Tokujou Oyaji

BY MATSU TAKESHI

Hello 2D porn addicts~

Here's yet another oyaji-uke one-shot :P Hope my fellow bara fans out there enjoy this one :D

Sorry for the bad quality, the original raws were already like this -_-;;

Note that this was translated from Chinese, so I had to do a bit of guessing when it came to their names and such. I'm so sorry! If there's anyone who has the original Japanese raw, let me know so I can do the necessary corrections, double-checking etc.

But that's not the most important thing here eh? :P
