宙子(そらこ)について。

当人の弁によると、彼女は宇宙人で正式名称は【地球星大調査 第二次調査隊 転地調査員 33号】と、いうらしい。

O型後期文明星域における首位生命体の繁殖活動の調査・蒐集を目的に数十年前に地球星に来訪して以降フィールドワークで世界中を旅しているらしい。

…勿論そんな話を信じる人などまず居ない訳でして見た目のユルさも相まって大抵の調査対象者からは「ちょっと気の毒な子」扱いでスルーされてしまうものの今回ばかりは少々事情が違ったらしい。

先日、活動費の調達とフィールドワークを兼ねて1週間程滞在したSMクラブにて左画の『カウガール』のコスプレがお客さんからも大ウケ。以来マイブームになっているらしい。

…因みにそのお店での源氏名は”ジャージー”だったらしい。

My name's Moroda and I work for the space intelligence section of the defense bureau of National Police Agency.

Investigator #33... That electromagnetic camouflage sure made it hard for us to track you down!

We'll commence the actual questioning, once my boss arrives here, but...

I would like you to answer a couple of my questions before that!

I only need you to answer my questions... Alright?

Please call me Sorako...
Oagh!

How many members does your organization have? Do you have any accomplices among humans? Keeping quiet won't do you any good, you know!

So, tell me why you want to invade us?

Where is the invasion going to begin? And how are you planning to do it? Spit it all out, alien!

Well, we're not trying to invade you!

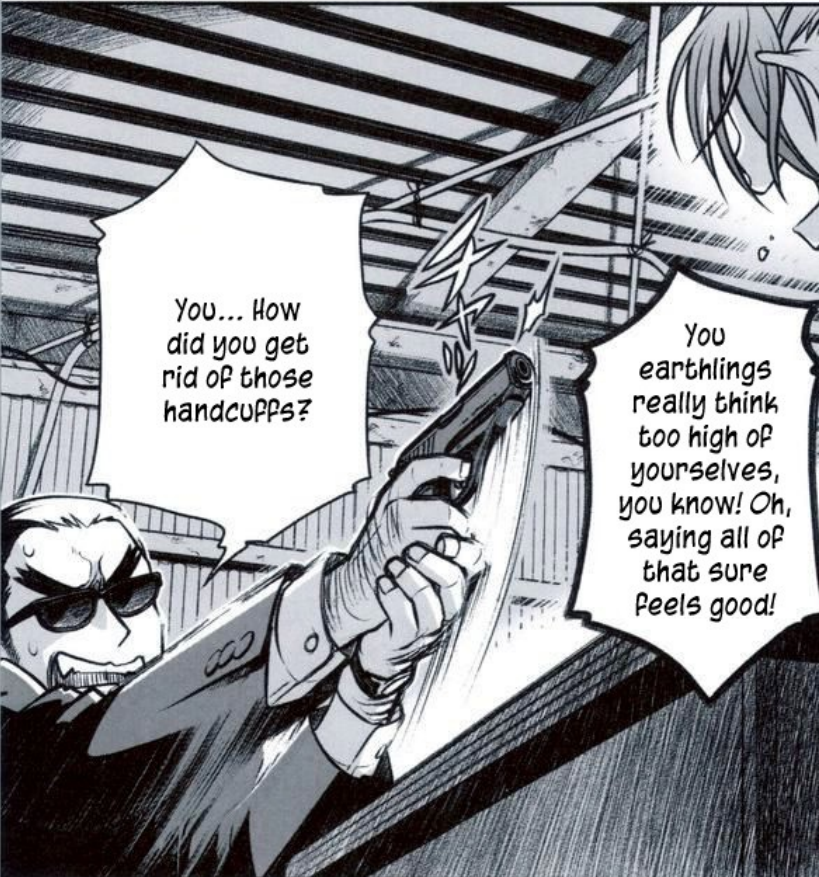

As the result of a secret investigation we have been conducting over the last few years...

We now view investigators like you as spies for an alien race that plans to invade Earth...

I guess he's going to ask all the usual questions now, huh?

You... How did you get rid of those handcuffs?

You earthlings really think too high of yourselves, you know! Oh, saying all of that sure feels good!

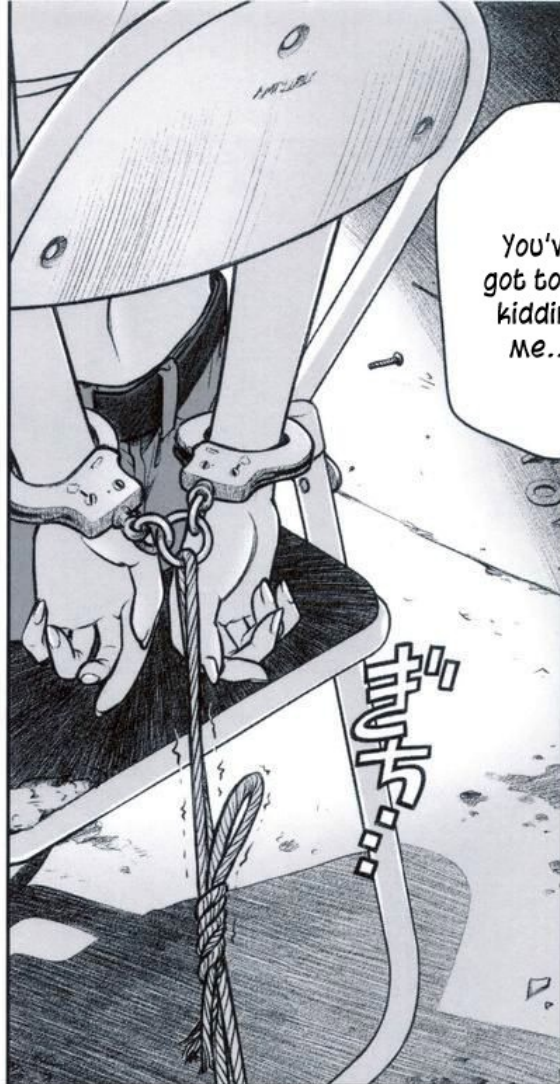

Quite frankly, if we tried to take over every underdeveloped civilization in remote galaxies like yours, everyone else would just laugh at us!

The aim of our activities here is... The acquisition of male reproductive cells... And research of your breeding patterns...

You're referring to what our reports call "contacts," huh? And don't cry, that won't work on me...

You've got to be kidding me...

We have not taken even a single spermatozoon from this planet!

Oh, we do not collect anything!

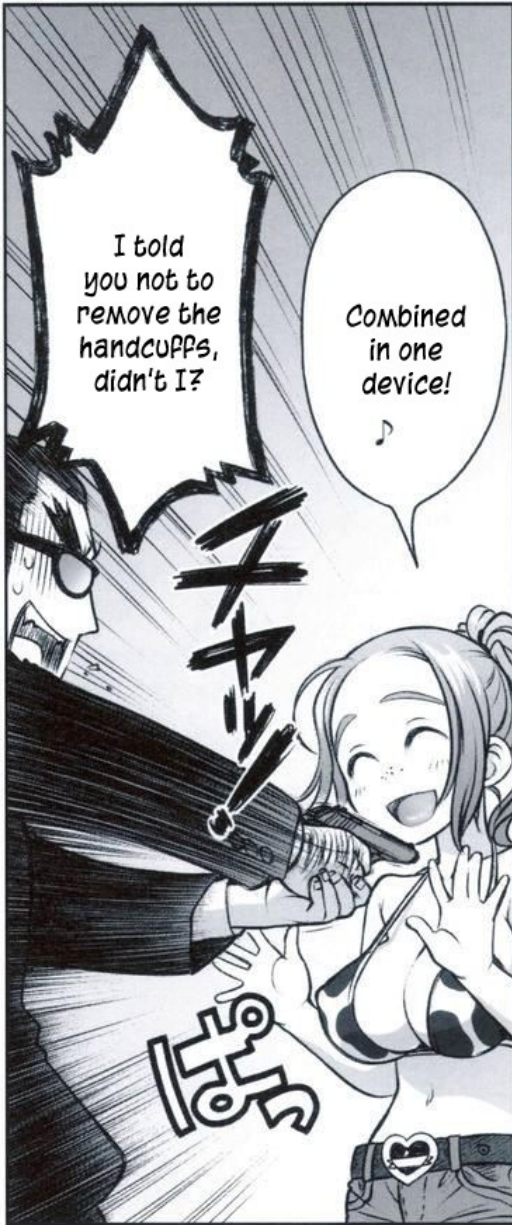

How exactly do you collect the material you need?

So...

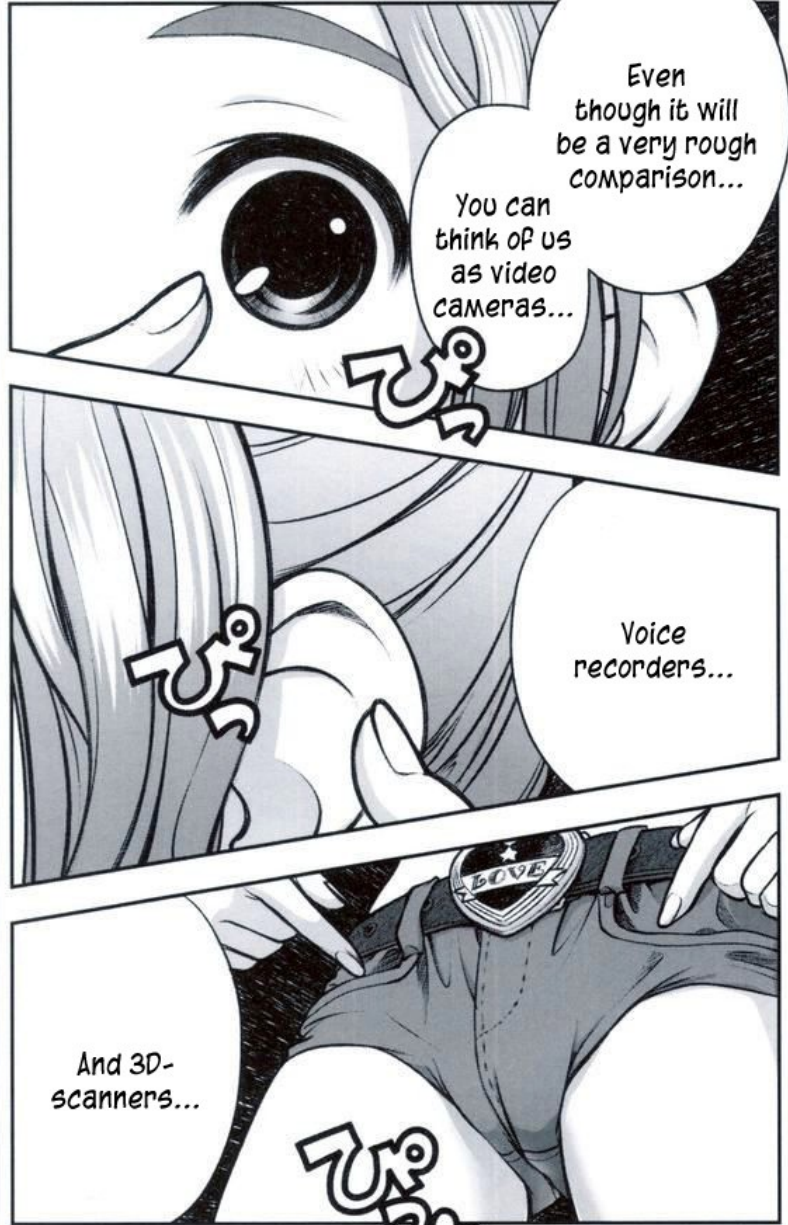

So, you see, we can collect things even without relying on physical matter!

Everything we acquire is digitalized by the devices we carry in our bodies and then, we store it as data.

I told you not to remove the handcuffs, didn't I?

Combined in one device!

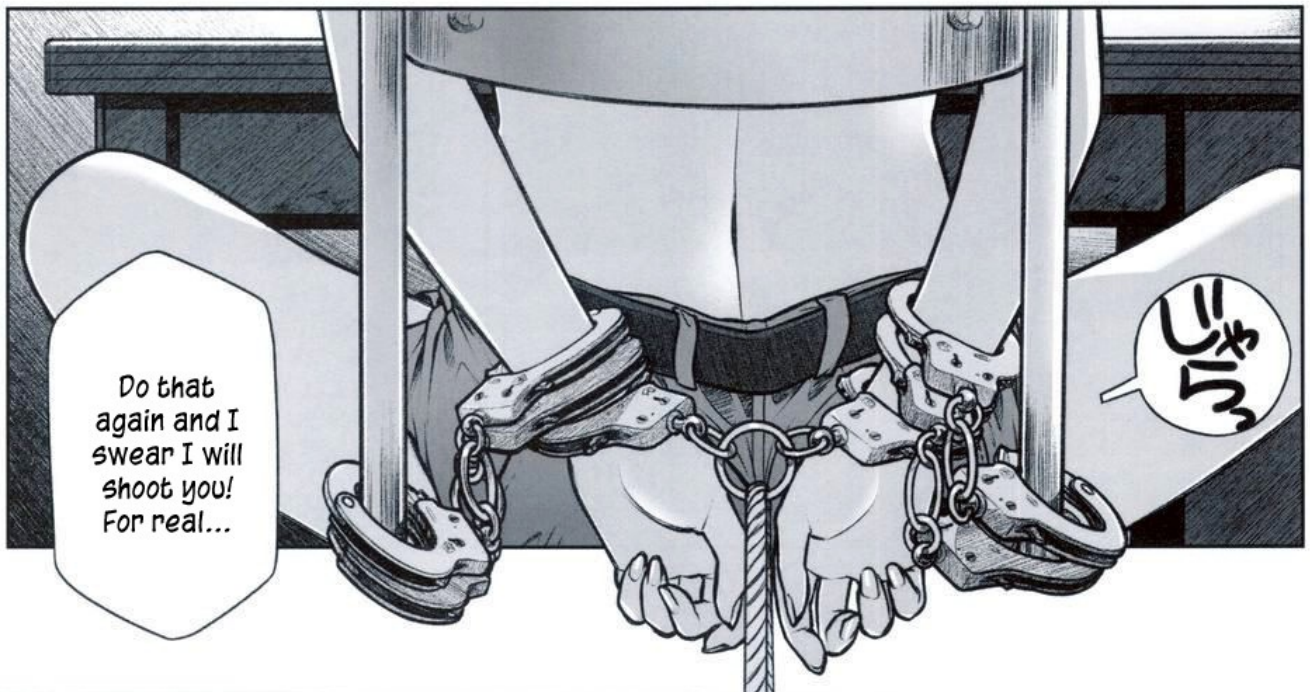

Even though it will be a very rough comparison...

You can think of us as video cameras...

Voice recorders...

And 3D-scanners...

Do that again and I swear I will shoot you! For real...

Erm... Moroda-san...

I'm not going to run away, so please take off these handcuffs! They are hurting me!

Oh, cut it out and answer me already!

Oh, come on! You are so impatient...

Let me enjoy it a little longer!

Oh, no!

Well then, first of all, why don't you tell me about this "research group" of yours...

Next up, tell me how many subjects you have examined so far...

We came to Earth in 1961 and our goal is to research one million human men within one hundred years.

Erm... The second research group consists of one hundred temporary investigators and one hundred full-time employees.

Crap... You're really getting carried away here!

Well then, in that case, I'm going to ask your body directly from now on!

Ughh...

Moroda-san... Let's cum together...

Alright? Now, cum...

Well, with you... We have examined 5278 men...

Three other mammals and one bird...

Well, I'm not happy at all! Now, tell me how many subjects you have examined so far...
And how do you... Select these test subjects?

You see, we all have our preferences when choosing test subjects and some of us just get plain curious...

We've examined one South-African Ostrich!

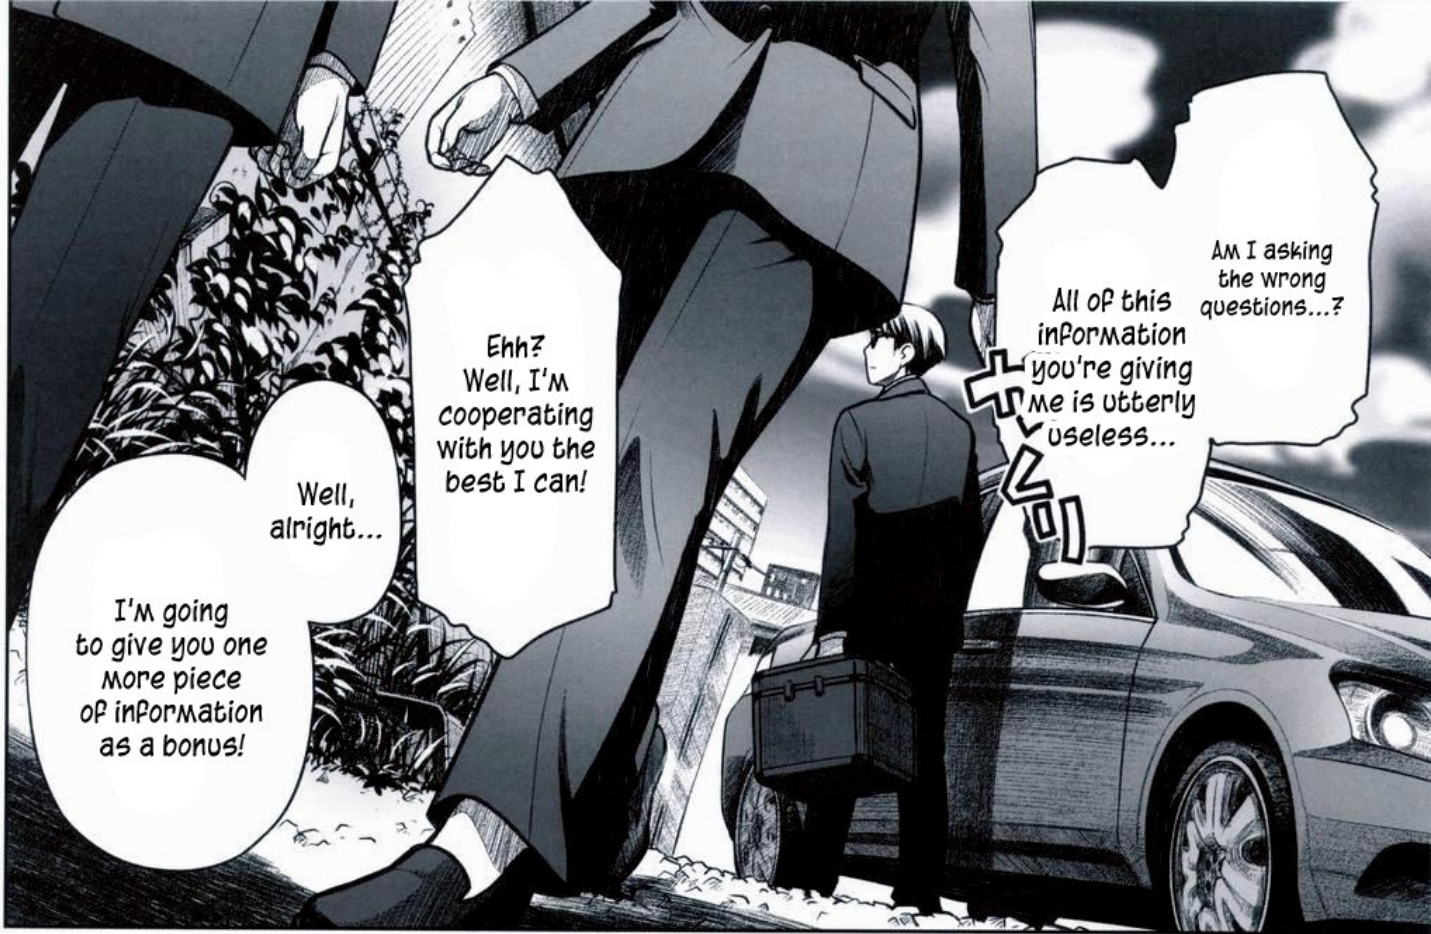

So, your research isn't limited to humans? And what do you mean, one bird!?

And as for our selection criteria...

We get specific requests from our "controllers" and then, we find targets that satisfy the criteria they provided.

That's more or less the way it goes...

I'm going to give you one more piece of information as a bonus!

Well, alright...

Ehh? Well, I'm cooperating with you the best I can!

Am I asking the wrong questions...?
All of this information you're giving me is utterly useless...

We cannot take anything from you...

And we can't give you anything either...

Nevertheless, we cannot leave you alone, no matter what!

These are the three basic laws our research group has to obey!

Inspector Moroda, sorry we're late...

Chief Sugari, hurry up and catch her! You're a life-saver...

Hurry up!
What are you doing...?

Huh?
Just when did she take off my handcuffs?

You see, I just made a mistake while questioning her...

Huh?

Moroda...

Eh?

A naked alien girl has been here just a second ago...

Oh, no! Chief Sugari...

You must be tired. I order you to go on a vacation for a while.

There it is!

こんにちは、オオツカマヒロです。

『宙子の旅』も3冊目になりました。
こちらでちょっと”寄り道”といいますか、次回は宙子
以外の調査員のお話を描きたいなと思ってます。
引き続きお付き合いいただけましたら幸いです。

…最後まで読んで下さってありがとうございました。

【宙子、下着設定から】

”愛されビッチ”という設定上やはりエッチっぽい下着を…とは思いつつも宙子さんの場合は何故だかイマイチエッチっぽくならないので困ります。
