let's hear how she, the self-called Lindsey, came to think she's a good for nothing succubus.

Lindsey, awkward and sensitive, was bullied and mocked by other demons as she was a whipping girl.

She couldn't stand those everyday humiliations and said once: "If I want to, I can collect 10 top notch quality semen in one night!" This boastful speech said, no turning back. Thus she came to the human world...

In the world of succubus, there's something like a school. That's where is determined the ability of each attendee to exploit human beings minds.

She turned into an honor student in one single night.

Lindsey easily reached the 10 portions of special thick semen she had to collect.
