It's true that you released those two...

.....

What are you pleased with, I wonder?

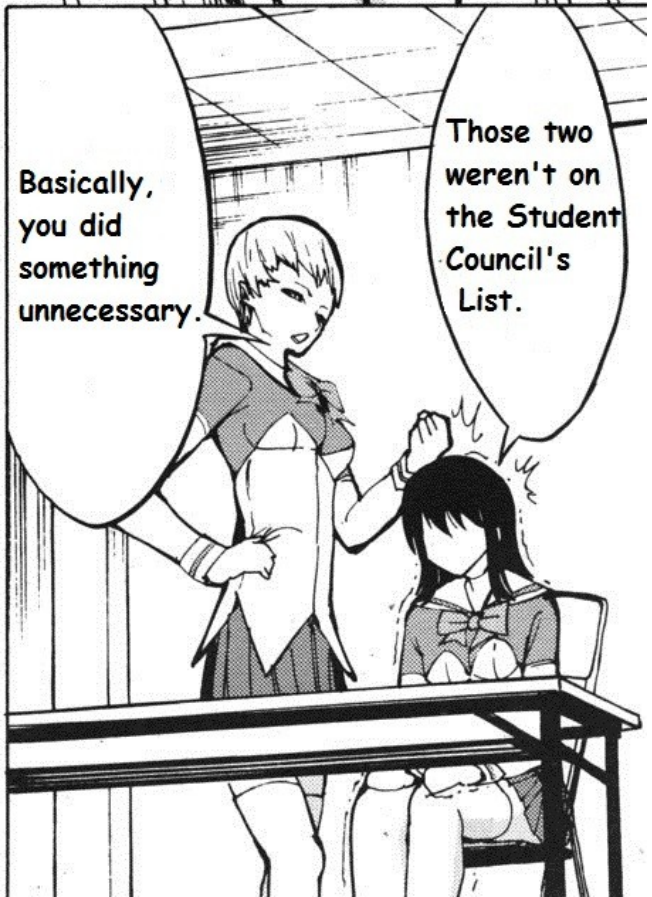

Do you think you did a good job?

Why don't you try doing your job instead!

If you have the free time to do useless things...

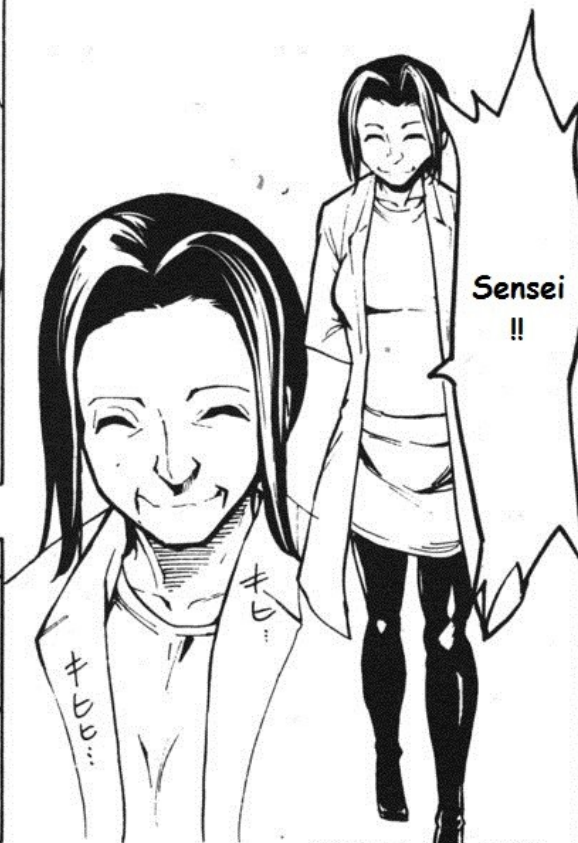

Basically, you did something unnecessary.

Those two weren't on the Student Council's List.

You know...
I'm placing
my hopes in
this child.

But...

Sensei
!!

Now now,
don't come
down on
her too
hard...

If those two
had actually
received the
designation,

You would
definitely not
have released
them.

You're an
excellent
student.

That
hurts...!
Sensei...

Agh...

.....

What happens to those who help Public Toilets dodge the designation, right?

Because you certainly understand...

If a public toilet is brought outside the school ...

Under the first part of "Prohibited Actions - Punishments"

Toilet Control Law... 7th Paragraph

In those instances ...

Will be treated as a Public Toilet "Type C"!

Who-ever did it ...

The other is wrapped around your neck.

The first is that weight in front of your hands

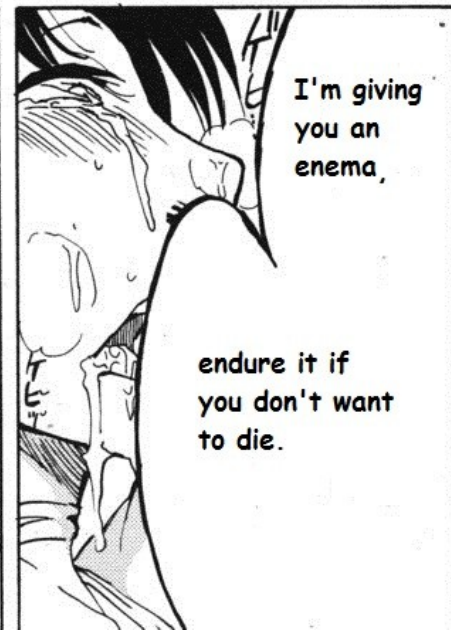

That bucket bellow you is connected to two ropes.

Interesting, isn't it?

Hehehe

I'm giving you an enema,

endure it if you don't want to die.

Keep your wits about you.

If you shit yourself...

Perfect!

You're holding out even while unconscious.

But... if I do this...

Then go ahead and die like that

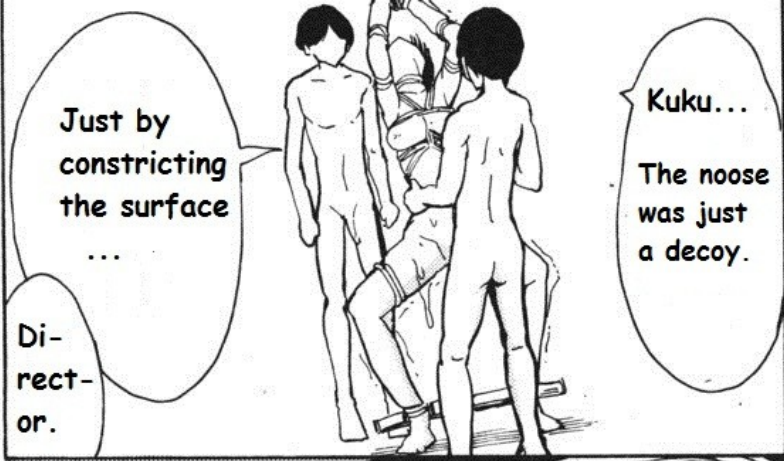

Hihihi, Are you scared?

Is it painful?

Just by constricting the surface ...

Di-rect-or.

Kuku...
The noose was just a decoy.

She fainted from shock.

Generally known as...

Principally,

Those that

If you fill it with air...

This thing was developed as an ear plug.

The rubber expands greatly and completely blocks off the air passage.

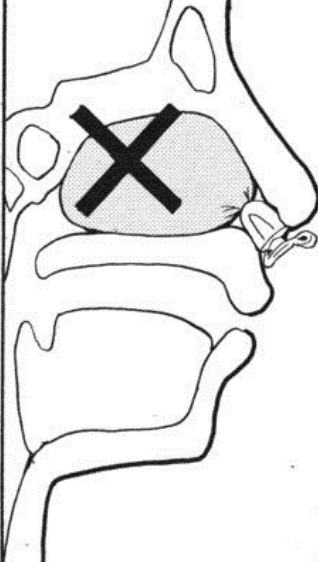

Well then...

Are you afraid?

This isn't anything to be afraid of.

Everyone gets used to it very quickly.

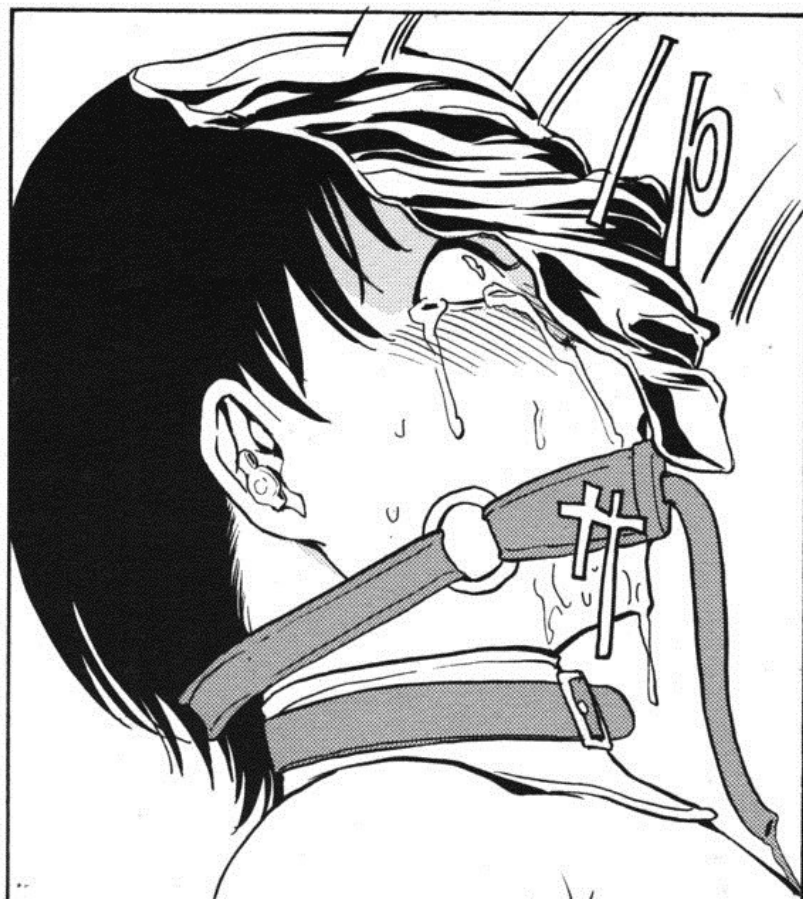

You won't be able to hear anything anymore.

Now your ears...

Good-bye

Akari.

One last thing...
