

**Unfaithful
Woman**

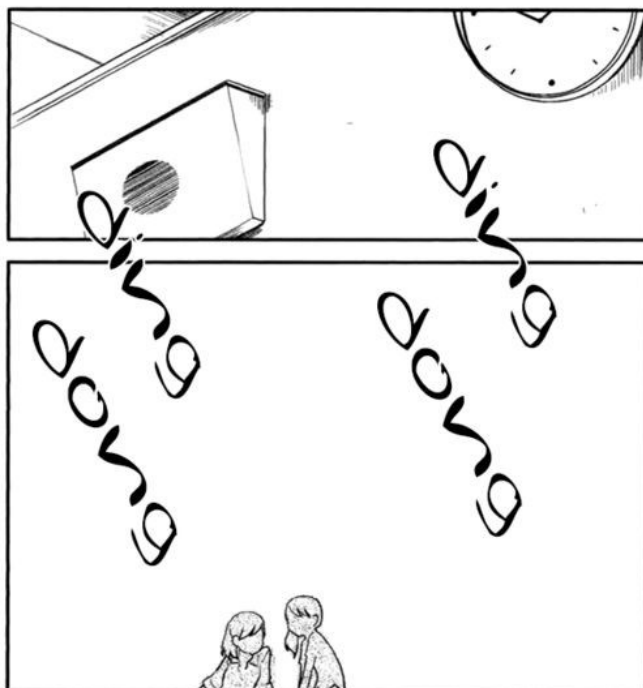

**Ootomo
Megane**

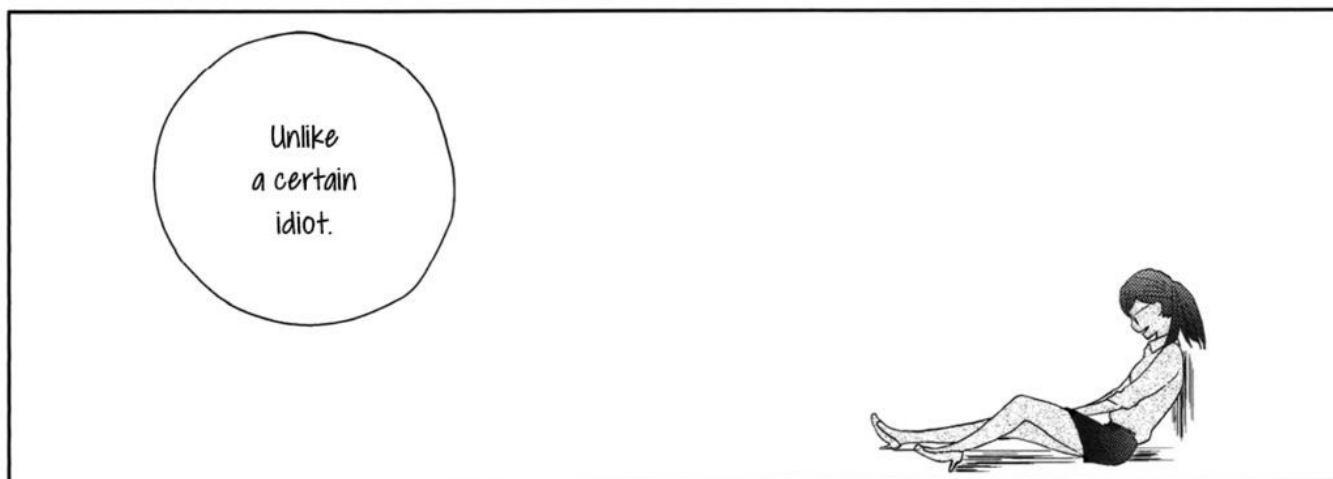

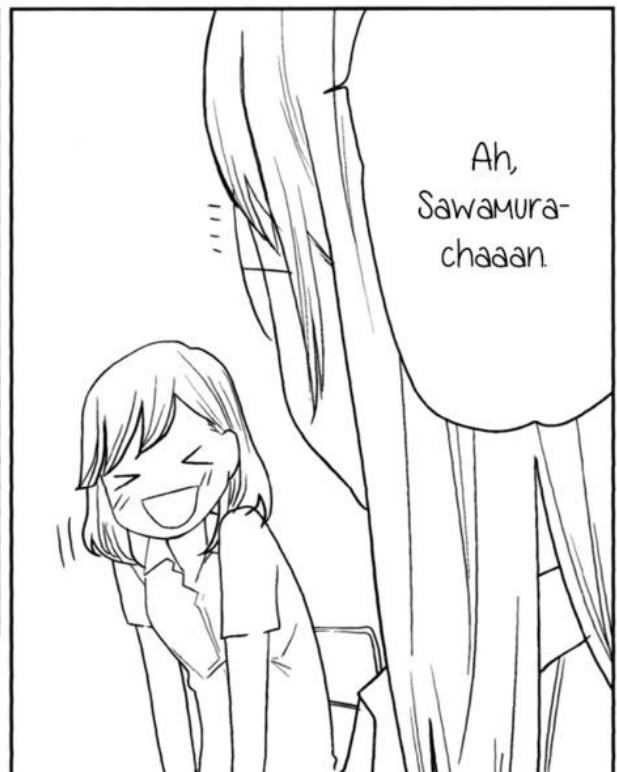

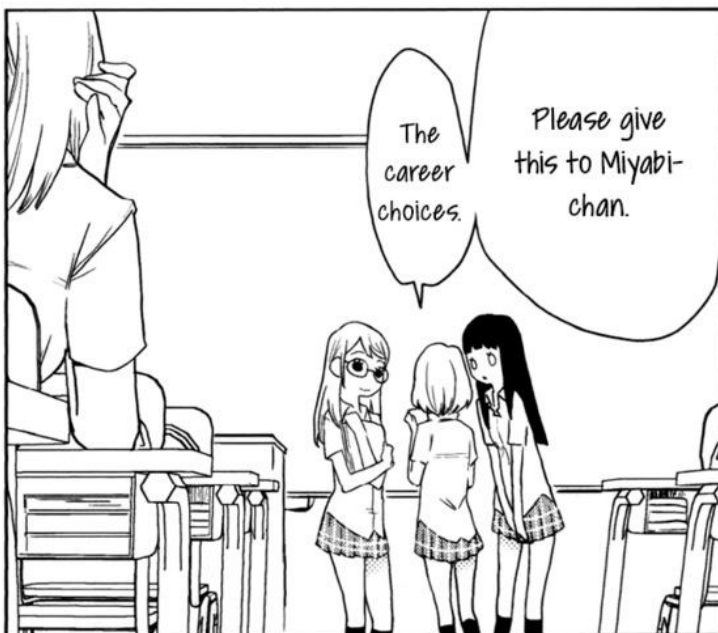

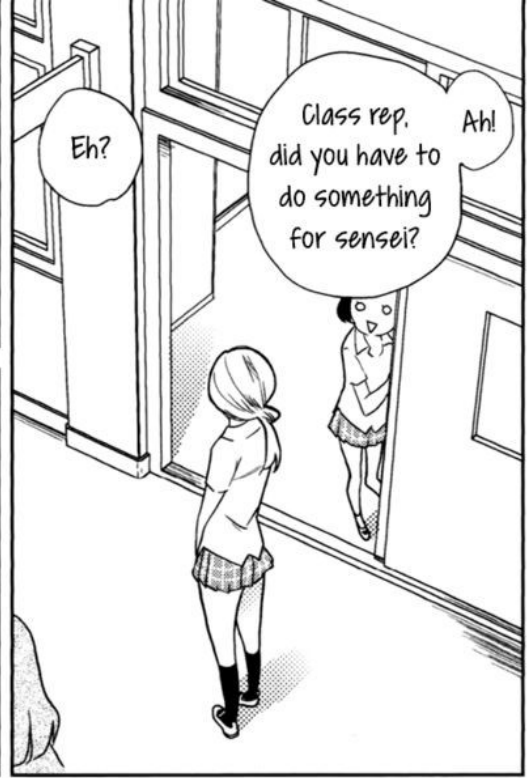

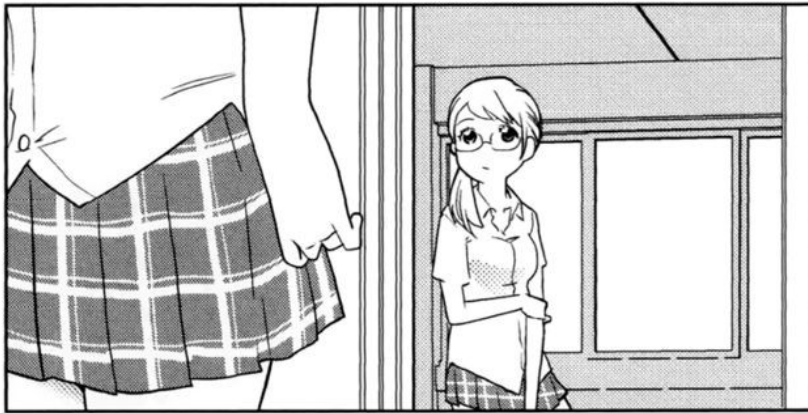

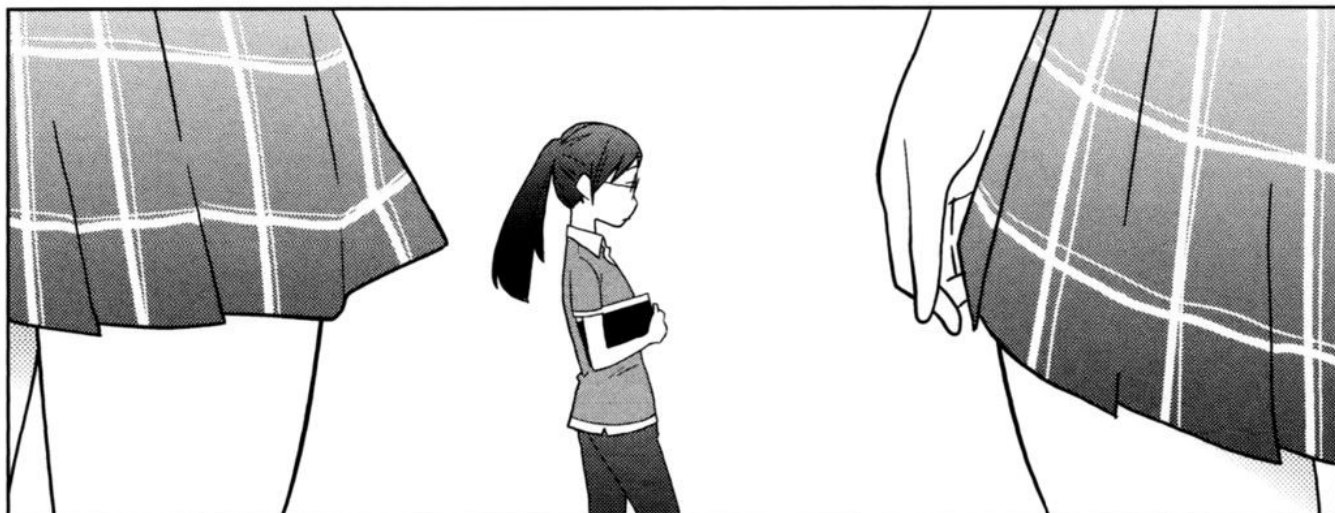

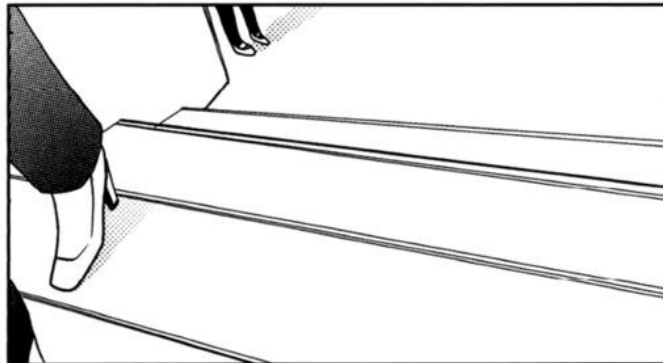

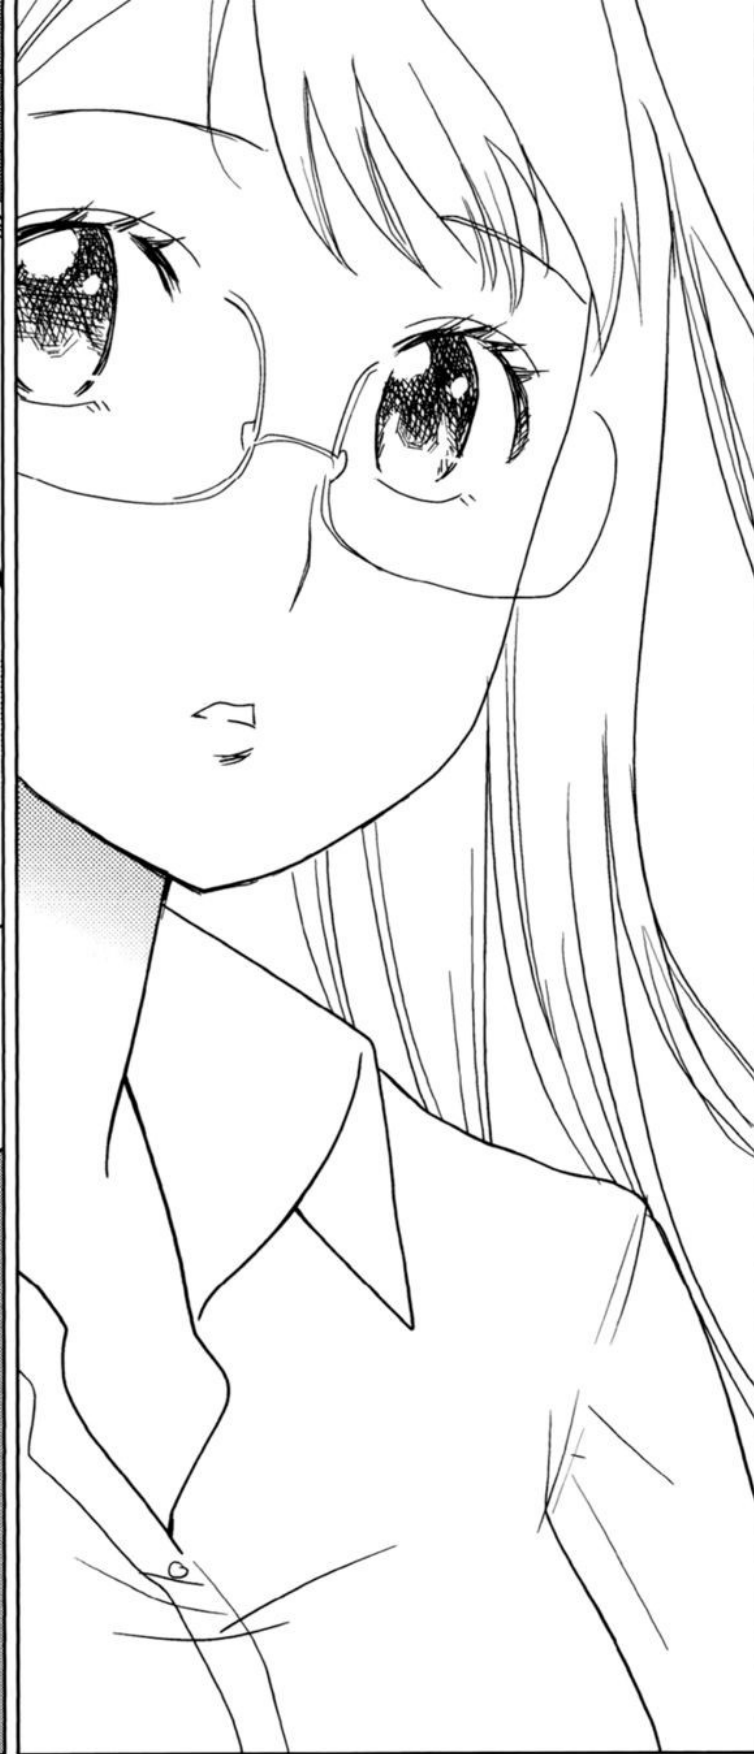

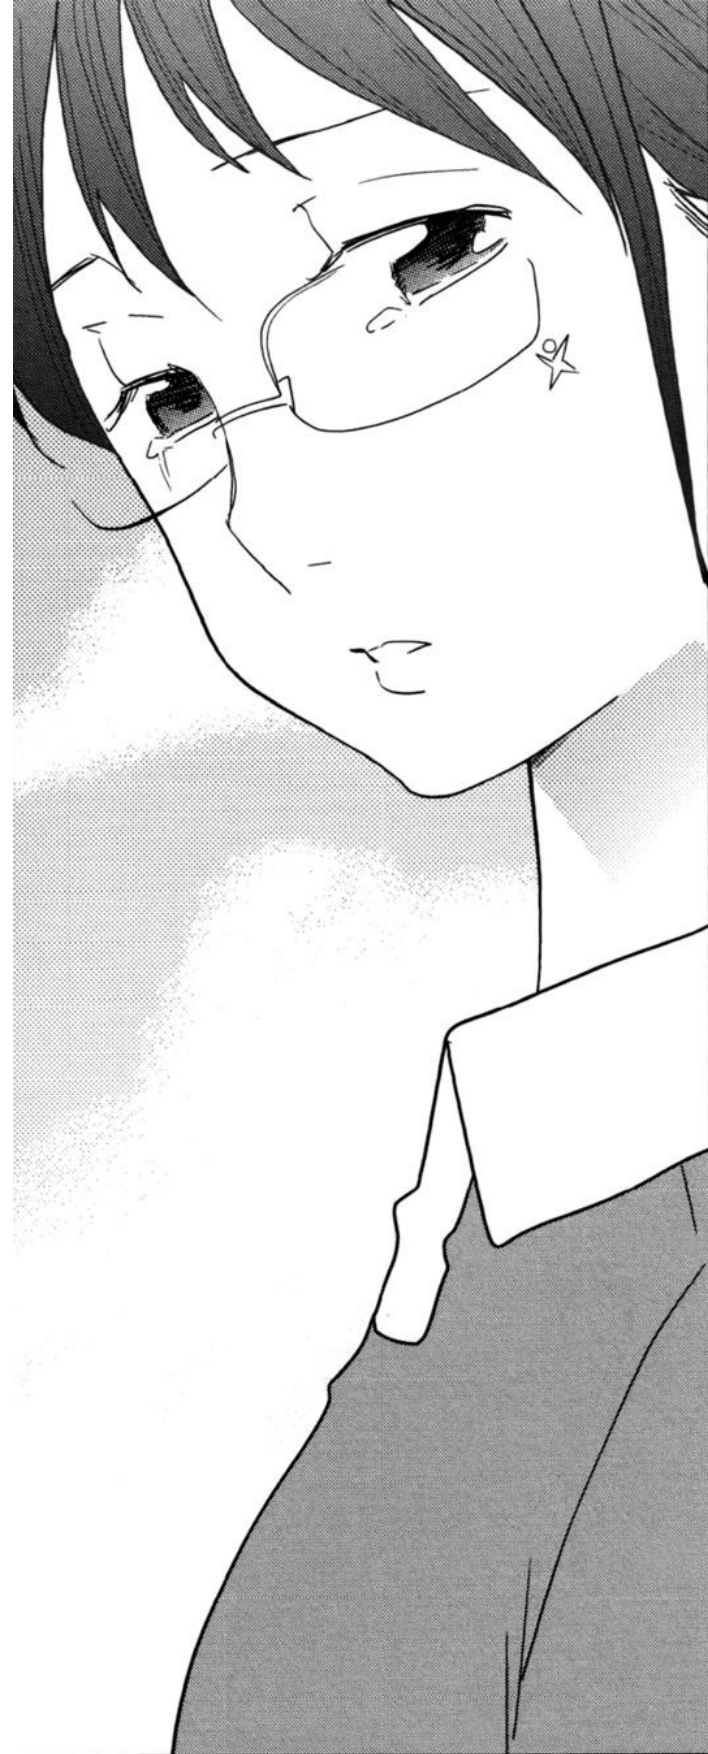

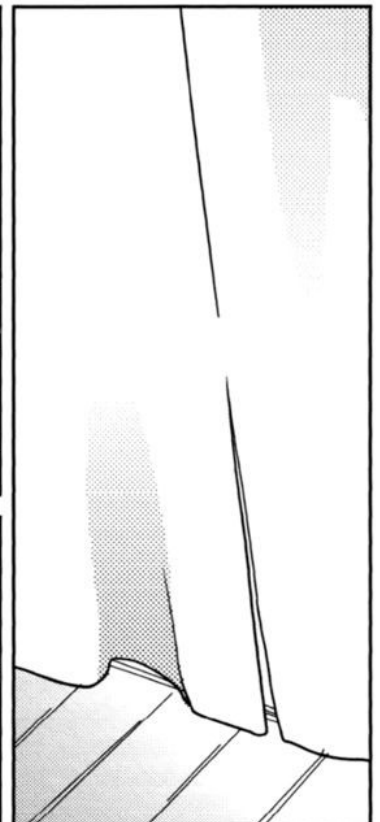

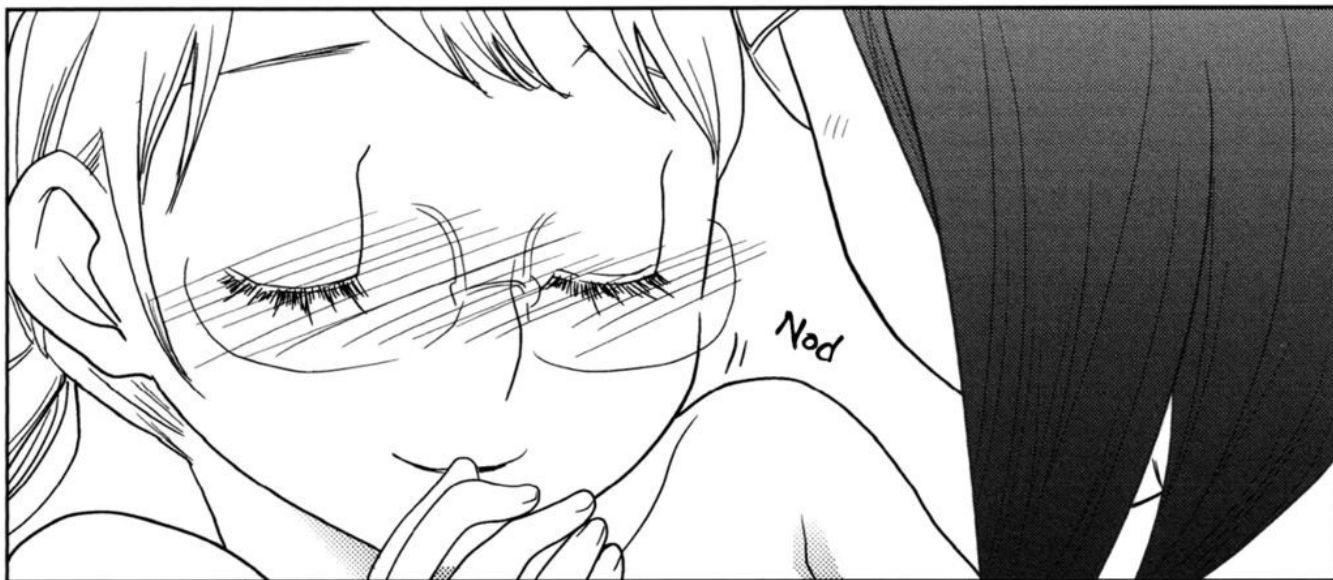

Sensei, do you remember?

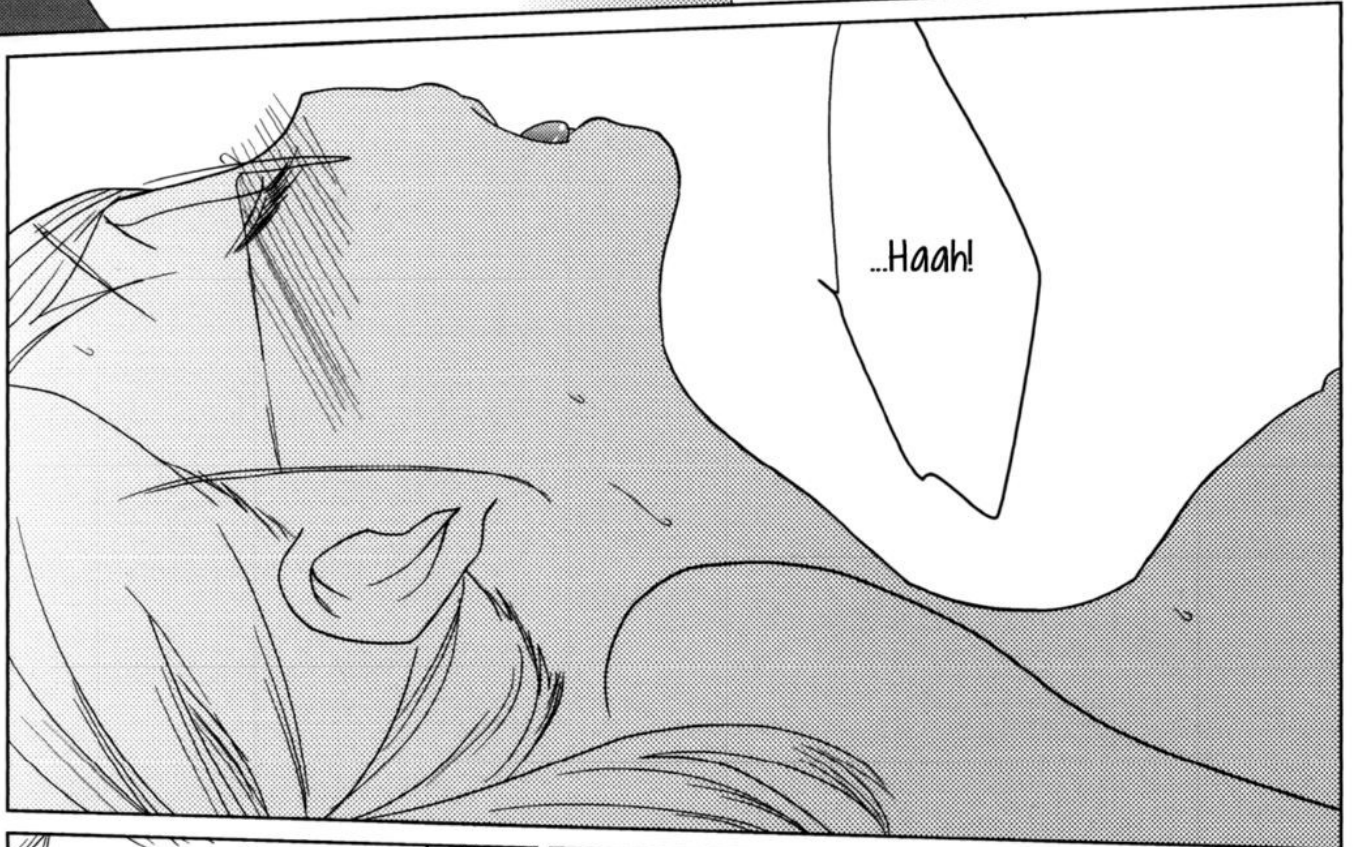

Of course, I do.

Looking back, we are miraculous to be together now.

The way
you think we
understand
each other...

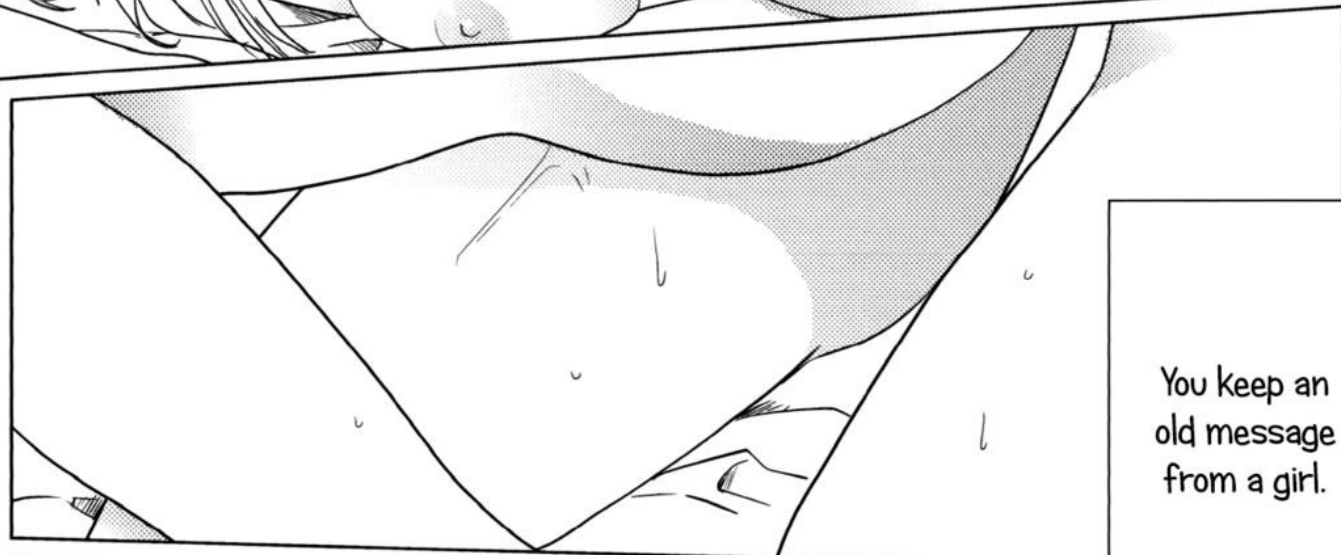

Maybe, just
maybe...

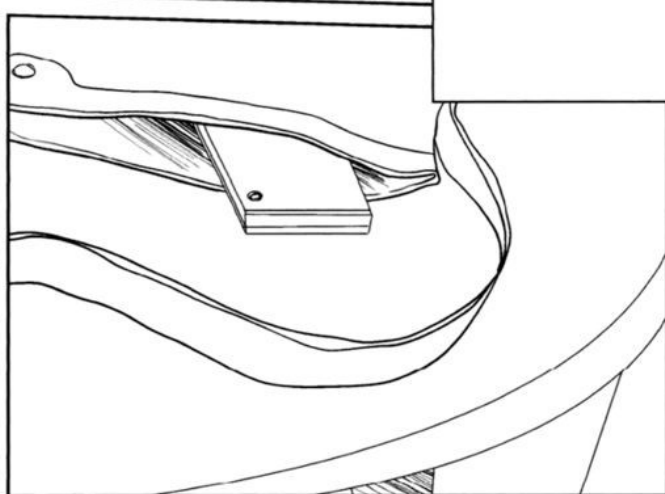

Is probably
different from
the way I think
we understand
each other.

You keep an
old message
from a girl.

And I can
tell that you
sometimes
pretend to
touch her
when you
touch me.

But. I
forgive
you.

Because
it's not like
you chose to
fall in love
with her.

And
it's not like
either of us
are innocent
maidens.
