

Makoto ...

Calling me out here...

What is it?

I have to say it today...

Today's the last day...

Oh yeah, she did —that— the other day, didn't she...

Er... I...

Umm...

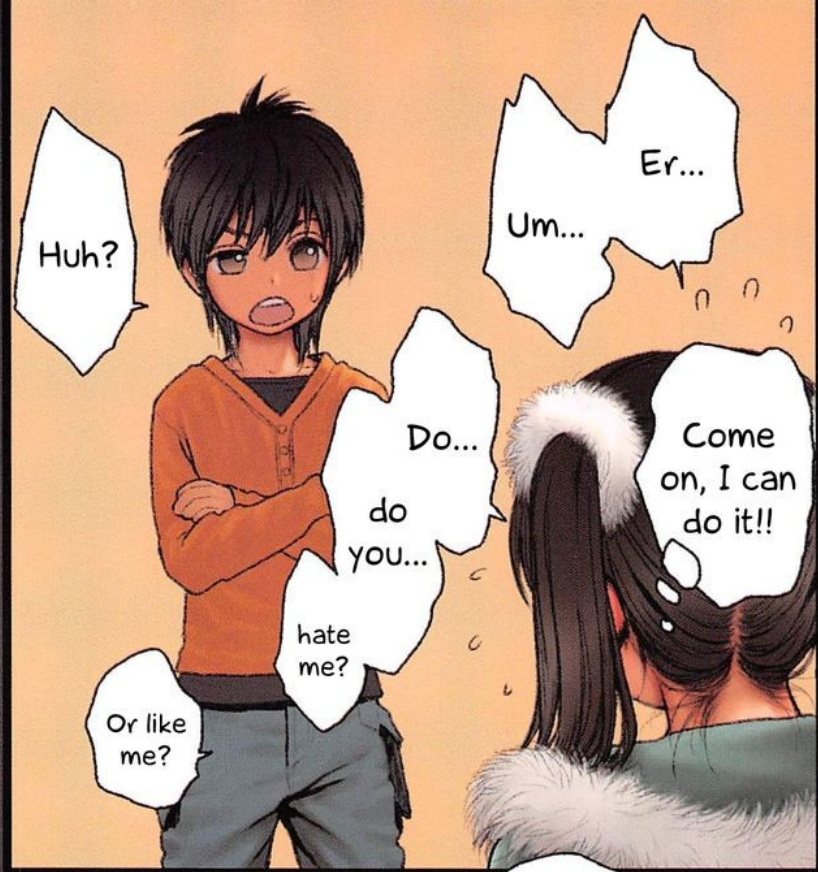

Hurry up and say it...

Is she saying sorry? She should just hurry up and say it...

What
are you
talking
about?

You're
awful.

You should
apologise
first, right?

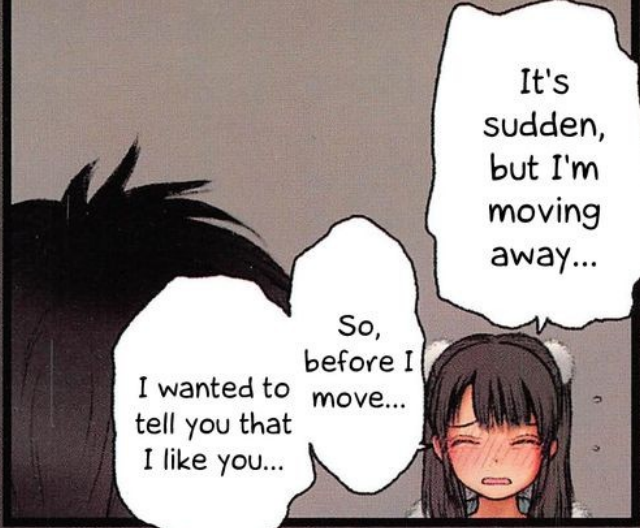

You haven't
apologised
for what you
did that day.

Eh!?

Ah...

No, that's
not it!

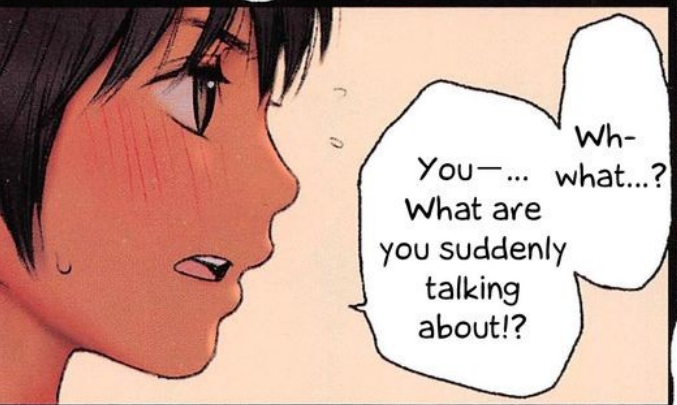

I wanted to tell you that I like you...

So, before I move...

It's sudden, but I'm moving away...

What should I do...? I totally forgot about what had happened...

It's not about that... Ah, but... I think I was in the wrong then...

Wh- You-... what...? What are you suddenly talking about!?

But you kept ignoring me, so I couldn't say it...

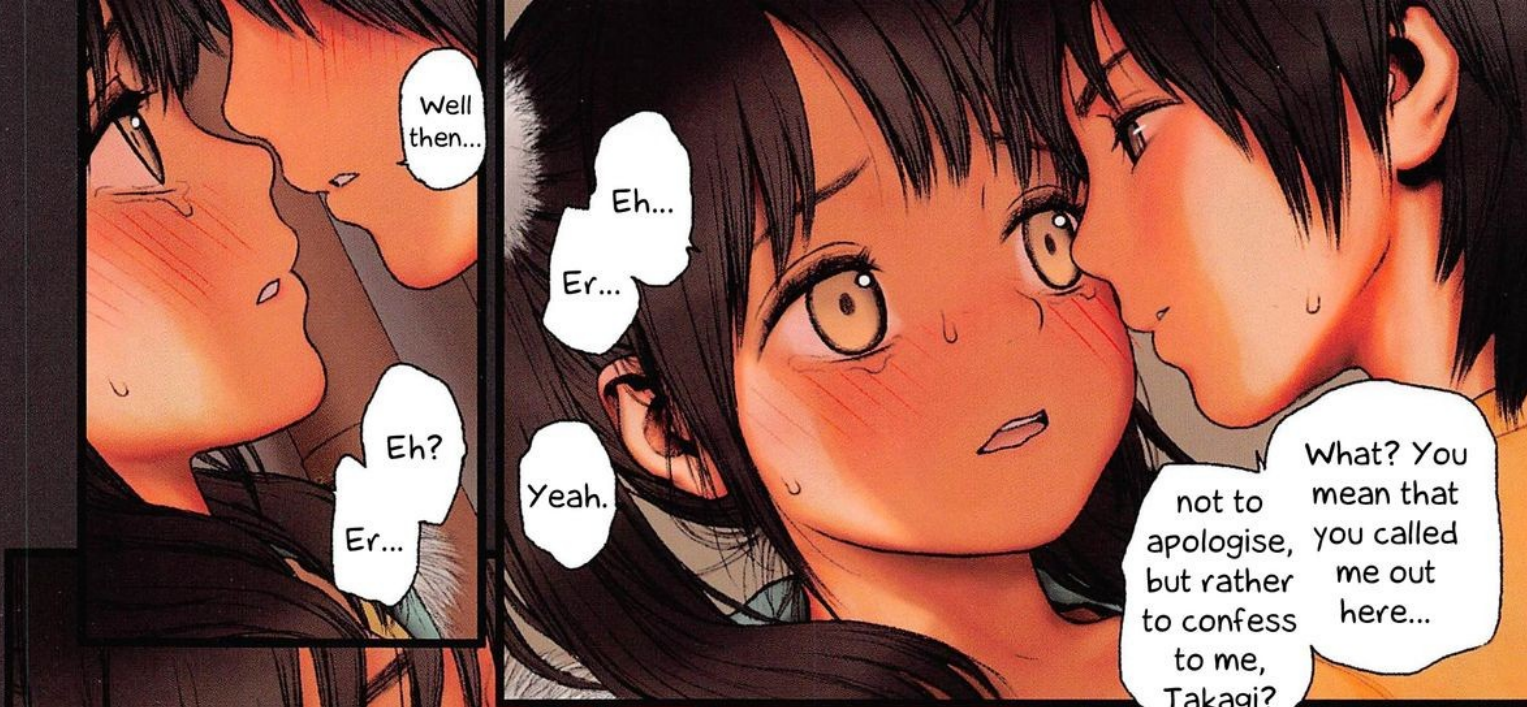

But that's not what I want to talk about today... Er...

Makoto ... kun?

Well then...

Eh...
Er...

Eh?
Er...

Yeah.

What? You mean that you called me out here... not to apologise, but rather to confess to me, Takagi?
