Ara~

...if you happen to come across any warm and welcoming light...

But be that as it may, on your way back down...

Have I a traveler?

...be aware; it just may be the abode of an *Ayakashi* -- a spirit!

But...

Wait, hold on.

What was it that old lady told me

Will you be heading out already?

If so, goodness dear, let me give you some advice: be *careful* out there. *Watch* yourself.

Thanks for the help, mom.

It's only Station #4 on your map, there.

This station you've reached...

It's my house, and it's the **lowest** station on the mountain.

雪女 YUKIONNA

With legends and tales throughout the country, the Yuki-Onna is one of the *ultra major* female youkai. Some say they squeeze the life essence out of male travelers and kill them; others that they visit human habitations looking for partners. They are generally depicted as beautiful women, though "Mountain Hag" versions exist, as well.

Hii
!!

I haven't gotten quite heated enough, myself, either...

Ah

Good, good...
Let us enjoy ourselves much, much more.

... You are still rather lively, I see.

Happen to mistake us and I will have to *curse* you, alright?

Fwa...
Al-Alright

I am indeed a 'Yuki-Onna' snow woman.

...By the way, while there is a lady similar to myself out there, the 'Tsurara-Onna' or "icicle woman"

Okay; first I need to hurry up and figure out something about these ice cuffs...

Or else she's just gonna keep doing whatever she wants with me...

はあ
はあ

ほ
Brr

But no; don't let yourself fall asleep, all over Yukiya!

And my eyelids, they've gotten so heavy...

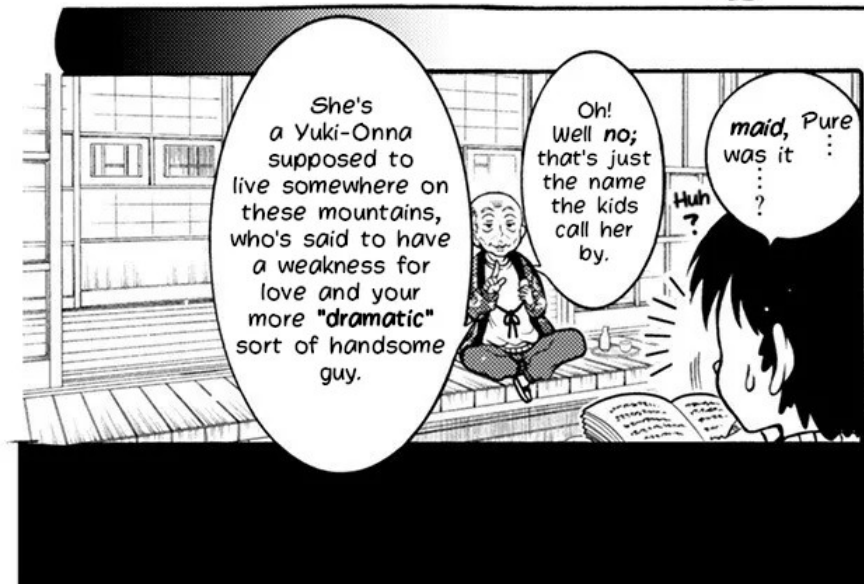

And I'm so hot yet so cold...
This is bad...
It feels so good...

I really want to *break* that composure

That cool and controlling gaze she's staring at me with...

But more than that...

She's a Yuki-Onna supposed to live somewhere on these mountains, who's said to have a weakness for love and your more "dramatic" sort of handsome guy.

Oh! Well no; that's just the name the kids call her by.

maid, Pure was it?

Huh?

Ghost stories and urban legends around this area?
Mm, let me see...

The 'Pure maid Yuki-Onna' might count, I suppose...

Wait; "cool"?

More beautiful than any human I've ever met :

But you are a beautiful Yuki-Onna :

It dazzled my eyes the moment I stepped in, and I had to go outside just to clear my head :

But

To die whilst held in your embrace would be an ideal ending for any man.

Before that happens... if I could... I want give your body all the love it deserves, too, with these hands!

To not just make love to you, but to be in love with you.

Truly. Madly. Deeply.

I want to give you all I have... All of my feelings... and all of my life...

... You are so beautiful.

What ?

If luck could look my way for just a little bit, here

maybe I can turn that into my chance to get through this...

As a spectre of ice and snow, she's supposed to be as cool as her very elements, but...

...in truth, she's just a girl of these snowy mountains, who wants to fall in a love so true, it could melt her very heart.

But if anyone ever fell into her grasp,

well, your guess is as good as mine if they managed to return home safely or not :

My
icy
dear...

My
frozen
darling...

Would
you do
it...?

Would
you melt
these
shackles
for me...?

Rummage,
rummage...

Take out,
put down,
pat pat
pat...

Should I
have been
more on
the "wild"
side or
something
!?

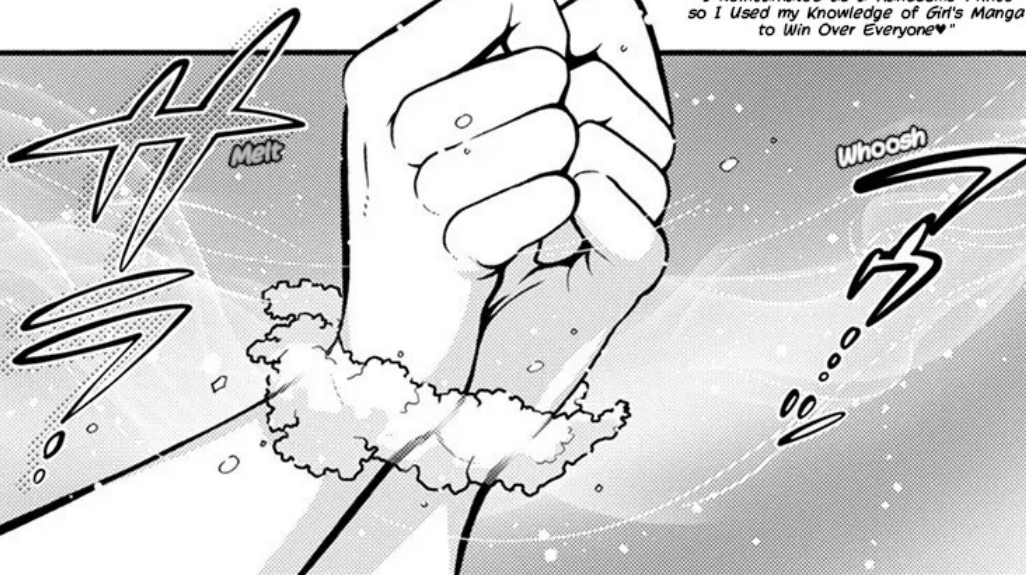

...Did I
get the
wrong
Yuki-Onna??

Don't
tell me I
actually said
the wrong
thing!?

Or could it be...

I'm so happy

I love you!!
