One word: moe. Ayumu is mind-blowingly moe. You could put a gothic loli imouto in cat ears and have her call you "master" and it still wouldn't beat him. If getting sexually aroused by this boy is wrong, I don't want to be right.

In terms of this TL itself, it wasn't bad. There were a few hard to TL phrases (2 or 3-kanji phrases that translate to like 10 English words) and irritating SFX that don't translate well into English, but overall it was pretty easy. Keeping my raging boner in check and trying to concentrate wasn't, however.

The book this came from (Otokonoko Jidai Vol. 6) has two other stories that weren't bad. One is trap-on-trap which isn't as common as it should be, but the other is complicated. It's the 9th (according to the title) chapter in a story about a trap and a guy and contains numerous references to the previous ones. The problem is that only the previous (8th) chapter is scanned online, to my knowledge. I haven't found the other 7 anywhere. So if I do that one, you'll only be getting the 8th and 9th chapter of a 9-chapter story. You can guess what's going on, but it's still a bit irritating, at least to me. Oh well, I'll probably still do it anyway, but it won't be very soon.

**HAPPY FAPPING!**
