copulating with a pig*

Wait for me...

Nee-sama ...

Hmm...

Nee-sama, you're amazing.

An Awakening... This is the first time I've ever seen one...

If I had more power I could kill even more of them than I can now...

Because I want to kill every single one of those beasts.

Why's that?

I want to Awaken too, as quickly as possible!

Kill...

Kill them all...

N-Nee-sama!?

I want power like that too.

Awakening in battle doesn't produce only the power to fight.

I think there are other, more wonderful, ways to use our PK powers.

...

I can also use my power for things other than destruction.

There's no need to rush it, it'll happen eventually...

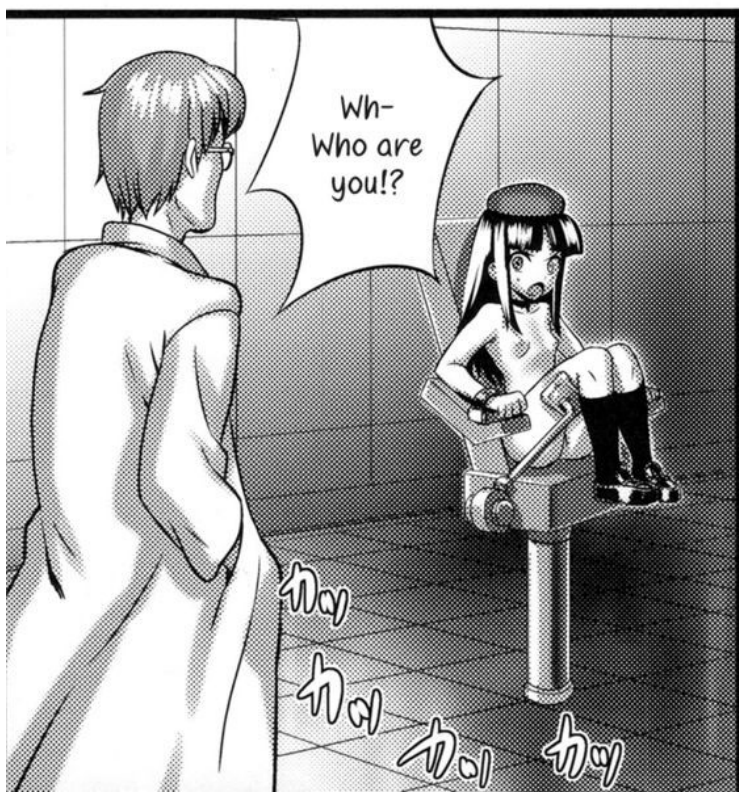

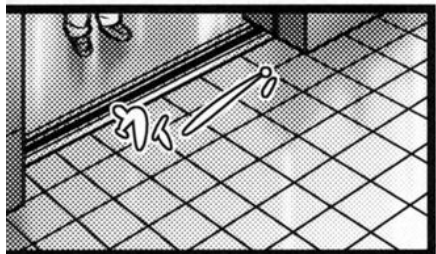

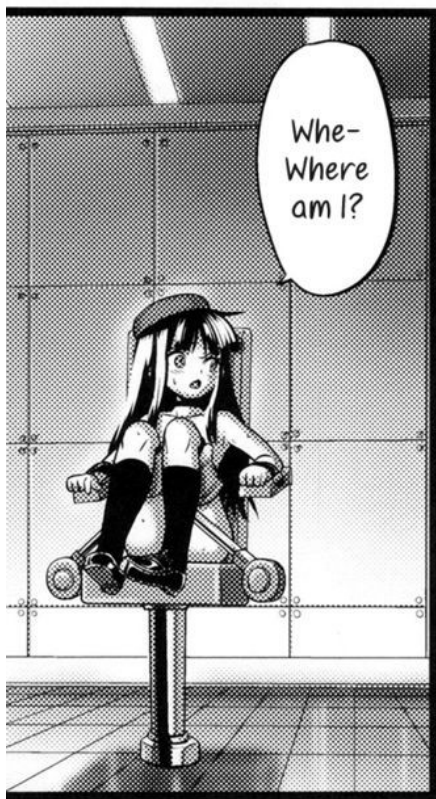

Then, if I don't fight anymore...

Fu fu...

For example, imagine a girl that really likes to play the piano, were she to Awaken while playing it...

I'm sure she would Awaken to a power that would make her love the piano even more.

You'll Awaken to a wonderful power all of your own.

Man... You two really caused a lot of trouble. Especially the girl with the huge breasts.

White Night? I knew it, those monsters were your fault!

Oops, Sorry about that. I'm the head researcher of Lab 3 for the eastern White Night Company branch.

I hope for your sake that Nee-sama is OK!

Ne-Nee-sama!

My name is Shinichi Suzuki!

My flames aren't... coming out?

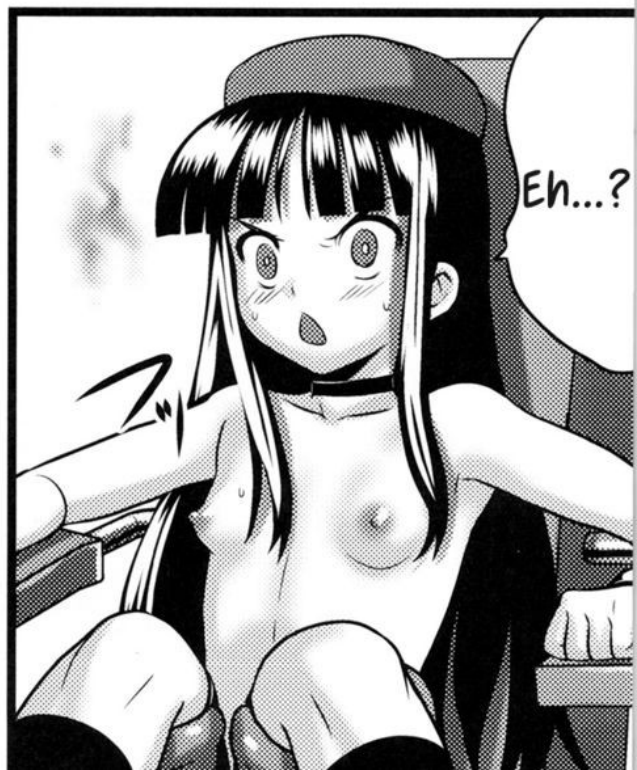

If, by any chance... Something bad happened to Nee-sama, I...

With that little collar. I mean, I wouldn't want to get roasted alive, now would I? Hahaha

Hahaha, Oh yeah, I'm terribly sorry, but we had to seal away your flames...

Eh...?

The Cross-breeding experiment, that is.

It's gonna be mighty fun!

Now, Honoka-chan, I'm going to run you through a few tests..

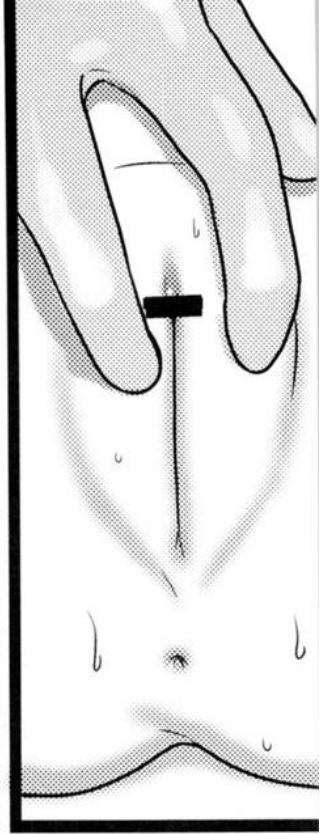

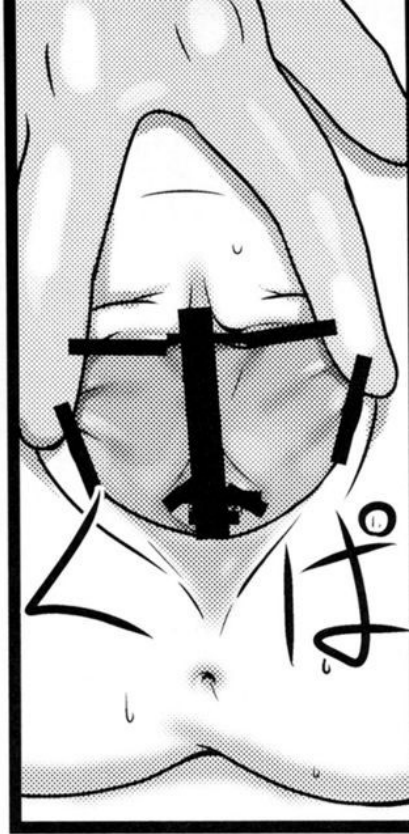

I'm a soldier, after all...

Nhg ...

My resolve won't be broken that easily...

uh!

This is nothing!

Uuh!

kun!

Nh!

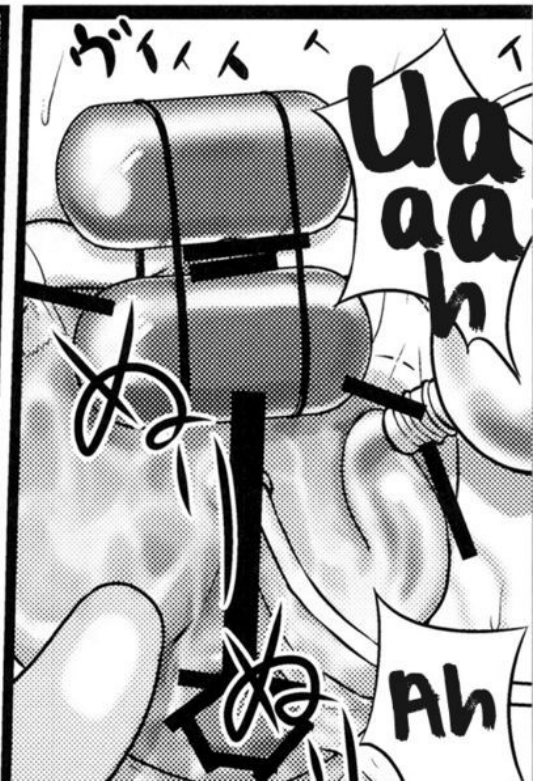

Is only natural!

For a soldier made captive, being treated this horrible way...

I will endure every single thing you throw at me, no matter what!

Ua aah

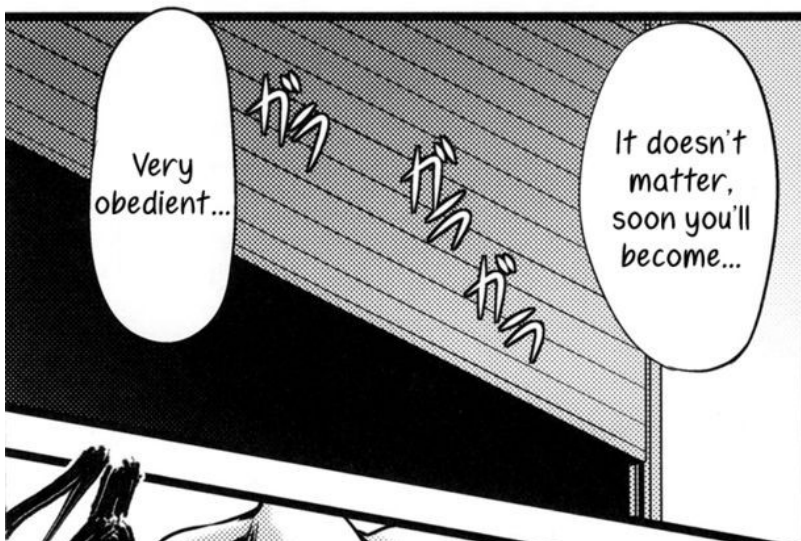

Ah

You might be just a little guinea pig, but don't worry, I make it a rule to treat my guinea pigs very well.

What do you think? Feels good, doesn't it?

You see this syringe? It contains a medicine that loosens up the uterus and genitals, making it possible, even for a little girl like you, to mate with something many times your size.

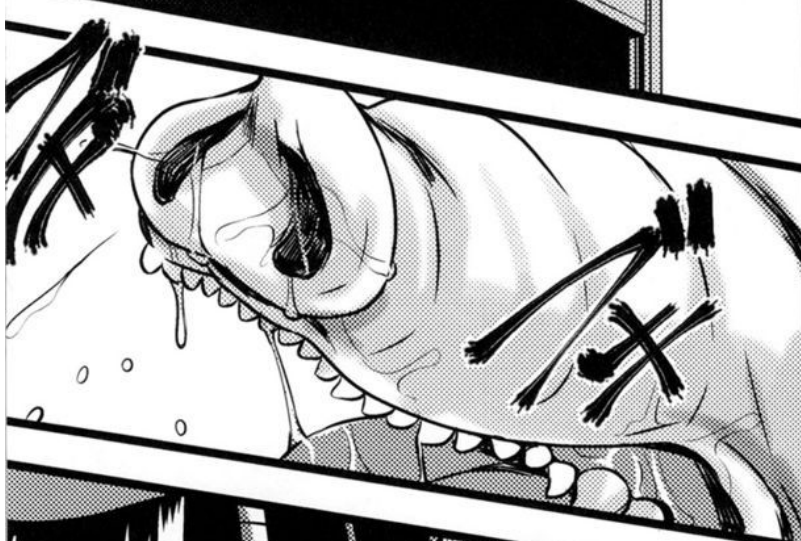

Very obedient...

ガッ ガッ ガッ

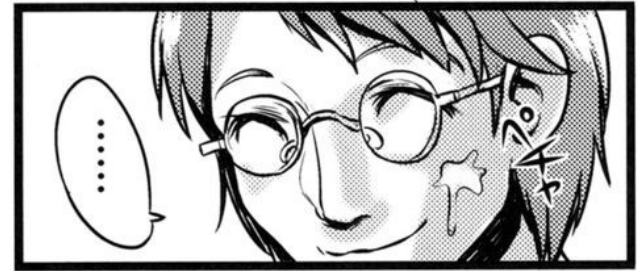

It doesn't matter, soon you'll become...

Puh

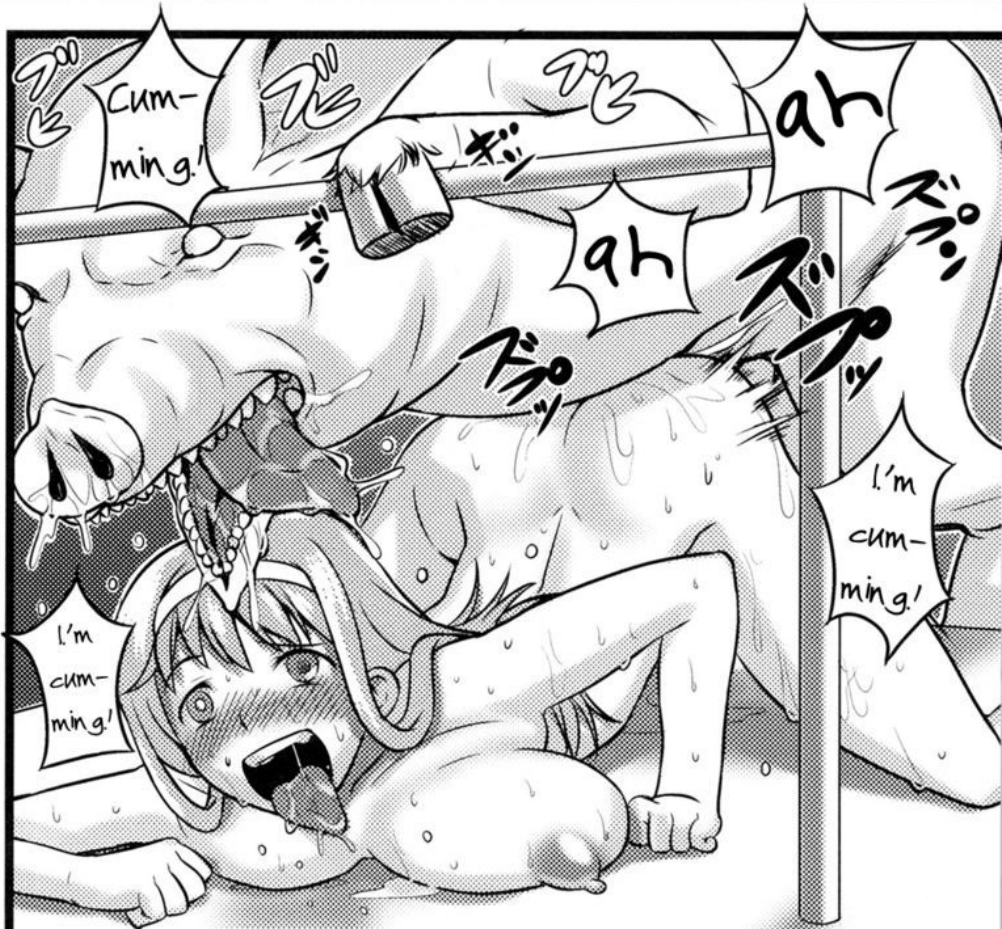

Huh?

Fu fu... Quite lively, aren't you?

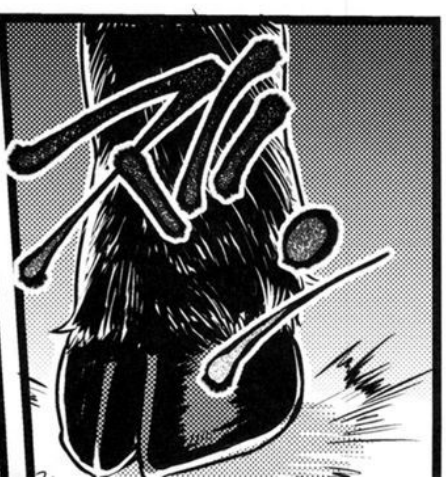

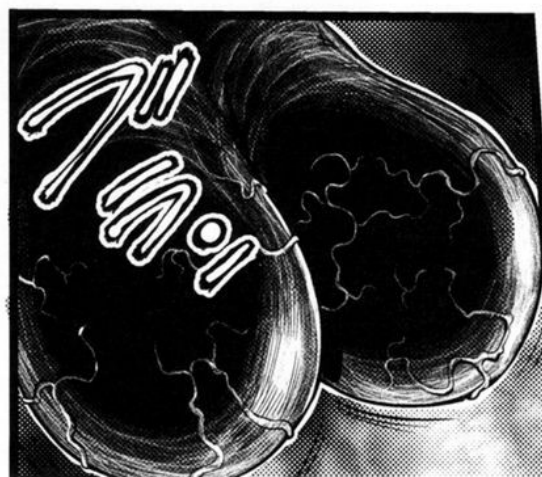

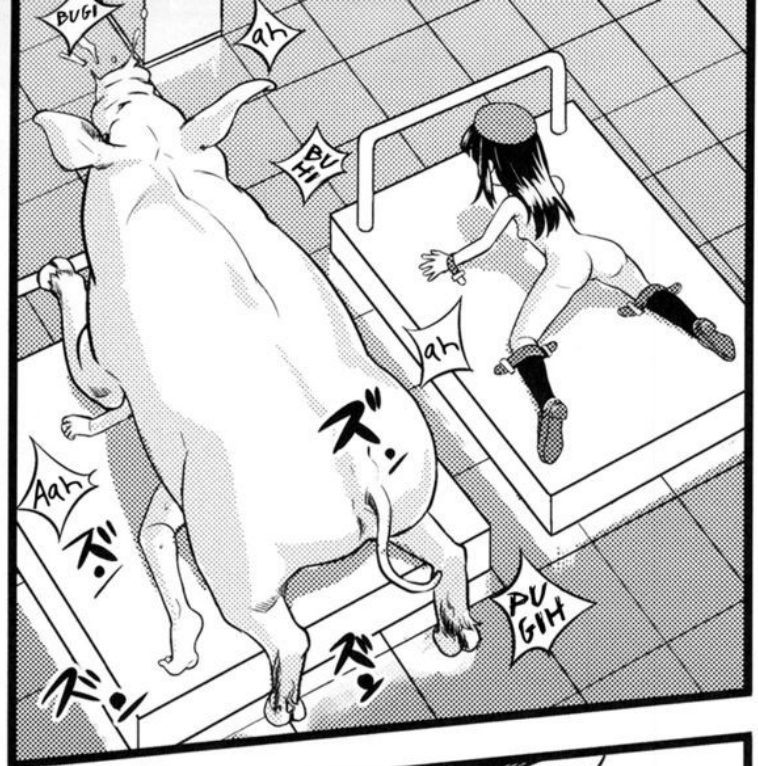

Nee-sama...

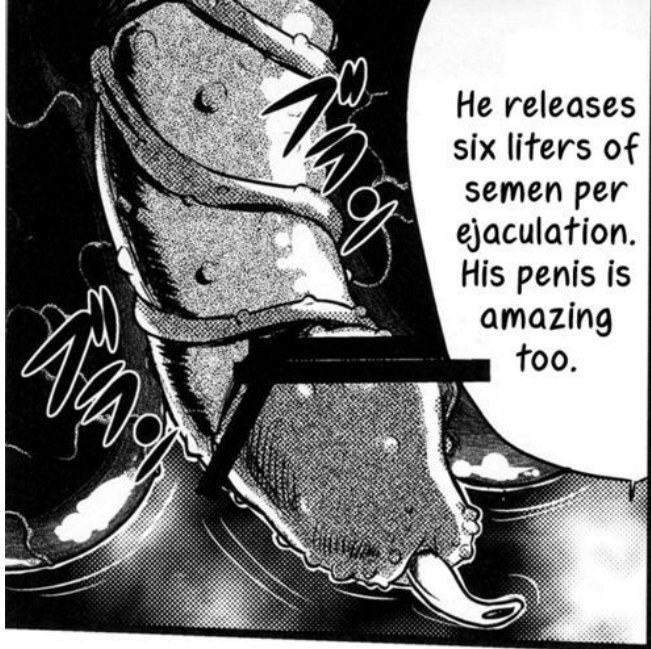

That pig...  
Am I too  
going to  
have to...

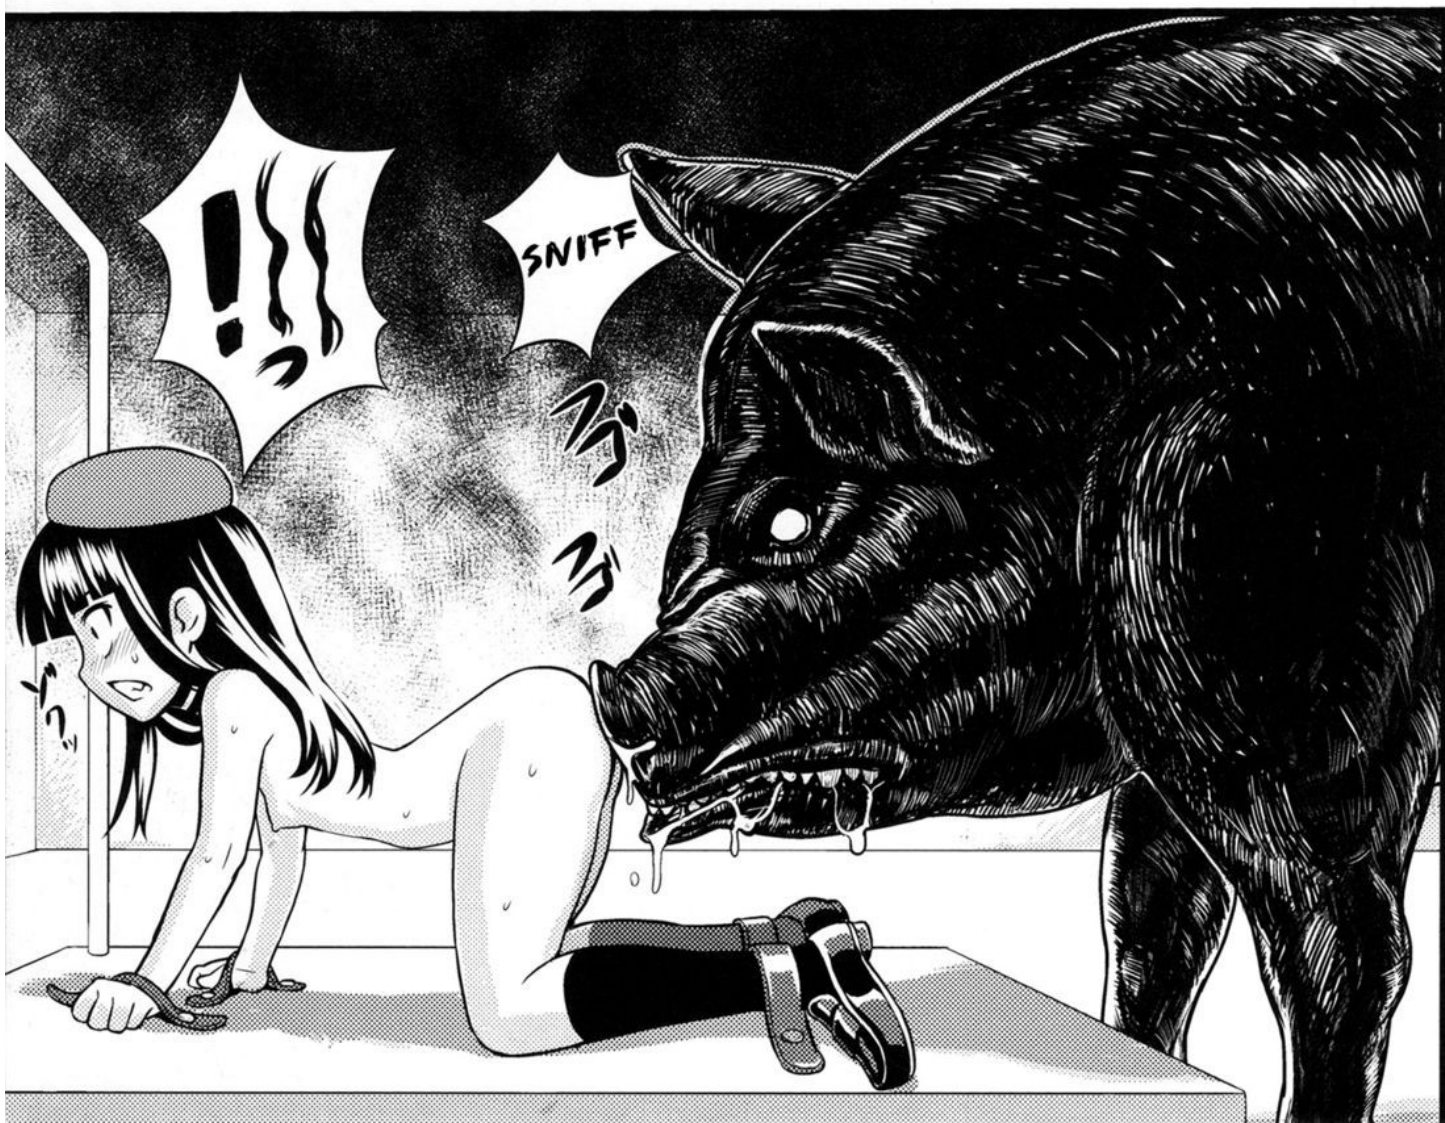

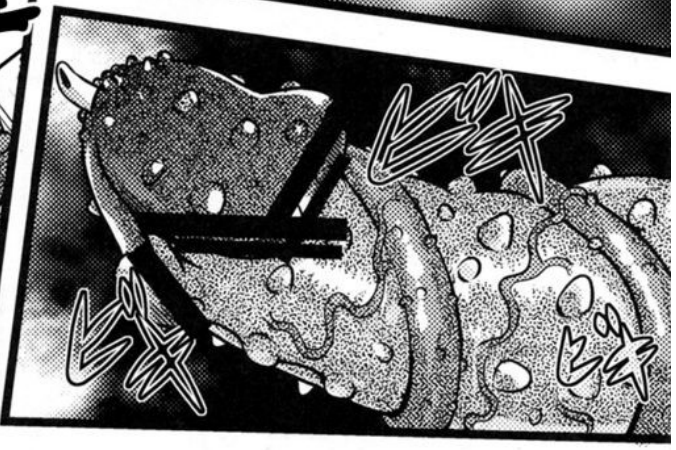

He releases six liters of semen per ejaculation. His penis is amazing too.

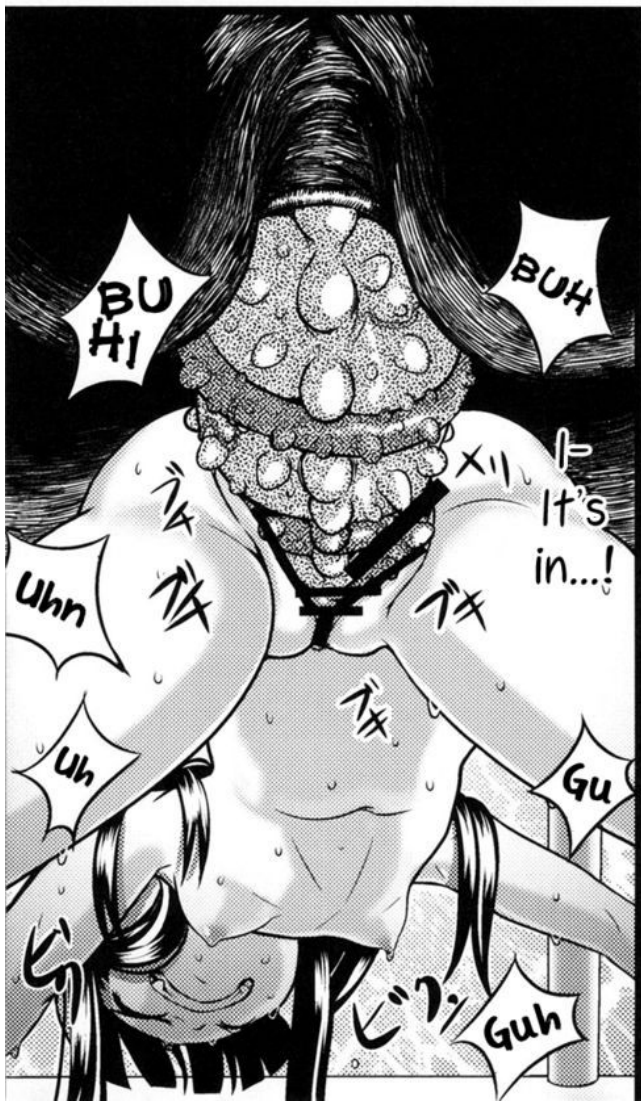

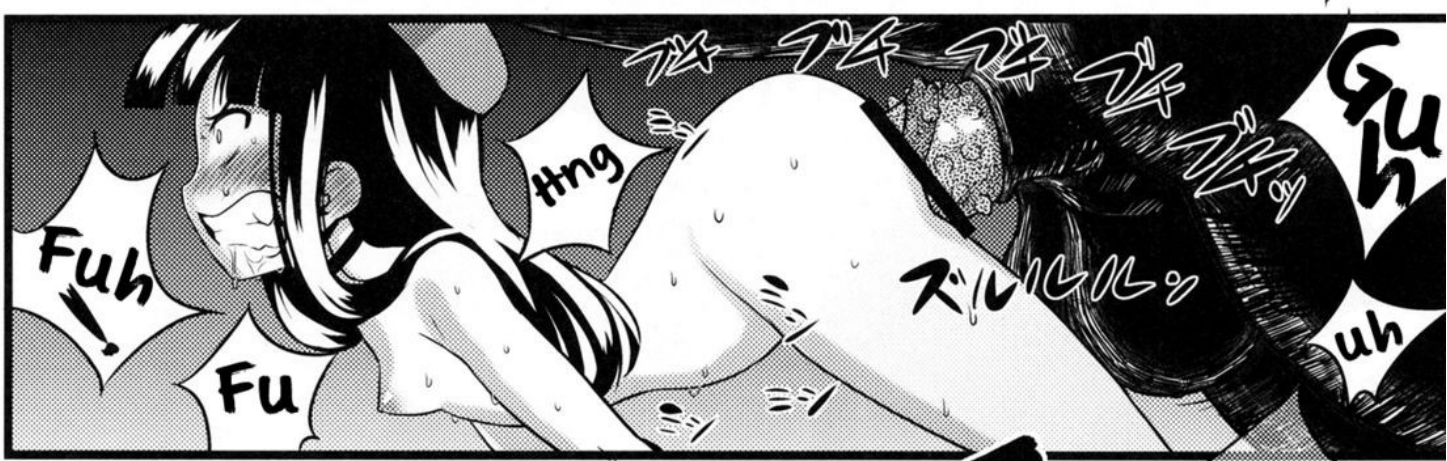

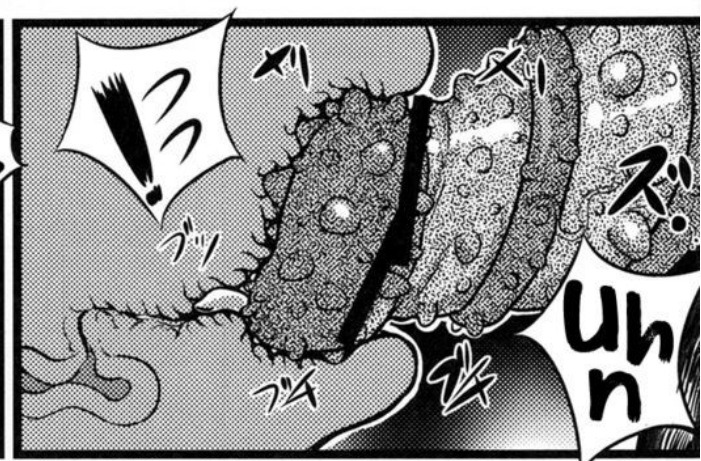

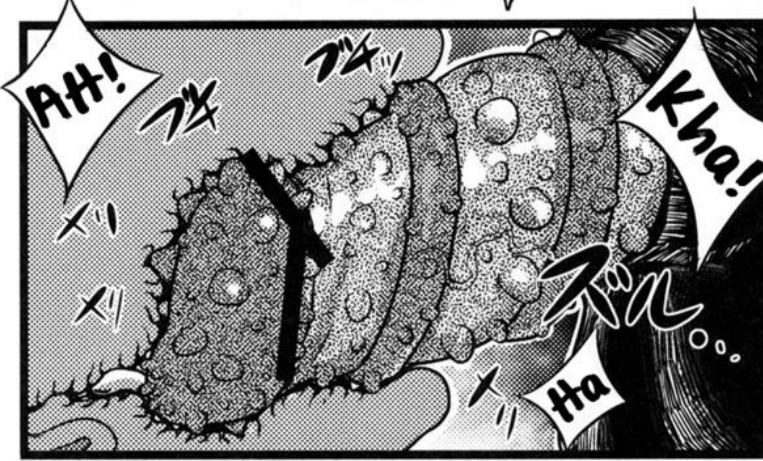

This is our number one boar, Antony.

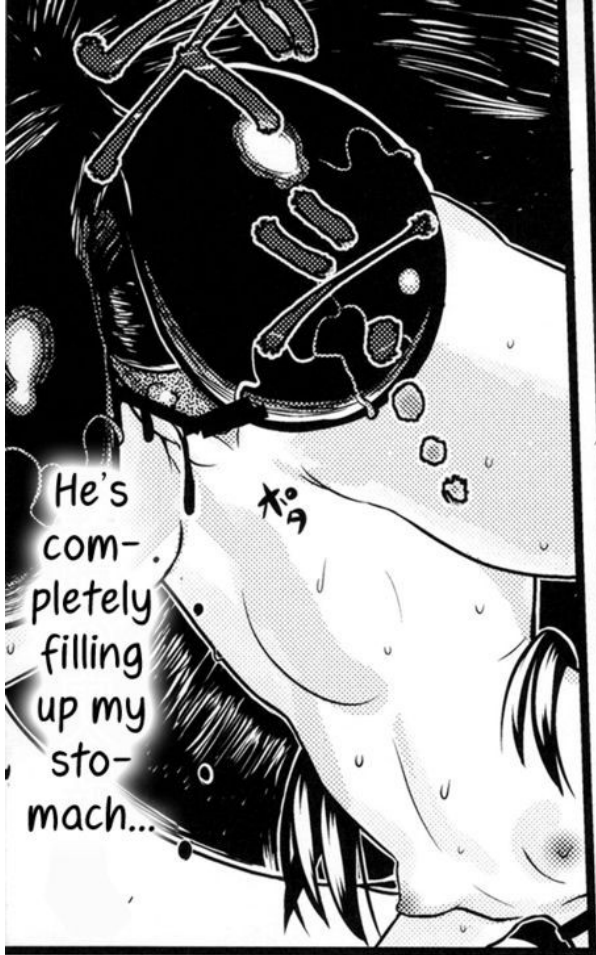

Just look at that amazing pair of melon sized testicles!

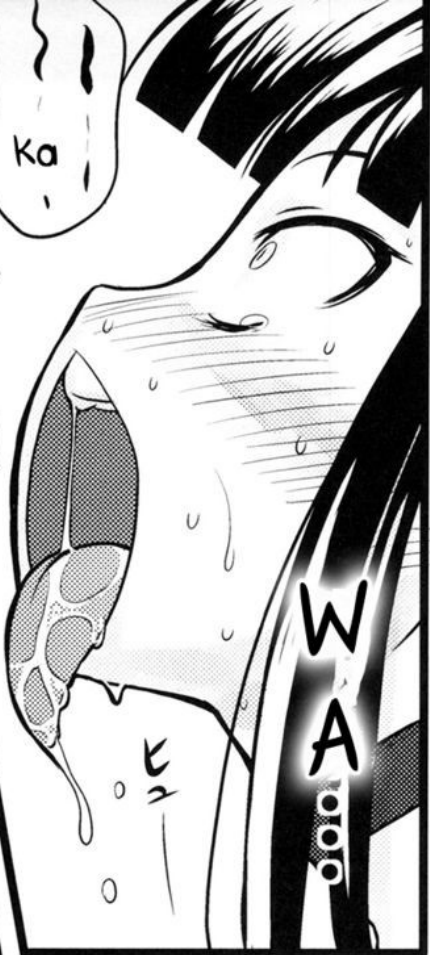

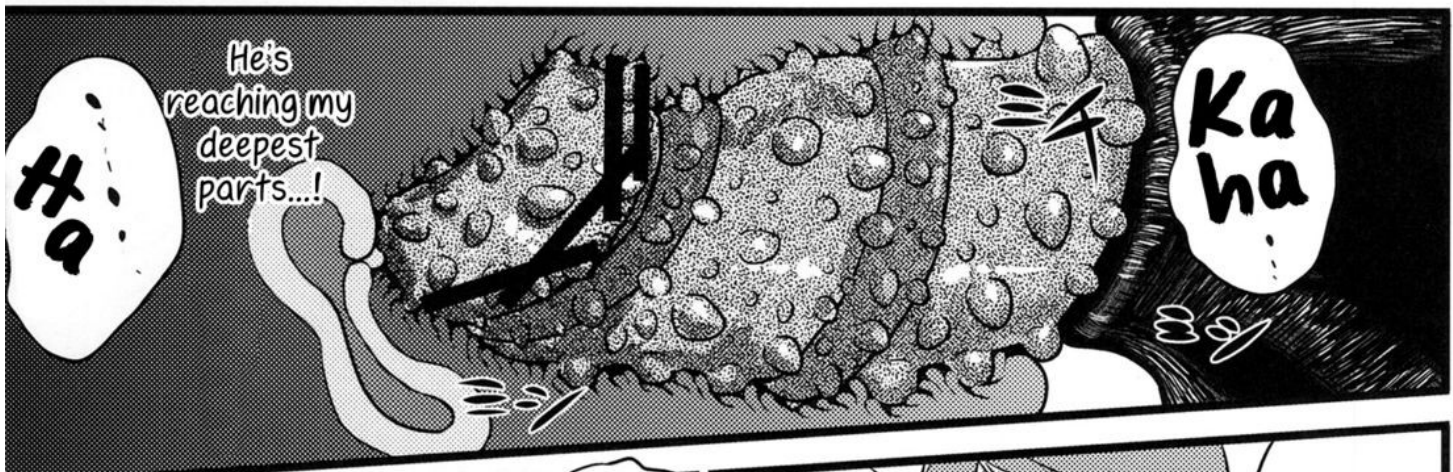

He's completely filling up my stomach...

It's all in !!

Such force!

He's gonna cum!  
He's gonna cum!  
He's gonna cum!  
He's gonna cum!

He's gonna cum with such force!

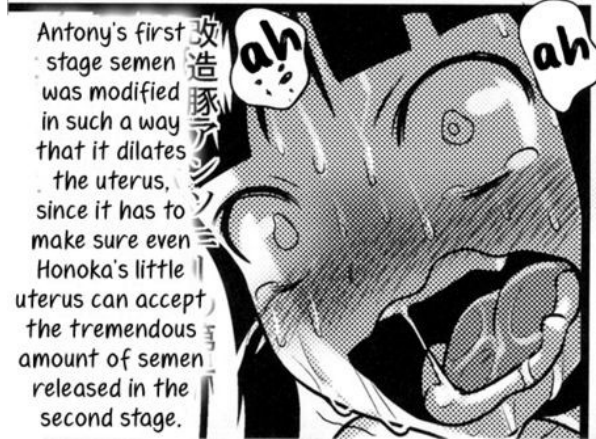

**Pig semen!**

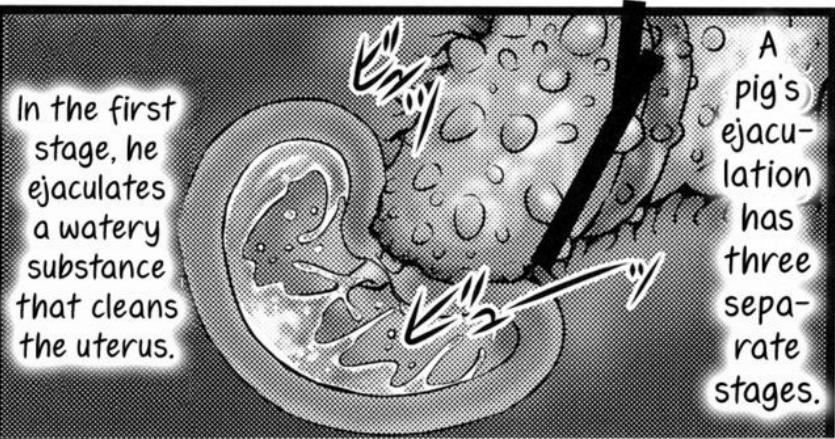

Will now, for the first time accept...

Honoka's pure unsoiled uterus...

Antony's first stage semen was modified in such a way that it dilates the uterus, since it has to make sure even Honoka's little uterus can accept the tremendous amount of semen released in the second stage.

ah ah

In the first stage, he ejaculates a watery substance that cleans the uterus.

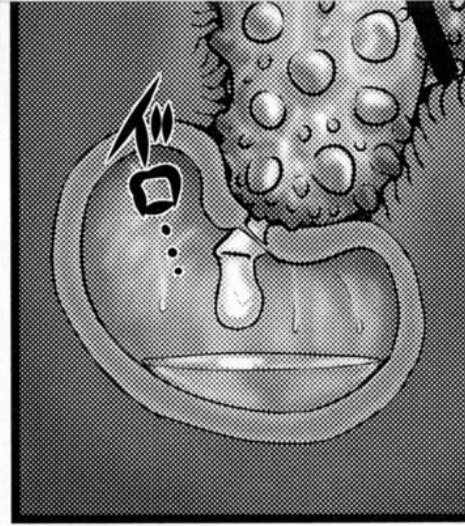

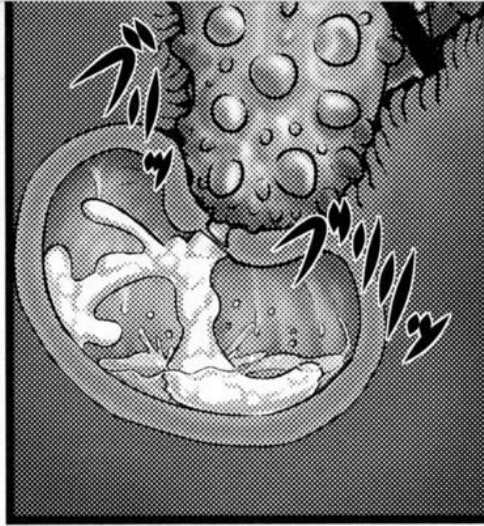

A pig's ejaculation has three separate stages.

So heavy !!

fuh

ah ..

Antony's roars of pleasure grow louder as he pounds Honoka's restrained body like a stake with his thick penis. Slowly, but steadily, filling up her womb.

In the second stage, he releases an incredibly thick and muddy liquid with a copious amount of sperm.

It's so hot!

Semen is pouring into me!

He's trying to impregnate me!

BU KII

Honoka's womb is slowly starting to bulge, filled with the pig's semen

The ejaculation doesn't end, Even if the uterus is full

The super talented girls continue cumming, over and over again, like waterfalls.

The cum violently pushes their internal organs, forcing the girls to throw up.

Both of the girls' wombs are being filled with pig sperm. Their abdomens are now visibly inflated.

6 liters of sperm were poured into Honoka, swelling up her womb, making her look like a pregnant woman.

Antony's ejaculation lasted for an hour.

Being finished, the boar secretes a slimy colloid liquid...

The testicles were completely drained of their semen.

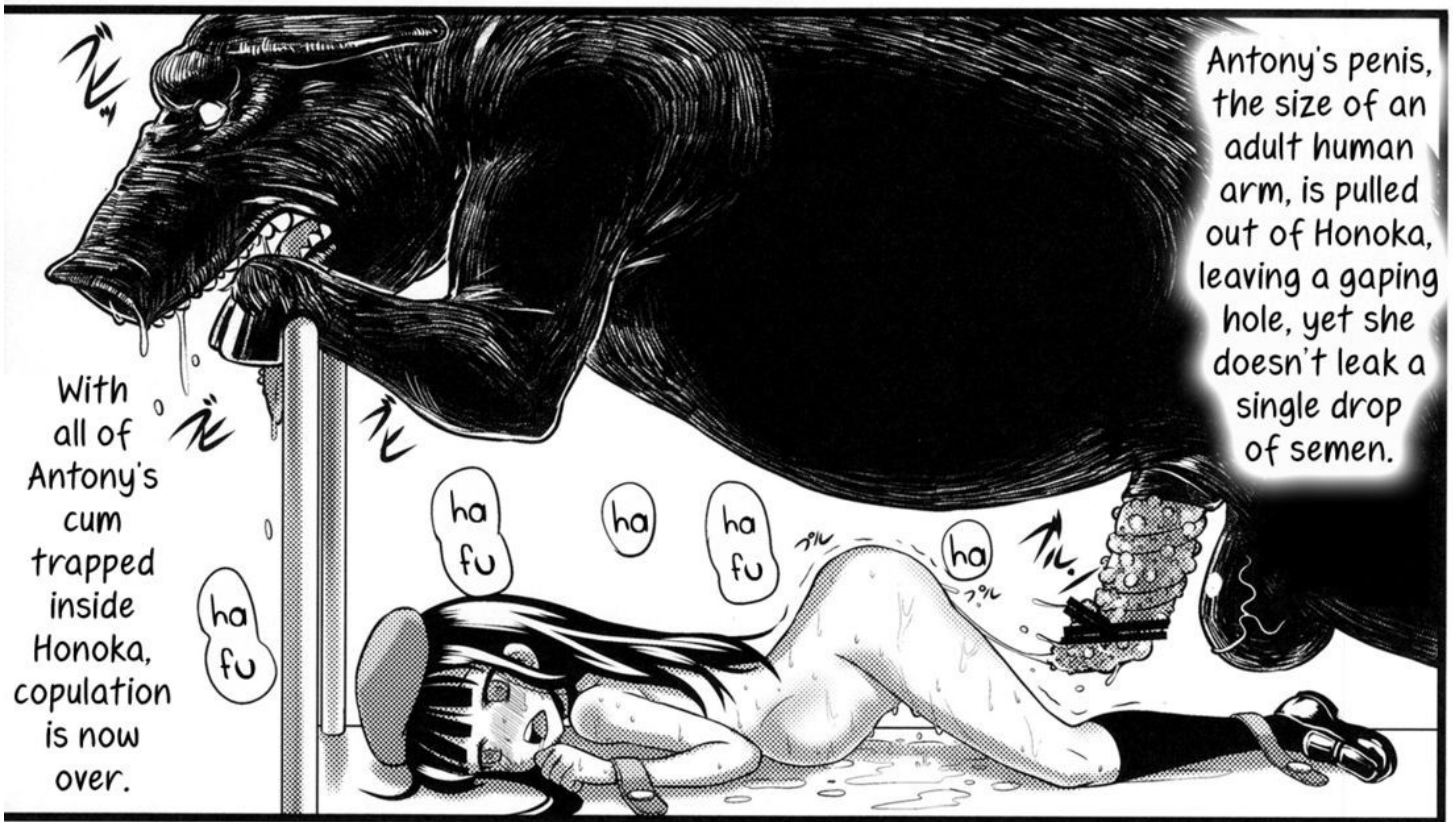

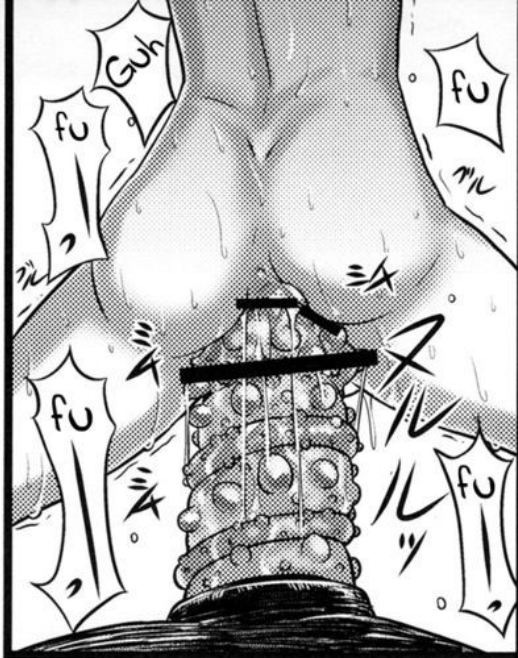

Confining the semen to the uterus.

The cervix is now completely sealed.

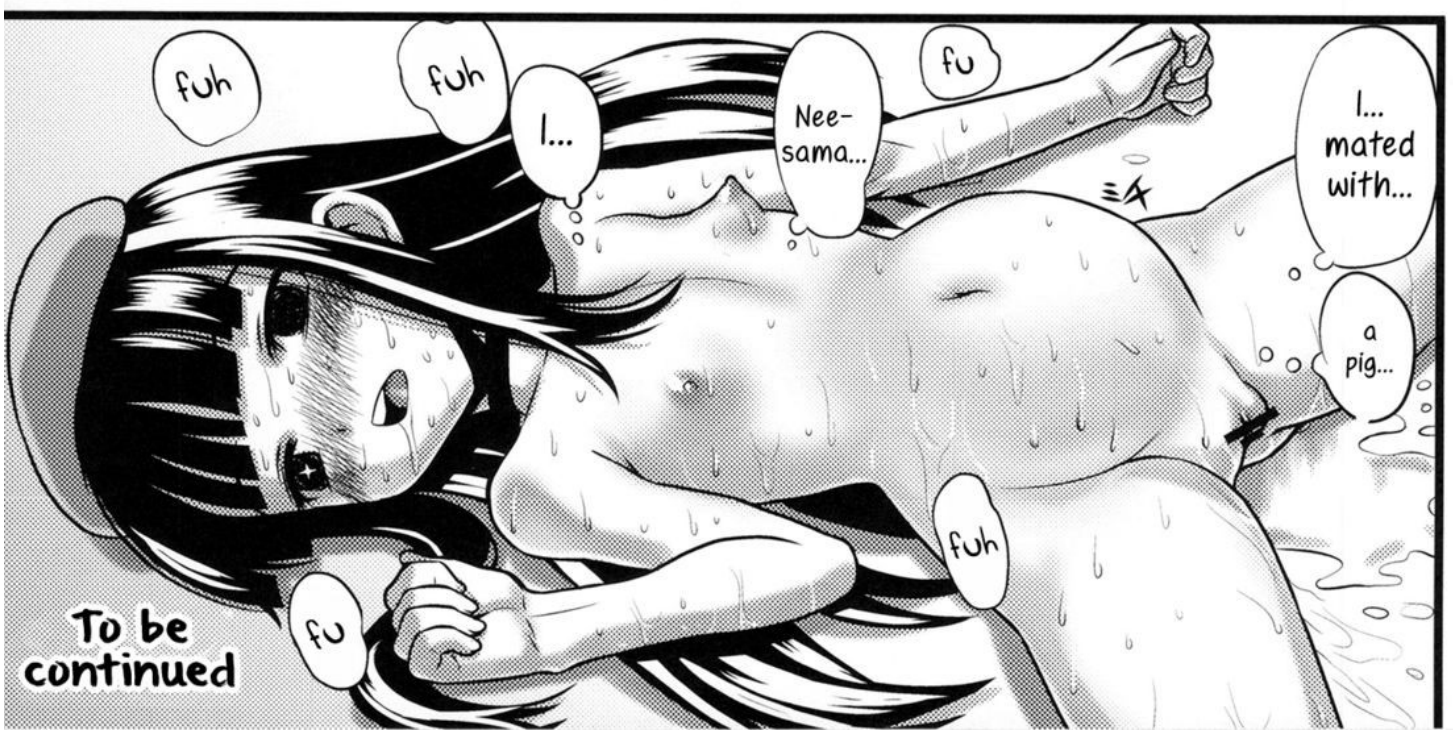

It's swollen to the brink of bursting.

Honoka's womb is tightly packed, filling even her fallopian tubes.

With all of Antony's cum trapped inside Honoka, copulation is now over.

Antony's penis, the size of an adult human arm, is pulled out of Honoka, leaving a gaping hole, yet she doesn't leak a single drop of semen.

To be continued

To the human ranch!
