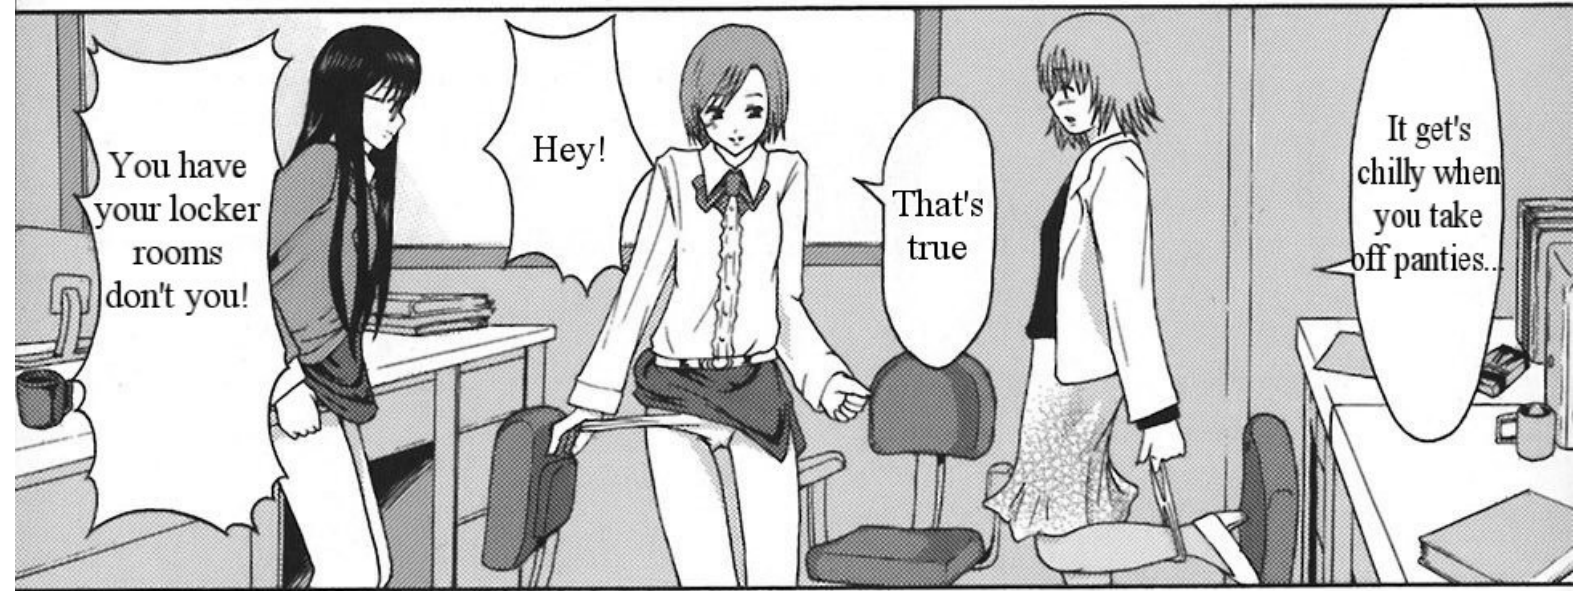

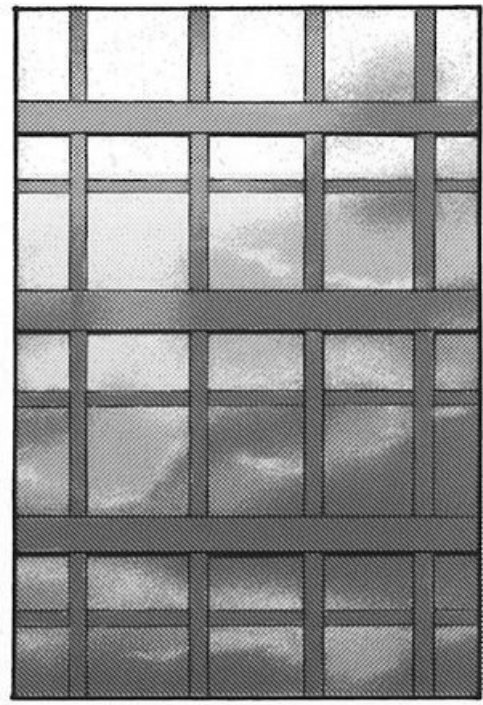

Get to work!  
Get to work!

O~kay

Hey! It's way past the opening hours already

You have your locker rooms don't you!

Hey!

That's true

It get's chilly when you take off panties..

Oh, chief is getting irritated already, do you have too much inside already?

That's not the question here!  
There are some rules, ok?  
Rules!

You always see what's under our panties anyway so it doesn't matter, ri~ght?

P... please

take care of it right now?

Should we we

Nothing

What happened?  
You don't look well

What happened?

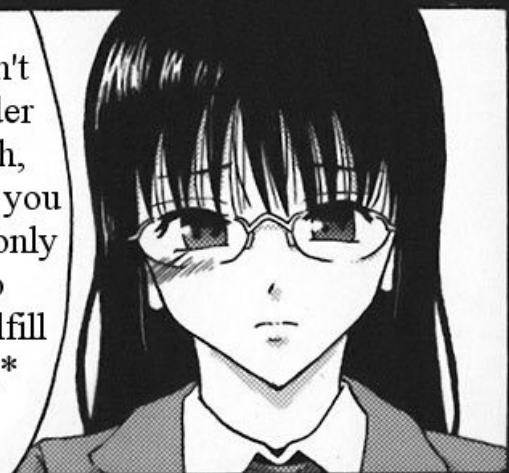

That's what he told me

Sakamoto, can I have a word with you

You don't have to worry about some scolding from that chief, I tell you

If you don't work harder this month, next month you will be the only one who couldn't fulfill the norm\*

As you have probably already guessed, this one is Sakamoto's  
↓

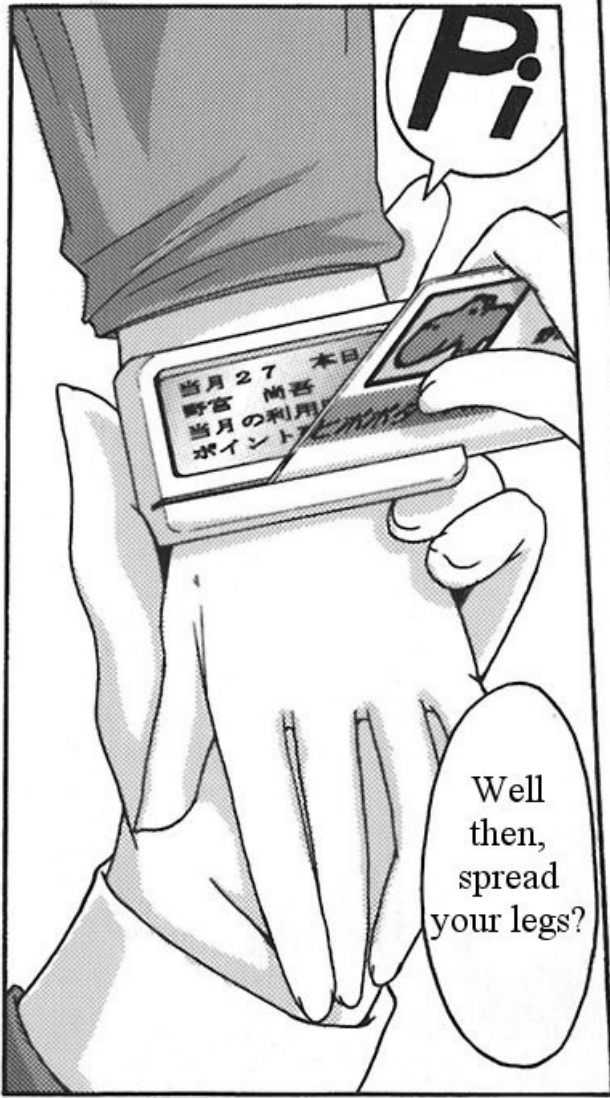

Ye... Yes

Good timing! Do you take requests already?\*\*\*

Ah!

\* They use the word "norm" so I will leave it. \*\*\* Well, ok, somebody fix this please

Well then, spread your legs?

Hmm ...

Well... Which one would you like?

Ye... Yes!

Today you will be fine

Ok, I'll go ahead to disposal room\*

Ji~

Your card has been accepted. So P... Please, feel free to use me

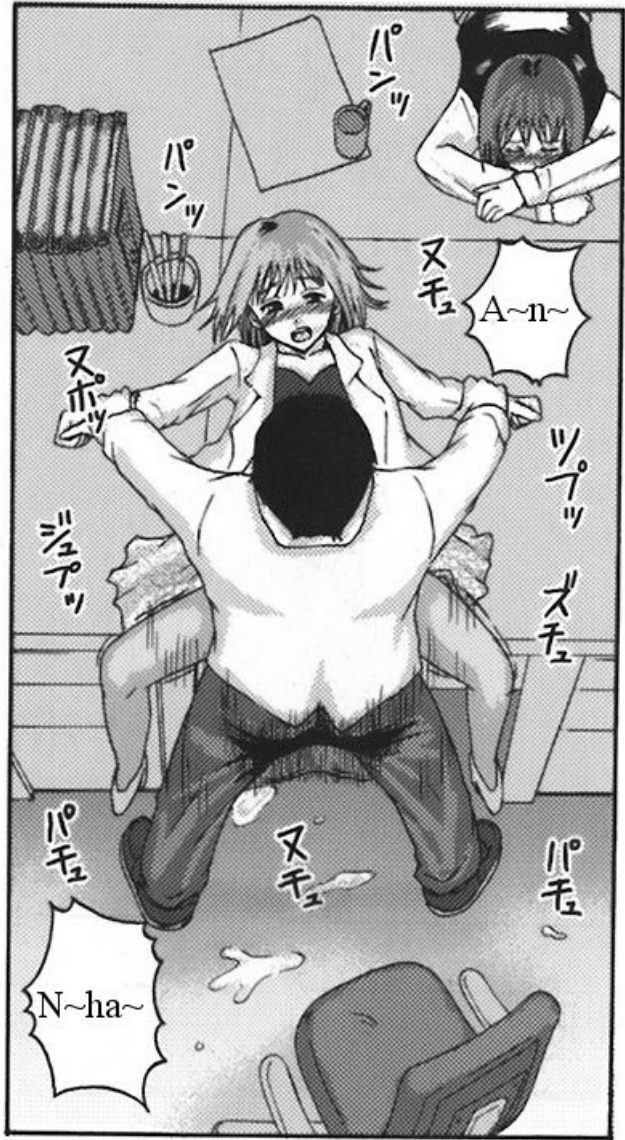

\* Ok, now that was a tough decision. It's literally The room where you dispose of something (garbage). So I will leave it to your fantasy to think about what do they dispose of there and please forgive me for such dumb name.

\* Now he angered a mob of meganekeo fans, including me.

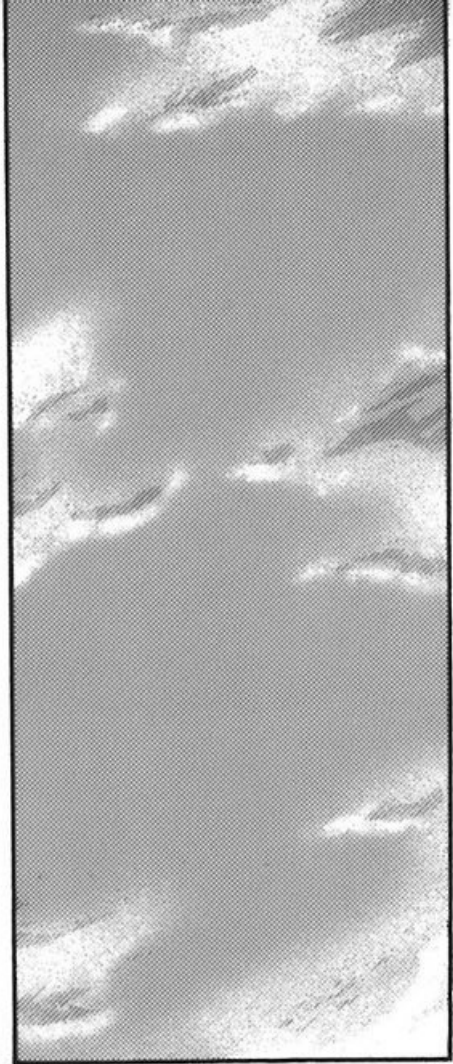

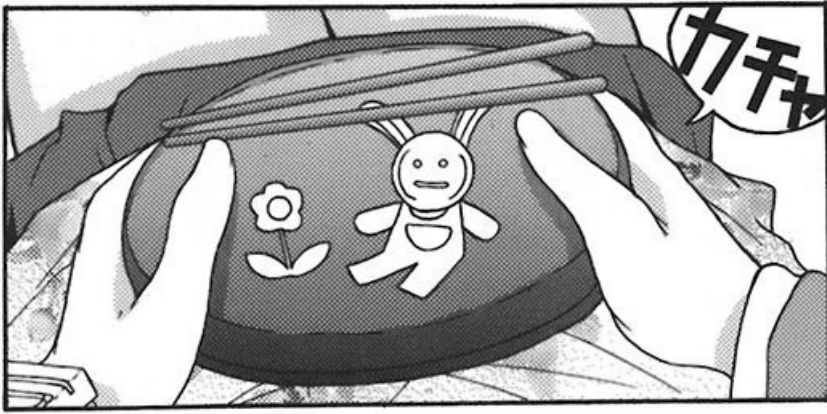

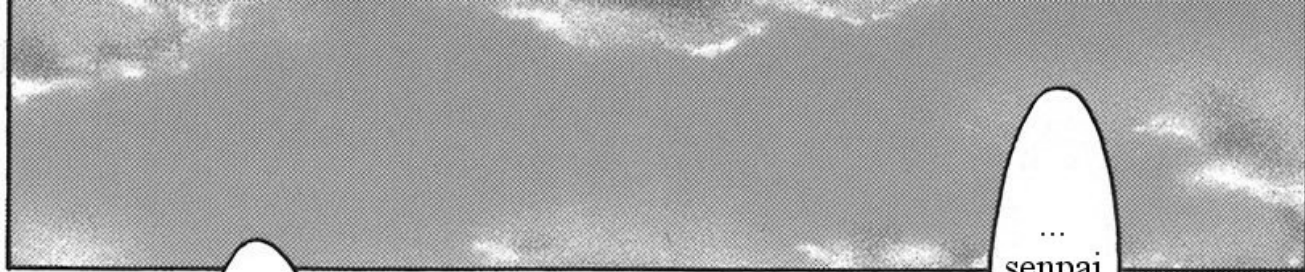

\* No, I won't start making up some better sounds. I'm actually starting to think that this is quite funny.

\* This time it's a section chief (or head, or manager,...)  
That is if anyone gives a damn

...  
senpai

Hm?

I'm really  
not good at  
sex so I won't  
be able to  
meet the  
norm next  
month again

... that's why I...  
I'm not good at it  
anyhow so I think  
it might be better  
to let men use  
me in a way  
they like...

please  
tie me  
up

...  
So

...n

Yes

Is this  
realy ok?

Ok,  
we  
are  
ready!

Can I  
use her  
now?

P...  
Please

Ye...  
Yes

And today I brought

a vibrator with me

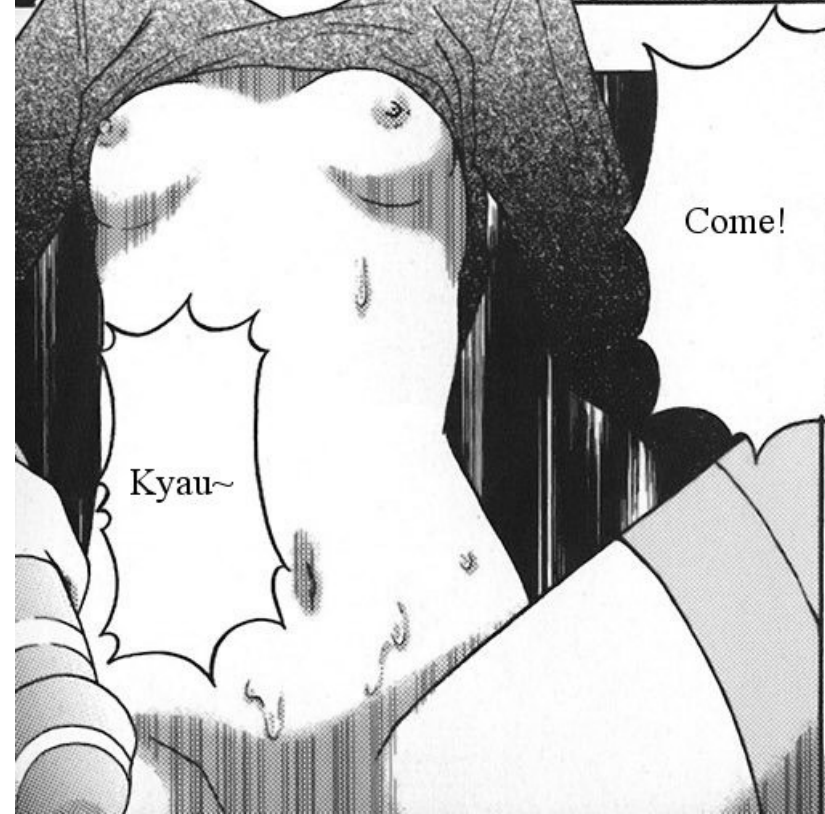

How is it? Like a natural sex sleeve\*

If you put it like this here, around where the penis goes in...

Nn~

\* Ok, that seems like an official translation. Seen it for the first time. Anyway, [http://en.wikipedia.org/wiki/Artificial\\_vagina](http://en.wikipedia.org/wiki/Artificial_vagina)

Kyau~

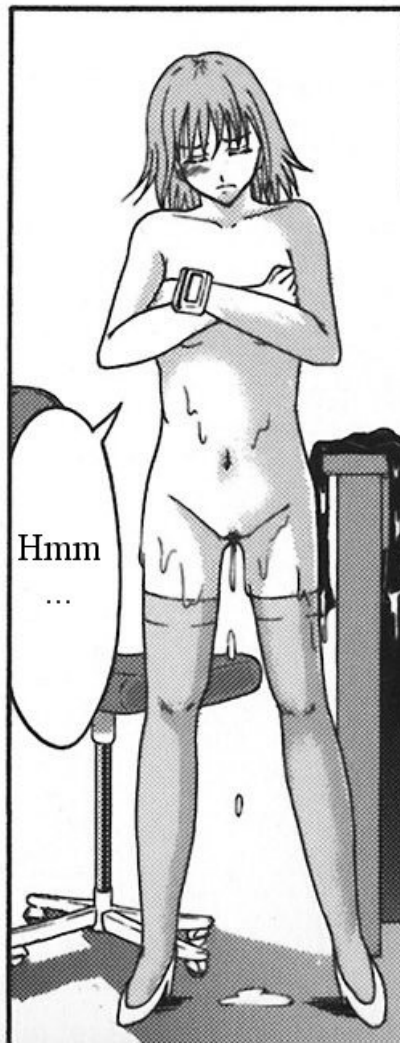

Come!

This is... the vibration... resonates...

Ah, I can't hold it anymore

Ua~

Where are we ...

Wait a ...

W... w... why!?

a delivery from Sexual Disposal Room has come!

Hm? Kouda?

Chief Terada!

Ye... ye... ye.. yes! Please treat me well\*

Well then, please take care of me, Sakamoto\*

I've been bussy with work lately ... Is it ok?

\* Ok, so this is the classic - yoroshiku & kochira koso yoroshiku combo. As I have no idea how to translate it into english, I made up some random phrases. Hope you are fapping at this moment enough to not think about that too much...

Currently in use, lol, who would actually read it!

I'm so happy

N~a~

... my pussy feels so hot

it feels so good!

Is.. Is that true!?

Take care of me too, please

So you can do face like that, can't you?

↑ Ok, she said something a bit different, but this ok too

Ah, I also have times when it's painful

If I don't make myself wet well, it will hurt later

Ha~

N~

Nn~

Let's work hard today as well

Yep!

Well then, preparations complete

And compared to the other rooms guys are so quick to finish

N~a

But still, whenever I come to the 2nd disposal room it's always so full

N~ku

Nn~fu

\* Just who the hell is saying this? ↓

Hey you, aren't you rude?

パチン

パチン

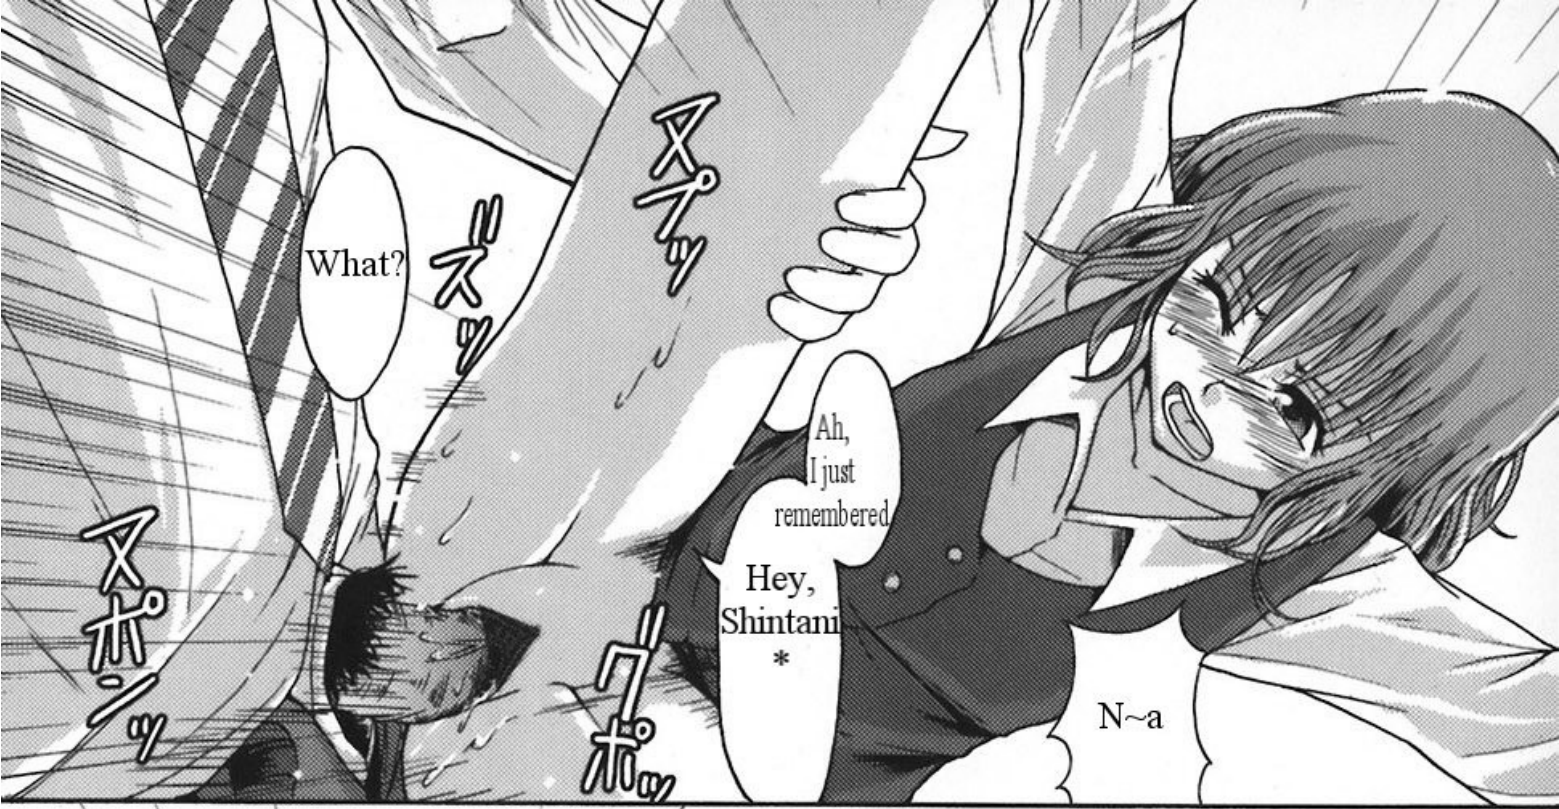

Well, it's a toilet after all

Funfu~

Even though we work here hard as everyone's toilet

What?

Ah,  
I just  
remembered  
Hey,  
Shintani  
\*

N~a

\* Again, the name is a guess

Today's  
friday  
right?  
So you  
say it's  
impossible  
before  
next week

About that  
thing from  
yesterday...  
During today  
and tomorrow  
it's impossible  
I guess...  
300 is impossible  
but at least  
150 might be  
...

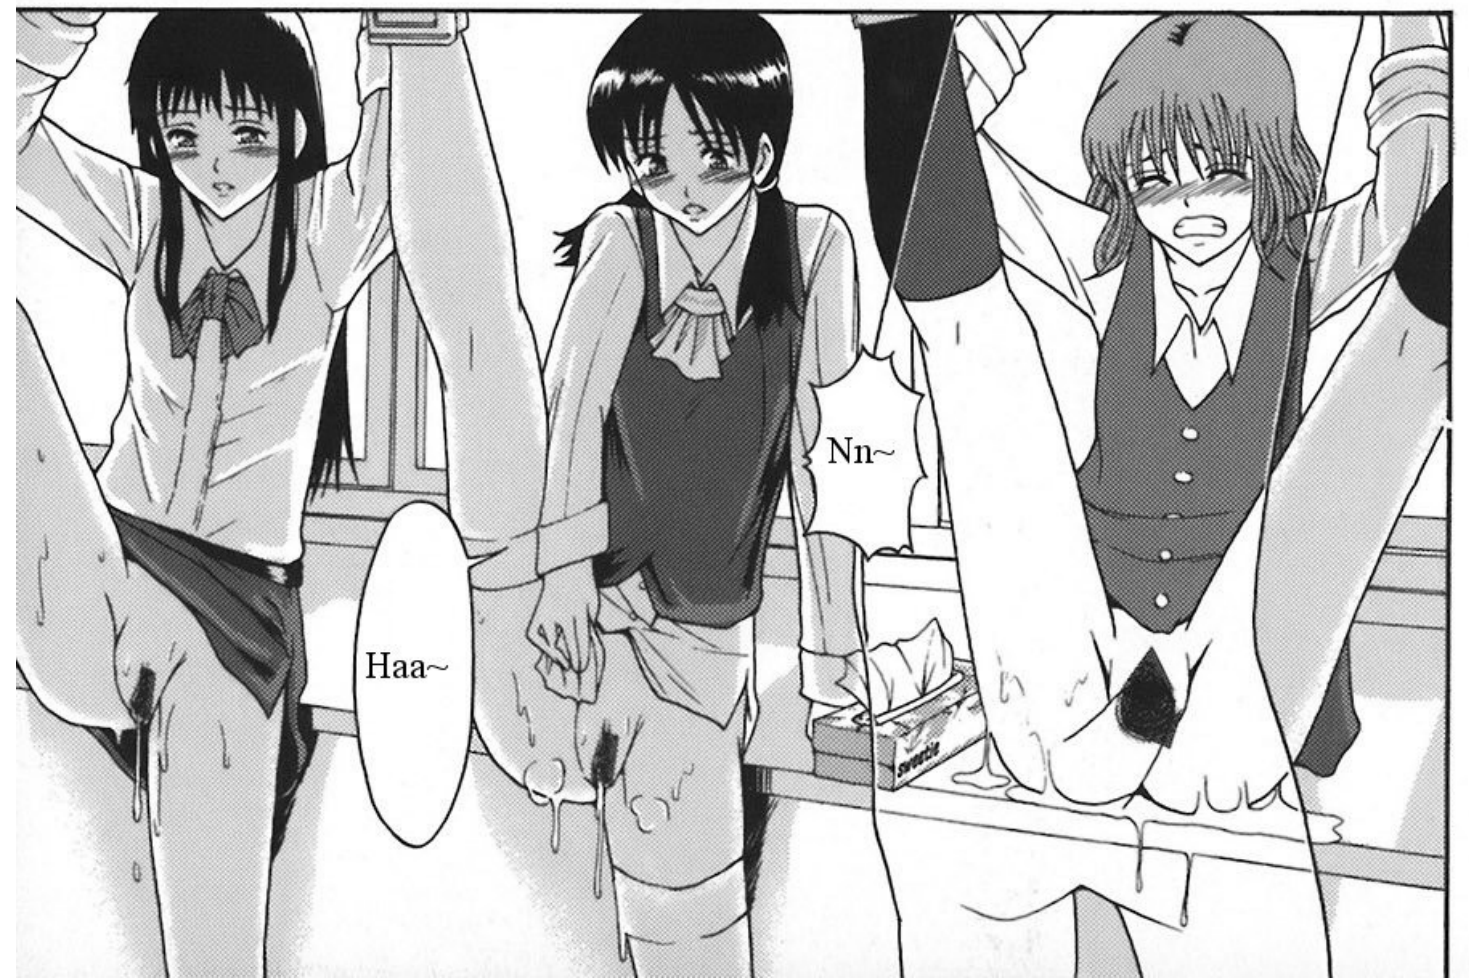

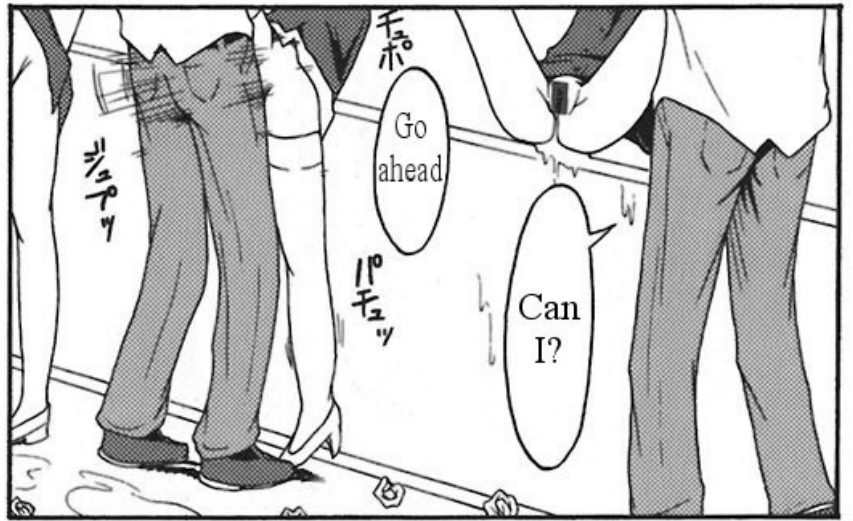

Ah,  
a fail  
huh

One  
hour of  
scolding  
again,  
I guess

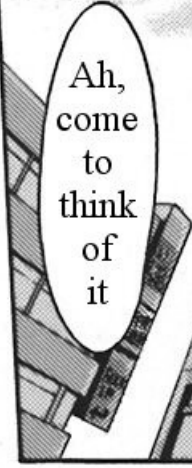

\* The name Mikasa is quite a good guess this time. Also, it sounds good ^^

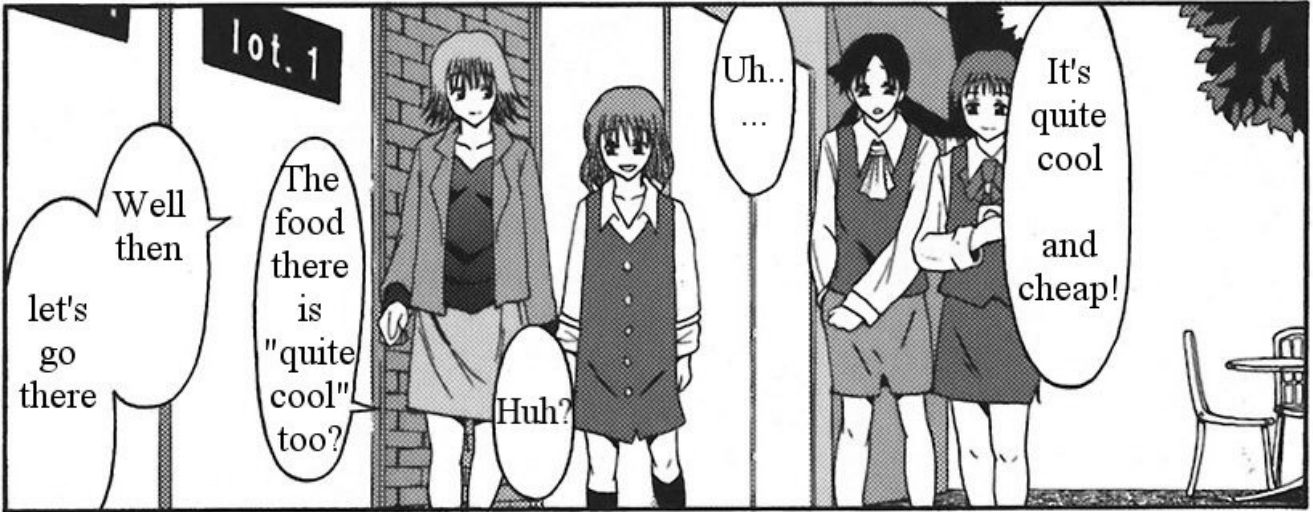

They've opened a new shop in front of the station

Ah, come to think of it

Well then let's go there

The food there is "quite cool" too?

Huh?

Uh... ..

It's quite cool and cheap!

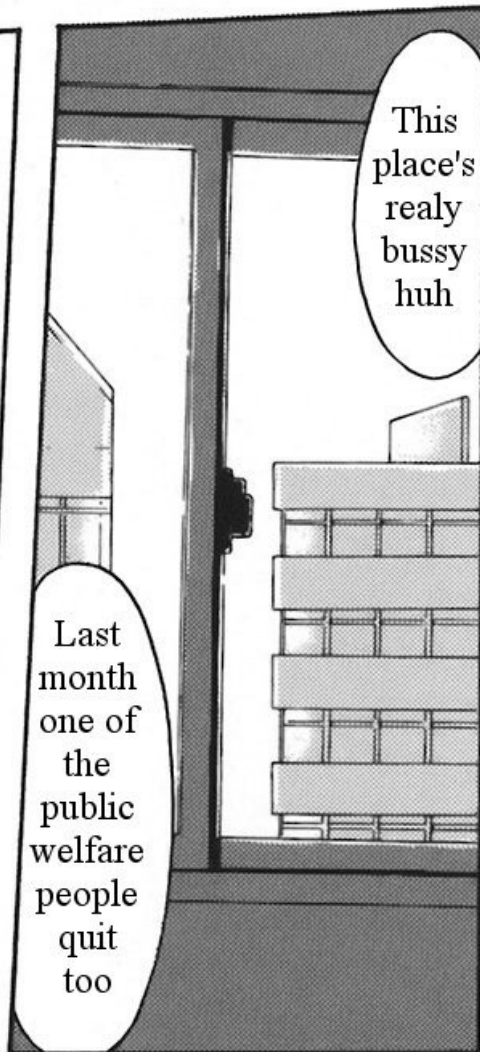

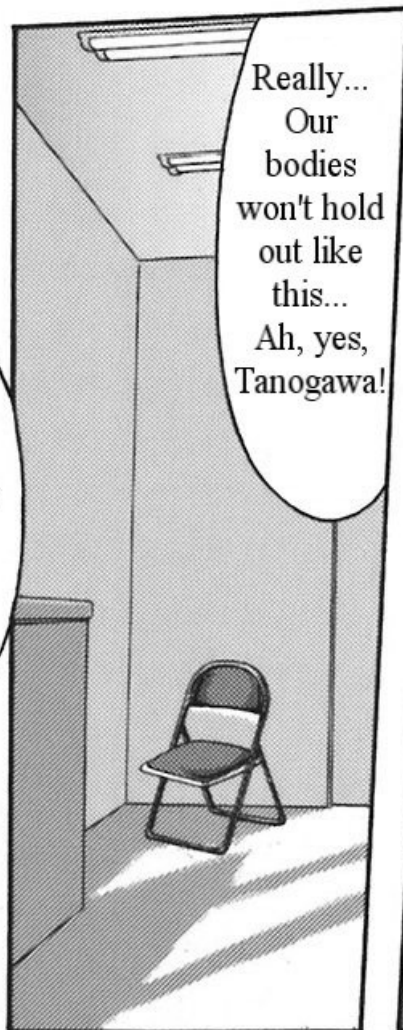

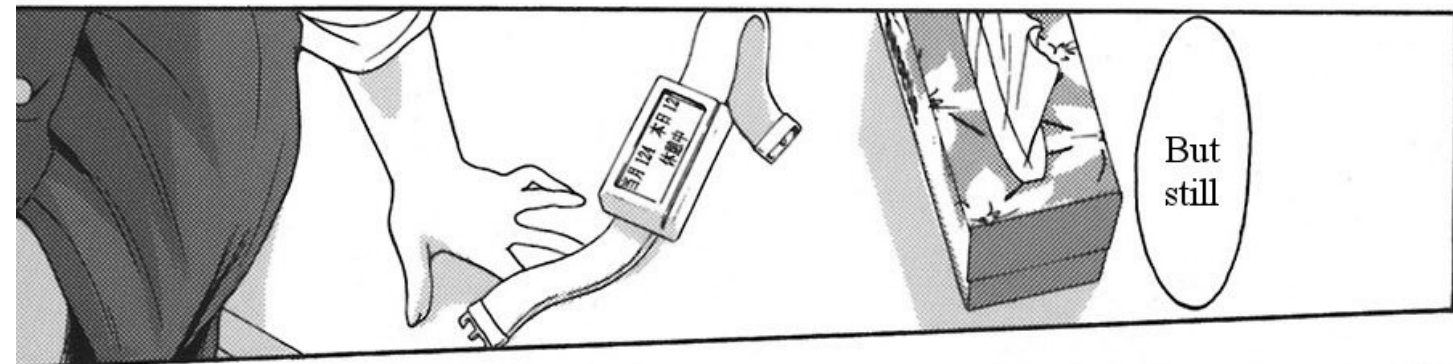

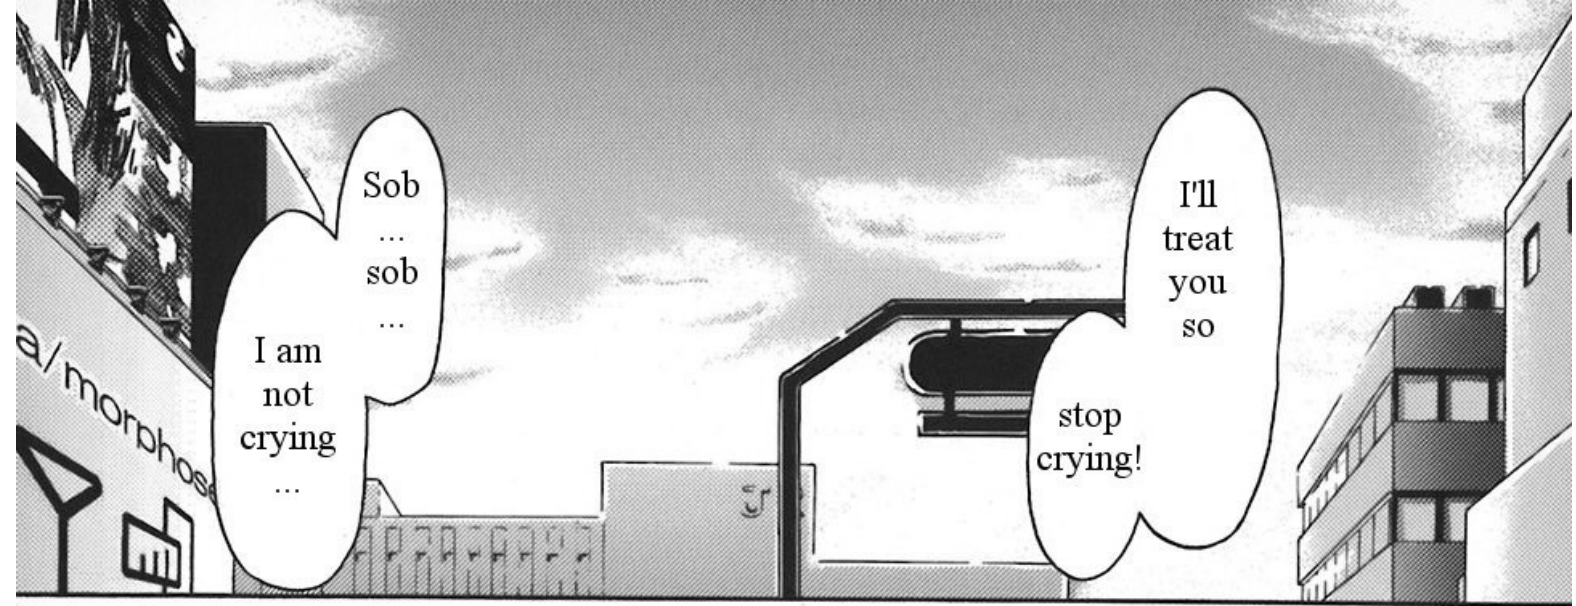

This girl again ...

I ... forgot my wallet ...

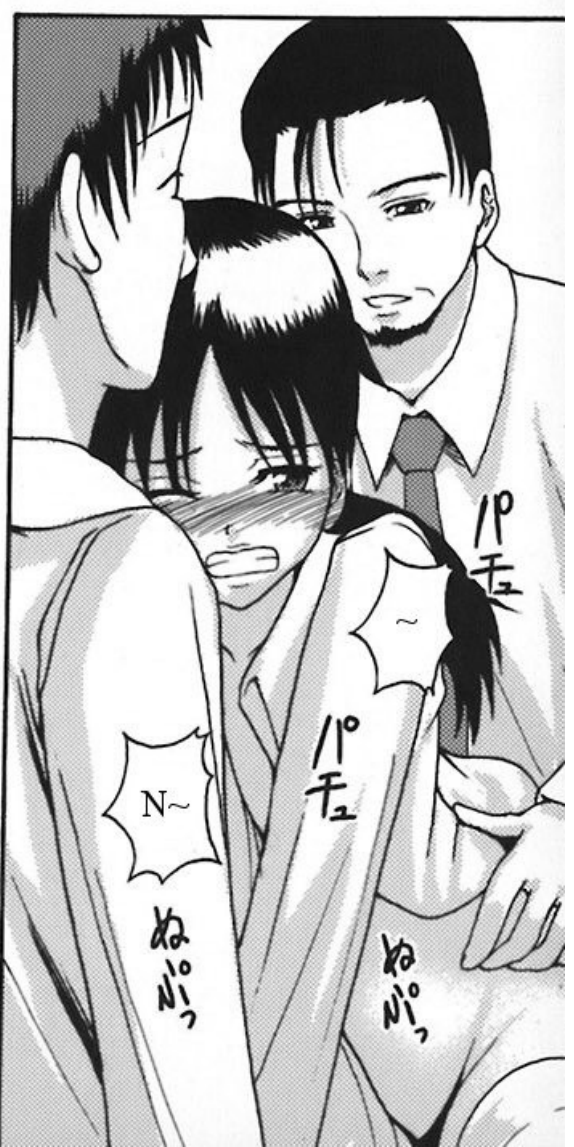

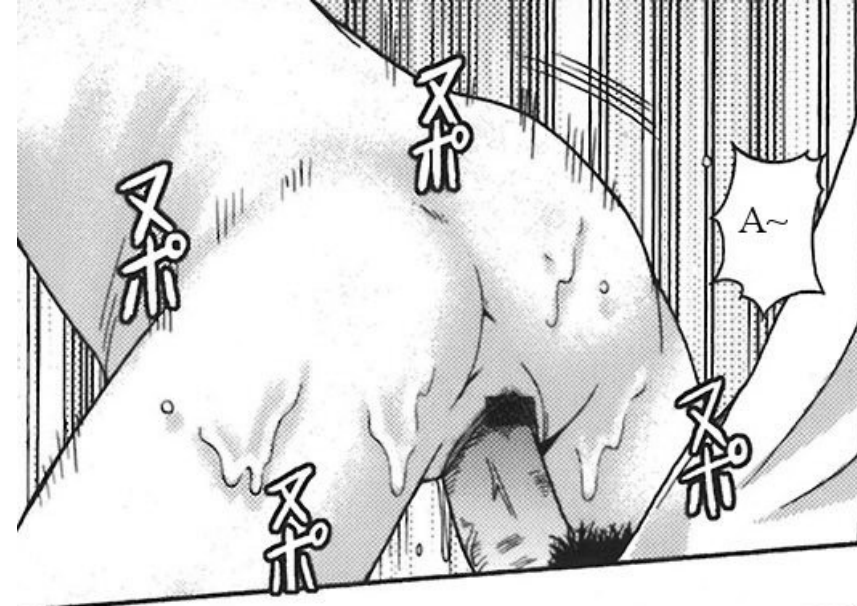

Ah... you see ...

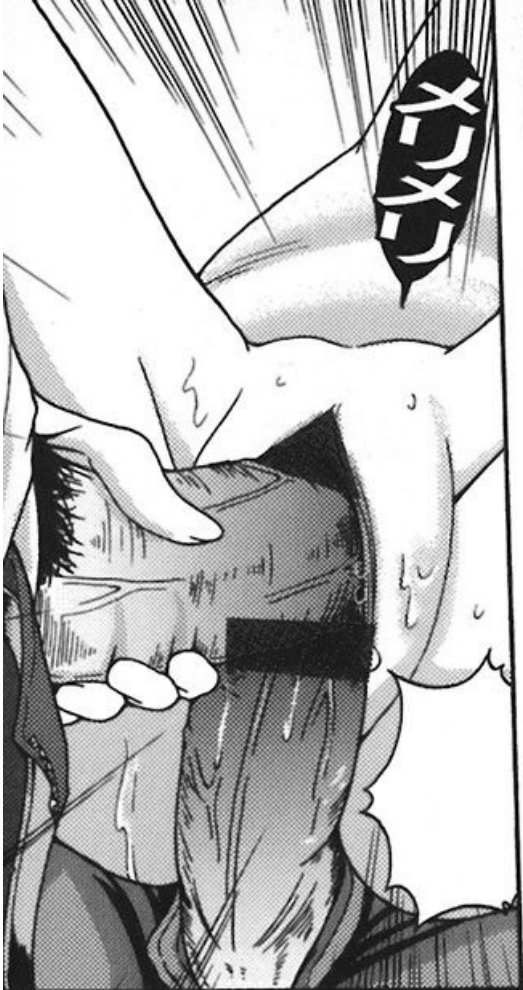

What's up?

There it's impossible for two at the same time!?

Wa... wait! You don't mean to ...

Hi~

Igi~

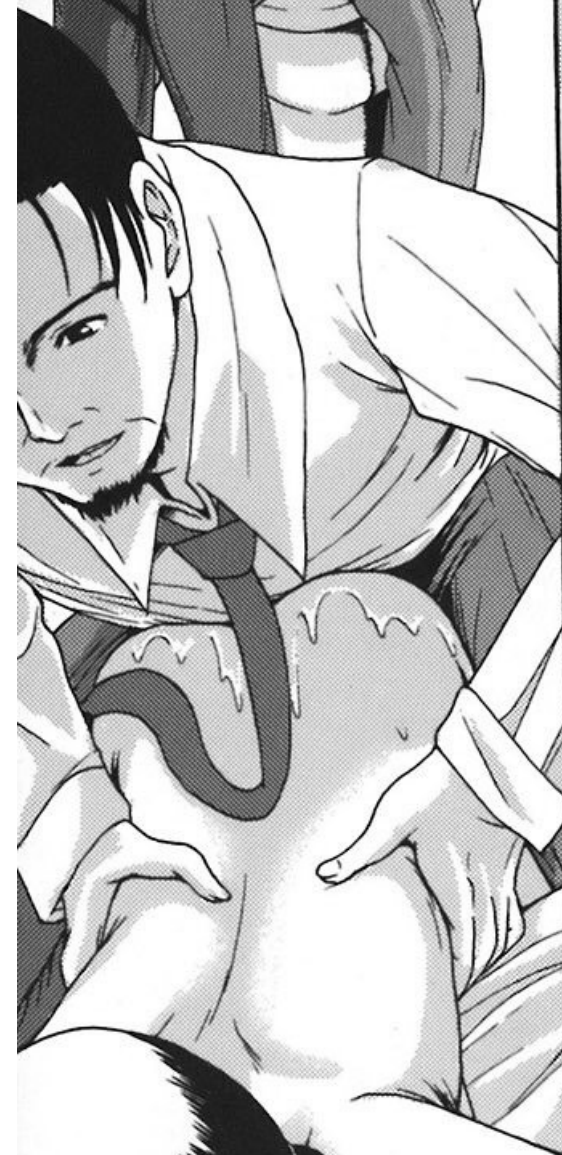

Wai... No! I don't want...

Stop it! That's no good! It hurts!

If you can make jokes, you are already getting used to it, right?

You have a bad taste ...

I've always wanted to try this
