

But the mother cat disappeared;  
we looked for her every day, and she just never came back

Before we knew it our pet alleycat had given birth to 3 little kittens

Well we should probably take them to a shelter

How are we going to afford to take care of this many kittens...?

Can't we at least keep this one Mama?

Hiroshi... Caring for an animal is a lot harder than you might think

It's alright Nee-san

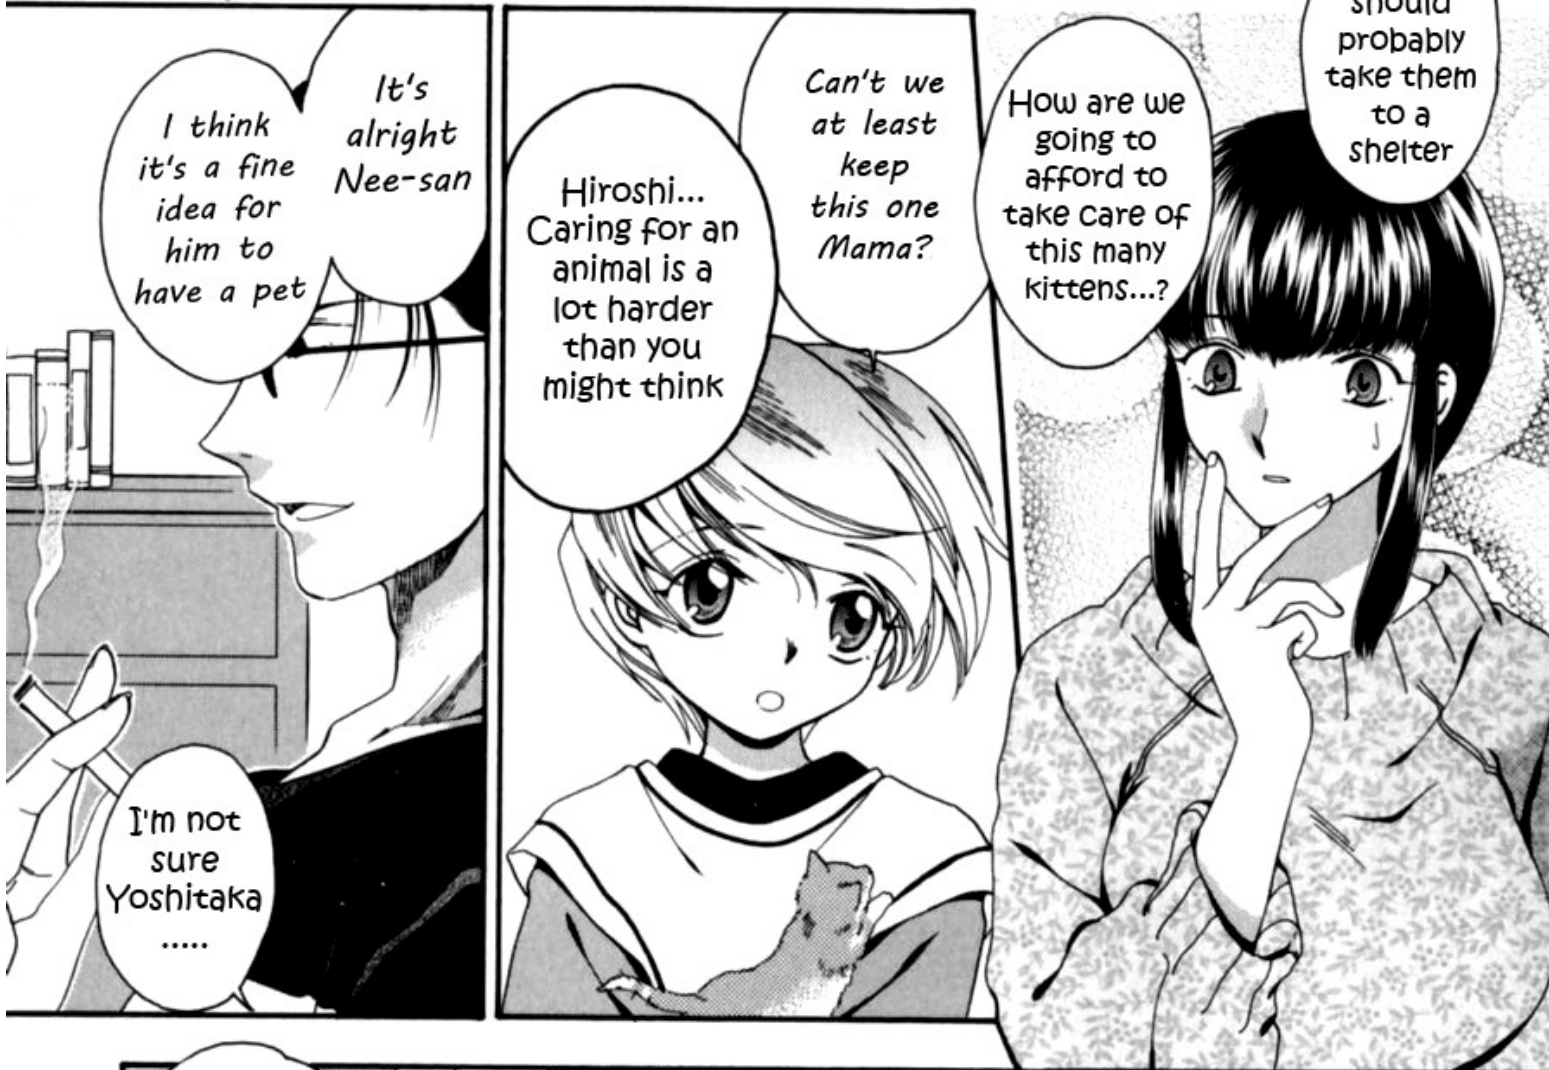

I think it's a fine idea for him to have a pet

I'm not sure Yoshitaka .....

I'll teach him how to care for his kitty

You want to take care of your kitten properly don't you Hiroshi?

Yeah!!  
Thank you so much Oji-san!
