Recess
is over.

...So
it is.

Gazed
at your
sleeping
visage.

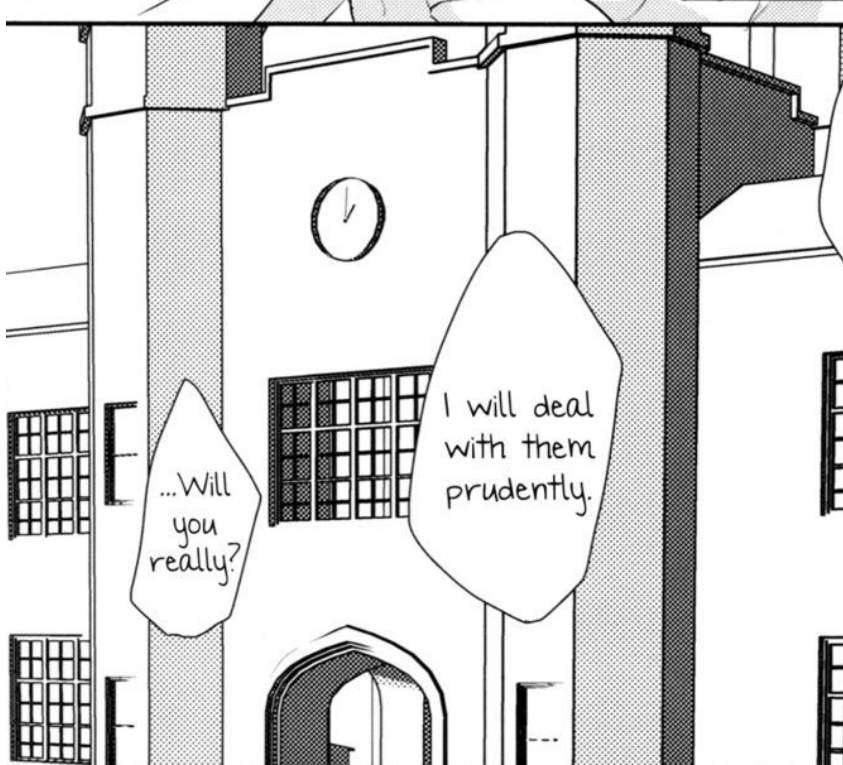

I used
this too.

What
did you
do while
I was
sleeping,
Kanna?

It's not
a nice
habit to
take photos
without
permission.

I will deal
with them
prudently.

...Will
you
really?

As
usual,
okay?

my next
class is in
the music
room so
let's split
up here.

Yes...
Hazuki-
sama.

Hazuki-sama, you have something going on today?

Ding

Dong

Ah,

Self-practice?

Yes, a big competition is coming up.

Yes.
Today I'm going for club activities until late, so you can go back first.

Then, I shall wait for you.

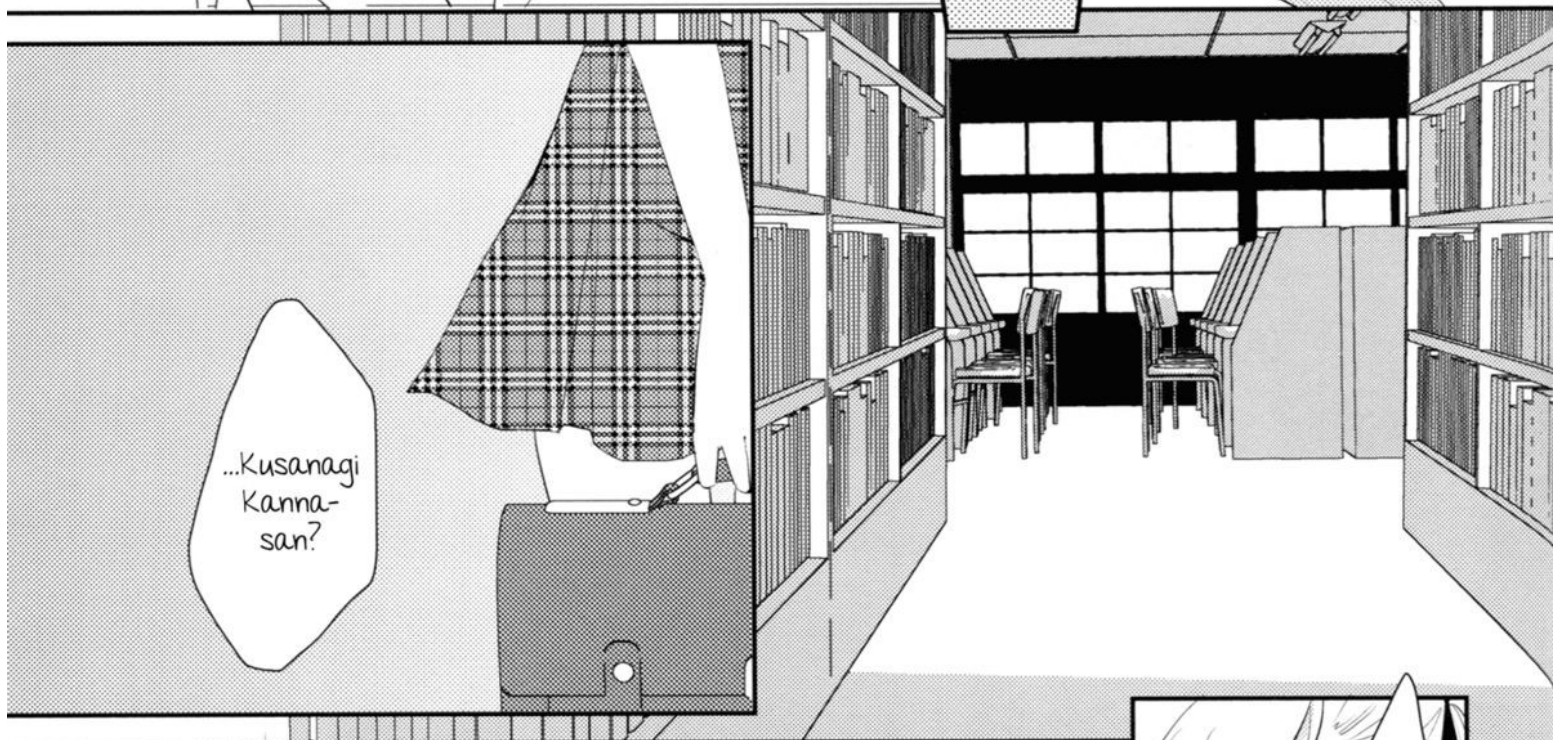

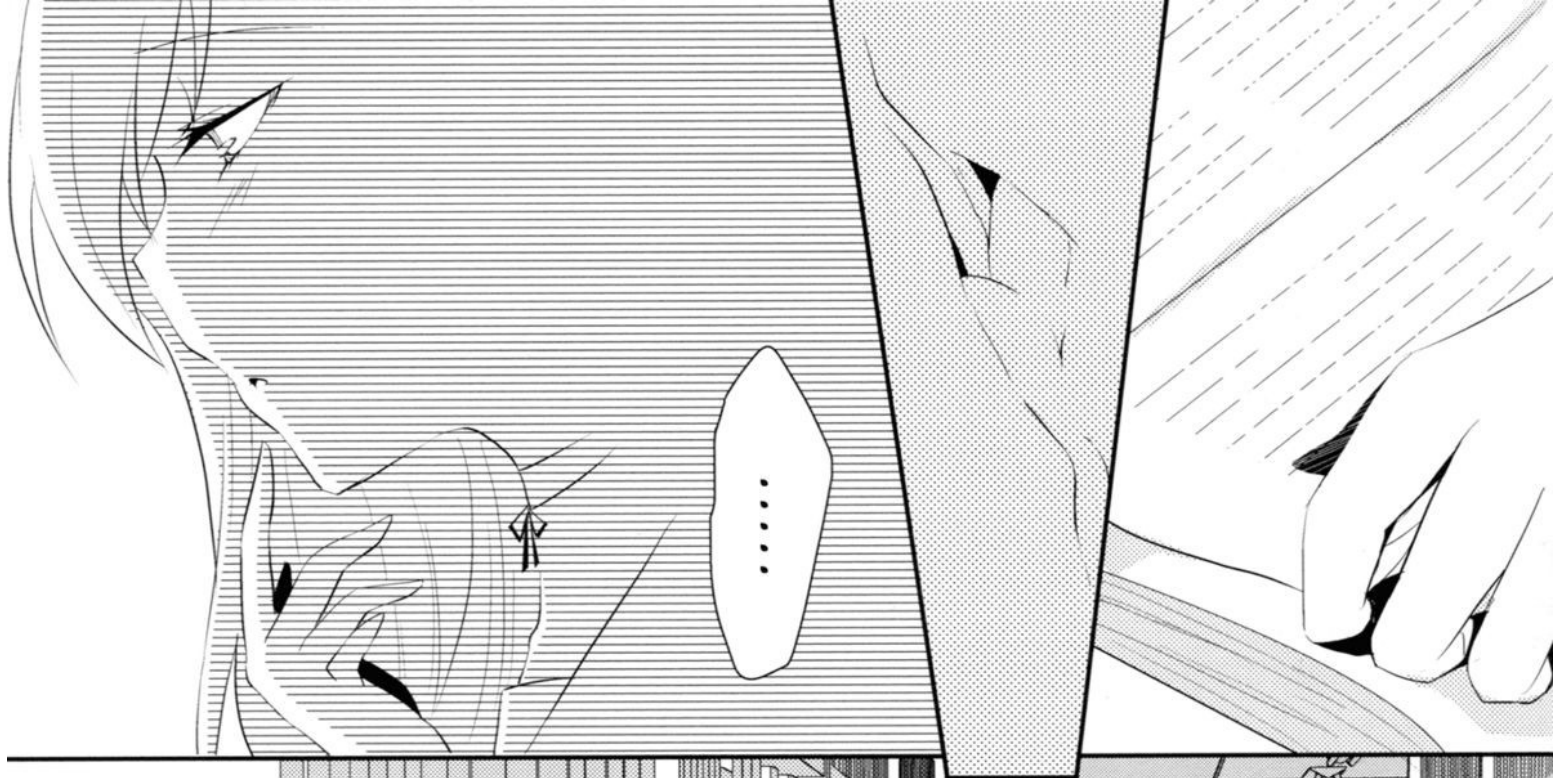

Really? I'm sorry to bother you.

I'll let you know as soon as I'm done.

Library

...Kusanagi
Kanna-
san?

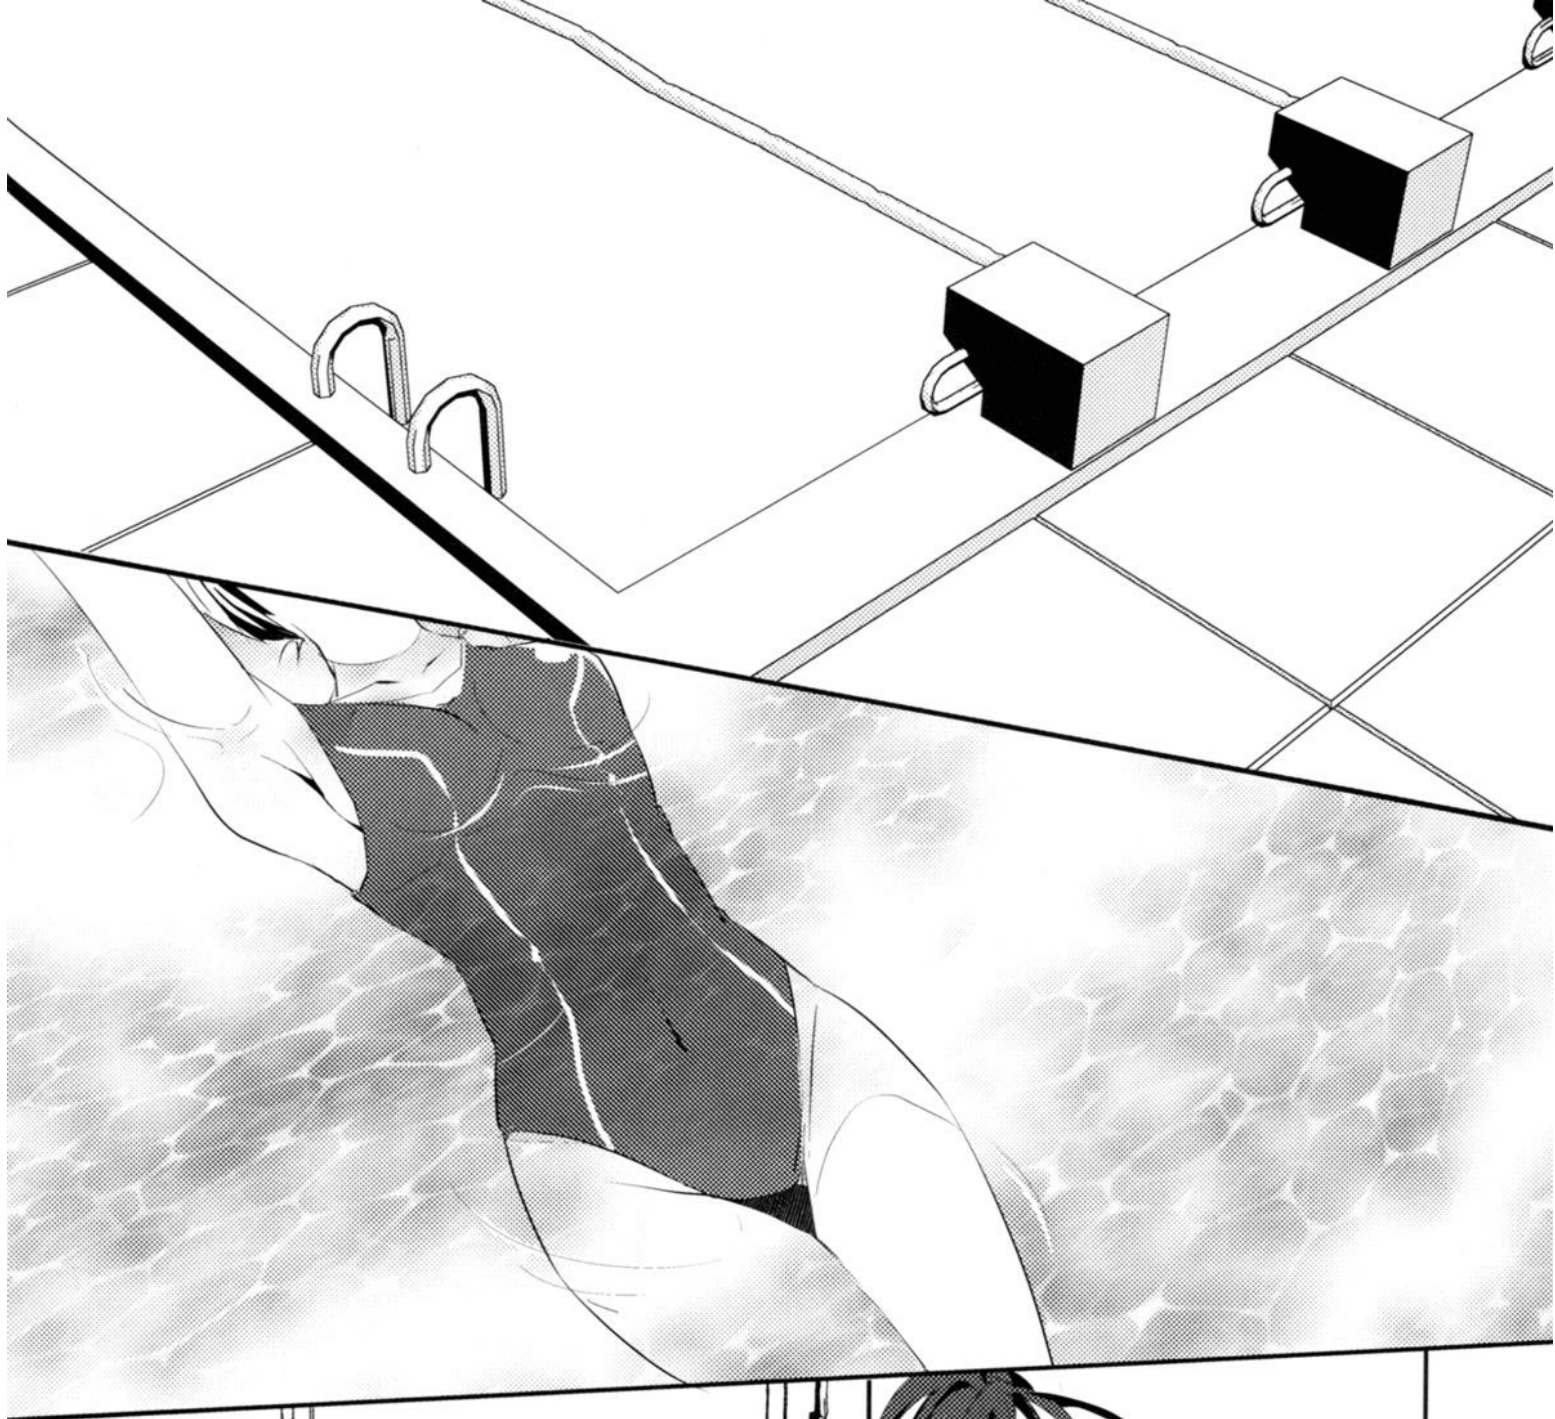

...I've got
something
I want to
talk to you
about,
sempai.

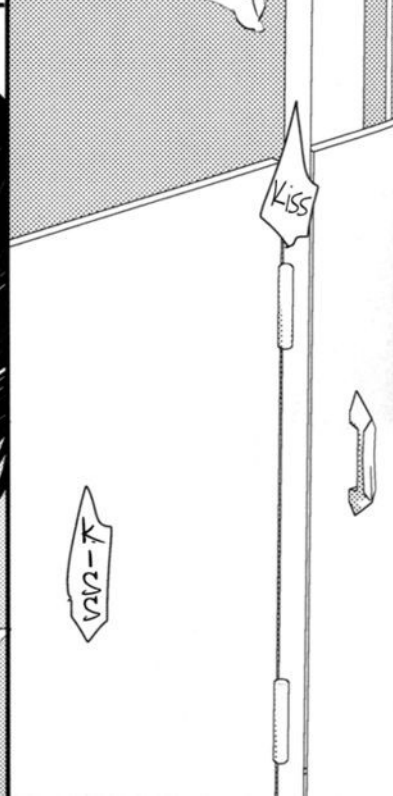

Yes?

Er...
Who
are
you?

That's ...

You like it when I'm rough with you, don't you, Hazuki-sama?

Hey, that's ...

Ah!

Nh...

Hazuki-sama, does this feel good?

Uwah
You're silly...

Hazuki-sama...

Like, like this?

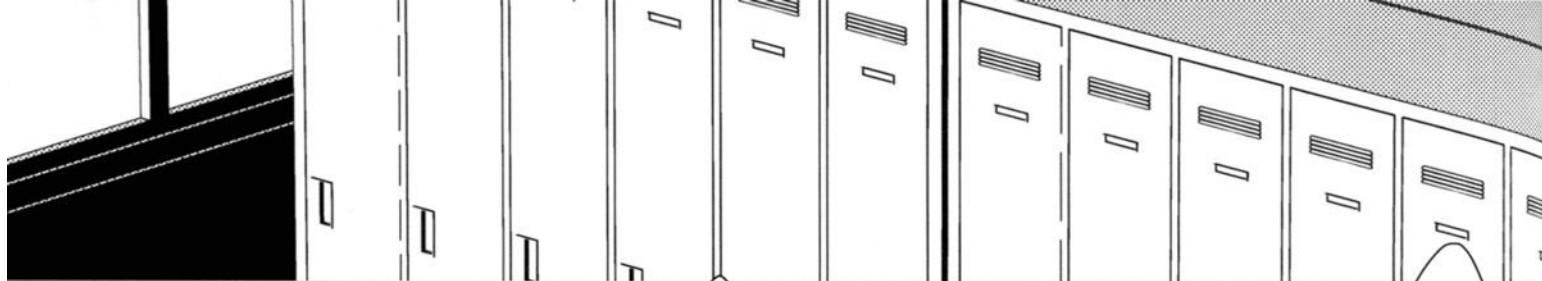

Please put your hands against that wall over there.

Ah... You look so splendid, Hazuki-sama.

No one would ever think that you love to be treated so roughly, would they?

...Hey,
something
happened,
right?

...I'm
fine
with it.

As long
as you're
with me,
Kanna,
I don't
care what
others
think of
me.

Fufu.

Because
you're a
beauty,
Kanna.

...you're
so much
more
beautiful,
Hazuki-
sama...

...so
much...
more...

...No,
comp-
ared
to you...

...But I know you're in a relationship with Igarashi-sempai.

...I like you, Kusanagi-sempai.

Then, why did you do that?

...You kissed her, didn't you?

No.

I'm not in a relationship with Igarashi-sama.

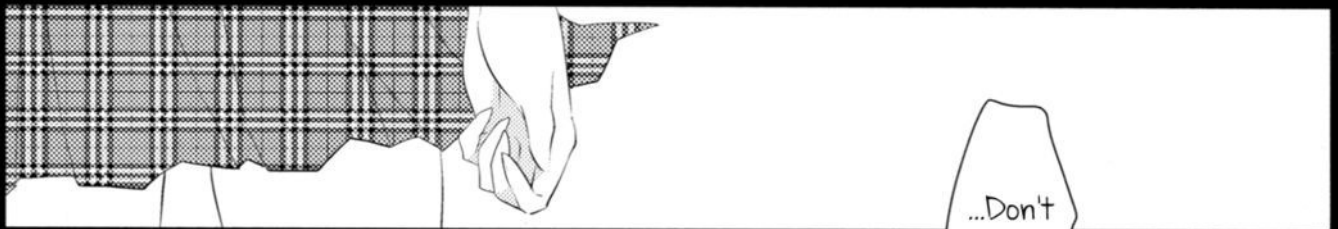

Even so, I have no intention of becoming intimate with anyone else.

Honestly, if you're not a couple, it's really weird... It's obscene.

...Someone
like you,
Sempai...
I guess you
can't even
become a
lover.

...Don't
you
know...

...I belong
only to
Hazuki-
sama?

Afterword

*Hello, this is Orico.

It's been about a year since I did an original yuri work, so there's a refreshing feeling. I thought of the cover illustration first, so I just forced the pool in there... I want to improve.

*It might have been hard to understand, but in any case, I tried to use Kanna's choker and Hazuki's bracelet to illustrate their servant and master relationship.

*Those who are wondering about the title, please try looking up the symbolism of Jasmine flowers.

Because it doesn't have a really strong symbolism, its meaning might not appear in some places, but...

Flowers sure are convenient when thinking about what to title a work <-

*The next events I'm planning to take part in are Sunkuri 57 (Application complete), Idol Survival 3, and C83. I'm sorry for saying that I was going to take part in the Idol Garden event but ended up cheating everyone. In any case, I'm planning to do a yuri Jougasaki sisters book.

*Well then, if there's another chance, I look forward to your support then~
