彼方(かなた)について。

当人の弁によると、彼女も宇宙人で正式名称は『地球星大調査 第二次調査隊 転地調査員87号』というらしい。

順番で言えば、宙子に先じて日本に上陸したはずなのに、とにかくドンくさいというか要領が悪くて調査件数はぶっちぎり最下位。目下遅れを取り戻すべく昼夜兼行で調査活動を継続中らしい。

そのくせ時に思わぬ出逢いを生む“引きの強さ”を発揮して、調査対象者のレア度やら調査内容のマニアックさにおいては随一を誇る調査員らしい。

日本での調査を前に「日本人は“縞パン”が大好き」との情報を入手し大量調達。しかし勘違いから調達したのがあろうことが“縦縞の縞パン”だったので日本で最初の対象者からは「男おいどん」呼ばわりされるわ、お説教されるわで散々な目にあった…らしい。

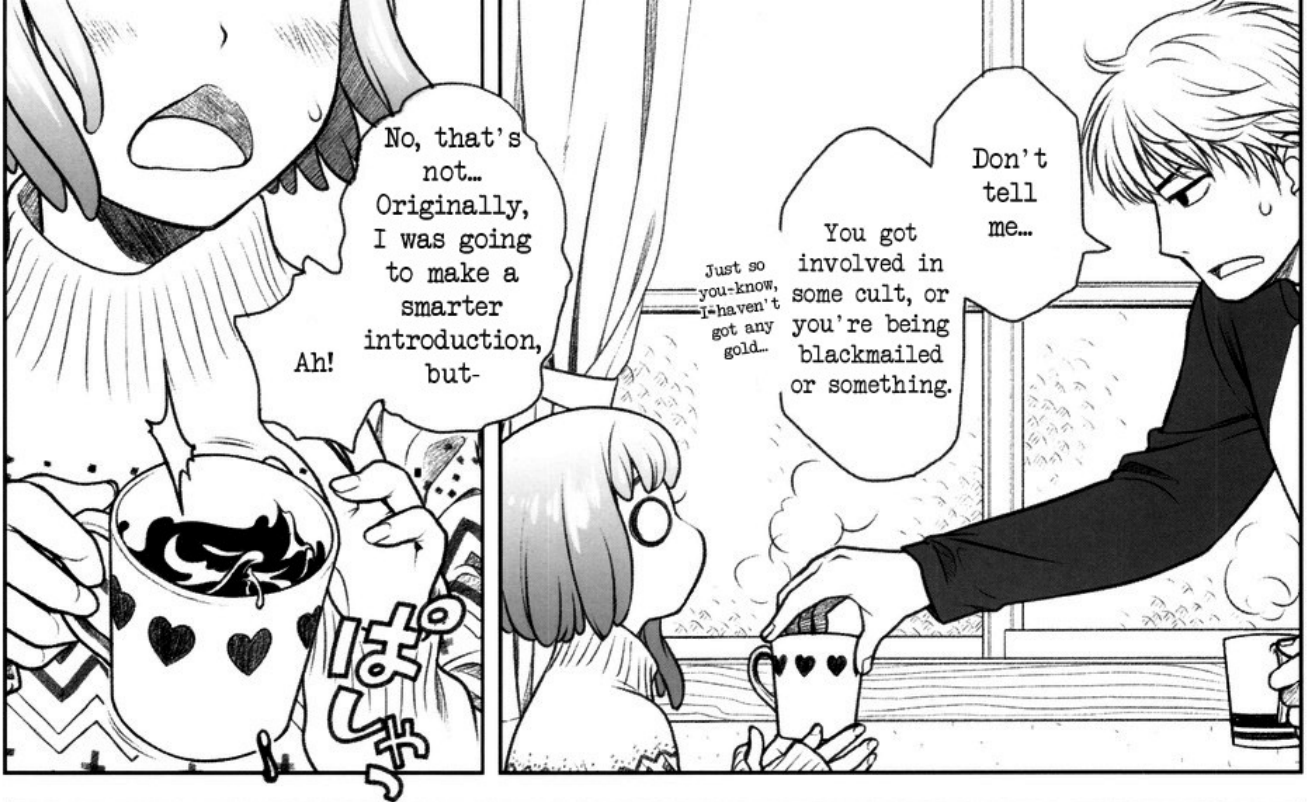

Investigator number G-581-21-087, Kanata, will now begin the Second Grand Earth Project, to investigate and gather data.

Right now it's about 06 hours and 32 minutes UTC on earth according to my navigation system.

It's 15:32 in japan time ♪

It says here that I must respect both interplanetary laws and local laws to guarantee peaceful negotiations.

Er... This time, the test subject is "Kenji Yamazaki" and the goal of the investigation is to make physical contact with the subject.

No, that's not... Originally, I was going to make a smarter introduction, but-
Ah!

Just so you-know, I-haven't got any gold...

You got involved in some cult, or you're being blackmailed or something.

Don't tell me...

and I thought I'd be able to catch my research up with theirs.

I heard about the the japanese setting from my friends,

Ah... I'm not very good at this...
It's going to leave a stain

Ah! Not another policeman!

Miss, please wait!

Just let me go!

please hold me!

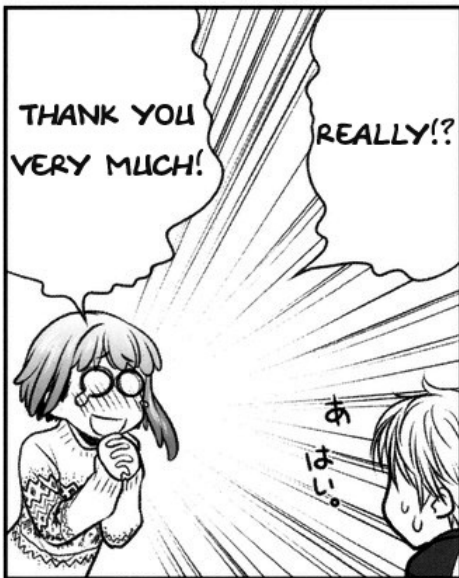

So I came here, to Japan.

What did you think Japan was?

I guess you'll hit eventually if you keep shooting...

It's all over for me if this keeps up.
Like a broken gun.

But for some reason nothing went my way.

THANK YOU
VERY MUCH!

REALLY!?

And you are
kinda cute...
So I suppose
I could...

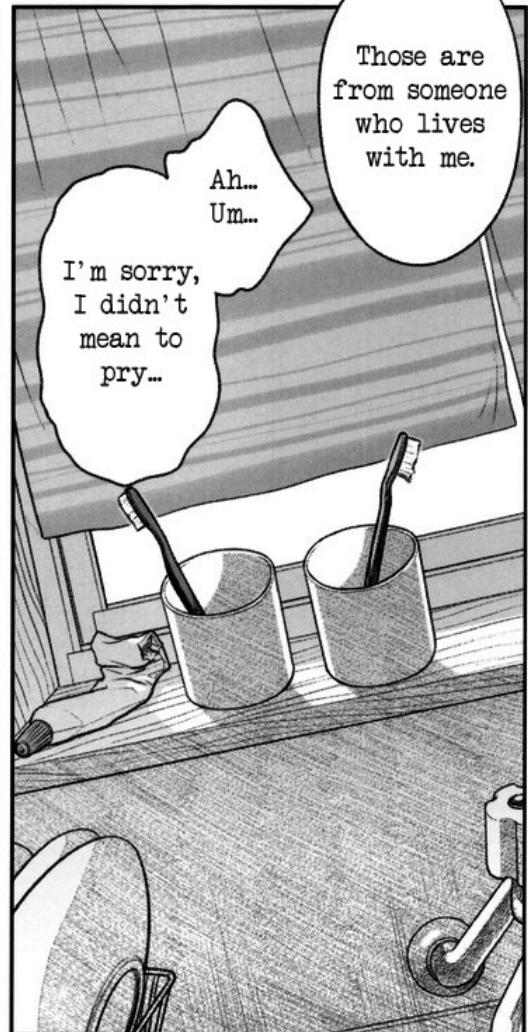

Well, I
can see
you're
having a
rough
time...

Um...
By the
way...

Don't worry;
she'll
probably
never come
back anyway.

Those are

Last week...
She didn't
even take her
stuff; she
just left.

Did you
have a fight?

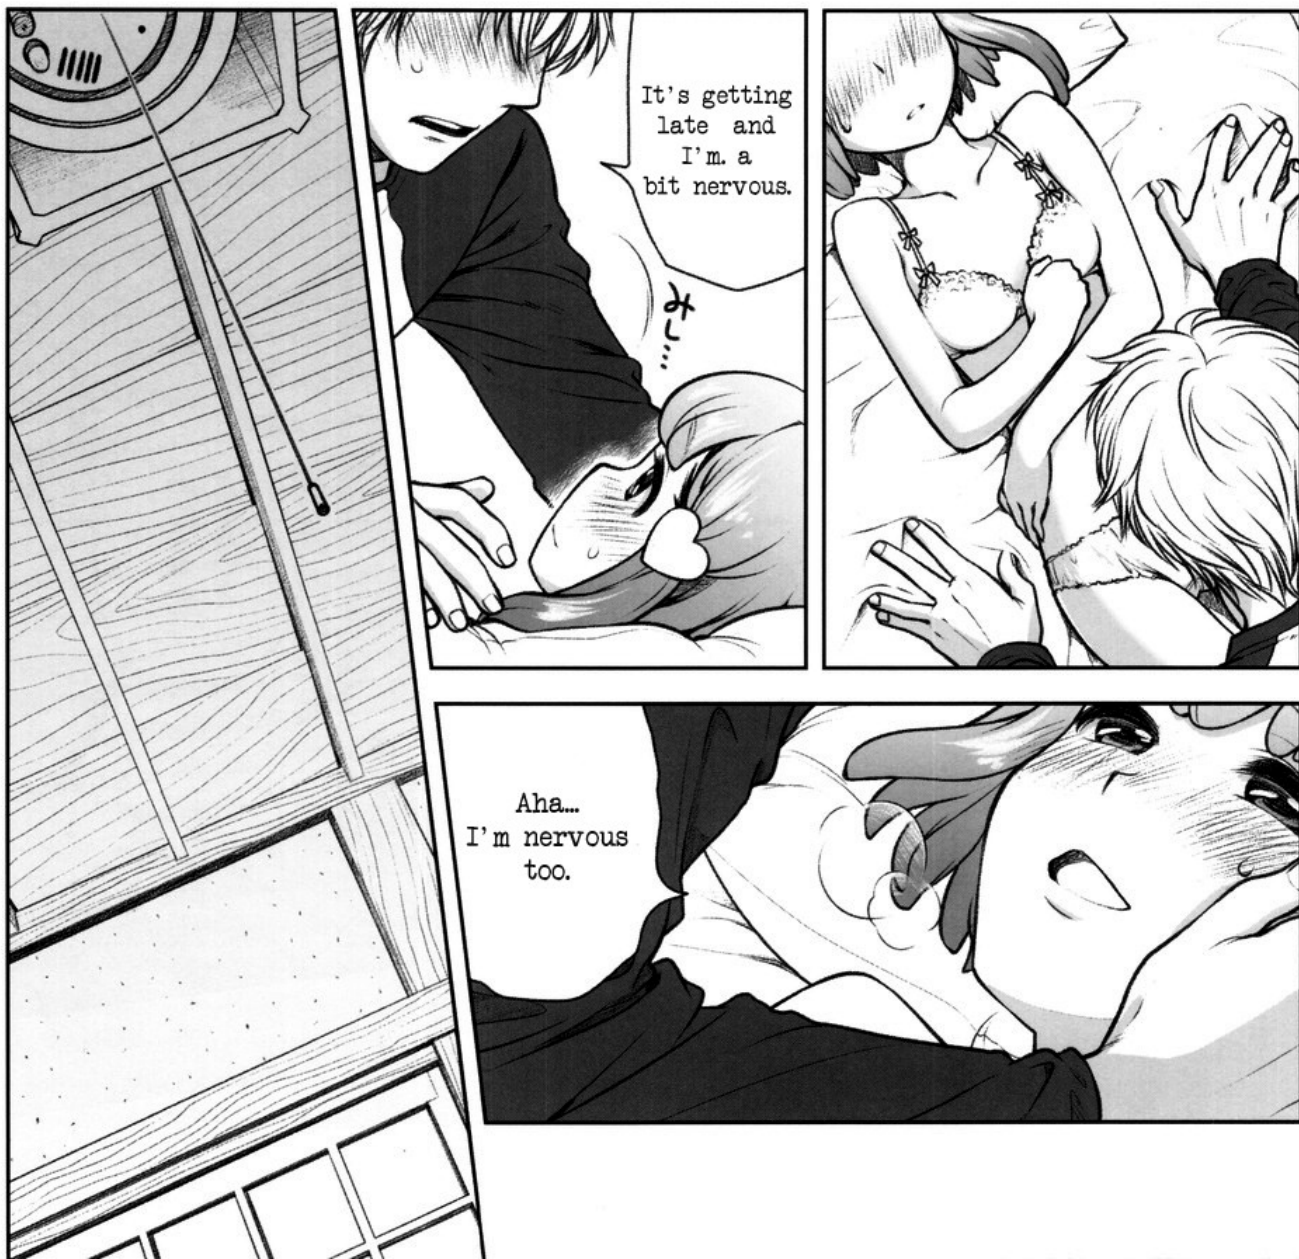

Can I stretch the futon?

Doing it together... This is a bit awkward.

It's pretty cramped in here.

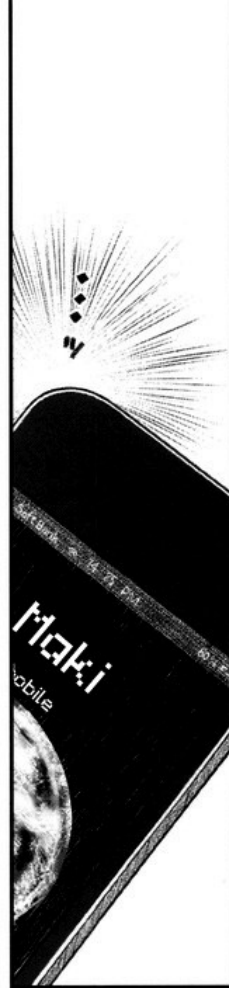

Yes, please do.

It's getting late and I'm a bit nervous.

Aha... I'm nervous too.

I told you; it doesn't matter anymore.

But it's a call from your girlfriend.

It's fine, just let it ring.

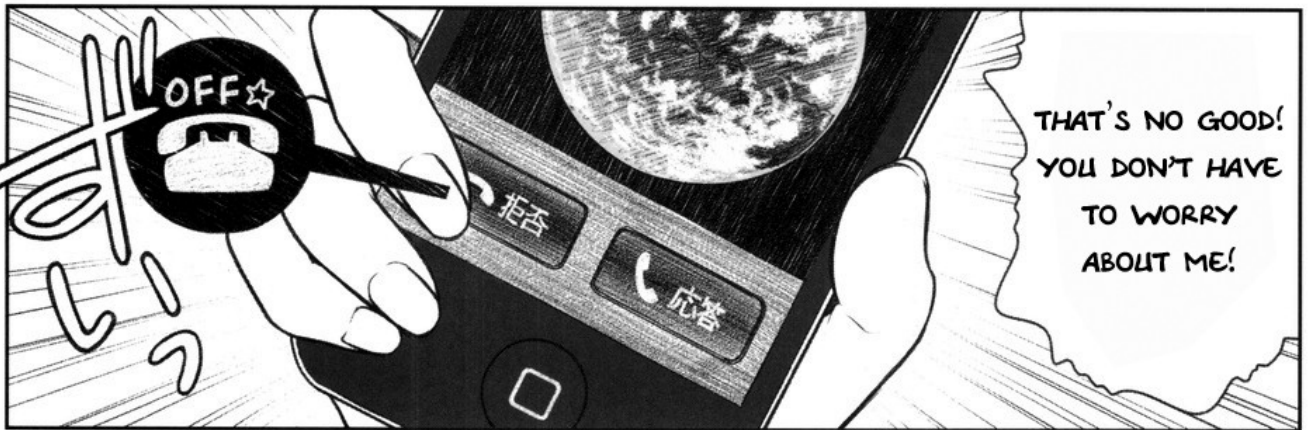

Aren't you going to answer it?

Besides, you and I are going to...

Don't do unnecessary things.

That's no good. You still love her don't you?

THAT'S NO GOOD! YOU DON'T HAVE TO WORRY ABOUT ME!

AH!

S-Sorry!

Right in her face, too...

Ha ha...
You hung up...

Clumsy though.

You're a good person, aren't you.

You two will become seperated... I...

What should I do... At this rate...

Huh...?

Don't worry, I'll just call her later.

Un...

Amazing...
It almost
looks like
you're
peeing.

Fuu?

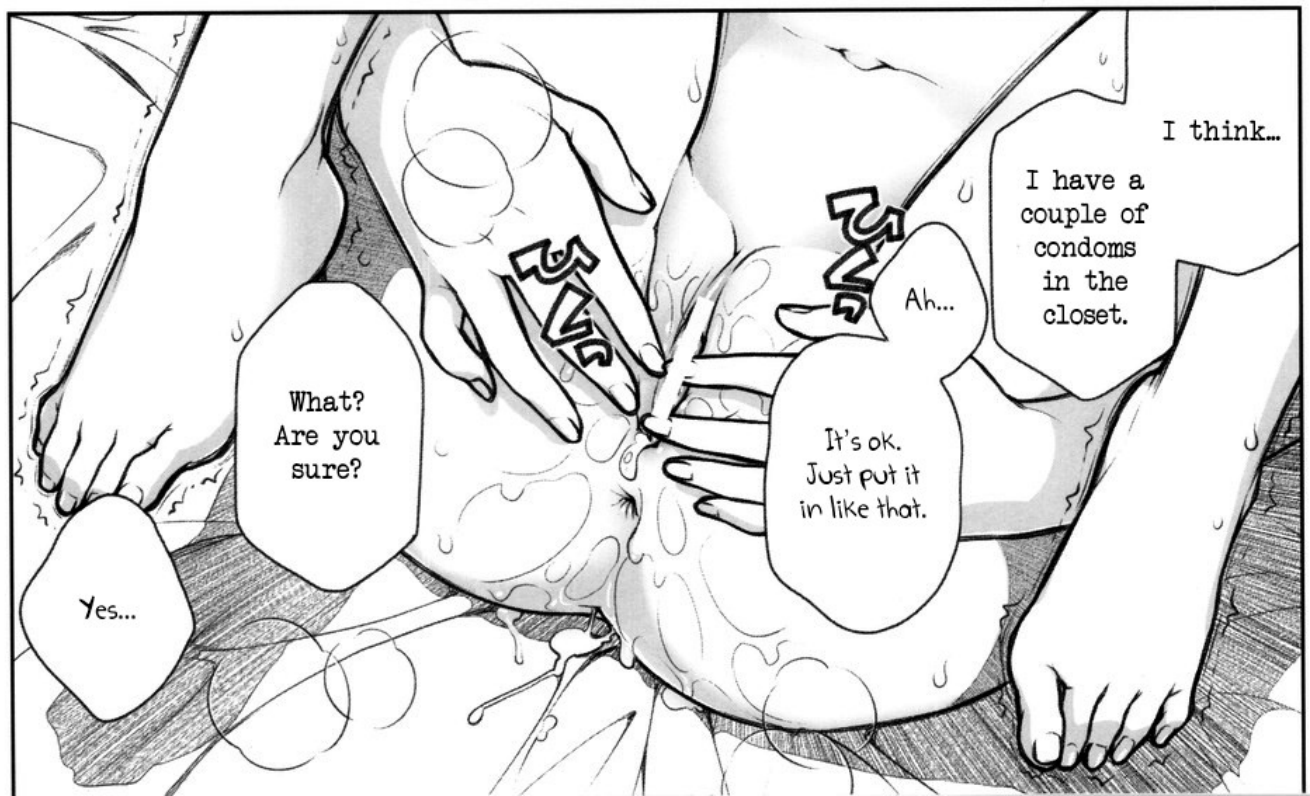

Did you cum?
It's so tight;
I can't get
my finger in.

More like,
why are you
apologising?

Is this the
charm of
clumsiness?

Ah... I'm s-sorry...
Why are you doing
it this way...?

I think...

I have a
couple of

closet.

It's ok.
