Wa--
wait,
please!

At least
let me do
tomorrow's
schedule
first...

I need... my
"extract
of boy
secretary"
...

Aw, yeah!
Shinobu,
you go and
continue
with the
schedule

while I do
my stuff
over here~

EHHH!?

"...den 'dah
mee...
tinnng..."

But even
though I need
to speak
clearly for
stuff like
this...

My gums go
numb and my
pronunciation
gets awful
like this...

gulp

Thanks a lot, Shinobu.
Now I can keep up this whole "president" thing!

PheW...

I've been miraculously revived!

...I know I'm asking the impossible from you, but...

So for starters, way back before this

was a total NEET.

Masaru Nii-chan...

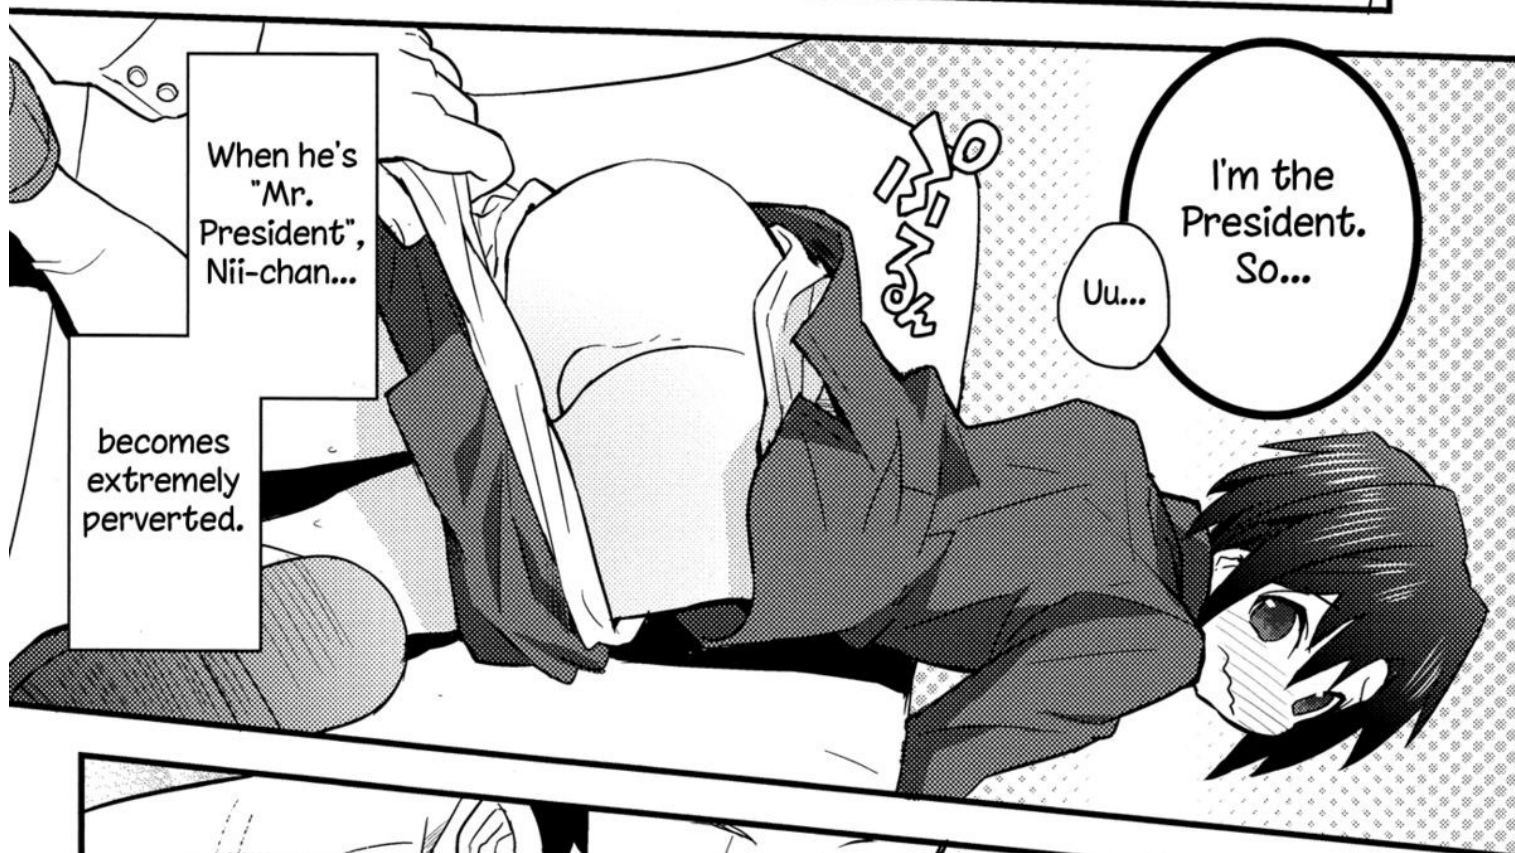

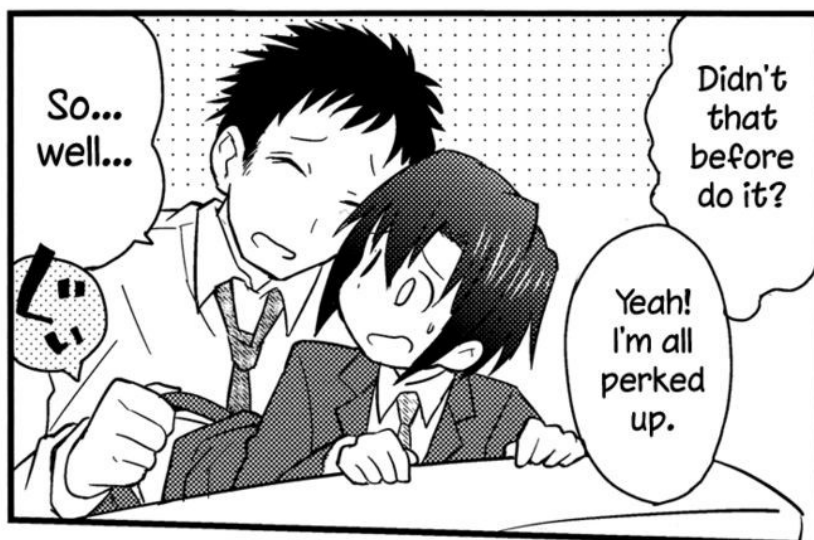

And from a relative I've never even met in the first place...

What did I do to deserve suddenly inheriting a mess like this?

President

I'm so
sorry,
Mamma,
Poppa...

A
Secretary?
I don't
really get
it but
if it'll
teach you
about
society,
it can't be
that bad,
right?

I'm pretty sure this is something I shouldn't do.

Haa

Haa

After all, this is so dirty and lewd...

Mr.
President

It's what adult lovers are supposed to do.... right?

GRAB

No

Don't,
Nii-chan...

I'll rear
in any
disloyal
secretaries
...

Ah

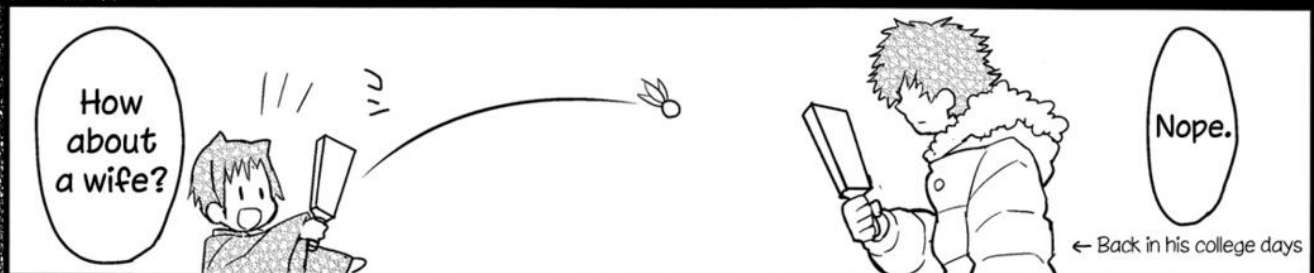

All of this risks a composing of a potential breach in contract, punishable in a court of law!

Do you think I can even understand what that's supposed to mean?

What!?

Did you really expect that kind of thing to matter to a social deviant like me!?

I didn't remember that at all! I thought it was more about "toil is the duty of a country's citizens" or something like that?

I thought it was just that you weren't motivated!

Shinobu !!!

I still have to go to school and all...

None of that matters!

But... also, I'm a guy and your cousin on top of that.

EEEEHHHHHH

Just
become
mine,
Shinobu.

Stuff like
that is
supposed to
be taboo,
for sure.

Isn't this
totally messed
up enough
already!???

Taboo,
but...

... Well,
since...

since I'm
your
secretary...

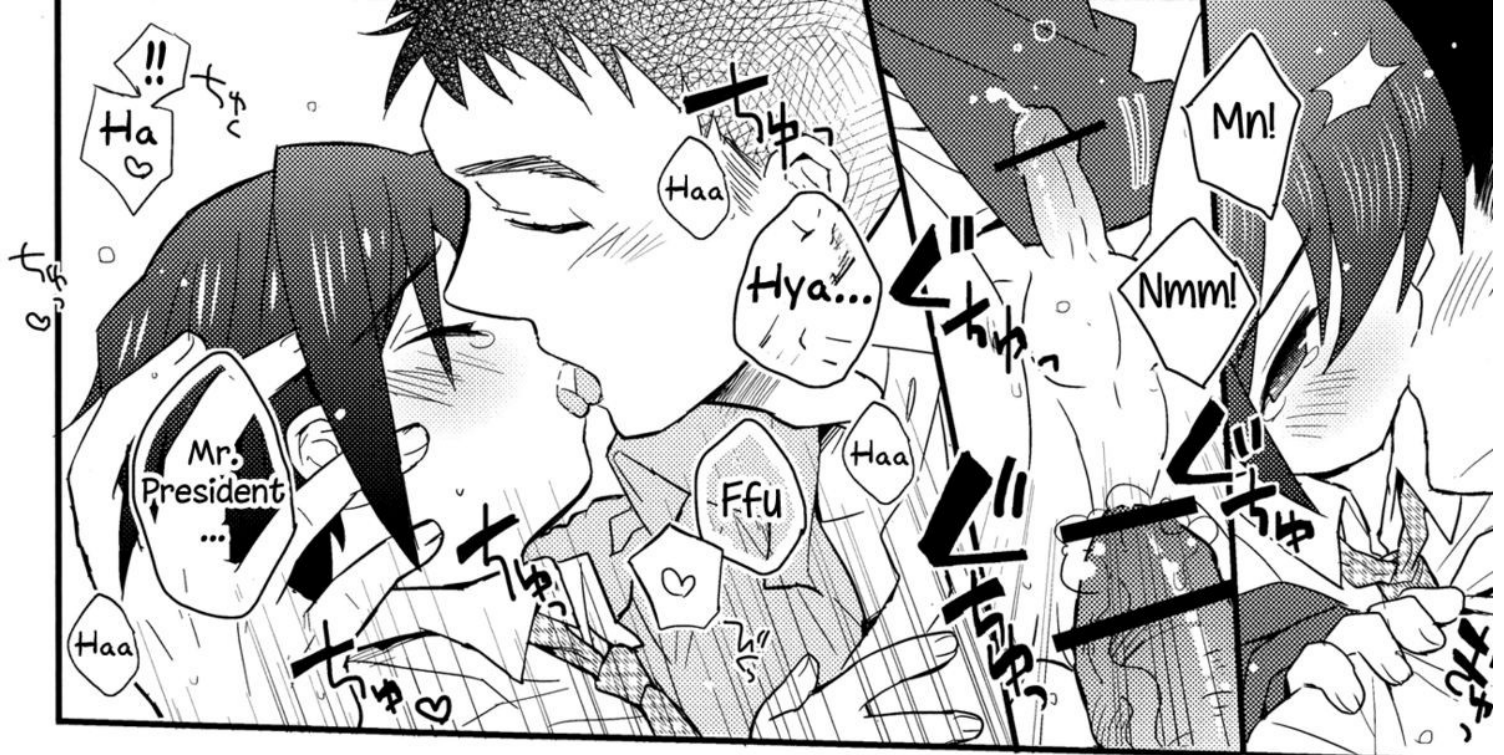

...but

if it's for
Masaru
Nii-chan...

then
maybe
it's OK?

then I have
to listen to
the company
president,
no
matter
what he asks
of me.

Masaru

Nii-chan

...

Ha

I love you
tooo~

Ha!

Haa

... Me,
too.

Haa

Aahh

I've done
it now...

Aahh!

Oh!

Hee
No!

Shinobu...!!!

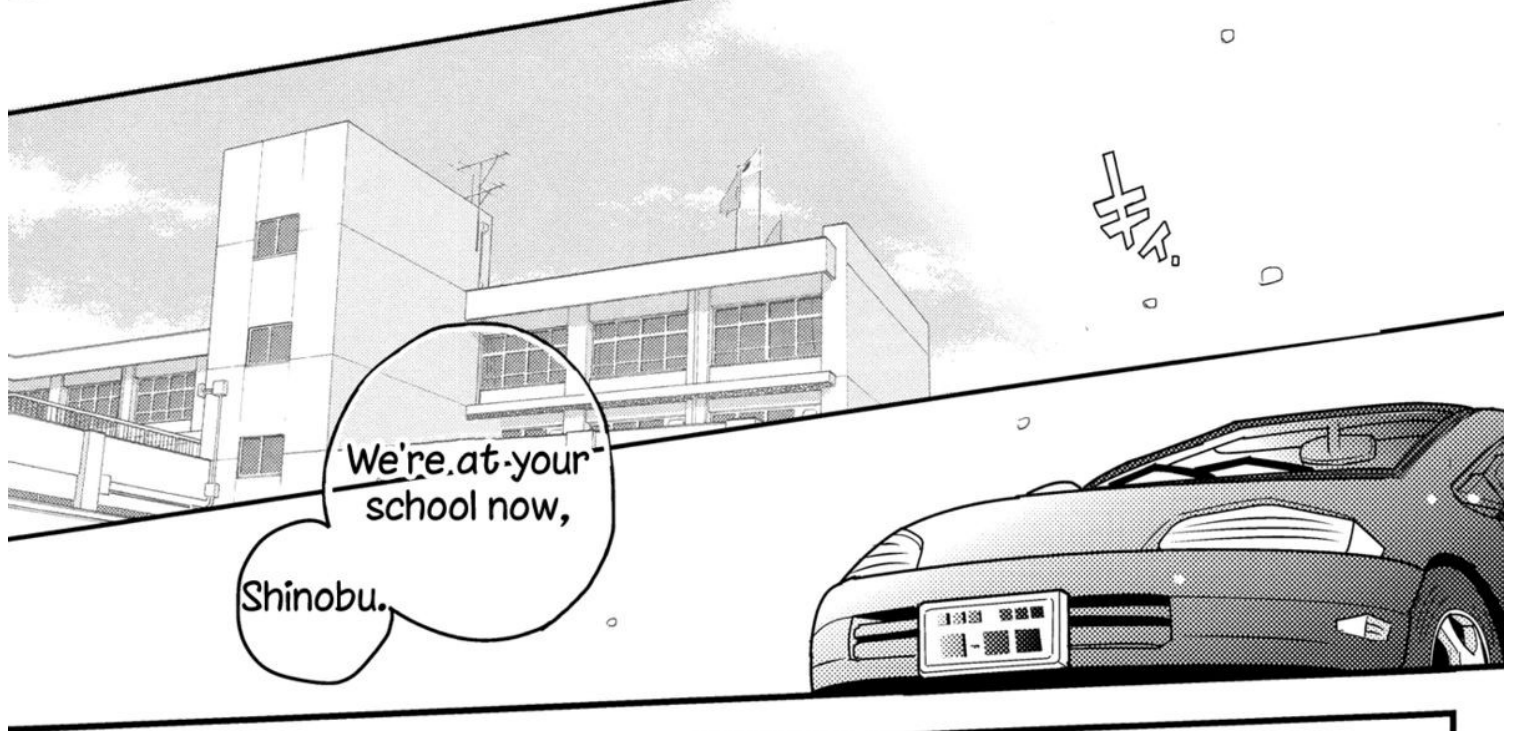

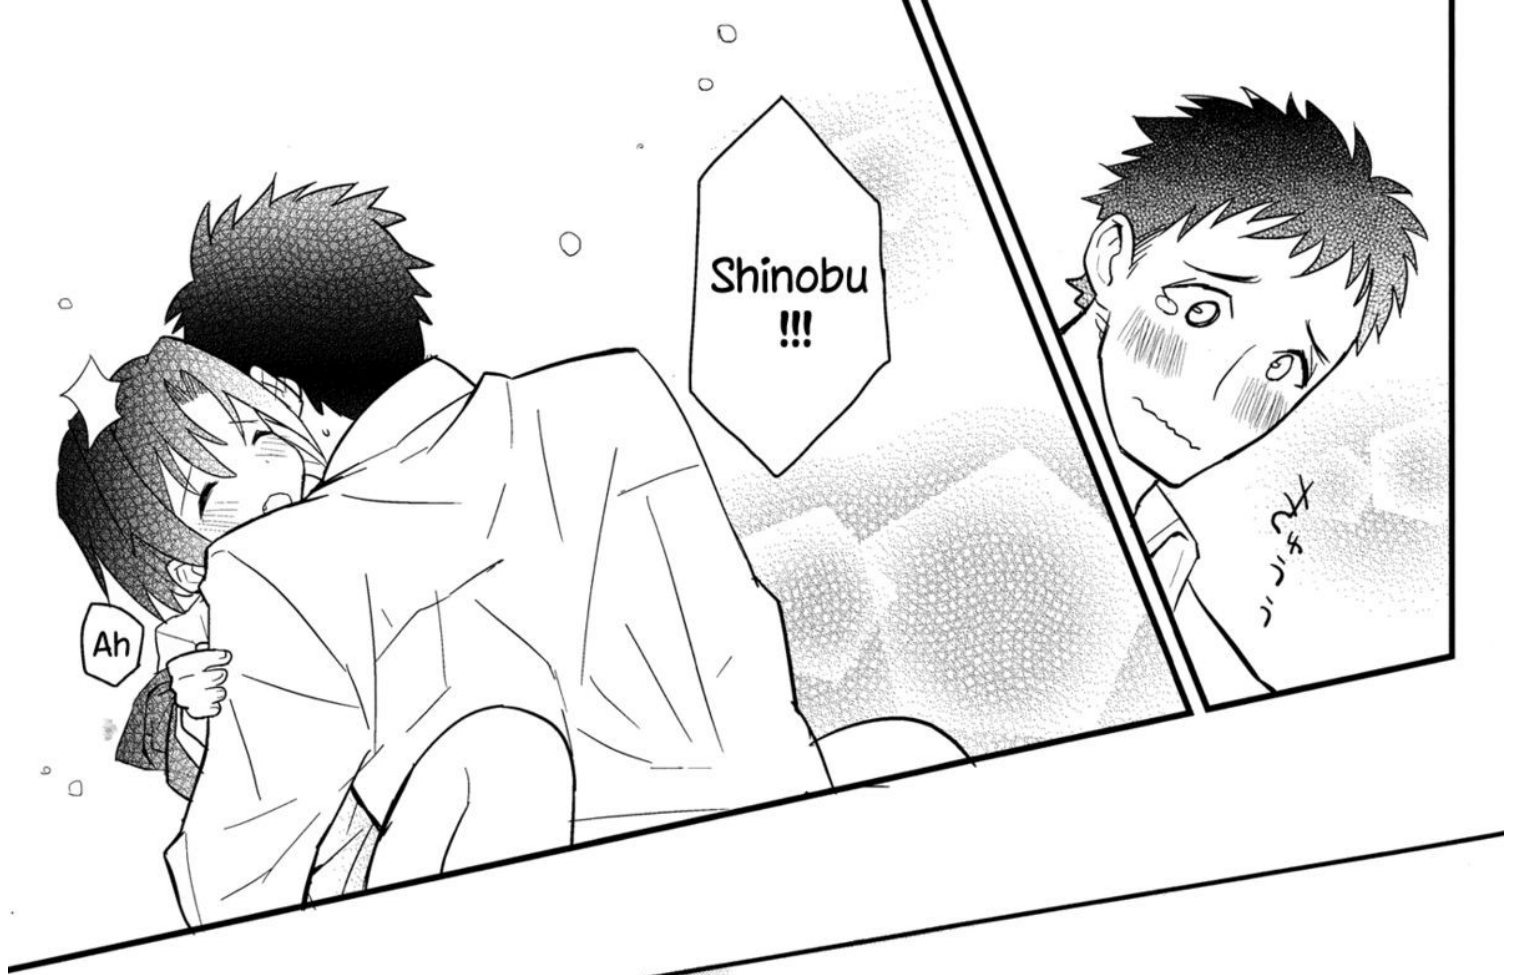

Sorry...
but I'm still
not done
yet...

It's fine!
However
many times
you need...

After
all,
(your secretary...)
I'm YOURS,
Mr.
President

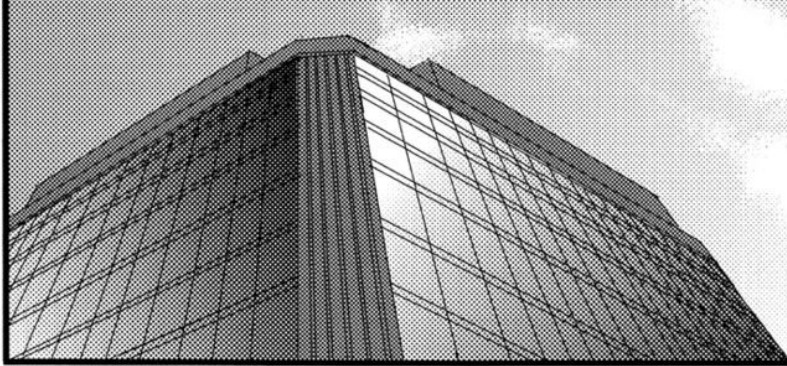

...it's because
you care about me
that you decided to
have me spend so
much time with you,
isn't it?

I'll come back
over when
school is out!
OK?

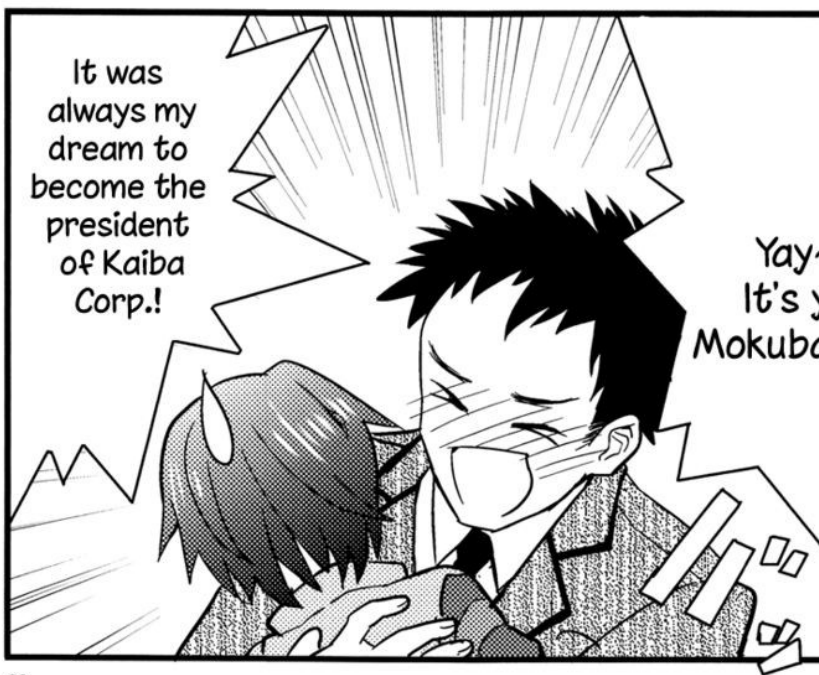

... aahh,
Shinobu.

Extra Book - Outfits / Cosplay

Uh...
umm~~ Ni--
Nii-sama?

Thank you
for working
so hard
today!

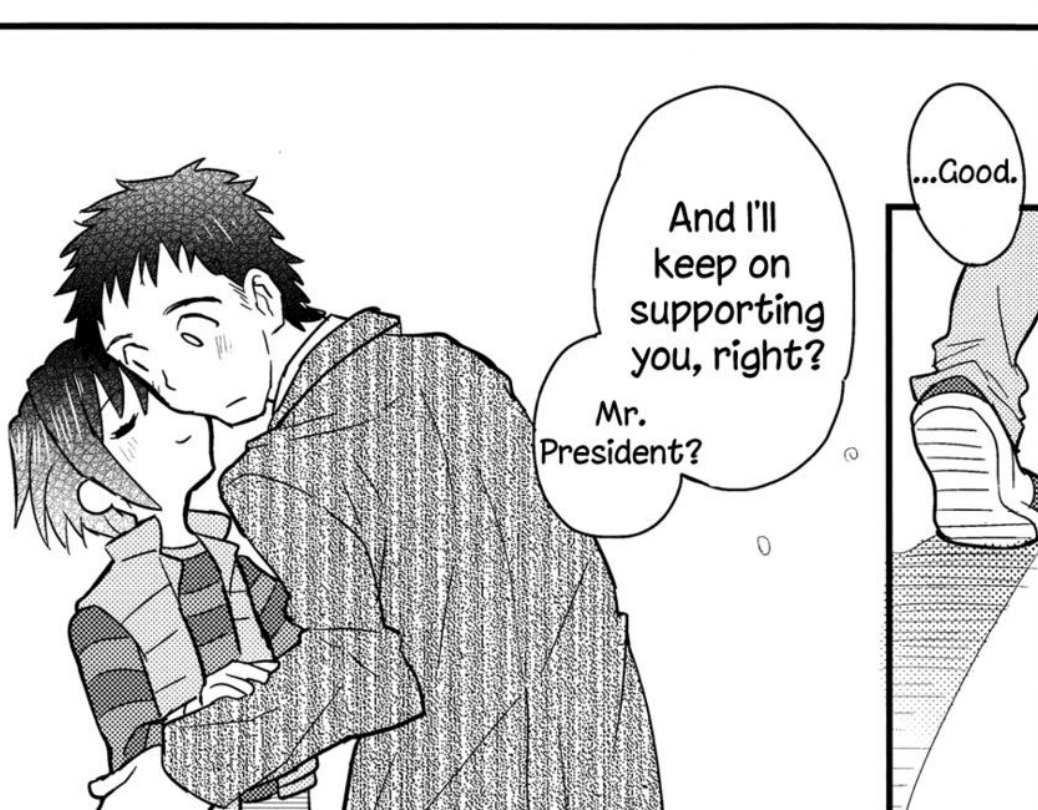

It was
always my
dream to
become the
president
of Kaiba
Corp.!

Yay~~~
It's you,
Mokubaaa~~~

Kaiba Corp. is totally awesome!

I had this idea in mind that short suit pants were
required dress code for shotas... or maybe the
"shorts" played some part of where "shota"
came from...

But now that I'm writing and drawing about it, it
seems like a really silly idea...
If somebody somewhere has enjoyed this, it
makes me very happy.

Thank you so very much!
