化学室

Ya...! Quit... Ah!

Ha

You don't need to concern yourself with being heard, no one will be coming to this side of the building for the rest of the day

You should try to be a bit more quiet but...

Ha

Sen... Sei Why are... you doing this...?

Ha

Ha...

Hahh

Huh

I suppose... It's a physical exam

What should we call it?

If you do what I say I promise you won't be in trouble and I'll even give back what I took

Now maybe should we examine Natsume himself...?

Hmm, well there's nothing unusual in your bag...

I have to see what else you brought with you...

30L  
Fuh...  
Wha  
!?

This  
is...  
awful!

this make  
you feel?

matter?  
Your nipples  
are getting  
hard...

Rub me  
there like  
that!

No...!  
Fyahh...  
Ah!

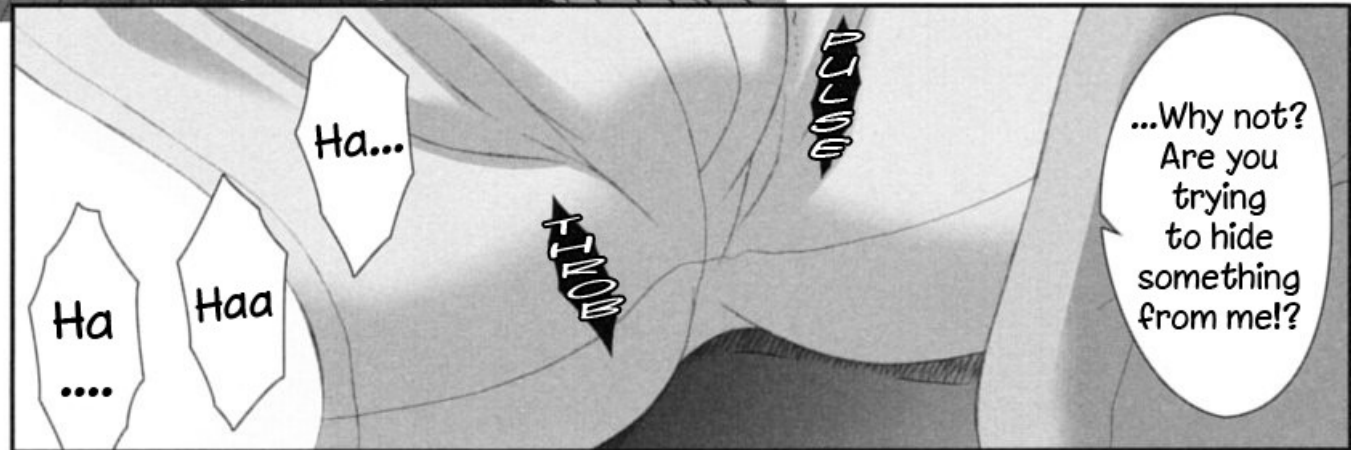

Oh my, it  
seems like  
you really  
are getting  
turned on

I never  
thought  
Natsume,  
an honor  
student,  
would  
get off on  
this sort of  
thing

Don't  
grind  
on it!

you be  
hiding  
here?

I already  
proven I'm  
not hiding  
anything  
from  
you!?

I think you  
misunder-  
stood me  
Natsume

SLAP!

This is Natsume's punishment

Punishment for breaking the rules

All the rule breakers always say they've got nothing to hide

And your kind never change their behavior

Are you trying to act like a victim?

You're no different from any of the others

As a teacher it's my duty to put misguided students back on track

So maybe you don't have anything else? It makes no difference, you must still be disciplined

I must teach you properly

We'll continue until you realize what you've done is wrong...

You don't seem to show any regret Natsume

Keep your ass relaxed
