孕ませ祭り開催！姉も妹も俺の精液で受精完了!!

I decided to host an impregnation festival and knocked up these two sisters with my semen!

In the near future of a certain world, there was a sharp decline in the birth rate...

And to tackle that problem, a system of national impregnators has been created by the government!

In the nutshell, these impregnators have been placed above the law!

These people can do anything they want to women of every age, even if they have to use force!

And I can also see their butts every now and then under their skirts...

They look so plump and soft... And I can almost smell their sweet scent even from here!

Good, good! Those are exactly the girls I want to knock up!

They both seem to have very strong personalities and that's just awesome!

All of these girls are cute, but those two sisters are just the best!

But after that, we still kept trying to knock up Nanami and Maho...

We made them wear bunny girl costumes and nurse uniforms...

At first, they didn't want this, but the more they did it, the more they liked it and then, their sexuality has finally awakened and they started asking for our dicks on their own...

It's bitter... And it tastes weird too... But I think I'm getting addicted to it...

I'm fucking a prima donna, who can spread her legs 180 degrees!

I'm coming!

Nanami, I'm coming! And I'm knocking you up this time!

We should do this more often!

Well then, let's decide when we're going to have our next orgy!

We came so much inside them, their bellies are swelling up just because of our semen!

So, other impregnators started respecting me more! And I'll keep up the good job!
